Honorable President and
Members of the Board of Education
Little Egg Harbor Township School District
Ocean County, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Little Egg Harbor Township School District for the fiscal year ended June 30, 2008, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Little Egg Harbor Township Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material aspects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments and Non-Profit Organizations," and the state Treasury Circular Letter 98-07 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, is included in the single audit section of this report.

REPORTING ENTITY AND ITS SERVICES: Little Egg Harbor Township School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report.

The District provides a full range of educational services appropriate to grade levels Pre-K through 6. These include regular, as well as special education for handicapped youngsters.

REPORTING ENTITY AND ITS SERVICES: (continued)

The District's average daily enrollment for the 2007/08 fiscal year was 1671.1, which is 22 students less than the previous year's enrollment. The following details the changes in the student enrollment of the District over the last ten years.

<u>Average Daily Enrollment</u>

2007	1693.1	1578.5	.005	93.2
2008	1671.1	1573.1	(1.013)	94.1

ECONOMIC CONDITION AND OUTLOOK: The Township of Little Egg Harbor encompasses 49.5 square miles and is continuing to experience steady growth. If current enrollments from September 30, 1997 are an indication, it appears that the Township is continuing its steady growth. Recent demographic studies indicate the district will have an enrollment of more than 2,000 students by 2010.

Two schools serve the district. The George J. Mitchell School, located on County Road 539, houses children in grades Pre-K through 2. The Intermediate School, located on Frog Pond Road, houses children in grades 3 through 6.

Due to student enrollment beyond capacity, and badly needed renovations and system upgrades, the district held a school bond referendum in December 2006. The voters supported the renovation/alteration proposal, however, the proposal for a third school was defeated. The district again held a referendum in April, 2008 for a classroom addition on the George J. Mitchell School. This attempt was successful.

MAJOR INITIATIVES:

Since the passing of both project questions, the renovation/alteration project is successfully underway. Both projects have come in under budget and on schedule. The classroom addition and the renovation project at the Intermediate School will continue into the 2008-09 school year.

INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that, (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2008.

ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Boards (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.

CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the act.

RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automotive liability and comprehensive/collision, equipment maintenance, hazard and theft insurance on property and contents, and fidelity bonds.

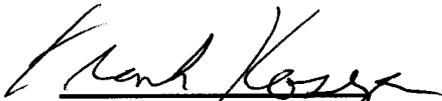

OTHER INFORMATION:

Independent Audit – State statutes require an annual audit by an independent certified public accountant or a registered municipal accountant. The accounting firm of Ford, Scott, Seidenburg & Kennedy, L.L.C. was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Single Audit Act of 1984 and the related OMB Circular A-133 and State Treasury Circular Letter 98-07 OMB. The auditor’s report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor’s reports related specifically to the single audit are included in the single audit section of this report.

ACKNOWLEDGEMENTS:

We would like to express our appreciation to the members of the Little Egg Harbor Township School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Frank B. Kasyan, ED.d.

Little Egg Harbor Township School District Organizational Chart

A school building requires all of its components, from the bricks and mortar of a firm foundation, to solid beams for support, and a secure roof to protect all within; all to provide a safe and functional learning place. The staff of our school district is much like the buildings that house them. Every member plays an important role in the education of our children. Some are designated as the leaders, but it requires all the staff, working cohesively, to provide students with a safe and functional learning space. Together we create and maintain a collaborative learning environment which fosters individual abilities and encourages all children to achieve their highest potential in order to prepare productive and responsible citizens.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Little Egg Harbor Township School District
County of Ocean, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Little Egg Harbor Township School District, in the County of Ocean, State of New Jersey, as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Little Egg Harbor Township School District, in the County of Ocean, State of New Jersey, as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2008 on our consideration of the Board of Education of the Little Egg Harbor Township School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management Discussion and Analysis and Budgetary Comparison Information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board of Education of the Little Egg Harbor Township School District's basic financial statements. The accompanying introductory section, and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules listed in the table of contents have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion them

The accompanying schedules of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

REQUIRED SUPPLEMENTARY INFORMATION – PART I

**LITTLE EGG HARBOR TOWNSHIP SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008
UNAUDITED**

The discussion and analysis of Little Egg Harbor Township School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2008. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued in June 1999.

Financial Highlights

Key financial highlights for 2008 are as follows:

- In total, net assets increased by \$151,846.29, which represents a 0.92 percent increase from 2007.
- General revenues accounted for \$21,653,717.26 in revenue or 86 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$ 3,453,404.76 or 14 percent of total revenues of \$25,107,122.02.
- Total assets of governmental activities decreased by \$64,984.73 as cash and cash equivalents (including restricted cash) decreased by \$3,765,045.88, receivables increased by \$21,201.05 and capital assets (net) increased by \$3,573,698.72.
- The School District had \$24,955,275.73 in expenses; only \$3,453,404.76 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$21,653,717.26 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$20,751,984.26 in revenues and \$21,097,458.37 in expenditures. The General Fund's fund balance decreased \$105,828.54 over 2007.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Little Egg Harbor Township School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School district's most significant funds with all other non-major funds presented in total in one column. In the case of Little Egg Harbor Township District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and ask the question, "How did we do financially during 2008?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the school district as a whole, the financial position of the School district have improved or diminished. The cause of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- **Governmental Activities** - All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- **Business-Type Activity** - This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service and the Community School enterprise funds are reported as business activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transaction. The School District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of the School District as a whole. Net assets may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net assets for 2008 and 2007.

Business-Type Activities

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- Food service expenses exceed revenue by \$48,827.04 and community school program expenses have an excess of \$46,945.95.
- Charges for services represent \$255,343.18 of revenue. This represents amounts paid by patrons for daily food service. Charges for community school program represent \$313,513.41 of revenue. This represents amounts paid by patrons for community school.
- Federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was \$ 279,006.74.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Governmental Activities (Continued)

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of the School District.

"Other" includes special schools and unallocated depreciation.

The School District's Funds

All governmental funds (i.e., general fund, special revenue fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$24,256,665.79 and expenditures were \$27,933,055.30. The net positive change in fund balance for the year was most significant in the Debt Service Fund, an increase of \$274,100.53.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2008, and the amount and percentage of increases and decreases in relation to prior year revenues.

<u>Revenue</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) from 2007</u>	<u>Percent of Increase (Decrease)</u>

Capital Outlay	4,015,557.40	14.38%	2,799,787.56	230.29%
Special Revenues	2,282,170.43	8.17%	(1,284.18)	-0.06%
Debt Service:				
Principal	525,000.00	1.88%	15,000.00	2.94%
Interest	183,765.00	0.66%	(28,440.00)	-13.40%
Total	<u>\$ 27,933,055.30</u>	100.00%	<u>\$ 3,796,741.36</u>	15.73%

Changes in expenditures were the results of varying factors. Current expense increased predominately, due to increased utility costs health benefit costs. Capital outlay increased due to construction projects that are currently taking place.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2008

Total Net Change in Fund Balance - Governmental Funds (from B-2) \$ (3,676,389.51)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.

	Depreciation Expense	\$ (476,240.39)	
	Capital Outlay	<u>4,053,983.74</u>	3,577,743.35

Proceeds from debt issues are a financing source in the governmental funds. They are not a revenue in the statement of activities; issuing debt increases long - term liabilities in the statement of net assets.

	Capital Leases		(205,942.00)
--	----------------	--	--------------

Bond issuance costs are reported in the governmental funds as expenditures in the year the bonds are issued. However, on the statement of activities, the costs are amortized over the life of the bonds.

(4,044.63)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

	Serial Bonds	525,000.00	
	Capital Lease Payments	<u>104,588.94</u>	629,588.94

In the statement of activities, certain operating expenses, e.g., compensated absences (vacation and sick pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation.

41,006.23

In the statement of activities, interest on long-term debt is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is a deduction in the reconciliation.

**LITTLE EGG HARBOR TOWNSHIP SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of Little Egg Harbor Township School District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

The District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The purpose of the district is to educate students in grades Pre-K-6. The District operates an elementary and intermediate school located in Little Egg Harbor Township.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name);
- the District holds the corporate powers of the organization;
- the District appoints a voting majority of the organization's board;
- the District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the District;
- there is a fiscal dependency by the organization on the District;

Based on the aforementioned criteria, the District has no component units.

B. Basis of Presentation, Measurement Focus and Basis of , Basis of Accounting

Basis of Presentation

The School District's basic financial statements consist of District-wide statements (i.e. statement of net assets and a statement of activities) and fund financial statements, which provide a more detailed level of financial information.

District-Wide Financial Statements: The statement of net assets and the statement of activities display information about the district as a whole. These statements report the financial activities of the overall District, except for fiduciary activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by property taxes, intergovernmental revenues, and other non-exchange transactions from business-type activities, generally financed in whole or in part with fees charged to external parties.

B. Basis of Presentation, Measurement Focus and Basis of , Basis of Accounting - Continued

Basis of Presentation - Continued

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges and fees paid by the recipients of goods or services offered by the programs; and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing, or draws from the general revenues of the School District.

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental, proprietary, and fiduciary* - are presented. The New Jersey Department of Education ("Department") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The Department believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

Governmental Funds

The District reports the following governmental funds:

General Fund - The General Fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment, which are classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes budgeted capital outlay in this fund. Generally accepted accounting principles, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

B. Basis of Presentation, Measurement Focus and Basis of , Basis of Accounting - Continued

Basis of Presentation - Continued

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Funds

The District reports the following proprietary fund:

Enterprise Funds - Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business operations – where the intent of the District is that the costs of providing goods or services be financed or recovered primarily through user charges.

The District's Enterprise Funds are comprised of the Food Service Fund, which accounts for all revenues and expenses pertaining to the District's cafeteria operations and the Community School Fund, which accounts for all revenues and expenses pertaining to the District's community school program operations.

Fiduciary Funds

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Expendable Trust Fund - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. Expendable Trust Funds include the Unemployment Compensation Insurance Trust and George J. Mitchell Scholarship Fund.

Nonexpendable Trust Fund - A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

Agency Funds - Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include payroll and student activities funds.

Measurement Focus and Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Net assets (total assets less total liabilities) are used as a practical measure of economic resources and the operating statement includes all transactions and events that increased or decreased net assets. Depreciation is charged as expense against current operations and accumulated depreciation is reported on the statement of net assets.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Revenue from federal, state and other grants designated for payment of specific school district expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as deferred revenues until earned. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The District applies only those applicable pronouncements of the Financial Accounting Standards Board issued on or before November 30, 1989 in accounting and reporting for its proprietary operations.

C. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for special revenue funds. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g). All budget amendments/transfer must be approved by School Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year.

Appropriations, except remaining project appropriations, encumbrances and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

D. Encumbrance Accounting

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

E. Assets, Liabilities and Equity

Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, bank deposits and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

Interfund Transactions

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the Enterprise Fund. Repayments from funds responsible for particular expenditure/expenses to the funds that initially paid for them are not presented on the financial statements.

Inventories

Inventories, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Inventories in the Enterprise Fund are recorded at cost, computed on a first-in, first out method. In the fund based financial statements, commodities received from the U.S. Department of Agriculture are recorded as deferred revenue until consumed.

Capital Assets

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method over their estimated useful lives. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

Compensated Absences

The District accounts for compensated absences (e.g., unused sick, vacation leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

E. Assets, Liabilities and Equity - Continued

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received in the Special Revenue Fund before they have been earned are recorded as deferred revenue.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use, either through the enabling legislation adopted by the School District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Balance Reserves

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

Revenues – Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlement, and donations is recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes as an advance, interest and tuition.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the direct expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – CONTINGENT LIABILITIES

Federal and State Grants

The District participates in a number of federal and state grant programs. The grant programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance would result in the disallowance of program expenditures.

NOTE 3 – CASH AND CASH EQUIVALENTS AND INVESTMENTS

GASB Statement No. 3 amended by Statement No. 40 requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents and investments.

The cash deposits not covered by depository insurance held at financial institutions are categorized as follows:

- a. Deposits are uncollateralized.
- b. Deposits are collateralized with securities held by the pledging financial institution.
- c. Deposits collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor-government's name.

At June 30, 2008, the carrying amount of the District's deposits (cash and cash equivalents) was \$16,575,719.59 and the bank balance was \$17,119,398.38.

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The State of New Jersey has certain collateral requirements for governmental units. These requirements are disclosed in detail as part of Note 1E.

As of June 30, 2008, the District's bank balance was exposed to custodial credit risk as follows:

	Cash and Cash Equivalents
Insured	\$ 100,000.00
Uninsured and collateral held by pledging bank's trust department not in the District's name	17,019,398.38
	\$ 17,119,398.38

Investments

The District did not have any investments at June 30, 2008.

NOTE 4 – RECEIVABLES

NOTE 9 – PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost sharing multiple employer plan. Membership is mandatory for substantially all full time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

NOTE 9 – PENSION PLANS - Continued

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) that changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by 1/2 of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

6/30/2007	1,001,255.00	100%	-		
6/30/2006	380,648.00	100%	-		

During the fiscal year ended June 30, 2008, the State of New Jersey contributed \$1,087,197.00 to the TPAF for normal and post retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District \$711,226.53 during the year ended June 30, 2008 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the District-wide financial statements and the fund-based statements as revenues and expenditures in accordance with GASB Statement No. 24.

NOTE 10 – POST-RETIREMENT BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2007, there were 71,719 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 to maintain a medical reserve by one half of one percent of the active State payroll.

The State made post – retirement (PRM) contributions of \$592.7 million for TPAF and \$224.3 million for PERS in fiscal year 2007.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$110.3 toward Chapter 126 benefits for 11,747 eligible retired members in fiscal year 2006.

The liability for vested compensated absences for the governmental fund types is recorded in current and long-term liabilities. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore is not shown separately from the long-term liability of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

NOTE 12 – DEFERRED COMPENSATION

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

VALIC	Merrill Lynch
Quads Trust	Siracusa Benefits
Lincoln Investment Planning, Inc.	Union Central
Equitable Life	

NOTE 13 – CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Little Egg Harbor Township Board of Education by the inclusion of \$120,000 in the original 1999-2000 annual capital outlay budget, which was certified for taxes, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A.19:60-2. Pursuant to N.J.A.C.6:23A-5.1(d) 7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its LRFP.

Beginning Balance, July 1, 2007	\$	92,558.16
Interest Earnings		2,775.27
Ending Balance, June 30, 2008	\$	95,333.43

NOTE 14 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and prior year:

Fiscal Year	Interest on Investments	Employee Contributions	Amount Reimbursed	Ending Balance
2007-2008	\$ 4,285.58	\$ 23,470.68	\$ 7,390.71	\$ 155,236.81
2006-2007	6,839.75	15,822.77	29,277.65	134,871.26
2005-2006	5,634.31	18,038.56	30,965.17	141,486.39

NOTE 15 – FUND BALANCE APPROPRIATED

General Fund (Exhibit B-1) - Of the \$2,862,946.77 General Fund fund balance at June 30, 2008, \$531,295.91 is reserved for encumbrances; \$100,000 is reserved for Maintenance; \$923,082.00 has been legally reserved and designated for subsequent year's expenditures; \$793,727.35 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7; \$95,333.43 has been reserved in the Capital Reserve Account; \$187,293.00 has been reserved in the Emergency Reserve; \$237,293.00 has been appropriated and included as anticipated revenue for the year ending June 30, 2009; and there is a deficient of \$5,077.92 in unreserved and undesignated.

Debt Service Fund – The Debt Service Fund fund balance at June 30, 2008 is \$327,590.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2008
(CONTINUED)**

NOTE 16 – CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount of budgeted fund balance in their subsequent years' budget. The excess fund balance generated for the year ended June 30, 2008 is \$793,727.35.

NOTE 17 – DEFICIT FUND BALANCES

The District has a deficit fund balance of \$69,359.60 in the Special Revenue Fund as of June 30, 2008 as reported in the fund statements (modified accrual basis). P.L. 2003, c. 97 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last payment as revenue, for budget purposes only, in the current school budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e. if one government recognizes an asset; the other government recognizes a liability. Since the State is recording the last state aid payment in the subsequent fiscal year, the school district cannot recognize the last state aid payment on the GAAP financial statements until the year the state records the payable. Due to the timing difference of recording the last state aid payment, the Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties. The District deficit in the Special revenue fund in the GAAP fund statements of \$69,359.60 is equal to the last state aid payment for that fund.

NOTE 18 – DEFERRED BOND ISSUANCE COSTS

In governmental funds, debt issuance costs are recognized in the current period. For the District-wide financial statements, governmental activity debt issuance costs are amortized straight-line over the life of the specific bonds (27 years). The cost associated with the 2008 bonds amounted to \$109,205.00. Amortization expense reflected in the District Wide Financial Statements for the year ended June 30, 2007 was \$4,044.63. The balance of deferred bond issuance costs at June 30, 2008 was \$101,115.75.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and
Members of Board of Education
Little Egg Harbor Township School District
County of Ocean
New Jersey

We have audited the financial statements of the Little Egg Harbor Township School District Board of Education in the County of Ocean, State of New Jersey, as of and for the fiscal year ended June 30, 2008, and have issued our report thereon dated October 31, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Little Egg Harbor Township School District Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Little Egg Harbor Township School District Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Little Egg Harbor Township School District Board of Education's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider be material weaknesses, as defined above.

Compliance and Other Matters

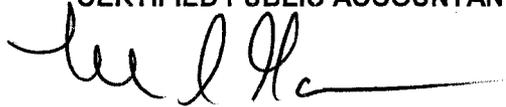

As part of obtaining reasonable assurance about whether Little Egg Harbor Township School District Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

This report is intended solely for the information of the management of the Little Egg Harbor Township School District Board of Education, the New Jersey State Department of Education (the cognizant audit agency), other state and federal awarding agencies and pass-through entities, and is not intended and should not be used by anyone other than these parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

The Honorable President and
Members of Board of Education
Little Egg Harbor Township School District
County of Ocean
Manahawkin, New Jersey

Compliance

We have audited the compliance of the Board of Education of the Little Egg Harbor Township School District in the County of Ocean, State of New Jersey, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey State Grant Compliance Supplement that are applicable to each of its major federal and state programs for the year ended June 30, 2008. Little Egg Harbor Township School District Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of Little Egg Harbor Township School District Board of Education's management. Our responsibility is to express an opinion on Little Egg Harbor Township School District Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United State of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, OMB Circular A-133 Audits of States, Local Governments, and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Little Egg Harbor Township School District Board of Education's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Little Egg Harbor Township School District Board of Education's compliance with those requirements.

In our opinion Little Egg Harbor Township School District Board of Education, in the County of Ocean, State of New Jersey, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Little Egg Harbor Township School District Board of Education is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Little Egg Harbor Township School District Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Little Egg Harbor Township School District Board of Education's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal or state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal or state program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the information of the management of the Little Egg Harbor Township School District Board of Education, the New Jersey State Department of Education (cognizant audit agency), other state and federal awarding agencies and pass-through entities, and is not intended and should not be used by anyone other than these parties.

The accompanying Notes to schedules of Expenditures of Awards of Financial Assistance are an Integral Part of This schedule

**LITTLE EGG HARBOR TOWNSHIP SCHOOL DISTRICT
 NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS
 AND FINANCIAL ASSISTANCE
 JUNE 30, 2008**

NOTE 1. GENERAL

The accompanying schedules of expenditures federal awards and state financial assistance include federal and state award activity of the Board of Education, Little Egg Harbor Township School District. The Board of Education is defined in Note 1 (A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1 (C) and 1 (D) to the Board's basic financial statements. The information included in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A. 18A:22-4.2*.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$46,623.00 for the general fund and \$31,689.43 for the special revenue fund. See the Notes to the Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>TPAF Pension</u>	<u>Total</u>
General Fund	\$ 1,336.68	\$ 11,005,080.31	\$ (1,087,197.00)	\$ 9,919,219.99
Special Revenue Fund	804,395.27	1,466,503.96		2,270,899.23
Debt Service Fund		323,371.00		323,371.00
Food Service Fund	264,130.54	14,876.20		279,006.74
	<u>\$ 1,069,862.49</u>	<u>\$ 12,809,831.47</u>	<u>\$ (1,087,197.00)</u>	<u>\$ 12,792,496.96</u>

The On-Behalf Pension Contributions made for the district by the State of New Jersey are recognized as revenue in the basic financial statements, but are not considered in the major program determination.
