CIVIL ACTION

**SUPPLEMENTAL THIRD-
PARTY DISCLOSURE**

Come now Third-Party Defendants McKesson Corporation, McKesson
EnviroSystems Inc., and Safety-Kleen EnviroSystems, Inc. (collectively "Respondent")
and for their Supplement to Initial Disclosures provides the following specific
information:

Reservations and Comments

1. Respondent reserves the right to object to the production of any documents or
other information on any ground, including relevance and undue burden, and to assert
any applicable privilege, including the attorney-client privilege, the work product

doctrine, the common interest/joint defense doctrine, confidentiality, trade secret, State and Federal Homeland Security confidentiality and any other applicable protection. These disclosures are not intended to prejudice or waive any privileges or objections Respondent may have with respect to any outstanding or subsequent requests for discovery.

2. Respondent's investigation in this matter is continuing. Accordingly, it reserves the right to supplement, clarify, and revise these disclosures to the extent additional information becomes available or is obtained through discovery. Further, Respondent reserves the right to amend these disclosures to the extent the claims brought by or alleged against Respondent in this litigation are amended.

3. The time period covered by the allegations in the Plaintiffs' Third Amended Complaint and in Defendants' Third Party Complaint D, in which Respondent is named as a Third Party Defendant, encompasses at least six decades of multiple successive and concurrent ownerships of Respondent's property. The geographic scope of the Third Amended Complaint and Third Party Complaint D is also extremely broad, covering the 'Newark Bay Complex,' which spans the 'lower 17 miles of the Passaic River, Newark Bay, the lower reaches of the Hackensack River, the Arthur Kill, the Kill van Kull, and into adjacent waters and sediments.' Third Amended Complaint, ¶ 1. The scope of inquiry required by Plaintiffs and Third-Party Plaintiffs is accordingly overly broad and potentially unreasonably burdensome. Respondent is therefore engaged in a continuing investigation and reserves the right to supplement and modify these disclosures.

4. Respondent's Supplemental Disclosure is made in accordance with the

following definitions:

a. "Documents", excluding electronic e-mail, shall have the meaning set forth in this Court's August 11, 2009 Order for Preservation of Documents and Data.

b. "Alleged Discharges" shall have the meaning set forth in the Court's CMO VIII.

c. "Sites", per CMO VIII, shall be defined as those site(s) or properties with which a Third-Party Defendant is associated in a Third-Party Complaint.

5. Document Production requirements set forth in CMO XII, paragraph 21 (as amended by the Consent Order ("Amended Production Requirements")) are read in concert with CMO VIII, paragraph 3 and CMO V, paragraph 8 ("Additional Discharger") incorporated by reference in CMO XII, paragraph (1). The Amended Production Requirements are answered with reference to the Alleged Discharges as defined in CMO VIII. To the extent requirements set forth in Amended Production Requirements are repetitive, burdensome and/or unfairly place a duty of inquiry on Third-Party Defendants as to the Newark Bay Complex locations other than the Sites, disclosures herein are provided with reference to the Amended Production Requirements and CMO XII paragraph 21(c) unless otherwise noted. With respect to Amended Production Requirements as to CMO XII, paragraph 21(b), reference is made to information previously furnished by the JDG in connection with CMO V, paragraph 8 ("Additional Dischargers").

8. Documents subject to claims of privilege will be detailed in a log to be

furnished in accordance with the August 11, 2009 "Agreed Order Regarding Documents Withheld from Production" as appended to CMO VIII, and provided under the Amended Production Requirements. If any privileged documents are inadvertently produced to you, we hereby advise you that such documents should be immediately returned to us without review by you, and that no assertion of privileged shall be waived by such inadvertent production and Respondent reserves the right to retrieve any such inadvertently produced document from this production without having waived its privilege or right to protection over that document.
