Subject: Final WQMP meeting- Planners and Counties-September 29th, 3-5pm, NJDEP
Importance: High

In February of this year, we presented you with a general overview of our vision for water quality management planning. Since that time, we have had numerous meetings and discussions which have assisted in developing the rule language and forming a new Office in Water Resource Management for Coordination (OWRMC) where water quality management planning and associated implementation will reside.

As a lead representative from your organization, you (or a designee) are invited to our final sector-specific stakeholder meeting on the proposed new WQMP rule, N.J.A.C. 7:15 expiring May 2015. Once the rule language is released, there will be opportunities for further involvement through public comment.

We would like to update you on the rule and new approach to water quality management planning regulation and process. Please join us:

WHEN: Monday, September 29, 2014 3:00-5:00pm

WHERE: NJDEP Building, Public Hearing Room
401 East State Street
Trenton, NJ 08625

RSVP: Please **RSVP** if you will be attending or sending a designee.
Attention: Roxann.Frederick@dep.nj.us 609-292-4543

AGENDA:

- Welcome & Introductions
- Legal Requirements for WQMP and Continuing Planning Process
- Current- Proposed Rule Crosswalk
- New Office of Water Resource Coordination (OWRMC): roles & responsibilities
- New WQMP Process
- Question & Answer

We will provide you with rule-related resources in preparation and parking options for the meeting by September 25th.
