

MATHEMATICS CERTIFICATE OF ELIGIBILITY (ENDORSEMENT CODE: 1900)

Please print this page before you apply.

This endorsement entitles the holder to teach **Mathematics** in all public schools in grades K-12.

In order to be eligible for the Certificate of Eligibility (CE), you will need to meet the following:

Degree Requirement

- A minimum of a bachelor's degree is required from a [regionally accredited college/university](http://www.nj.gov/education/educators/license/usaccred.htm). (<http://www.nj.gov/education/educators/license/usaccred.htm>)

Cumulative GPA Requirement

- New Jersey requires that candidates for certification achieve a cumulative GPA of at least 2.75 when a GPA of 4.00 equals an A grade for students graduating on or after September 1, 2004 (2.50 for those graduating before September 1, 2004) in a baccalaureate degree program, higher degree program or a State-approved post-baccalaureate certification program with a minimum of 13 semester-hour credits. Please note that a high praxis test score may offset a GPA that is lower than 2.75 but higher than 2.50. Click on the following link for more details: <http://www.nj.gov/education/educators/license/gpa.htm>

Subject Matter Preparation

- For certification as a **Mathematics** teacher, current regulations require that applicants complete a minimum of 30 credits in a coherent sequence in the subject field of **Mathematics**. A coherent sequence requires that at least 12 credits are completed at the advanced level of study (junior, senior or graduate level). Examples of courses accepted for **Mathematics** include **algebra, geometry, calculus, statistics, FORTRAN and data structures. Mechanical engineering and electrical engineering majors are automatically acceptable because of the mathematics built into the engineering courses.** Related courses may be accepted depending on the course description/content. Please provide a course description if a course is not taken from the **Mathematics** Department. Courses in pedagogy/education are not accepted towards the subject matter preparation. The final determination as to which courses will be counted towards the **Mathematics** subject matter is based on professional and content standards found in the NJ Licensing Code. **All credits must appear on a regionally accredited 4-year college/university transcript. If courses are taken at a community college, those credits must be transferred to a regionally accredited 4-year college transcript.**

Praxis II Test Requirement

- **Test Requirement: #10061; Mathematics: Content Knowledge.** Official scores must be presented directly from Educational Testing Service to the NJ Department of Education. Only official scores are accepted. **The New Jersey Department of Education code (R7666) and your Social Security number must appear on your test score report in order to be accepted.** Please go to <http://www.nj.gov/education/educators/license/1112.pdf> for testing details.

Physiology and Hygiene Requirement

- This requirement may be completed by presenting evidence of basic military training, OR by completing a course such as biology, health or nutrition that appears on a regionally accredited 4-year college or university transcript, OR by completing a 35 question True/False test administered in the county office of education. Please go to <http://www.nj.gov/education/educators/license/county.htm> in order to contact a county office of education **after** you apply online.

Fee Information

- The current cost of the certificate is \$190. Fees are payable online or by a money order, certified check, or personal check made out to the "COMMISSIONER OF EDUCATION". If you apply and are denied, you will be charged a fee of \$70. ***Please be advised that all fees, including money left on file, are nonrefundable.***
