SECTION 1. APPLICATION INFORMATION

TOTAL AMOUNT REQUESTED \$

SECTION A. APPLICANT

Name: _____
 Address: _____
 City: _____ State: _____ Zip Code: _____
 Home Phone: _____ Work Phone: _____
 Cell Phone: _____ Fax: _____
 Email: _____

- 1) The regulated UST(s) is/are upgraded in accordance with the December 1998 upgrade requirements pursuant to N.J.A.C 7:14B. Yes No
 If "Yes," see note; if "No," go to 2. Please note, the closure (NOT remediation) of a previously upgraded petroleum underground storage tank is eligible for funding provided the upgrade of the tank was not funded by the UST Fund and the applicant has owned and/or operated the regulated tank(s) as of December 1st, 2002 or inherited from a person who owned and/or operated the regulated tank(s) as of that date.
- 2) The regulated UST(s) was/were never upgraded in accordance with the December 1998 upgrade requirements pursuant to N.J.A.C 7:14B. Yes No
 If "Yes," please note, costs associated with the closure and remediation of a regulated UST which was never upgraded are eligible.

SECTION B. UST(s) LOCATION

Address: _____
 City: _____ State: _____ Zip Code: _____
 County: _____ Block: _____ Lot: _____
 Number and Size of Tank(s): _____
 UST Registration Number(s): _____
 Incident Number(s): _____

SECTION C. CONTACT PERSON Check if same as applicant

Name: _____
 Address: _____
 City: _____ State: _____ Zip Code: _____
 Home Phone: _____ Work Phone: _____
 Cell Phone: _____ Fax: _____
 Email: _____

SECTION D. CONTRACTOR INFORMATION

Name: _____
 Address: _____
 City: _____ State: _____ Zip Code: _____
 Phone: _____ Fax: _____
 Email: _____

SECTION E OTHER FINANCIAL ASSISTANCE RECEIVED

Please list any grants or other types of financial assistance received from other sources for remedial costs associated with the underground storage tank discharge. Describe the type(s) of assistance received and dollar amount(s). Examples would include, but not be limited to, assistance received from the Hazardous Discharge Site Remediation Fund (HDSRF) grant and loan program or the Spill Fund Claim Program.

SECTION F. OUTSTANDING FEES, PENALTIES OR ENFORCEMENT ACTIONS

Please list and describe in detail, any outstanding fees or penalties that you as the applicant are responsible for, owed to the NJDEP, for the property that is the subject of this application or any other property owned or operated by you in the State of New Jersey. Please also list and describe in detail, any enforcement actions being taken against you by the NJDEP at the time of this application.

Include the following:

Attachment A – General UST Fund Certification

Attachment B – UST Fund Grant Certification

Attachment C – Non-Profit Organization Certification (only for a non-profit organization)

SECTION 2. INSURANCE POLICY AND SERVICE AGREEMENT CLAIMS

Check all that apply:

A claim has been filed and the insurance company's name and claim numbers are included below:

Name of insurance company(s): _____

Claim date: _____ Claim #: _____

Name of insurance company(s): _____

Claim date: _____ Claim #: _____

A claim cannot be filed as I have never had an insurance policy or service agreement on the subject site and I have provided a notarized affidavit attesting to that fact.

Do you have a tank service agreement?..... Yes No

Please list the company (e.g. STEP Program, ProGuard, etc.) and provide a copy of the agreement with the application: _____

Please attach copy(s) of your claim(s)/correspondence.

Include the following:

Attachment E Insurance Checklist

Attachment F Applicant's Notarized Affidavit

SECTION 3. COMMERCIAL LOAN DOCUMENTATION

In accordance with the UST Fund statute (P.L. 1997, c.235), the applicant must demonstrate the inability to obtain a commercial loan for all or part of the eligible project costs. Two denial letters from two different banks are required. Without such documentation, the NJEDA will not process a request for funding. **Please attach the two denial letters.**

SECTION 4. CONTRACTOR and COST INFORMATION

The proposal from the prime contractor must show rates for labor and equipment, as well as broken out in a time and materials format. The cost estimate must list labor categories, hourly rates, hours billed, as well as equipment rates and hours, subcontracted services and purchased material costs.

These labor categories and hours, equipment rates and material and service costs and levels will be reviewed against the UST Fund Cost Guide, and those not in conformance with the Cost Guide may be reduced or denied. The NJDEP recommends the completion of the Project Summary Form (Attachment H) to facilitate the review of the proposal and cost estimate.

Subcontractor services are reimbursed at actual invoiced cost plus a markup not to exceed 15%. Examples: disposal of contaminated soil, laboratory analyses. Material costs and rental items are reimbursed at actual invoiced cost plus a markup not to exceed 15%. Examples: clean backfill, topsoil, equipment not owned by the contractor.

Has the consultant been paid in full, or in part, by the applicant?..... Yes No

If "Yes," the applicant must indicate specifically what work has been completed and paid for, and provide proof of payment for all completed work via copies of canceled checks, credit card receipts, invoices marked by consultant as paid, etc., which total the amount of work that has been completed and paid for.

Include the following:

Attachment H Project Summary Form to facilitate the review of the proposal and cost estimate.

ATTACHMENT A
GENERAL UST FUND CERTIFICATION

THIS CERTIFICATION IS REQUIRED FOR ALL UST FUND APPLICANTS

This certification shall be signed as follows:

- for a corporation, by a principal executive officer, at least the level of vice president;
- for a partnership, by a general partner;
- for a sole proprietorship, by the proprietor;
- for other than above (i.e. homeowner), the person with legal responsibility for the site.

I certify under penalty of law that I have personally examined and am familiar with the information submitted herein and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate and complete. I am aware that there are significant civil penalties for knowingly submitting false, inaccurate or incomplete information and that I am committing a crime of the fourth degree if I make a written false statement that I do not believe to be true. I am aware that if I knowingly direct or authorize the violation of any statute, I am personally liable for the penalties.

ATTACHMENT B
UST FUND GRANT CERTIFICATION

THIS CERTIFICATION IS REQUIRED FOR ALL UST FUND APPLICANTS

This certification shall be signed as follows:

- for a corporation, by a principal executive officer, at least the level of vice president;
- for a partnership, by a general partner;
- for a sole proprietorship, by the proprietor;
- for other than above (i.e. homeowner), the person with legal responsibility for the site.

I hereby certify that

- (1) *in the case of a regulated tank, if requesting tank closure funding, the applicant has owned or operated the subject petroleum underground storage tank as of December 1, 2002 and continually thereafter or inherited the property from a person who owned the tank as of that date;*
- (2) *in the case of a regulated or unregulated tank (i.e., leaking home heating oil tank), if requesting remediation funding, the applicant owned or operated, the tank at the time of tank closure;*
- (3) *the applicant's Federal IRS taxable income is no more than \$ 250,000 (for a business this means net operating income before taxes);*
- (4) *the applicant's net worth is no more than \$500,000 (exclusive of primary residence and pension);*
- (5) *the applicant has filed a notice of claim with their insurance carrier(s) listing the UST Fund as a beneficiary to the extent any award of financial assistance is made from the UST Fund, and agrees to diligently pursue any such claim filed; and*
- (6) *if recovery is obtained against any person or third party for any damages that were the subject of this application, the applicant agrees to reimburse the UST Fund up to the amount of any payments made by the fund.*

NON-PROFIT ORGANIZATION CERTIFICATION

THIS CERTIFICATION IS REQUIRED FOR ALL NON-PROFIT UST FUND APPLICANTS

This certification shall be signed by a principal executive officer, at least the level of vice president.

I hereby certify that:

- (1) *this organization is a nonprofit organization, corporation, or association with less than 100 paid individuals; and*
- (2) *is qualified for exemption from federal taxation pursuant to section 501(c)(3) of the federal Internal Revenue Co 1 de, 26 U.S.C.s.501(c)(3) (proof attached).*

I certify under penalty of law that the information attached herein with attesting to our organization as a non-profit is true, accurate and complete. I am aware that there are significant civil penalties for knowingly submitting false, inaccurate or incomplete information and that I am committing a crime of the fourth degree if I make a written false statement that I do not believe to be true. I am aware that if I knowingly direct or authorize the violation of any statute, I am personally liable for the penalties.

INSURANCE/TANK SERVICE DOCUMENTATION

THIS CHECKLIST ENSURES COMPLIANCE WITH THE NJDEP'S DOCUMENTATION REQUIREMENTS ON HOMEOWNER INSURANCE POLICY AND SERVICE AGREEMENT CLAIMS

- (1) **FILING AN INSURANCE CLAIM:** Applicants to the Petroleum Underground Storage Tank Remediation, Upgrade & Closure Fund (UST Fund) must file a claim with their present, as well as any past, insurance companies that have insured the property in question. **The Notice of Claim must be filed in writing, and must list the UST Fund, State of New Jersey, as a beneficiary to the claim to the extent any award is made from the UST Fund.** If you have already submitted a claim to your insurance company(s), but failed to include the language noted above, you must resubmit your claim to all applicable insurance companies with the language included. This is required by law.
 Copies of Insurance Claims and Notice Claims included
- (2) **PROOF NOTICE OF CLAIM WAS FILED:** Applicants must submit proof with their application that the Notice of Claim was received by the insurance company(s). Such proof can be in the form of a certified mail receipt (green post card) or a letter from the insurance company indicating that the Notice of Claim was received. Please note that the insurance company must respond to the Notice of Claim and provide proof of receipt, not an insurance broker or other third party. Responses from a broker or other third party are not acceptable.
 Copy of certified mail receipt and/or letter from insurance company
- (3) **INSURANCE DETERMINATIONS:** Applicants must submit copies of all correspondence received from their insurance company(s) related to their claim(s), such as letters of denial of coverage, or letters indicating partial coverage. Letters of denial from insurance companies must detail the reason(s) for denial of the applicant's claim(s), and should include a copy of the applicable insurance policy, or at a minimum, excerpts from the policy indicating the basis for denial. If the applicant obtains partial insurance coverage, documentation from the insurance company indicating the exact amount of coverage, or percentage of coverage, must be submitted with the application. **Please note that the processing of an UST Fund application can move forward without a final insurance determination, but once such a determination is received, the documentation describing that determination must be forwarded to the UST Fund office.** The UST Fund reserves the right to require the applicant to seek clarification of any coverage denials.
 Copy of Insurance determinations
- (4) **LACK OF INSURANCE:** If the applicant never held any insurance policies on the property in question, a notarized affidavit attesting to that fact must be submitted with the application. (Attachment F)
 Notarized Affidavit included
- (5) **TANK SERVICE AGREEMENTS:** If the applicant has a tank service agreement such as ProGuard, CARE, Step Program, etc., the applicant must submit a copy of the service agreement, copies of invoices for any deductible paid, documentation of any remedial costs incurred not covered by the tank service agreement, and invoices or other documentation indicating the actual costs expended by the tank service agreement company in the performance of the remediation.
 Copies of Documentation indicated above

Governor

KIM GUADAGNO
Lt. Governor

BOB MARTIN
Acting Commissioner

January 1, 2010

Dear UST Fund Applicant or Consultant:

Enclosed you will find an updated version of the Department of Environmental Protection (NJDEP) Petroleum Underground Storage Tank Remediation, Upgrade & Closure Fund (UST Fund) Cost Guide. The latest version of the UST Fund Cost Guide is now utilized by the NJDEP and the NJEDA in accordance with N.J.S.A. 58:10A-37.5b. The UST Fund Cost Guide will be used for the reimbursement of costs associated with regulated and unregulated leaking tanks as well as non-leaking residential heating oil tanks. Versions of this Cost Guide may now be found on the web at www.nj.gov/dep/srp/finance/ustfund.

This Cost Guide will become effective with the following conditions:

- All new applications that have been submitted to the NJDEP prior to and after January 1, 2010, and have not yet been forwarded to the New Jersey Economic Development Authority (NJEDA) for approval will be reviewed utilizing the 2010 Cost Guide.
- All previously approved applications (applications where the NJEDA has approved funding) will have costs submitted and reviewed (e.g. invoices and subcontractor invoices) utilizing the Cost Guide in effect at that time of their approval. All applications that have already been submitted to the NJDEP may not be withdrawn for the purpose of revising the cost proposals.
- The cost proposals submitted with applications to the UST Fund are estimates. Disbursements will be made after the work is performed and sufficient documentation of actual costs incurred is submitted to the NJDEP or NJEDA. This would include, but is not limited to, direct subcontractor invoices and receipts representing actual service, material and equipment costs, and proof of payment such as cancelled checks or invoices marked "paid". It is important that applicants advise their consultants/contractors that this documentation is necessary for the applicant to receive the maximum reimbursement possible from the UST Fund. It is recommended that the applicant make this a requirement in the contract with their consultant/contractor.
- If proposed rates and/or costs related to UST Fund Applications for leaking tanks exceed the UST Fund Cost Guide they must be justified to the satisfaction of the NJDEP. Such justification may include an explanation of specific site conditions that warrant additional effort, specific specialized site needs, etc. It is the responsibility of the applicant to provide such justification. Any costs in excess of those found in the UST Fund Cost Guide that can not be adequately justified may be capped at the UST Fund Cost Guide rates/costs or denied.
- All services, and/or materials that are subcontracted, rented or purchased by the applicant's prime consultant/contractor will be reimbursed at actual cost plus a prime consultant/contractor mark-up not to exceed 15%. The exception to this is if the subcontracted, rented or purchased items are substantiated by quantity documentation only, with no specific unit cost documentation being provided. In these instances the NJDEP will review and consider the appropriate reimbursement on a case by case basis. All such costs must be verified, as discussed above, by the direct subcontractor invoices or material receipts. For example, for soil disposal or waste oil/ wastewater disposal, costs must be verified by receipt of the disposal facility invoice indicating cost per unit and amount (weight or volume) disposed of. For materials that are purchased in bulk by consultants/contractors for use at various sites, a copy of a recent invoice indicating the bulk purchase price would satisfy the documentation requirement.
- The NJDEP will review the proposed scope of work and costs to determine if the level of effort is appropriate for the work proposed. This level of effort review evaluates the amount of time it takes to perform the tasks proposed, as well as the level of personnel necessary to perform these tasks. Any questions about the proposed level of effort will be directed to the applicant and their consultant/contractor. Any level of effort that is found to be in excess of what the NJDEP deems necessary to perform the work proposed will not be approved for funding.

- For regulated UST applications and regulated UST supplemental funding requests, please note that the NJDEP instructs the NJEDA to make a 50% disbursement upon approval of the application, and subsequent to the closing of the grant, and/or loan.
- The UST Fund Cost Guide was developed by evaluating current construction, and/or remediation cost references, other State of New Jersey contracts for similar services or items, the solicitation of quotes from rental companies, and the general experience of NJDEP staff. The UST Fund Cost Guide was not intended to be all-inclusive; encompassing every possible cost associated with underground storage tank closure, replacement and/ or remediation. Any rates/costs proposed that do not appear in the UST Fund Cost Guide will be evaluated on a case-by-case basis using a similar process.
- Any costs not approved by the NJDEP or the NJEDA are the sole responsibility of the applicant.
- Applicants should note the ineligible costs listed on Page 5 of the UST Fund Cost Guide.
- Any questions regarding the attached UST Fund Cost Guide can be directed to the Bureau of Contract & Fund Management, NJDEP @ (609) 777-0101.

IMPORTANT NOTE: In compliance with N.J.S.A. 58:10A-37.5b, the Department of Environmental Protection (Department) has developed and published a cost guidance document that establishes the maximum cost to be paid for the eligible project costs of the closure or replacement of a petroleum underground storage tank used to store heating oil for onsite consumption in a residential building or a petroleum underground storage tank with a capacity of 2,000 gallons or less used to store heating oil for onsite consumption in a nonresidential building. The Department and the New Jersey Economic Development Authority (NJEDA) will use the following Cost Guide to determine costs that are eligible under the UST Fund. A copy of the Cost Guide and other UST Fund information is available on the Department's web site at www.nj.gov/dep/srp/finance/ustfund. Be advised that as of October 3, 2006, due to the enactment of P.L. 2006, c.58, all contractors performing work on non-regulated underground storage tanks, including homeowner heating oil tanks, where work is being funded by the Petroleum Underground Storage Tank Remediation, Upgrade & Closure Fund, must be certified in accordance with N.J.A.C. 7:14B-13.

Respectfully,

Frank Pinto, Chief
NJDEP
Bureau of Contract & Fund Management
P.O. Box 413
401 East State Street
Trenton, NJ 08625

Attachment G – UST Fund Cost Guide

Underground Storage Tank Removal/ Closure (Unregulated & Regulated) (All prices include excavation, cutting, cleaning, removal, & disposal)	Flat Rate
550 gallons or less	\$1,500
1000 gallons	\$2,100
1500 gallons	\$2,500
2000 gallons	\$2,600
3000 gallons	\$3,500

Above Ground Storage Tank (AST) Installation (Unregulated Tanks, includes tank & labor)	Flat Rate
120 gallons	\$1,700
165 gallons	\$1,800
240 gallons	\$1,950
275 gallons	\$2,000
330 gallons	\$2,400
400 gallons	\$2,600

Underground Storage Tank Installation (Unregulated only) (Will only be reimbursed when AST Installations are not feasible.)	Flat Rate
290 - 550 gallons	\$3,000
1000 gallons	\$4,200

Municipal Services (Not subject to a subcontractor markup)	Daily Rate
Permits	At Cost
Police oversight	At Cost

Heavy Equipment	Daily Rate
Mobilization/demobilization - one time allowable per site per machine	\$500
Loader/backhoe w/operator (Mobilization/Demobilization applies)	\$950
Sm Trackhoe w/operator (J Deere 200LC or equivalent) (Mobilization/Demobilization applies)	\$1,400
Lg Trackhoe w/operator (Cat 325 or equivalent) (Mobilization/Demobilization applies)	\$1,700
Skid Steer Loader w/operator (Mobilization/Demobilization applies)	\$700
Field Vehicle with reusable tools	\$110
Dump Truck w/operator (approx. 12 yd3)	\$400
Dump Truck, Tandem - Triaxle w/operator (25 yd3)	\$900
Rolloff Box (20 yd3)	\$600
Vacuum Truck w/operator	\$800/day or \$100/hr
Geoprobe w/ Operator	\$1,800/ day or \$1,000/half day
GPR/Electrometer Survey	\$1,200

PAH	\$125
PP Metals	\$125
Lead	\$30
Electronic Data Deliverables (Only if required by the NJDEP)	\$20/diskette
Methanol or Encore sampler	\$10/each
Scale for methanol only	\$10/day

Waste Classification (Tasks in this section can be subject to subcontractor markup)	Per Sample
Full TCLP & ID27	\$800
ID27(Full TCLP+RCRA+others)	\$1,100

Attachment G – UST Fund Cost Guide

Site Restoration

Site Restoration costs are limited to damage caused by the remediation of leaking USTs. No restoration costs due to contractor negligence will be considered. Eligible costs for certain site restoration categories are capped at \$5,000 each. These categories include landscaping, hardscaping, costs associated with deck removal and or replacement, and costs associated with swimming pool removal or replacement. These categories are described further as follows:

- 1) Landscaping - This category includes lawn restoration, bushes, shrubs, trees, flower beds, edging, mulch, etc. Note that replacement of plantings will not necessarily be with mature plants.
- 2) Hardscaping - This category includes paver, brick or cement walkways, patios, and decorative walls of any construction, and loose stone used for decorative purposes.
- 3) Decking costs - This category includes the need to dismantle, remove, and replace a portion or the entirety of a wooden or composite deck in order to effectuate a remediation.
- 4) Pool costs - This category includes the need to dismantle, remove and replace a portion or the entirety of a swimming pool in order to effectuate remediation.

The UST Fund also has the right to cap other categories of restoration costs that are not directly related to the structural integrity of the home in question. In addition, for restoration costs that are eligible, the UST Fund will only reimburse for replacement of what existed prior to the remediation up to the cap amount. Applicant is responsible for obtaining a minimum of three (3) price quotes for any restoration work. Before and after photos are strongly recommended.

Ineligible UST Fund Costs

- NJDEP Oversight Costs/ Fixed Fees
- Performance Guarantees
- Preparation of UST Fund application
- Administration and management of funds.

ATTACHMENT I

LSRP RETENTION & DISMISSAL FORM

A copy of this form must be included with the application and the original must be sent to the Bureau of Case Assignment & Initial Notice.

SECTION I. LICENSED SITE REMEDIATION PROFESSIONAL INFORMATION AND STATEMENT

LSRP ID Number: _____

First Name: _____ Last Name: _____

Phone Number: _____ Ext: _____ Fax: _____

Mailing Address: _____

City/Town: _____ State: _____ Zip Code: _____

Email Address: _____

This statement shall be signed by the LSRP who is submitting this notification in accordance with SRRA Section 16 d. and Section 30 b.2.

I certify that I am a Licensed Site Remediation Professional authorized pursuant to N.J.S.A. 58:10C to conduct business in New Jersey. As the Licensed Site Remediation Professional of record for this remediation, I:

[SELECT ONE OR BOTH OF THE FOLLOWING AS APPLICABLE]:

- directly oversaw and supervised all of the referenced remediation, and\or*
 personally reviewed and accepted all of the referenced remediation presented herein.

I believe that the information contained herein, and including all attached documents, is true, accurate and complete.

It is my independent professional judgment and opinion that the remediation conducted at this site, as reflected in this submission to the Department, conforms to, and is consistent with, the remediation requirements in N.J.S.A. 58:10C-14.

My conduct and decisions in this matter were made upon the exercise of reasonable care and diligence, and by applying the knowledge and skill ordinarily exercised by licensed site remediation professionals practicing in good standing, in accordance with N.J.S.A. 58:10C-16, in the State of New Jersey at the time I performed these professional services.

I am aware pursuant to N.J.S.A. 58:10C-17 that for purposely, knowingly or recklessly submitting false statement, representation or certification in any document or information submitted to the board or Department, etc., that there are significant civil, administrative and criminal penalties, including license revocation or suspension, fines and being punished by imprisonment for conviction of a crime of the third degree.
