

# **Ocean/Wind Power Ecological Baseline Studies**

## **Interested Party Group Meeting**

**June 18, 2010**

The New Jersey Department of Environmental Protection's (NJDEP) Office of Science will be conducting the fourth and final informational meeting for the *Ocean/Wind Power Ecological Baseline Studies* for the waters off the coast of New Jersey. The meeting will be held on Friday June 18, 2010 from 9:00 AM to Noon in the Public Hearing Room, 401 E. State Street, Trenton. Presentations will provide an overview of the project as well as the results detailed in the Final Report (report is expected to be released in June). Speakers will include personnel from the NJDEP, as well as contractor personnel that conducted these baseline studies involving oceanographic measurements and surveys of birds, marine mammals and sea turtles.
