Third-Party Plaintiffs,

v.

3M COMPANY, et al.,

Third-Party Defendants.

: SUPERIOR COURT OF NEW JERSEY
: LAW DIVISION: ESSEX COUNTY
:
: DOCKET NO. L-9868-05 (PASR)
:
:
: CIVIL ACTION
:
: **INITIAL DISCLOSURE OF THIRD-**
: **PARTY DEFENDANT BASF**
: **CATALYSTS, LLC**

Third-Party Defendant BASF Catalysts, LLC¹ (“BASF Catalysts”) hereby provides the following Initial Disclosures in accordance with Case Management Order V.

Reservations

1. BASF Catalysts reserves the right to object to the production of any documents or other information on any ground, including relevance and undue burden, and to assert any applicable privilege, including the attorney-client privilege, the work product doctrine, the common interest doctrine, and any other applicable privilege or protection. These disclosures are not intended to prejudice or waive any privileges or objections BASF Catalysts may have with respect to any outstanding or subsequent requests for discovery.

2. BASF Catalysts’ investigation in this matter is continuing. Accordingly, it reserves the right to supplement, clarify, and revise these disclosures to the extent additional information becomes available or is obtained through discovery. Further, BASF Catalysts reserves the right to amend these disclosures to the extent the claims brought by or alleged against BASF Catalysts in this litigation are amended.

3. The time period covered by the allegations in the Plaintiffs’ Second Amended Complaint encompasses at least six decades. Accordingly, the scope of inquiry required by Plaintiffs and Third-Party Defendants is overly broad and burdensome.

4. The geographic scope of the Second Amended Complaint is the ‘Newark Bay Complex,’ which spans the ‘lower 17 miles of the Passaic River, Newark Bay, the lower reaches of the Hackensack River, the Arthur Kill, the Kill van Kull, and into adjacent waters and sediments.’ Second Amended Complaint, ¶ 1. Accordingly, the scope of inquiry required by Plaintiffs and Third-Party Defendants is overly broad and burdensome.

Initial Disclosures

a. The name, address and telephone number, as may be known of each individual likely to have discoverable information, along with the subjects of that information, that relates to any alleged discharge or release of pollutants, contaminants and/or hazardous substances (“Pollutants”) into the Newark Bay Complex (as these terms are defined in the Second Amended Complaint and the Third-Party Complaints) from the site(s) and/or properties with which the disclosing party is associated in the Third-Party Complaint (“Alleged Discharges”).

¹ Effective April 1, 2010, substantially all of the assets and liabilities of BASF Catalysts, LLC were transferred to its parent company, BASF Corporation, including all liability, if any, relating to the claims asserted against BASF Catalysts, LLC in Third-Party Complaint “B”.

Response

BASF Catalysts objects to this initial disclosure request to the extent it assumes or concludes that there has been Alleged Discharges of Pollutants into the Newark Bay Complex (as those terms are defined above) and/or that it has any liability, responsibility, and/or obligation with respect to any Alleged Discharges of Pollutants from 429 Delancy Street, Newark, New Jersey (“429 Delancy Street”) and the Bayonne Barrel and Drum Site.

429 Delancy Street, Newark, New Jersey

Without waiver and subject to the above reservations, BASF Catalysts responds that the following persons are likely to have discoverable information regarding operations at 429 Delancy Street.

Former or Current Employees of Engelhard Corporation, Predecessor to BASF Catalysts:

1. Ralph Augelillo

Position: Assistant Manager, Environmental

2. Thomas Brown

Position: Environmental Coordinator

3. Ernest Fredericks

Position: Director, Regulatory Affairs, Engelhard Industries Division

4. R. Michalek

Position: Manager, Environmental Engineering

5. Edward Molloy

Position: Manufacturing Manager

6. Russell Oiler

Position: Director of Operations

Other Individuals:

7. Scott MacDonald - Environ Corporation

8. William Kraft – Environ Corporation

The above individuals may only be contacted through Bressler, Amery & Ross, P.C., counsel for BASF Catalysts.

BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant non-privileged information subject to disclosure becomes available or is obtained through discovery.

Bayonne Barrel & Drum

BASF Catalysts has not identified any individuals with discoverable information relating to any alleged discharge or release of pollutants, contaminants and/or hazardous substances into the Newark Bay Complex from Bayonne Barrel and Drum.

Without waiver and subject to the above reservations, BASF Catalysts responds that the following persons are likely to have discoverable information regarding Engelhard Corporation's transactions with Bayonne Barrel & Drum:

1. Sandra Bessasparis

Position: Purchasing Agent

2. Edward Molloy

Position: Production Manager

The above individuals may only be contacted through Bressler, Amery & Ross, P.C., counsel for BASF Catalysts.

BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant, non-privileged information subject to disclosure becomes available or is obtained through discovery.

b. The name, address and telephone number, as may be known, of each individual likely to have discoverable information that the disclosing party may use to support its claims or defenses (unless the use would be solely for impeachment).

Response

See Response to Initial Disclosure Request (a).

c. The name, address and telephone number, as may be known, of any and all past or present owners, lessees or operators at the site(s) and/or properties with

which it is associated in the Third-Party Complaint and the dates of such ownership, lease or operation, as may be known.

Response

429 Delancy Street, Newark, New Jersey

Name/Address/Phone	Site Address	Dates at Site: Ownership/Operator/Lease
City of Newark	429 Delancy Street, Newark, New Jersey	Upon information and belief, the City of Newark operated a municipal landfill at 429 Delancy Street since at least the 1940s.
Cummins Diesel Sales Corporation	429 Delancy Street, Newark, New Jersey	Upon information and belief, Cummins Diesel Sales Corporation operated at 429 Delancy Street from approximately 1950 to approximately 1956.
Engelhard	429 Delancy Street, Newark, New Jersey	Engelhard acquired a portion of 429 Delancy Street in 1952. In 1956, it purchased the northwest portion of 429 Delancy Street from Cummins Diesel.
New Jersey Bottling Urban Renewal Corporation	429 Delancy Street, Newark, New Jersey	Engelhard sold 429 Delancy Street to the New Jersey Bottling Urban Renewal Corporation in 1998.

BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant, non-privileged information subject to disclosure becomes available or is obtained through discovery.

Bayonne Barrel and Drum

BASF Catalysts has no information on past or present owners, lessees or operators of the Bayonne Barrel and Drum site. BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant non-privileged information subject to disclosure becomes available or is obtained through discovery.

d. With respect to any individual identified pursuant to paragraph (a), (b) or (c) above, (or any other individual known to have material knowledge of an alleged discharge or release of a Pollutant at or from a site and/or property, or into the Newark Bay Complex), any known inability to testify due to age, infirmity, or incompetency within 12 months following the date of the Initial Disclosure.

Response

BASF Catalysts has no information regarding any known inability to testify of any individual identified above, due to age, infirmity, or incompetency within 12 months following the date of this Initial Disclosure. BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant non-privileged information subject to disclosure becomes available or is obtained through discovery.

e. A description by category and location (or copy at the discretion of the Third-Party Defendant) of all documents or electronically stored information that the disclosing party has in its possession, custody, or control with respect to Alleged Discharges including disclosure of the extent to which such documents or electronically stored information may fall within the Excepted Information.

Response

429 Delancy Street, Newark, New Jersey

BASF Catalysts objects to this initial disclosure request to the extent it assumes or concludes that there has been Alleged Discharges of Pollutants into the Newark Bay Complex (as those terms are defined above) and/or that it has any liability, responsibility, and/or obligation with respect to any Alleged Discharges of Pollutants from 429 Delancy Street. Without waiver and subject to the above reservations, BASF Catalysts identifies the following categories of documents. One or more of the Exception Codes listed below may apply to some or all of the documents marked with an asterisk.

Documents by Category	Location	Excepted Information²
Documents containing information related to the environmental conditions at 429 Delancy Street.	Bressler, Amery & Ross, P.C. 325 Columbia Turnpike, Florham Park, New Jersey, 07932	
Documents containing information related to past operations at 429 Delancy Street.	Bressler, Amery & Ross, P.C. 325 Columbia Turnpike, Florham Park, New Jersey, 07932	
Schematics, maps and drawings of 429 Delancy Street.	Bressler, Amery & Ross, P.C. 325 Columbia Turnpike, Florham Park, New Jersey, 07932	

BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant, non-privileged information subject to disclosure becomes available or is obtained through discovery.

² Applicable Exception Codes are as follows:

a. Information, ("Information"), including, but not limited to, environmental, chemical and/or biological testing of groundwater, surface water, soil or sediment (hereinafter "Sampling Information") contained in the nexus packages produced pursuant to paragraph 8 (e) of CMO V; and

b. Information previously produced to any branch, department, agency or instrumentality of the State of New Jersey including to the New Jersey Department of Environmental Protection ("NJDEP") or Information produced to any other governmental agency or entity whose responsibility it is to oversee environmental compliance in the Newark Bay Complex Area, including, but not limited to, the United States Environmental Protection Agency and the United States Army Corps of Engineers (hereinafter "Governmental Recipients");

c. Information produced to any Licensed Site Remediation Professional (hereinafter "LSRP") who is duly licensed by the State of New Jersey at the time of receipt of such Information where such disclosure of Information is intended to be used in connection with any remedial investigation or remedial action having an assigned case number in the NJDEP's NJEMS data system;

d. Sampling Information compiled with the expectation of being produced to a Governmental Recipient or an LSRP under Paragraphs 4(b) or 4(c) but which Sampling Information has not yet undergone quality assurance/ quality control or similar analysis;

e. Information produced by a third-party defendant to any Third-Party Plaintiff pursuant to the New Jersey Open Public Records Act or other freedom of information law or regulation;

f. Information previously produced to Defendants; and

g. Information that falls within the attorney-client privilege and/or the attorney work product privilege.

Bayonne Barrel & Drum

BASF Catalysts has no documents or electronically stored information in its possession, custody or control, with respect to Alleged Discharges from Bayonne Barrel & Drum. BASF Catalysts has in its possession the following categories of documents:

Documents by Category	Location	Excepted Information
Documents containing information related to transactions between Engelhard Industries, of which BASF Catalysts is successor to, and Bayonne Barrel & Drum.	Bressler, Amery & Ross, P.C. 325 Columbia Turnpike, Florham Park, New Jersey, 07932	

BASF Catalysts reserves the right to supplement, clarify, and revise these disclosures to the extent additional relevant, non-privileged information subject to disclosure becomes available or is obtained through discovery.

BASF Catalysts is engaged in a continuing investigation and reserves the right to supplement and modify these disclosures. BASF Catalysts' Initial Disclosures are made without prejudice to its right to change or its responses, its right to assert privileges or objections with respect to any subsequent requests for discovery, and its right to introduce at trial additional evidence and documents as warranted by the development of the facts underlying this litigation.

Dated: May 7, 2010

Respectfully submitted,

Bressler, Amery & Ross, P.C.
