

INSTRUCTIONS FOR FREE DISABLED VETERANS LICENSE

visit our website at: www.njfishandwildlife.com

Legislation signed by former Governor Whitman provides for the issuance of free hunting and fishing licenses for resident disabled veterans.

For the purposes of this program, the legislation defines **Disabled Veterans** as:

"...any resident of the State who has been honorably discharged or released under honorable circumstances from active service in any branch of the Armed Forces of the United States and who has been declared by the United States Department of Veterans Affairs, or its successor, to have a service-connected disability of any degree..."

Disabled veterans may apply for licenses in person at the offices listed below or via mail to the address below (send copies of disability documents and **original** previous hunting licenses when applying through the mail).

Applicants must provide:

1. proof of service - connected disability by producing a letter of certification from the Veterans Administration, a wallet sized card from the VA indicating service - connected disability or a photocopy of your monthly disability check which indicates service - connected disability.
2. proof of honorable discharge (DD-214 or similar document).
3. proof of residency by showing driver's license, hunting license, etc.
4. provide a hunter education course (archery, shotgun or rifle) certificate applicable for the license applied for or previously issued resident archery firearm license or rifle permit. Resident licenses from other states issued to hunters prior to establishing residency in NJ will be accepted if the license indicates which weapon type it was valid for. Non-resident licenses from other states are not acceptable.
5. completed "Supplemental License Application (Child Support)" or copy of on-line certification (see www.njfishandwildlife.com for on-line certification).
