319/CBT PROJECTS

PROJECT NAME AND DESCRIPTION:

**RP01-073 STORMWATER PROJECT SYLVAN LAKE, NEPTUNE TOWNSHIP, MONMOUTH COUNTY
319(H) - \$50,000**

This project involved the construction of a 25' X 25' concrete containment field and two metal containment areas in the Boroughs of Avon-by-the-Sea and Bradley Beach to skim floatables. The Monmouth County Mosquito Extermination Commission uses its vacuum faucet to draw out the settled materials. The project was completed on December 30, 2002 at a total cost of \$50,000, including a \$10,000 local match.

The 319(h) program is administered through the Division of Policy Implementation and Watershed Restoration. Additional information is available at www.nj.gov/dep/watershedmgt/319grant.htm.
