## **Ground Water Quality Criteria Stakeholder Workgroup Meeting**

September 28, 2016

1:00 PM – 3:00PM

4<sup>th</sup> Floor Large Conference Room (4E002)  
401 East State Street  
Trenton, NJ 08625

Work Group Objectives: Re-evaluate the current health-based ground water quality criteria for constituents in Class II ground water and recommend any updates needed to address current science and emerging priorities. The re-evaluation must consider, at a minimum, new or revised toxicity data, risk factors or other information that would influence the derivation of these criteria. (A separate workgroup will focus on re-evaluation of current PQLs for Class II constituents.)

### **Agenda**

- |  |         |
|--|---------|
| I. Welcome, Introductions and Background                                   | 1:00 PM |
| <i>Sandra Cohen, Rule Manager</i>  |         |
| <i>Bureau of Environmental Analysis, Restoration and Standards (BEARS)</i> |         |
| <i>Division of Water Monitoring and Standards</i>                          |         |
| II. Evaluating Ground Water Quality Criteria and Potential Updates         | 1:15 PM |
| <i>Anne Witt, Research Scientist 2</i>                                     |         |
| <i>BEARS</i>   |         |
| A. Process for Deriving and Updating Ground Water Quality Criteria         |         |
| B. Potential Updates Identified by NJDEP                                   |         |
| C. Additional Information from Stakeholders*                               |         |
| D. Discussion  |         |
| III. Wrap up and Next Steps  | 2:30 PM |
| <i>Sandra Cohen</i>  |         |

\* Please come prepared to share any information or knowledge you may have regarding specific constituents and their effects on human health.
