P.O. Box 1199
Voorhees, New Jersey 08043

Dear Gentlemen:

Re: Monroe Township Wastewater Management Plan
     Tri-County Water Quality Management Plan Amendment

A plan amendment was submitted for approval by the
Department of Environmental Protection. This amendment allows
for the expansion of the Monroe Township, Gloucester County
sewer service area. The new sewer service area will include the
Pinelands Regional Growth areas of Monroe Township, the Timber
and Victory Lakes Developments and all of the non-Pinelands
portion of the Township. Sewer service to sites containing
wetlands shall remain prohibited under the existing Tri-County
Water Quality Management Plan restriction language. In
addition, a limit of 3.0 million gallons per day has been set
for the interbasin transfer of wastewater from the Atlantic
Basin to the Delaware Basin. Any proposed increase in this
value is subject to Pinelands approval based on a long term
monitoring program of surface and ground water instituted by the
Monroe Municipal Utilities Authority.

This amendment was given preliminary approval on July 19,
1989 and was noticed in the New Jersey Register on August 7,
1989. Since we have received no significant comments on this
amendment during the 30 day comment period, I am pleased to
inform you that pursuant to the N.J. Water Quality Planning Act
(N.J.S.A. 58:11A-1 et seq.), and the Water Quality Management
Planning and Implementation Process Regulations (N.J.A.C.

New Jersey is an Equal Opportunity Employer

7:15-3.4 et seq.), this amendment is now formally approved and adopted as of the date of this letter. Final notice of this adoption will be placed in the New Jersey Register.

                    Sincerely,
                    ORIGINAL SIGNED BY
                       ERIC J. EVENSON

                    Eric J. Evenson
                    Acting Director

c: Cathleen Stuart, Office of Senator Dalton
