

Schedule A

Instructions for completing the Medical Malpractice Spreadsheet under Order A03-107

Please breakout the percent increase from column 8(d) to show specifically how much of the increase results from a rate increase, new claims, change in schedule credit/debit, change in new practitioner credit, claims made step, increased limits, etc. as referenced in the columns designated as 9 through 18.

Each physician in a group practice should be itemized separately on the spreadsheet if he/she has an increase of +30% or more.

A detailed explanation of the discount must be provided for every policy that has an entry in column (18), Other Discounts Lifted.
