

The Delaware River Sojourn has become an annual celebration of the Delaware River. This year's adventure is a seven-day paddling journey that is sure to be full of happy memories, good exercise, new friends, and a renewed appreciation for a wonderful resource. Enjoy an unforgettable trip down one of the most historic and scenic rivers in the United States!

For more than ten years, the Sojourn Steering Committee, a partnership of individuals who love the river, organizations and government agencies, has been staging the Sojourn for the purpose of heightening awareness of and appreciation for the historical, recreational, and environmental significance of the Delaware

River through public events, educational programs and by paddling its inviting waters.

The theme for the 2005 Delaware River Sojourn is the Delaware River Water Trail, a theme that fits perfectly with the spirit of the Sojourn because both are all about enjoying safe, rewarding and environmentally responsible outings on the river. Sojourners will have the opportunity to review and discuss some of the Delaware River Water Trail Project products such as the updated DRBC River Recreation Maps, Delaware River Water Trail Guide, and Water Trail Plan which takes a comprehensive look at key recreational issues and opportunities on the non-tidal Delaware River.

Whether you are a very experienced boater or new to paddling, you are invited to experience the river with us June 19th to 25th. Paddle with us for one day, a few days or all seven days. The Delaware River Sojourn offers you an experience you will want to share with your friends and family. Please, come join us for this amazing adventure! Visit us on the Internet at www.delawareriversojourn.org for more information and to see the photographs of Sojourns past!

Sojourn Steering Committee Member Organizations
