

## **DRTRS Patch Installation Instructions**

We discovered some program problems with the DRTRS so we posted a repair (**DRTRS Patch**) for the DRTRS program. In order to be able to check for updates, scan student data in the change existing student screen, or print the correct information on reports, you'll need to install the **DRTRS Patch**.

*As mentioned above, one of the program problems is some student reports are printing erroneous student data. If you already transmitted your DRTRS, you only need to install the patch repair to print corrected reports for your records. There's no need to retransmit your DRTRS.*

### **Instructions for installing the Patch:**

- 1. Access the NJ DOE Data Collection Information center by clicking on the WBDOEnet folder icon on your desktop and clicking on the EDCPC Downloads icon.**
- 2. Scroll down to the 2009-2010 District Report of Transported Resident Students (DRTRS) and click on the DRTRS Patch Program.**
- 3. A dialog box will appear and select "Save." Using the "Save In" drop down menu, select Local Disk C then select the wbdoenet folder then select the pt0 folder.**
- 4. Save the patch file (DPT0.exe) to the pt0 folder. You will get a dialog box asking if you want to replace the existing file. Answer Yes to replace the existing DPT0.exe file.**
- 5. Restart the DRTRS program by clicking on the WBDOEnet folder icon on your desktop and then clicking the pt0 icon.**
- 6. Select "Check for Updates" in the File Maintenance Section. Follow the instructions to check for updates.**
- 7. Recreate Index Files after check for updates is complete.**
