To: IHC Member Carriers That Offer the Standard IHC Plans

From: Ellen F. DeRosa, Assistant Director

**Re: Annual Certification of Compliance  
Exhibit Q**

N.J.A.C. 11:20-3.2(d) requires carriers to file a Certification Form before marketing the standard policy forms **AND** any time carriers make any changes in the standard policy forms being offered. Since all carriers will be changing the standard plans effective January 1, 1996 due to the policy form changes that were adopted and published in the November 6, 1995 New Jersey Register, **all carriers are required to complete a Certification Form addressing utilization of the revised standard plans.**

The Certification Form, set forth as Exhibit Q in the Appendix to N.J.A.C. 11:20, contains the Certification Form, as adopted. In early 1996, the IHC Board will propose modifications to that Certification Form to make the information consistent with the standard plans in effect as of January 1, 1996. In order to avoid completing a Certification using the existing Certification Form, then completing a revised Certification once the new Certification Form has been adopted, the IHC Board will allow carriers to submit the required Certification using only the revised Certification Form as will be proposed. A copy of the revised Certification Form is enclosed. Please complete this form and return it to the above address **no later than March 1, 1996.**
