

# Consumer Confidence Report

For  
[NAME OF CHILD CARE CENTER]

[Address of Child Care Center]

As a result of testing [NAME OF CHILD CARE CENTER'S] drinking water, required by the New Jersey Department of Environmental Protection, the following chart provides sampling results for those contaminants detected in our drinking water.

Contaminant	MCL / AL / RUL*	Level Detected	Unit	Exceeded Yes or No

\*MCL = Maximum Contaminant Level; AL = Action Level; RUL = Recommended Upper Limit

For additional information on drinking water please refer to the NJDEP, Division of Water Supply's website at <http://www.nj.gov/dep/watersupply/> or United States Environmental Protection's website at <http://www.epa.gov/safewater/>

Questions may be directed to [Director/Owner Name] at [Phone Number].

**Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).**
