Summary of Agency-Initiated Changes:

Upon adoption the Department has made technical changes to the organizational chart that appears at N.J.A.C. 3:3-1.2 to accurately reflect the name of a section of the Division of Insurance as Property/Casualty.

There are no Federal standards that apply to the subject matter of proposed adoption of the readopted rules. Therefore, no Federal standards analysis is required.

### Federal Standards Statement

A Federal standards analysis is not required for Subchapters 1 and 2 of the readopted rules because those subchapters are not subject to any Federal requirements or standards as they concern the organizational structure of the Department and delineate records of the Department that are nonpublic. Subchapter 3 of the readopted rules implements the Americans with Disabilities Act, 42 U.S.C. §§12101 et seq. and the regulations promulgated thereunder, 28 C.F.R. 35.107. These requirements are identical to, and, therefore, do not exceed, Federal standards. Subchapter 4 of the readopted rules does not contain requirements that exceed any Federal requirements or standards. Those rules represent policies of the State of New Jersey regarding matters of State law that are independent of Federal requirements or standards.

Full text of the readopted rules can be found in the New Jersey Administrative Code at N.J.A.C. 3:3.
