Mindy Mumford
NJDEP Office of Community Relations
PO Box 413
Trenton, NJ 08625-0413

As the Executive Director of the grassroots non-profit organization Pompton Lakes Residents for Environmental Integrity (PLREI), we seek to apply to the New Jersey Department of Environmental Protection for a Technical Assistance Grant (TAG) for DuPont Pompton Lakes Works site (Site ID: 2177; PI Number: 007411) at 2000 Cannonball Road in Pompton Lakes, New Jersey.

Founded in 2010, PLREI is a state not-for-profit grassroots organization committed to:

- promoting a clean environment
- educating and involving residents
- resolving environmental and health issues
- improving the quality of life in our community.

We represent residents of approximately 450 homes in Pompton Lakes who are dealing with environmental contamination and vapor intrusion issues in association with the abovementioned site.

We plan to use any awarded grant to obtain technical assistance in interpreting site-related documents, to review future technical documents, and to disseminate our findings to the public via public meetings.

PLREI's contact person will be myself, Regina Sisco, the Executive Director of the organization.

We are enclosing a copy of the requested Public Notice printed in the Herald News on Saturday, December 3, 2010. Once you approve our letter, PLREI will submit our

application for the DuPont Pompton Lakes Works site TAG as soon as possible.
Please acknowledge your receipt of this letter. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Regina Sisco". The signature is written in a cursive style with a large initial "R" and a long, sweeping underline.

Regina Sisco
Executive Director
Pompton Lakes Residents for Environmental Integrity
