Comes now Third-Party Defendant Goody Products, Inc., (“Respondent” or “Goody”) and for its Initial Disclosure in accordance with Case Management Order V provides the following specific information:

Reservations

1. Respondent reserves the right to object to the production of any documents or other

information on any ground, including relevance and undue burden, and to assert any applicable privilege, including the attorney-client privilege, the work product doctrine, the common interest doctrine, and any other applicable privilege or protection. These disclosures are not intended to prejudice or waive any privileges or objections Respondent may have with respect to any outstanding or subsequent requests for discovery.

2. Respondent's investigation in this matter is continuing. Accordingly, it reserves the right to supplement, clarify, and revise these disclosures to the extent additional information becomes available or is obtained through discovery. Further, Respondent reserves the right to amend these disclosures to the extent the claims brought by or alleged against Respondent in this litigation are amended.

3. The time period covered by the allegations in the Plaintiffs' Second Amended Complaint is quite long and encompasses at least six decades. The geographic scope of the Second Amended Complaint is also quite broad, covering the "Newark Bay Complex," which spans the "lower 17 miles of the Passaic River, Newark Bay, the lower reaches of the Hackensack River, the Arthur Kill, the Kill van Kull, and into adjacent waters and sediments." Second Amended Complaint, ¶ 1. The scope of inquiry required by Plaintiffs and Third-Party Defendants is accordingly quite broad and potentially burdensome. Respondent is therefore engaged in a continuing investigation and reserves the right to supplement and modify these disclosures.

Initial Disclosures

a. The name, address and telephone number, as may be known of each individual likely to have discoverable information, along with the subjects of that information, that relates to any alleged discharge or release of pollutants, contaminants and/or hazardous substances ("Pollutants") into the Newark Bay Complex (as these terms are defined in the Second Amended Complaint and the

Third-Party Complaints) from the site(s) and/or properties with which the disclosing party is associated in the Third-Party Complaint (“Alleged Discharges”);

Response

Goody responds that it has denied liability arising out of any “Alleged Discharges.” Notwithstanding and without altering Goody’s Answer and Affirmative Defenses, Goody is listing individuals who, upon information and belief, may have knowledge about the ownership, operations or environmental conditions of the “Goody Products Site,” as defined in Paragraph 1416 of Third-Party Complaint “B.” To the extent Goody has been able to locate a last known address and telephone number for the individuals listed below, they have been provided. All employees of Goody, or its parent company Newell Rubbermaid Inc., who are listed below, should be contacted only through Goody’s attorneys of record for this matter (Docket No. L-9868-05). Goody cautions that it has gleaned these names from documents regarding the “Goody Products Site” and does not know whether each of these individuals is still alive. Moreover, Goody is surmising the subjects about which each individual may have discoverable information based on preliminary information currently available to Goody.

In addition to the names provided above, Goody is in receipt of alleged “nexus” documents from Third-Party Plaintiffs. To the extent these documents are viewed by Third-Party Plaintiffs as potential evidence of an “Alleged Discharge” at the “Goody Products Site” into the Newark Bay Complex, Goody responds that any of the individuals named within the “nexus” documents may have discoverable information. Goody may identify additional individuals in the course of discovery and as its investigation continues.

b. The name, address and telephone number, as may be known, of each individual likely to have discoverable information that the disclosing party may use to support its claims or defenses (unless the use would be solely for impeachment);

Response

Initial disclosure (b) is premature. Goody's investigation continues into individuals that may be responsive to initial disclosure (b).

Notwithstanding the reservation above, individuals likely to have discoverable information that Goody may use to support its claims or defenses may include one or more of the individuals listed in (a). In addition, Goody responds that many employees worked at the "Goody Products Site" over the years. Based on the breadth and ambiguity of Third-Party Plaintiffs' claims, Goody is unable to identify every individual with relevant knowledge of this matter without more specific information from Third-Party Plaintiffs regarding the nature and basis of their claims.

c. The name, address and telephone number, as may be known, of any and all past or present owners, lessees or operators at the site(s) and/or properties with which it is associated in the Third-Party Complaint and the dates of such ownership, lease or operation, as may be known;

d. With respect to any individual identified pursuant to paragraph (a), (b) or (c) above, (or any other individual known to have material knowledge of an alleged discharge or release of a Pollutant at or from a site and/or property, or into the Newark Bay Complex), any known inability to testify due to age, infirmity, or incompetency within 12 months following the date of the Initial Disclosure;

Response

Goody responds that it is currently unaware of any individuals identified in paragraphs (a), (b) and (c) that have a known inability to testify due to age, infirmity, or incompetence.

e. A description by category and location (or copy at the discretion of the Third-Party Defendant) of all documents or electronically stored information that the disclosing party has in its possession, custody, or control with respect to Alleged Discharges including disclosure of the extent to which such documents or electronically stored information may fall within the Excepted Information.

Response

Goody responds that, upon information and belief, it has no documents within its possession, custody or control that relate to “Alleged Discharges” from the “Goody Products Site” to the Newark Bay Complex. Goody has within its possession, custody, or control the following categories of documents, which relate to the ownership, operational history or environmental conditions at the “Goody Products Site.” Goody reserves its rights to supplement this list, including to supplement its identification of applicable exceptions.
