

Dear Stakeholder,

As you may be aware, the one-year extension to the NJDEP Stormwater Management Rule, N.J.A.C. 7:8, is expiring on February 4, 2011. The Department has requested an additional extension of this rule expiration to allow time to work with stakeholders on potential revisions to the rule. To that end we are creating a Stormwater Management Rule Advisory Group. You are receiving this message due to your organization's involvement with the NJDEP Stormwater Management Rule. The Department would like to invite you or an organizational representative to attend a series of meetings designed to reexamine the rule and to develop potential revisions. **Participation in this process is by invitation only and is limited to one person per organization.**

The meeting will be on Wednesday, January 26th at 2pm - 4pm at the 401 E. State Street Building in the 4th floor Large Conference Room.

The Department appreciates your attendance and in order to make sure that we are prepared requests that you RSVP by Monday, January 24, 2011 at noon. Please respond to Elizabeth Dragon at Elizabeth.dragon@dep.state.nj.us with your availability. Thank you.

Barry Chalofsky, P.P.
Chief, Bureau of Nonpoint Pollution Control
NJ Dept. of Environmental Protection
