COST OVERSIGHT INVOICE

Contains information relative to the case location and billable amount. When making payment, return the bottom portion of this page with your remittance. This document also includes a Change of Mailing Address form.

EXPENDITURE SUMMARY

Contains a summary of the charges incurred by the Department for a case, including a breakdown of direct and indirect salary costs by fiscal year, and total non-salary costs. The calculation of the factors used to determine total salary cost is also provided. These factors are usually defined as follows:

Salary Additive Rate - A percentage of costs applicable to sick time, vacation time and other similar time which cannot be billed to an individual site, and is necessary to insure full compensation of an employee's direct salary.

Fringe Benefit Rate - The Department's contribution for the employee's pension, health benefits, worker's compensation, temporary disability and F.I.C.A. (Federal Insurance Contribution Act).

Indirect Cost Rate - The Department's general operating expenses which
cannot be assigned to a specific case, including such costs as building
rent, utilities and Department upper management salaries. (Director, Commissioner)

COST ANALYSIS (SALARY)

Contains information on the Department's salary charges incurred on the case during the period indicated. This breakdown includes, in part, the individual who charged time to the case, the two week pay period during which the time was charged, a description of the activity performed and the direct salary cost incurred by the Department. This could be multiple pages.

COST ANALYSIS (NON-SALARY)

Contains information on the Department's non-salary charges incurred on the case for the period indicated, such as Department sampling and analytical costs, and contractor expenses. As above, this includes the vendor who worked on the case, the date the invoice was paid, a description of the activity performed and non-salary cost incurred by the Department. This could be multiple pages.
