

DIAMOND SHAMROCK CHEMICAL COMPANY --- FORMERLY:

December 3, 1969

Mr. William F. Barthel, Chief
Atlanta Toxicology Branch
Atlanta, Georgia 30333

Dear Mr. Barthel:

Enclosed is a copy of the manuscript, "A Health Survey of Workers in a 2,4-D and 2,4,5-T Plant: With Special Attention to Chloracne, Porphyrin Cutanea Tarda and Psychological Parameters", with a few minor corrections. One I will mention in case I missed a mistake somewhere --- the spelling of Dr. Bieberg's name is Bieberg, not Blicberg.

The manuscript is approved for publication as corrected.

On behalf of Mr. Chonoles, myself, and others at Diamond Shamrock, we want to thank you, Dr. Poland, and the others involved for the manner in which this study was carried out, and the cooperation given us at the Plant. We certainly hope that the data accumulated is of benefit.

Very truly yours,

F. GORDON STEWARD
Technical Superintendent
