

## SAVE THE DATE:

### Energy-Smart Somerset Forum

Saturday, September 12, 2009

9 a.m. - 12:45 p.m. • RVCC Conference Center

*A countywide seminar and networking event sponsored by the Somerset County Board of Freeholders, Somerset County Energy Council, Somerset County Business Partnership and Raritan Valley Community College*

#### What is it about?

This half-day event will share information on energy-related initiatives currently being carried out by municipalities, school districts and public and private entities in Somerset County. Discussions will focus on ways to reduce carbon emissions, save money and move away from fossil fuel dependence.

Come learn about innovative ways to conserve energy and calculate carbon-footprint and hear the latest on local solar and wind projects, fuel-efficient hybrid fleets, green building and energy audits. Discover how your neighboring towns and institutions are using financial incentives and grant programs to help pay for innovations and implementation.

#### Who should attend?

Municipal officials, boards & staff • Business owners

School boards, administration & facilities staff

Environmental commissions • Green teams • Interested residents

*Registration materials and details to follow in July.*
