

## Certified Scales in New Jersey

Certified scale operators are under no obligation to perform weighing services to hunters or anglers. For more information, contact the New Jersey Office of Weights and Measures ([www.nj.gov/lps/ca/owm.htm](http://www.nj.gov/lps/ca/owm.htm)), 732-815-4840. The OWM has provided the following suggestions for finding a scale in your area:

### Recommends:

- Warehouse with a shipping department
- Concrete, sand and gravel company
- Junk yard
- Scrap metal recycler
- Marinas with party and charter boat fishing

### Possibly:

- Bait and tackle shop
- Sporting goods store
- Local deli, butcher, grocer
- Contact your county weights and measures

Note: Truck stops are **not** accurate for deer or turkey as the scale increments are too large.

Scale will have blue seal about 1½" across. It will state the year certified and the quarter.

The following information is provided as a courtesy and is not guaranteed to be accurate:
