

You are cordially invited to a Water stakeholder meeting. This is intended to provide constructive feedback on how to further improve communication and coordination between the Compliance & Enforcement Program and the Water Resource Management Permitting Programs. We are interested in hearing about specific issues or experiences you have had and most importantly how these two programs can function more effectively.

WHEN: Tuesday, May 1, 2012 from 2 p.m. - 4 p.m.

WHERE: NJ Forensic Science Technology Center Auditorium
Horizon Center
1200 Negron Drive
Hamilton, New Jersey 08691

RSVP: Participation is by invitation; please call to coordinate attendance by a designee or substitute. Please RSVP to attend or to coordinate attendance by a designee or substitute.

Attention:

Helen.Owens@dep.state.nj.us or (609) 777-0122

Purpose:

- Understanding where you have encountered problems in your dealings with the Water Permitting and Enforcement program
- What improvement(s) do you recommend we consider to enhance communication and coordination by both the permitting and compliance and enforcement programs
