

So prepare to travel back through history on *The Great Race Through Time*.

This game can be played alone, as a team, or as two or more teams competing against each other. However you choose to tackle this game remember, it is for pure enjoyment. The Fair organizers WILL NOT declare an official winner. Although the first 100 successful people or teams to complete all the challenges and bring their completed game sheets back to the Visitor's Center will receive a small token for participating.

Your journey begins at the **Visitor Center Museum** where you are given your first clue and your game sheet. This race is designed to test each player's knowledge of our state's history as you enjoy the fair. You will find your way through history one clue or task at a time. Each clue or task will lead you to a new destination and you will progress through time as you go. After completing the first task you will be given a clue that you will write on this game sheet (and each successive clue/task must be written on this sheet as well). That clue will lead you to the second destination and so on until finally completing the game.

Game Instructions

2009 Spirit of the Jerseys

The Great Race Through Time

TASK #1

Exit the Visitor's Center and take the fair shuttle back in time to the 18th century (or travel by foot). Take the gravel path towards the pedestrian bridge and seek out the post mistress to receive your special postal cancellation.
