Third-Party Defendant Praxair, Inc. (“Respondent”) hereby provides its
 Supplement to Initial Disclosure pursuant to Case Management Order (“CMO”) XII and
 prior CMO’s incorporated therein by reference.

Reservations and Comments

1. Respondent reserves the right to object to the production of any documents or other information on any ground, including relevance and undue burden, and to assert any applicable privilege, including the attorney-client privilege, the work product doctrine, the common interest doctrine, confidentiality, trade secret, State and Federal Homeland Security confidentiality and any other applicable protection. These disclosures are not intended to prejudice or waive any privileges or objections Respondent may have with respect to any outstanding or subsequent requests for discovery.

2. Respondent's investigation in this matter is continuing. Accordingly, it reserves the right to supplement, clarify, and revise these disclosures any time prior to trial to the extent additional information becomes available or is obtained through discovery. Further, Respondent reserves the right to amend these disclosures to the extent the claims brought by or alleged against Respondent in this litigation are amended.

3. Respondent reserves its right to rely on any facts, documents or other evidence that may develop or come to Respondent's attention during the course of this matter. Respondent's responses are set forth herein without prejudice to its right to assert additional objections or supplement its responses should Respondent discover additional grounds for doing so during the course of this matter.

4. "Documents", excluding electronic e-mail and Electronically Stored Information, shall have the meaning set forth in this Court's August 11, 2009 Order for Preservation of Documents and Data.

5. “Alleged Discharges” shall have the meaning set forth in the Court’s CMO VIII.

6. “Sites”, per CMO VIII, shall be defined as those site(s) or properties with which a Third-Party Defendant is associated in a Third-Party Complaint.

7. Document Production requirements set forth in CMO XII, paragraph 21 are read in concert with CMO VIII, paragraph 3 and CMO V, paragraph 8 incorporated by reference in CMO XII, paragraph (1). CMO VIII, *inter alia*, called for a listing of those documents to be produced by Third-Party Defendants with certain excepted categories (the “Excepted Information Categories”). To the extent requirements set forth in CMO XII, paragraph 21 are repetitive, burdensome and /or unfairly place a duty of inquiry on Third-Party Defendants as to the Newark Bay Complex locations other than the Sites, disclosures herein are provided with reference to CMO XII paragraph 21(c) unless otherwise noted. With respect to CMO XII, paragraph 21(b), reference is made to information previously furnished by the JDG in connection with CMO V, paragraph 8.

8. Documents subject to claims of privilege, work product, confidentiality or trade secret will be detailed as soon as practicable in a log to be furnished in accordance with the August 11, 2009 “Agreed Order Regarding Documents Withheld from Production” and/or “Confidential Information Order” as appended to CMO VIII.

(iv.) the costs and damages sought in connection with any alleged discharge of Hazardous Materials.

Response - Respondent limits its response in accordance with the reservations noted above. Documents responsive to this request, to the extent available, are on the enclosed disc subject to the exceptions set forth in CMO VIII enumerated below.

ii. the operations, manufacturing and/or production processes, any Hazardous Materials stored or utilized on the property, and any sampling that took place on the property and any sampling or testing of the materials, by-products or waste products used in connection therewith;

Response - Respondent limits its response in accordance with the reservations noted above. Responsive Documents to this request, to the extent available, are on the enclosed disc subject to the exceptions set forth in CMO VIII enumerated below.

iii. sampling results from environmental, chemical, or biological testing conducted at that Third Party Defendant's properties;

Response - Respondent limits its response to those documents as to the Alleged Discharges in accordance with reservations noted above. Documents responsive to this request, to the extent available, are on the enclosed disc subject to the exceptions set forth in CMO VIII enumerated below.

2. Any Documents relating to any industrial waste containing Hazardous Materials that was transported to, processed or treated at, or discharged from any of the sites and/or properties with which a Third Party Defendant is associated in the Third Party Complaints.

Response - Subject to the reservations noted above, Documents responsive to this request as to the Alleged Discharge, to the extent available, are on the enclosed disc subject to the exceptions set forth in CMO VIII enumerated below.

3. Any insurance or indemnity agreement under which another person or entity may be liable to satisfy all or part of a possible judgment in this action or to indemnify or reimburse for payments made to satisfy said judgment.

Response - Subject to the reservations noted above, Documents responsive to this request, to the extent available, are on the enclosed disc subject to the exceptions set forth in CMO VIII enumerated below.
