The agency proposal follows:

Summary

The Department of Banking and Insurance (Department) is proposing new rules to implement P.L. 2011, c. 25 (N.J.S.A. 17:47B-1 et seq.) (“the Act”), which took effect May 22, 2011. The Act governs and authorizes the Department to regulate captive insurers. Captive

insurance companies are insurance companies established with the specific objective of financing risk emanating from their parent group or groups. Prior to the enactment of the Act, captive insurance companies were not allowed in New Jersey, which caused major New Jersey employers to secure coverage from captive insurers established in other locations. The Act provides significant new opportunities for New Jersey businesses to better manage their own risks by insuring themselves through a New Jersey captive, instead of seeking insurance in the commercial market or self-insuring through a captive based in another state. The Act provides for the formation of new captives as well as the redomestication of existing captives. The Department's proposed new rules set forth the requirements necessary for the formation of a captive in New Jersey and redomestication requirements. Additionally, these rules establish requirements for how captive insurance companies shall operate in this State. The Department notes that some of the provisions below require the submission of forms which will be available on the Department's website.

N.J.A.C. 11:28-1.1 sets forth the purpose and scope of these rules.

N.J.A.C. 11:28-1.2 provides the definitions of terms used in this subchapter.

N.J.A.C. 11:28-1.3 establishes the general captive formation and admission (licensure) requirements. These include a captive application for admission form; costs of initial application and renewal reviews; letter of credit; statement of net worth; detailed business plan; biographical affidavits; designee to receive Department documents; designee for service of process; bylaws, articles of incorporation, pro forma projections; actuarial feasibility study; statement of benefit to New Jersey; and minimum capital and surplus guidelines. The Commissioner may also request additional or alternative documentation. In accordance with the Act, a captive shall not write any insurance business in this State unless it maintains its principal place of business in this State

with the appropriate number of in-State professional service providers to carry out the business of the captive.

N.J.A.C. 11:28-1.4 establishes the admission requirements for captives that are redomesticating to New Jersey. Captives that seek to do so must submit a captive application for admission form; detailed business plans; biographical affidavits; designee to receive Department documents; designee for receipt of service of process; current examination reports; year-end financial statement and any subsequently issued quarterly statements; last audited financial statement; the cost of application review; Statement of Good Standing and letter from domicile stating that there are no open issues. The Commissioner may also request alternative or additional documentation. Additionally a redomesticating captive shall not write any insurance business in this State unless, in accordance with the Act, it maintains its principal place of business in this State with the appropriate number of in-State professional service providers.

N.J.A.C. 11:28-1.5 establishes the costs of license review analysis and the costs for the renewal review.

N.J.A.C. 11:28-1.6 provides that no one shall act as a captive manager in this State unless they are registered with the Department as a captive manager. Persons acting as a captive manager in this State shall have an office in New Jersey and shall maintain the books and records of the captive in this State.

N.J.A.C. 11: 28-1.7 establishes the captive reporting requirements.

N.J.A.C. 11:28-1.8 provides the requirements for the annual audit. This provision provides that all captives shall be subject to an annual audit by an independent certified public accountant registered with the Commissioner and shall file the report on the annual audit on or before June 30 for the calendar year immediately preceding the year in which the report is filed.

Additionally, this provision sets forth what is to be included in the annual report; what is required for financial statements; and what is included in the Certification of Loss Reserves and Loss Expense Reserves. This provision also requires that no person shall certify loss reserves and loss expense reserves for captives unless they are a qualified actuary registered with the Department.

N.J.A.C. 11:28-1.9 provides for the designation of an independent certified public accountant. This provision provides that no person or firm shall act as an independent certified public accountant for a captive insurer unless they are registered with the Department.

N.J.A.C. 11:28-1.10 provides for notification by the independent certified public accountant of the captive of adverse financial condition.

N.J.A.C. 11:28-1.11 requires that the work papers of the independent certified public accountant be made available for review by the Commissioner.

N.J.A.C. 11:28-1.12 establishes when a captive is required to deposit additional security.

N.J.A.C. 11:28-1.13 provides the requirements for organizational examinations.

N.J.A.C. 11:28-1.14 establishes requirements for reinsurance. It permits a captive to take credit for reserves on risks ceded to a reinsurer.

N.J.A.C. 11:28-1.15 addresses requirements for insurance producers and intermediaries.

N.J.A.C. 11:28-1.16 addresses requirements pertaining to directors of captives. This section requires captives to report to the Commissioner within 30 days after any change in its executive officers or directors, and the submission of a biographical affidavit for any new executive officer or director. This section prevents a director, officer, or employee of a captive from accepting, or being the beneficiary of, any fee, consideration, gift, or other emolument

because of any investment, loan, deposit, purchase, sale, payment or exchange made by or for the captive.

N.J.A.C. 11:28-1.17 provides that each captive is required to have a conflict of interest statement signed by each of its officers, directors and key employees.

N.J.A.C. 11:28-1.18 establishes requirements for rescission of a captive license.

N.J.A.C. 11:28-1.19 provides merger, consolidation or mutualization requirements.

N.J.A.C. 11:28-1.20 specifies requirements regarding changes in the business of a captive.

N.J.A.C. 11:28-1.21 addresses reserves required by law for reinsuring life insurance policies or annuities.

N.J.A.C. 11:28-1.22 requires separate accounts for variable benefits.

N.J.A.C. 11:28-1.23 addresses investments. This section provides that association captives shall comply with the investment requirements pursuant to N.J.S.A. 17:24-1 et. seq., except to the extent that doing so is consistent with the approved accounting standards in use by the captive and as may be otherwise authorized by the Commissioner. Pure captives and industrial insured captives shall not be subject to any restrictions on allowable investments, including those limitations contained in N.J.S.A. 17:24-1 et. seq. (for property casualty captives) or N.J.S.A. 17:20-1 et seq. (for life health captives), subject to the Commissioner's authority to prohibit or limit investments that threaten such a captive's solvency or liquidity.

A 60-day comment period is provided for this notice of proposal, and, therefore, pursuant to N.J.A.C. 1:30-3.3(a)5, the proposal is not subject to the provision of N.J.A.C. 1:30-3.1 and 3.2 governing rulemaking calendars.

Social Impact

These proposed new rules will enhance the ability of New Jersey businesses to identify, manage and finance insurable risks. The rules will permit New Jersey employers to secure coverage from captive insurers established in this State, instead of in other locations, which should create jobs and expand the insurance market. Thus, the rules will have a beneficial social impact.

Economic Impact

Businesses that form captives pursuant to these rules may realize the advantages of paying lower premiums, tailoring coverage to their specific needs, direct access to reinsurers and greater control in risk management and claim activities. In addition, the Department believes that forming a captive in this State also provides the advantages of accessibility, comparable tax rate, and convenience. In general, by implementing the Act, the proposed new rules will assist in promoting investment in the New Jersey insurance market, including job producing capital investments in this State and will increase the demand for the services of New Jersey professionals such as attorneys, accountants and actuaries. As noted above, since these rules permit New Jersey employers to secure coverage from captive insurers established in this State instead of in other locations, the Department anticipates that this should expand the insurance market in this State.

The rules provide that the cost for a review/analysis of an application for licensure as a captive shall not exceed \$4,000 and the cost for a license renewal review shall be \$300.00. These costs are comparable to those imposed by other states. The economic benefits described above that will be generated through the operations of New Jersey captive insurers clearly

outweigh these reasonable costs related to ensuring that captive license applicants and operating captives respectively possess and maintain an adequate level of financial strength.

The Department notes that N.J.S.A. 17:47B-2 requires a captive to file with the Commissioner evidence of the amount and liquidity of its assets relative to risks to be assumed, as well as the overall soundness of its plan of operation. N.J.S.A. 17:47B-6 requires a captive to submit a report of its financial condition each year. The Department believes in order for a captive to adhere to these requirements, an audit is a necessary cost to be borne by the captive in order to satisfy the requirements of N.J.S.A. 17:47B-1 et seq.

Federal Standards Statement

A Federal standards analysis is not required because the proposed new rules are not subject to any Federal requirement or standards.

Jobs Impact

The Department believes that the proposed new rules will generate new jobs in the area of captive managers as well as job producing capital investments in this State. The Department cannot provide a specific number of jobs created by these new rules but invites interested parties to submit any data or studies concerning the job impact of these proposed new rules together with their written comments on other aspects of these rules.

Agriculture Industry Impact

The Department does not expect any impact on the agriculture industry as a result of these proposed new rules.

Regulatory Flexibility Analysis

The proposed new rules may apply to “small businesses” as that term is defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The “small businesses” to which these new rules apply would be captive insurers formed in this State or redomesticated to this State. Compliance requirements are discussed in the Summary above, and costs in the Economic Impact above. The Department does not anticipate any undue economic impact on captive insurers. The Department notes that pursuant to N.J.S.A. 17:47B-2b.(3), a captive shall not write any insurance business in this State unless it maintains its principal place of business in this State with the appropriate number of in-State professional service providers to carry out the business of the captive. Such service providers would include attorneys, accountants, managers and actuaries, and possibly brokers and third party administrators. Thus, the proposed new rules require the use of professional services. These rules specifically require captive insurers to utilize the services of a captive manager, actuary and certified public accountant (see N.J.S.A. 17:47B-2b(3)). Pursuant to N.J.S.A. 17:47B-1 et seq., captive insurers also have financial reporting obligations. Because these statutory requirements and the public policy considerations with respect to the financial health and stability of all insurers, including captives, do not vary based on business size, these proposed new rules provide no differentiation in compliance requirements based on business size.

Smart Growth Impact

The proposed new rules will not have an impact on the achievement of smart growth or the implementation of the State Development and Redevelopment Plan.

Housing Affordability Impact Analysis

The proposed new rules will not have an impact on housing affordability in this State because the proposed new rules relate to the formation of captive insurance companies.

Smart Growth Development Impact Analysis

The Department believes that there is an extreme unlikelihood that these proposed new rules would evoke change in housing production in Planning Areas 1 and 2 or within the designated centers under the State Development and Redevelopment Plan in New Jersey because the proposed new rules address the formation of captive insurance companies.

captive insurance company. Information contained in any submissions made as set forth in this subsection and in (a) above that is specified in N.J.S.A. 17:47B-2c.(3) shall remain confidential as set forth therein.

The outside review is of an advisory nature only and the Commissioner will make the determination regarding approval or disapproval of an application. The cost for the review/analysis of an initial application for licensure as a captive conducted by Department staff shall be based upon the number of hours devoted by Department staff to the review/analysis of the application and the salary levels of the staff members who perform or support those functions. Such salary levels will range from approximately \$35.00 per hour for administrative/clerical support staff to approximately \$100.00 per hour for senior professionals in the Captives Unit. In no event shall the cost for such a review exceed \$4,000. The cost for a license renewal review shall be \$300.00. Payments for these costs are non-refundable.

(b) All checks or money orders shall be made payable to: State of New Jersey – General Treasury.

11:28-1.6 Captive managers

(a) No person shall act as a captive manager in this State unless they are registered with the Department as a captive manager. The Department shall maintain a list of registered captive managers in this State and shall post on its website a list of all registered captive managers who indicated on their application that their contact information may be published. Individuals seeking registration as a captive manager shall submit an application for captive manager and a Biographical Affidavit (forms can be found on the Department's website at http://www.state.nj.us/dobi/division_insurance/captive/serviceproviders.html) to the Department for approval. The application requests the name and address of the captive manager/firm, the date of formation and incorporation, and the names of any captives currently under management.

(b) Any person acting as a captive manager in this State shall have an office in New Jersey and shall maintain in this State the books and records of all licensed New Jersey captives being managed by that manager.

The captive shall submit to the Department for approval any requests for modification or supplement to the annual statement form.

2. If the captive desires to use generally accepted accounting principles including any and all modifications thereto, based upon the nature of the business insured and the captive parent's domestic regulator prior to filing a report, it shall request approval to do so from the Commissioner. With the Commissioner's approval, it shall submit an annual report which shall include the appropriate or necessary modifications or adaptations thereto.

(c) The Commissioner in his or her discretion may request quarterly reports or financial data from a captive as necessary to confirm that a captive continues to fulfill the financial requirements necessary to qualify for admission as a captive in this State pursuant to N.J.S.A.17:47B-1 et seq. and 17:23-1 et seq.

3. An accountant's letter as set forth in (d) below.

(d) The accountant shall furnish the captive, for inclusion in the filing of the audited annual report, a letter describing the general background and experience of the staff engaged in the audit, including their experience in auditing captives or other insurance companies, and stating that:

i. A Fellow of the Casualty Actuarial Society, a member in good standing of the American Academy of Actuaries, or an individual who has complied with (f)4 below and has demonstrated to the Commissioner his or her competence in loss reserve evaluation for property and casualty insurance; or

ii. A Fellow of the Society of Actuaries, a member in good standing of the America Academy of Actuaries, or an individual who has complied with (f)4 below and has demonstrated to the Commissioner his or her competence in loss reserve evaluation for either life or health insurance.

3. The certification shall be in such form as the Commissioner deems appropriate.

4. No individual shall certify loss reserves and loss expense reserves for captives unless the individual is registered with the Department. The Department shall maintain

a list of registered actuaries who may certify loss reserves and loss exposure reserves for captives and shall post this list on its website. An individual seeking such registration who is not on the Department's list shall submit an application for Authorization to Certify Loss Reserves and Loss Expense Reserves for Captives and a Biographical Affidavit (form can be found on the Department's website at http://www.state.nj.us/dobi/division_insurance/captive/serviceproviders.html) to the Department for approval.

11:28-1.9 Designation of independent certified public accountant

(a) After becoming subject to the provisions of this subchapter, captives shall, within 90 days, report to the Commissioner in writing, the name and address of the independent certified public accountant retained to conduct the annual audit set forth in this subchapter.

(b) No person or firm shall act as an independent certified public accountant for a captive insurer unless they are registered with the Department. The Department shall maintain a list of registered independent certified public accountants and shall post this list on its website. A person or firm seeking such registration who is not on the Department's list shall submit an application for Authorization as an Independent Certified Public Accountant for Captive Insurance Business and a Biographical Affidavit to the Department for approval. (Forms are available on the Department's website at http://www.state.nj.us/dobi/division_insurance/captive/serviceproviders.html.)

11:28-1.10 Notification of adverse financial condition

A licensed captive shall require the independent certified public accountant to immediately notify in writing an officer and all members of the board of directors of the captive of any determination by the independent certified public accountant that the captive has materially misstated its financial condition in its report to the Commissioner. The captive shall furnish such notification to the Commissioner within five working days of receipt thereof.

11:28-1.11 Availability and maintenance of work papers of the independent certified public accountant

(a) Each captive shall require the independent certified public accountant to make available for review by the Commissioner or his or her appointed agent the work papers prepared in the conduct of the audit of the captive. The captive shall require that the accountant retain the audit work papers for a period of not less than seven years after the period reported upon.

(b) The reviews by the Commissioner referenced in (a) above shall be considered investigations and all work papers obtained during the course of such investigations shall be confidential.
