

Hello SBI stakeholders – Hope you have had a great summer. We have organized a special SBI meeting on Friday, October 31st from 8:30 am to 12:00 pm that focuses on hospitals and what they can do to become sustainable. At the meeting we will hear about the Healthier Hospital Initiative and Practice Greenhealth program. NJ hospital representatives will share their stories about how they reduce waste and save energy and we will learn about the new NJ Energy Resiliency Bank. The agenda is attached for your information.

This meeting will take place at the NJ Forensic Technology Center located in Hamilton, NJ. I think it will be easier to get to for most of you and it has plenty of parking.

Attached you will find directions to the Center.

Please let me know if you will be attending by emailing me your name and contact information. You are welcome to invite guests to this meeting if you think they will be interested in this agenda. Unfortunately, this meeting will not be offered as a webinar.

I look forward to seeing you on October 31st.

Best,
Athena
