

2010 ITRC Internet-based Training Topics

In times with lean budgets, you can meet your training needs with high quality ITRC Internet-based training classes that are provided at no cost to participants and do not require travel. The training classes last approximately two hours, cover technical and regulatory information specific to environmental technologies and innovative approaches, and are supported by consensus-based ITRC guidance documents. More information on 2010 class dates will be available soon at www.itrcweb.org/ibt.asp. In 2010, ITRC plans to offer training in the following Internet-based training courses:

- o Attenuation Processes for Metals & Radionuclides
- o Decontamination and Decommissioning of Radiologically-Contaminated Facilities
- o Enhanced Attenuation of Chlorinated Organics: A Site Management Tool
- o In Situ Bioremediation of Chlorinated Ethene - DNAPL Source Zones
- o LNAPL Part 1: An Improved Understanding of LNAPL Behavior in the Subsurface
- o LNAPL Part 2: LNAPL Characterization and Recoverability
- o LNAPL Part 3: Evaluating LNAPL Remedial Technologies for Achieving Project Goals
- o Mining Waste
- o Perchlorate Remediation Technologies
- o Performance-based Environmental Management
- o Phytotechnologies
- o Protocol for Use of Five Passive Samplers
- o Quality Consideration for Munitions Response
- o Survey of Munitions Response Technologies
- o Remediation Risk Management: An Approach to Effective Remedial Decisions and More Protective Cleanups
- o Risk Assessment and Risk Management: Determination and Application of Risk-Based Values
- o Use of Risk Assessment in Management of Contaminated Sites

Registration opens at www.itrcweb.org (or directly at www.clu-in.org/studio/) four to six weeks before the class.

Cost: Sponsored by ITRC and EPA with no cost for the participant

Registration: <http://clu-in.org/studio/seminar.cfm>

Associated guidance documents:
Available from www.itrcweb.org

If you have questions after completing the on-line registration, call us at (402) 201-2419 or send an e-mail to training@itrcweb.org
