

Dear Subcommittee Member,

The Department is resuming its coastal stakeholder process and will be reconvening the dredging technical manual (now codified as the CZM rules, Appendix G) subcommittee to discuss the updating of the Department's standards for dredging and dredged material management. The subcommittee meeting will be held on Thursday, December 10, 2015 from 10 am – 12 pm in the 6th Floor Conference Room, 401 E. State Street. Mayor Martin Pagliughi and his team (Cape May County Dredge Working Group) will be presenting their white papers (see attached DWG Final Report_10.02.2015.pdf) which contains recommended changes to the standards of Appendix G. This presentation will be followed by an open discussion of suggested changes to the appendix from subcommittee members. Please come prepared to discuss your recommendations.

Please let me know if you will be attending this meeting by responding to this email or by calling 609-984-9736.

Sincerely,

Jill Aspinwall
