

Good afternoon,

You are cordially invited to participate in a New Jersey Department of Environmental Protection (Department) Stormwater Management rules stakeholder meeting. This meeting is a follow-up to the stakeholder meetings held in November 2016 on replacing the nonstructural standards at N.J.A.C. 7:8-5.3 with a green infrastructure requirement. The purpose of this meeting is to solicit input to determine potential alternative routes of compliance for situations in which installing green infrastructure on site may not be a feasible option. Furthermore, the Department is seeking input on the conditions under which the alternative route of compliance could apply and what would need to be demonstrated to meet those conditions. A courtesy copy of the current Stormwater Management rules can be found at: [http://www.nj.gov/dep/rules/rules/njac7\\_8.pdf](http://www.nj.gov/dep/rules/rules/njac7_8.pdf). All attendees of the stakeholder meeting are encouraged to bring their ideas to the table for discussion. While stakeholders should feel free to bring up any and all ideas related to this rule change during the meeting, also be aware that the meeting is limited to discussion on the alternative route of compliance.

The stakeholder meeting will be held on **Monday, June 12th from 9:30-12:00** at the New Jersey Environmental Infrastructure Trust located at 3131 Princeton Pike, Building 4 Suite 216 Lawrenceville, NJ 08648. NJDEP will send an agenda of discussion points before the actual meeting is held.

Participation in this process is by invitation only. If you are unable to attend, you may designate an alternate; however, in order to have a meaningful discussion, participation at this meeting is limited to only one representative per invite. Please RSVP to Deanna Carabelli at [Deanna.Carabelli@dep.nj.gov](mailto:Deanna.Carabelli@dep.nj.gov) or [609-292-4396](tel:609-292-4396) if you or your designee is able to attend this meeting. Please note the Department does not anticipate additional meetings on this subject and hopes that you will be able to participate in this meeting.
