

A public meeting to discuss the proposed changes in sewer service area designation has been scheduled for Tuesday, March 22, 2011 from 5:30 pm – 6:30 pm at the Linden Public Library, Columbia Bank Room, 31 East Henry Street Linden, N.J. 07036. The Department and municipalities will accept comments and information related to this map from the date of posting until April 22, 2011, 30 days after the public meeting.

Upon making final adjustments to the map after the close of the public comment period, an environmental build-out analysis will be developed for the delineated wastewater service areas to determine wastewater treatment facility capacity needs. Based on that analysis, further refinements to the wastewater service area designations may be necessary. Please note there will be an additional formal public comment process prior to plan adoption. The preliminary working draft map can be viewed at:
