Honorable President and Members of the Board of Education
Harmony Township School District
County of Warren, New Jersey

Dear Board Members:

The Comprehensive Annual Financial Report of the Harmony Township School District for the fiscal year ended June 30, 2010 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditors' report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual audit in conformity with the provisions of the Single Audit Act of 2007 and the U.S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments", and the state Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, is included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: Harmony Township School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The Harmony Township Board of Education and its Elementary School constitute the District's reporting entity.

Services for grade levels 9 through 12 are provided by Belvidere High School on a sending/receiving relationship basis for resident students. The District provides a full range of educational services appropriate to grade levels K through 8. These include regular, as well as special education for handicapped youngsters. The District completed the 2008-2010 fiscal year with a resident enrollment of 329 students, which is four fewer students than the previous year's enrollment. The following details the changes in the student enrollment of the District over the last ten years.

Average Daily Enrollment		
Fiscal Year	Student Enrollment	Percent Change
2009-10	298	- 5.9%
2008-09	316	1.5%
2007-08	312	1.0%
2006-07	309	- 1.28%
2005-06	313	---
2004-05	313	+ 0.97%
2003-04	310	- 2.5%
2002-03	318	No change
2001-02	317	+13.21%
2000-01	280	- 1.76%
1999-00	285	No change

2) ECONOMIC CONDITIONS AND OUTLOOK: Harmony Township is essentially a rural community with a small population base. Several years ago a number of projects and housing developments were "on the books" totaling almost 1500 homes. Most options on farmlands have lapsed, or the projects failed to obtain the necessary financial support to be initiated due to general economic conditions. While there is considerable building in surrounding communities, most development in Harmony Township consists of individual single-family homes. As the surrounding communities become saturated, the potential for development becomes very real. There are currently two development proposals before the Planning Board (approximately 370 houses). However, passage of the Highlands Act has limited future development to approximately one half of the township.

There is very little expectation for commercial or industrial development. The largest employer is a local golf course and club whose work force is largely made up of seasonal employees. The largest taxpayer is a reservoir operated by a power company consortium. It occupies almost 2000 township acres and accounts for approximately 47% of the tax base and hence the same amount of tax revenues.

There are four or five commercial/industrial facilities in the township such as quarries, small service providers / businesses, and a waste products recycling firm. The school district ranks as the second or third largest employer and expends the largest share of tax revenues.

The consistent enrollment appears to be related to an aging resident population coupled with the lack of available housing for new residents. Families whose children attended the township school and graduated from high school have remained in the community. Construction in surrounding communities has deflected growth to those areas. Previous renovations and construction projects will allow the district to absorb unanticipated enrollment growth "spurts" and provide time to accommodate any long-term growth patterns.

3) MAJOR INITIATIVES: In 2010 the Harmony Township School started various capital projects, which include a cafeteria freezer, water service upgrades, phone system, roof replacement, and flooring project

The district continues to score above state and national norms and above expected local ranges on standardized testing programs. Comments received from students and high school staff indicate that the district is adequately preparing students for their high school experience.

Resident high school students of Harmony Township attend Belvidere High School. The district has continued its association with the cluster sending districts (Belvidere, Hope and White Townships) to improve the curriculum and programs and to maintain a positive working relationship between the respective Boards of Education.

A practical five-year program of building maintenance and improvement has been accepted and implemented by the Board of Education to insure the stability of the facility and to protect the community investment in the school property.

The Harmony Township School District receives only limited state aid. Overall, and in spite of this limited government support, the district has been able to offer students a broad program of studies. Approximately 82% of the costs of education are borne by the Township taxpayers. While the local tax rate is the lowest in the county, it presents an obstacle to positive school-community relationships. Reallocation of funds at the state level, while highly unlikely, would help the district immeasurably, and relieve the property owners' tax burden.

4) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefit likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as reappropriation of the fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2010.

6) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect Generally Accepted Accounting Principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) FINANCIAL INFORMATION AT FISCAL YEAR-END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund, special revenue fund, and debt service fund revenues for the fiscal year ended June 30, 2010 and the amount of increases or decreases in relation to prior year revenues.

<u>Revenues</u>	<u>Amount</u>	<u>% of Total</u>	<u>Increase (Decrease) from 2009</u>	<u>% of Increase (Decrease)</u>
Local Sources	\$5,925,511	81.41%	\$ 130,537	2.25%
State Sources	\$1,091,168	14.99%	\$ 226,842	26.24%
Federal Sources	<u>\$ 262,528</u>	<u>3.61%</u>	<u>\$ 124,240</u>	<u>89.84%</u>
Total	\$7,279,207	100.0%	\$ 481,619	7.09%
	=====	=====	=====	=====

The increase in Local Sources is due to the need to meet the rising costs of education along with the continued stagnation of State Sources for the 2009-10 Budget; the increase in State Sources is due to SDA grants for various capital projects and is not indicative of an increase in core educational funding from the state. The increase in Federal Sources is attributed to the allocation of ARRA stimulus grants.

The following schedule presents a summary of general fund and special revenue fund expenditures for the fiscal year ended June 30, 2010 and the amount of increases and decreases in relation to prior year amounts.

<u>Expenditures</u>	<u>Amount</u>	<u>% of Total</u>	<u>Increase/ Decrease</u>	<u>% of Increase (Decrease)</u>
Current expense:				
Instruction	\$ 1,977,334	27.33%	\$ (44,276)	(2.19)%
Undistributed Expenditures	<u>\$ 4,435,352</u>	<u>61.29%</u>	<u>\$ 96,819</u>	<u>2.23%</u>
Total:	\$ 6,412,686	88.62%	\$ 52,543	0.83%
Capital Outlay	\$ 263,242	3.64%	\$ 260,004	8029.77%
Debt Service	\$ 299,348	4.14%	\$ 6,875	2.35%
Special Revenue	<u>\$ 261,073</u>	<u>3.61%</u>	<u>\$ 122,785</u>	<u>88.79%</u>
Total	\$ 7,236,349	100.0%	\$ 442,207	6.51%
	=====	=====	=====	=====

8) DEBT ADMINISTRATION: The district's primary long-term debt is a Serial Bonds Payable in the amount of \$289,000 as detailed in Exhibit I1.

9) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Government Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

10) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to, general liability, automobile liability, hazard and theft on property and contents, and fidelity bonds.

11) OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ardito & Co. was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act and the related OMB Circular A-133 and state Treasury Circular Letter OMB 04-04. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

12) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Harmony Township Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully Submitted,

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Harmony Township School District
County of Warren
Phillipsburg, New Jersey 08865

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Harmony Township School District in the County of Warren, State of New Jersey, as of and for the fiscal year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Harmony Township School District Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund, and the aggregate remaining fund information of the Harmony Township School District Board of Education in the County of Warren, State of New Jersey, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

-Continued-

In accordance with Government Auditing Standards, we have also issued our report dated October 15, 2010, on our consideration of the Harmony Township School District Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management Discussion and Analysis and Budgetary Comparison Information on pages 7 through 7.8, and 38 through 48 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Harmony Township School District Board of Education's basic financial statements. The accompanying introductory section, and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by New Jersey OMB's Circular 04-04, ***Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid***, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

HARMONY TOWNSHIP SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010
UNAUDITED

The discussion and analysis of Harmony Township School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2010 are as follows:

- ◆ In total, net assets increased \$481,791, which represents a 9.1 percent increase from 2009.
- ◆ General revenues accounted for \$6,097,049 in revenue or 82.5 percent of all revenues. Program specific revenues in the form of charges for services, operating grants were \$1,294,654 or 17.5 per cent of total revenues of \$7,391,703.
- ◆ Total assets of governmental activities increased by \$214,721 as cash and cash equivalents decreased by \$323,453, receivables increased by \$366,796 and capital assets increased by \$171,876.
- ◆ The School District had \$6,909,912 in expenses; only \$1,294,654 of these expenses were offset by program specific charges for services, grants or contributions. General Revenues (primarily property taxes) of \$6,097,049 were adequate to provide for these programs.
- ◆ Among major funds, the General Fund had \$6,439,652 in revenues and \$6,413,186 in expenditures. The General Fund's surplus balance decreased \$398,634 over 2009, due to transfers of capital reserve surplus of \$425,100 to fund school improvement capital projects.

Using this Generally Accepted Accounting Principals Report (GAAP)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Harmony Township School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities. The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail.

For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of Harmony Township School District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2010?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, the financial positions of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental activities--All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-type Activity--This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 10. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net assets for 2010 compared to 2009.

Total assets increased \$214,721. Cash and cash equivalents decreased by \$323,453, receivables increased by \$366,796 and capital assets increased by \$171,876. Cash decreased due to New Jersey's state-wide withholding state aid payment of \$99,729, and due to \$262,742 in capital projects spending. Receivables increased due to capital project state grants of \$279,135 that have not yet been received. Capital assets increased, net of depreciation, due to capital project spending.

Governmental Activities

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District operations. Property taxes made up 78.5 percent of revenues for governmental activities for the Harmony Township School District for the fiscal year 2010.

Instruction comprises 41.7 percent of district expenses. Support services expenses make up 56.0 percent of the expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services compared to 2009. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Business-type activities includes expenses related to activities provided by the School District which are designed to provide for students to participate in food service and child care.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District and unallocated depreciation.

The dependence upon tax revenues is apparent. Over 78.6 percent of instruction activities are supported through taxes and other general revenues; for all activities general revenue support is 85.4 percent. The community, as a whole, is the primary support for the Harmony Township School District.

The School District's Funds

Information about the School District's major funds starts on page 10 (Balance Sheet/Exhibit B-1) . These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$7,279,207 and expenditures of \$7,236,349. The net change in fund balance for the year was most significant in the General Fund, a decrease of \$398,634 compared to a budgeted decrease of \$783,527. The School District is able to meet current operating costs with no urgent need for additional funds.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal 2010 year, the School District amended its General Fund budget as needed. The School District uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

For the General Fund, budget basis revenue and other financing sources, excluding TPAF on-behalf amount, was \$6,117,074, \$8,593 over original budgeted estimates of \$6,108,481. This difference was due primarily to \$53,234 in extraordinary aid.

The General fund revenues and other financing sources/uses of the School District fell short of expenditures by \$394,458, compared to a budgeted deficiency (i.e. budgeted surplus) of \$783,527. This was achieved due to cost savings in the general administration, plant maintenance, and instruction appropriation line items, while still funding \$425,100 as local share of school capital projects.

Capital Assets

At the end of the fiscal year 2010, the School District had \$4,755,416 invested in land, buildings, furniture and equipment, and vehicles. Table 4 shows fiscal 2010 balances compared to 2009.

**Table 4

Totals	<u>\$ 4,755,416</u>	<u>\$ 4,583,540</u>

Overall capital assets increased \$171,876 from fiscal year 2009 to fiscal year 2010, net of depreciation expense.

\$262,742 in improvements and major equipment was purchased during fiscal year 2010.

Debt Administration

At June 30, 2010, the School District had \$357,040 as outstanding debt. Of this amount \$68,040 is for compensated absences and the balance of \$289,000 is for bonds for school construction.

At June 30, 2010, the School District's overall legal debt margin was \$20,394,926 and the unvoted debt margin was \$20,105,926.

For the Future

The Harmony Township School District is in very good financial condition presently. A major concern is the continued reliance on local property taxes in light of continued state funding decreases. However, future finances are not without challenges as the community continues to grow and state funding is decreased.

Harmony Township School District has successfully passed the 2010-2011 school budget. It has been increasingly difficult to balance educational needs with increases in property tax rates. The steady decrease in state aid to offset local property taxes in a predominately bedroom community is thought to be the main reason for the problem. In the past, the District garnered local support of its budget for over 10 years. This problem seems to be statewide and is not exclusive to the Harmony Township School District. The Harmony Township School District is primarily a residential community, with very few ratables, thus the burden is focused on homeowners to bear the tax burden.

HARMONY TOWNSHIP SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of the Harmony Township School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments (Statement No.34). This Statement provides for the most significant change in financial reporting in over twenty years and is scheduled for a phase-in implementation period (based on amount of revenues) starting with fiscal years ending 2002 (for larger governments). The District was not required to implement the new model until the 2003-2004 school year.

In addition, the School District has implemented GASB Statement No.37, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus, Statement No.38, Certain Financial Statement Note Disclosures, Statement No.40, Deposit and Investment Risk Disclosures, an amendment of GASB Statement No.3, and Statement 44, Economic Condition Reporting: The Statistical Section (GASB 44), an amendment of NCGA Statement 1, Governmental Accounting and Financial Reporting Principles is found in the Introduction, a revised statistical section in the Outline of the CAFR, and Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (GASB 45). The implementation of these statements had no effect on equity balances as previously reported for the fiscal year ended June 30, 2009.

A. Reporting Entity:

The Harmony Township School District is a Type II district located in the County of Warren, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. The purpose of the district is to educate students in grades K-8. The Harmony Township School District had an approximate enrollment at June 30, 2010, of 298 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Basis of Presentation

District-wide Statements: The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees and charged to external parties. The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

Fund Financial Statements : During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category—*governmental, proprietary, and fiduciary*—are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No.34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

GOVERNMENTAL FUNDS

The District reports the following governmental funds:

General Fund - The General Fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

GOVERNMENTAL FUNDS (Continued)

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

PROPRIETARY FUNDS

The District reports the following proprietary fund:

Enterprise (Food Service) Fund - The Enterprise Fund accounts for all revenues and expenses pertaining to the Board's cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges.

FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

Additionally, the District reports the following fund type:

Fiduciary Funds - The Fiduciary Funds are used to account for assets held by the District on behalf of others and include the Student Activities Fund, Payroll Agency Fund and Unemployment Compensation Trust Fund.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue funds. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be approved by School Board resolution. In addition, transfers are also covered by changes in N.J.A.C. 6A:23A-2.3 that can require approval through the state department. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the fiscal year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

D. Encumbrance Accounting:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities and Equity:

Cash and Cash Equivalents:

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, money market accounts and short-term investments with original maturities of three months or less.

Interfund Transactions:

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Inventories:

Inventory purchases, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Enterprise fund inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method.

Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Capital Assets:

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office and Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

HARMONY TOWNSHIP SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities and Equity (Continued):

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

Compensated Absences:

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No.16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted sick leave in varying amounts under the District's contracted personnel policies. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after fifteen years of service and payment is made on predetermined levels at retirement with provisions of the state retirement system.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments. Salary related payments for the employer's share of social security and medicare taxes, as well as pension contributions, are included.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

Deferred Revenue:

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, have been recorded as deferred revenue. Grants and entitlement received before the eligible requirements are met are also recorded as deferred revenue.

Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

HARMONY TOWNSHIP SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities and Equity (Continued):

Net Assets:

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

Revenues—Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, interest and tuition.

HARMONY TOWNSHIP SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities and Equity (Continued):

Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

Allocation of Indirect Expenses:

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense, that could not be attributed to a specific function, is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: CASH AND CASH EQUIVALENTS

Deposits:

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

HARMONY TOWNSHIP SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2: CASH AND CASH EQUIVALENTS (Continued):

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Pursuant to GASB Statement No. 40, "Deposit and Investment Risk Disclosures" ("GASB 40"), the district's accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the municipality would not be able to recover the value of its deposits or investment). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. At June 30, 2010, all of the district's deposits were collateralized by securities held in its name and, accordingly, not exposed to custodial credit risk. The district does not have a policy for custodial credit risk.

As of June 30, 2010, cash and cash equivalents and investments of the District consisted of the following:

	<u>Cash and Cash Equivalents(A-1)</u>	<u>Cash and Cash Equivalents(B-7)</u>	<u>Total</u>
Checking Accounts	\$696,567	\$11,989	\$708,556
	<u>\$696,567</u>	<u>\$11,989</u>	<u>\$708,556</u>

The carrying amount of the Board's cash and cash equivalents at June 30, 2010, was \$708,556 and the bank balance was \$953,382. All bank balances were covered by federal depository insurance and/or covered by a collateral pool maintained by the banks as required by New Jersey statutes. Of these bank balances, \$250,000 was covered by federal depository insurances and \$703,382 was covered by collateral pool.

Investments

Pursuant to the Enabling Act, the funds of the district may be invested in any direct obligations of, or obligations as to which the principal and interest thereof is guaranteed by, the United States of America or other obligations as the district may approve.

In order to maximize liquidity, the district utilizes the New Jersey Cash Management Fund ("NJCMF") as its sole investments. The NJCMF is administered by the New Jersey Department of Treasury. It invests pooled monies from various State and non-State agencies in primarily short-term investments. These investments include: U.S. Treasuries, short-term Commercial Paper, U.S. Agency Bonds, Corporate Bonds, and Certificates of Deposit. Agencies that participate in the NJCMF typically earn returns that mirror short-term investment rates. Monies can be freely added or withdrawn from the NJCMF on a daily basis without penalty. At June 30, 2010, the district's balance was **\$259,908**.

HARMONY TOWNSHIP SCHOOL DISTRICT
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2: CASH AND CASH EQUIVALENTS (Continued):

Custodial Credit Risk: Pursuant to GASB 40, the NJCMF, which is a pooled investment, is exempt from custodial credit risk disclosure. The district does not have a policy for custodial credit risk.

Credit Risk: The district does not have an investment policy regarding the management of credit risk. GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or investments guaranteed by the U.S. government. The NJCMF is not rated by a rating agency.

Interest Rate Risk: The district does not have a policy to limit interest rate risk. The average maturity of the district's investments is less than one year.

NOTE 3: RECEIVABLES

Receivables at June 30, 2010, consisted of intergovernmental amounts. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

	<u>Governmental Fund Financial Statements</u>	<u>Government-Wide Financial Statements</u>
State Aid	\$ 334,149	\$ 334,235
Federal Aid	97,750	98,934
Other Receivables	1,667	2,551
Gross Receivable	433,566	435,720
Less: Allow. for Uncollectibles		
Total Receivables, Net	\$ 433,566	\$ 435,720

NOTE 4: INVENTORY

Inventory in the Food Service Fund at June 30, 2010, consisted of the following:

Food	\$ <u>1,968</u>
	\$ <u>1,968</u>

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1996, as revised) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

NOTE 5: DEFERRED BOND ISSUANCE COSTS

In governmental funds, debt issuance costs are recognized in the current period. For the District-wide financial statements, governmental activity debt issuance costs are amortized straight-line over the life of the specific bonds (18 to 20 years). The costs associated with the issued of the various bonds are immaterial and are not amortized on the District-wide financial statements.

On January 11, 2001, the NJ State Department of Education announced that effective July 1, 2001, the capitalization threshold used by school districts in the State of New Jersey is increased to \$2,000. The previous threshold was \$500. Applying the higher capitalization threshold retroactively (removal of old assets from the General Fixed Assets Account Group) will be permitted by the State regulations in situations where (1) the assets have been fully depreciated, or (2) the assets have exceeded their useful lives. The retirement of machinery and equipment is due to the retroactive application of the higher threshold of equipment capitalization. That is, the District has removed from their records assets with a historical cost greater than \$500 but not greater than \$2,000 that were fully depreciated or had exceeded their useful lives.

Depreciation expense was charged to functions as follows:

Regular Instruction	\$ 81,266
Unallocated	<u>9,030</u>
Total	<u>\$ 90,296</u>

NOTE 7: LONG-TERM OBLIGATIONS

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds.

A. Long-Term Obligation Activity:

Changes in long-term obligations for the year ended June 30, 2010, are as follows:

	Balance			Balance	Amounts
	<u>7/1/09</u>	<u>Increases</u>	<u>Decreases</u>	<u>6/30/10</u>	<u>Due Within</u>
					<u>One Year</u>
Governmental Activities:					
Bonds Payable:					
General Obligation Debt	\$559,000		(\$270,000)	\$289,000	\$289,000
Other Liabilities:					
Compensated Absences Payable	68,040			68,040	-
Total	<u>\$627,040</u>	<u>-</u>	<u>(\$270,000)</u>	<u>\$357,040</u>	<u>\$289,000</u>

Compensated absences and capital leases have ben liquidated in the General Fund.

Interest paid on debt issued by the District is exempt from federal income taxes. Because of this, bond holders are willing to accept a lower interest rate than they would on taxable debt. The District temporarily reinvests the proceeds of such debt in higher-yielding taxable securities, especially during construction projects. The federal tax code refers to this as arbitrage.

Earnings in excess of the yield on the debt issue are rebated to the federal government based on requirements in the Internal Revenue Code. Arbitrage rebate payable represents amounts due to the Internal Revenue Service for interest earned on unspent bond proceeds that exceeds legally allowable returns.

Rebatable arbitrage liabilities related to District debt are not recorded in governmental funds. There is no recognition in the balance sheet or income statement until rebatable amounts are due and payable to the federal government. Thus, rebatable arbitrage liabilities related to governmental debt will be accrued as incurred at least annually (at fiscal year end) on the District-wide financial statements.

For the year ended June 30, 2010, it is not necessary for the Board to establish a liability for arbitrage rebate.

C. Defeasance:

The 1996 Series Lease Condemnation Bonds were issued for the purpose of advance refunding the school's 1992 Certificates of Participation. The 1992 COP's were originally issued to provide funding for elementary school additions.

As of June 30, 2010, the District had no authorized but not issued bonds.

NOTE 8: PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A.18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 8: PENSION PLANS (Continued)

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:66 for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years).

Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - Legislation enacted during the year ended June 30, 1997, (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by 1/2 of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the fiscal year ended June 30, 2010, the State of New Jersey did contribute \$151,944 to the TPAF for post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$174,810 during the year ended June 30, 2010, for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the District-wide financial statements, and the fund-based statements and schedules as revenues and expenditures in accordance with GASB Statement No.24.

NOTE 9: POST-RETIREMENT BENEFITS

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in Fiscal Year 2009.

NOTE 9: POST-RETIREMENT BENEFITS - (CONTINUED)

GASB Statement #45 requires certain disclosures relating to governmental entities obligations for other post-employment benefits (OPEB), which are post-employment benefits other than pensions. The District does not provide post-employment benefits other than pension. Healthcare provided to eligible TPAF and PERS board of education retirees through the NJ State Health Benefits Program are paid by the the State of New Jersey and as such, no district OPEB liability exists.

NOTE 10: DEFERRED COMPENSATION

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Equitable
Legg Mason
Roth IRA

NOTE 11: COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No.16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted sick leave in varying amounts under the District's contracted personnel policies. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after fifteen years of service and payment is made on predetermined levels at retirement with provisions of the state retirement system.

In the district-wide *Statement of Assets*, the liabilities whose average maturities are greater than one year should be reported in two components--the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2010, no liability existed for compensated absences in the proprietary fund types.

NOTE 12: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the *Benefit Reimbursement Method*. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2009-2010	\$14	\$4,310	\$18,127	\$4,164

NOTE 13: CONTINGENT LIABILITIES

GRANT PROGRAMS

The Board participates in state and federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The Board is potentially liable for any expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

LITIGATION

The Board is not involved in claims or lawsuits incidental to its operations.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 14: FUND BALANCE APPROPRIATED

General Fund (Exhibit B-1) - Of the \$913,974 General Fund fund balance at June 30, 2010, \$42,434 is reserved for encumbrances; \$405,283 has been reserved in the Capital Reserve Account; \$125,271 is designated for subsequent year's expenditures and has been appropriated and included as anticipated revenue for the year ending June 30, 2011, \$89,518 is reserved as excess surplus in accordance with N.J.S.A.18A:7F-7 (\$31,367 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2011); and \$251,468 is unreserved and undesignated.

NOTE 15: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Harmony Township School District Board of Education by inclusion of \$110,000 in the 89-90 capital outlay budget, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23-2.13(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2009 to June 30, 2010 fiscal year is as follows:

Beginning Balance, July 1, 2009	\$828,271
Interest Earnings	2,112
Budgeted Withdrawals: Board Resolution Date: 01/25/2010	(425,100)
Ending Balance, June 30, 2010	<u><u>\$405,283</u></u>

The June 30, 2010 LRFP balance of local support costs of uncompleted capital projects at June 30, 2010 is \$405,283. The withdrawals from the capital reserve were for use in a DOE approved facilities project, consistent with the district's Long Range Facilities Plan.

NOTE 16: CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2010 is \$58,151.

NOTE 17: TUITION ADJUSTMENTS

A comparison of tentative tuition charges and actual certified tuition charges was made by the receiving district (Belvidere School District) for fiscal year 2006-2007 and certified by the state department. The resulting 2006-2007 tuition adjustment charge of \$70,060, in accordance with N.J.A.C 6a:23-3.1(f)3, was due in fiscal year 2009-2010, was liquidated and was reported in Harmony Township School District's 2009-2010 operating expenditures.

<p style="text-align: center;">PROPRIETARY FUND DETAIL STATEMENTS</p>
--

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund - This fund provides for the operation of food services in all schools within the school district.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5 AND B-6.

<p style="text-align: center;">FIDUCIARY FUND DETAIL STATEMENTS</p>
--

Fiduciary Funds are used to account for funds received by the school district for a specific purpose.

Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

Student Activity Fund - This agency fund is used to account for student funds held at the schools.

Payroll Fund - This agency fund is used to account for the payroll transactions of the school district.

Note: NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.

b Rates for debt service are based on each year's requirements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the district. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
 AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
 FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
 GOVERNMENT AUDITING STANDARDS**

Honorable President and
 Members of the Board of Education
 Harmony Township School District
 County of Warren
 Phillipsburg, New Jersey 08865

We have audited the financial statements of the Board of Education of the Harmony Township School District in the County of Warren, State of New Jersey, as of and for the fiscal year ended June 30, 2010, and have issued our report thereon dated October 15, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Harmony Township School District Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Harmony Township School District Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Harmony Township School District Board of Education's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

-Continued-

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Harmony Township School District Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards, and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

This report is intended solely for the information and use of the audit committee, management, the Harmony Township School District Board of Education, the New Jersey State Department of Education, and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH NEW JERSEY OMB CIRCULAR 04-04

Honorable President and
 Members of the Board of Education
 Harmony Township School District
 County of Warren
 Phillipsburg, New Jersey 08865

Compliance

We have audited the compliance of the Harmony Township School District in the County of Warren, State of New Jersey, with the types of compliance requirements described in the New Jersey State Aid/Grant Compliance Supplement that are applicable to each of its major state programs for the fiscal year ended June 30, 2010. The Harmony Township School District Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Harmony Township School District Board of Education's management. Our responsibility is to express an opinion on the Harmony Township School District Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and New Jersey OMB Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred.

An audit includes examining, on a test basis, evidence about the Harmony Township School District Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Harmony Township School District Board of Education's compliance with those requirements.

-Continued-

In our opinion the Board of Education of the Harmony Township School District, in the County of Warren, State of New Jersey, complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the fiscal year ended June 30, 2010.

Internal Control Over Financial Reporting

The management of the Board of Education of the Harmony Township School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Harmony Township School District of Education's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Harmony Township School District Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, the Harmony Township School District Board of Education, the New Jersey State Department of Education, and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE SCHEDULES OF STATE FINANCIAL ASSISTANCE
JUNE 30, 2010

NOTE 1. GENERAL

The accompanying schedule of expenditures of state financial assistance includes state award activity of the Board of Education, Harmony Township School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All state awards received directly from state agencies, as well as state financial assistance passed through other government agencies is included on the schedule of expenditure of state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A. 18A:22-4.2*.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$4,176) for the general fund and \$(1,529) for the special revenue fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:
