Honorable President and  
Members of the Board of Education  
Lenape Regional High School District  
County of Burlington  
Shamong, New Jersey 08088

The comprehensive annual financial report of the Lenape Regional High School District for the fiscal year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, management's discussion and analysis, the District's organizational chart and a list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments and Non-Profit Organizations", and the State of New Jersey Circular 04-04-OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. **REPORTING ENTITY AND ITS SERVICES:** Lenape Regional High School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by the National Council on Governmental Accounting (NCGA) Statement No. 3.

All funds and account groups of the District are included in this report. The Lenape Regional High School District Board of Education and its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels 9 through 12. These include regular, college bound, advanced placement, vocational as well as special education for handicapped children. The following details the changes in the student enrollment of the District over the last fourteen years as reported on the District ASSA reports.

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2009-2010	7,529	(0.4%)
2008-2009	7,558	(1.4%)
2007-2008	7,667	0.0%
2006-2007	7,669	5.4%
2005-2006	7,592	2.6%
2004-2005	7,399	2.7%
2003-2004	7,204	2.9%
2002-2003	7,001	4.3%
2001-2002	6,714	2.0%
2000-2001	6,580	4.3%
1999-2000	6,312	1.5%
1998-1999	6,217	2.7%
1997-1998	6,056	0.4%
1996-1997	6,033	7.9%

2. COMMUNICATION: On March 8, 2005 the voters supported the \$89,040,359.00 bond referendum to undertake the construction of various renovations and improvements to the Lenape High School, Shawnee High School, Cherokee High School and Sequoia Transitional High School as well as construct additions to the Lenape High School and the Shawnee High School. The construction projects for Cherokee and Shawnee High Schools are complete and the Lenape High School projects are ninety percent complete.

3. MAJOR INITIATIVES: Students in the Lenape Regional High School District continue to perform at a high level of achievement. The District percentage of graduates of the class of 2011 that passed the New Jersey High School Proficiency Test in March of 2010 is 94.7% for language arts and 85.5% for math. This passing rate is above the state averages. The District mean SAT scores in 2009-2010 were 524 for reading, 547 for math and 520 for writing. The reading, math and writing scores indicate a consistent level of achievement and are above the national average.

An aggressive staff development initiative *Research for Better Teaching* has significantly raised the level of professional excellence in the Lenape District, where all academic indicators, such as SAT and HSPT scores, continue to rise further and further above state averages.

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2010.

6. ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7. FINANCIAL INFORMATION AT FISCAL YEAR END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents the budgeted summary of the general fund, special revenue fund and debt service fund revenues for the school year ending June 30, 2010 and the amount and percentage of increases in relation to the prior school year's revenues.

<u>Revenue</u>	<u>Amount</u>	<u>% of Total</u>	<u>Increase (Decrease) From 2009</u>	<u>% of Increase (Decrease)</u>
Local	\$ 101,843,558	70.35%	\$ 788,945	20.60%
State	35,693,074	24.65%	(2,515,366)	(65.68%)
Federal	<u>7,234,851</u>	<u>5.00%</u>	<u>5,556,177</u>	145.08%
Total	<u>\$ 144,771,483</u>	<u>100.00%</u>	<u>\$ 3,829,756</u>	2.65%

As reflected in the chart above, revenue derived from local sources continues to support the majority of the School District's approved budget. The local revenue source has other restricted miscellaneous revenue. This still leaves a local tax levy of \$99,580,749, which is \$404,827 more than the prior year.

The decrease in State Aid Revenue is due to drastic cuts in State Aid and an decrease in the state On-Behalf T.P.A.F. Pension and Social Security contributions.

The following schedule presents a budgeted summary of general fund, special revenue fund and debt service fund expenditures for the school year ending June 30, 2010.

<u>Expenditures</u>	<u>Amount</u>	<u>Percent Of Total</u>
Current Expense:		
Instruction	\$ 63,353,703	43.22 %
Undistributed Expenditures	67,821,034	46.27 %
Capital Outlay	856,481	0.58 %
Special Schools	716,107	0.49 %
Special Revenue Funds	3,749,993	2.56 %
Debt Service:		
Principal	5,360,000	3.66 %
Interest	4,723,761	3.22 %
	<hr/>	<hr/>
Total	<u>\$ 146,581,079</u>	<u>100.0 %</u>

8. DEBT ADMINISTRATION: At June 30, 2009, the District's outstanding debt issues included \$98,764,000 of general obligation bonds.

9. CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

10. RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

In addition to the mentioned coverages, the Lenape Regional High School District is a member of the BCIPJIF. Besides providing coverages, the BCIPJIF provides a wide range of Risk Management workshops and training sessions that are geared to decrease risk exposure.

11. OTHER INFORMATION - Independent Audit: State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Holman & Frenia, PC, was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133 and State of New Jersey Circular 04-04-OMB, "Single

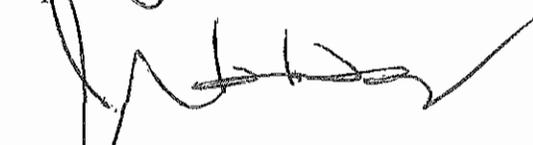

Audit Policy for Recipients of Federal Grants, State Grants and State Aid". The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

12. ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Lenape Regional High School District Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of this School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our Comptroller, Constance L. Stewart.

## INDEPENDENT AUDITOR'S REPORT

Honorable President and Members  
of the Board of Education  
Lenape Regional High School District  
County of Burlington  
Shamong, New Jersey 08088

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Lenape Regional High School District, County of Burlington, State of New Jersey, as of and for the fiscal year ended June 30, 2010, which collectively comprise the District's financial statements as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Lenape Regional High School District, County of Burlington, State of New Jersey, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2010, on our consideration of the Lenape Regional High School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis information and budgetary comparison information as listed in the table of contents is not a required part of the financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We

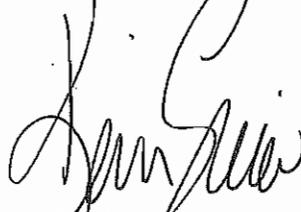

have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lenape Regional Board of Education's financial statements. The accompanying introductory section, and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedures applied in the audit of the financial statements, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

# LENAPE REGIONAL HIGH SCHOOL DISTRICT

## Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010

### UNAUDITED

The discussion and analysis of Lenape Regional High School District annual financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statement to enhance their understanding of the School District's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34 - Basic Financial Statements- and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year (2009-2010) and the prior year (2008-2009) is required to be presented in the MD&A.

### Financial Highlights

Key financial highlights for the 2009-2010 fiscal year include the following:

- ◆ General revenues accounted for \$140,794,470 of all revenues. Specific revenues in the form of charges for services, operating grants & contributions accounted for \$4,443,615 to total general revenues of \$145,238,085.
- ◆ Total net assets of governmental activities were \$73,825,172. Net Assets increase by \$1,334,615 from July 1, 2009 to June 30, 2010.
- ◆ The General Fund fund balance at June 30, 2010 is \$6,696,776, an decrease of \$1,887,847 when compared with the beginning balance at July 1, 2009 of \$8,584,623.

### Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so that the reader can understand Lenape Regional High School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the Lenape Regional High School District.

- ◆ The first two statements are district-wide financial statements that provide both short-term and long-term information about the Lenape Regional High School District overall financial status.
- ◆ The remaining statements are fund financial statements that focus on individual parts of the Lenape Regional High School District, reporting the Lenape Regional High School District's operation in more detail than the district-wide statements.

- ◆ The governmental funds statements tell how basic services such as regular and special education were financed in short term as well as what remains for future spending.
- ◆ Proprietary funds statements offer short-term and long-term financial information about the activities that the Lenape Regional High School District operates like businesses.
- ◆ Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Lenape Regional High School District, the General Fund is by far the most significant fund.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. Figure A-1 summarizes the major features of the Lenape Regional High School District financial statements, including the portion of the District activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

## Reporting the School District as a Whole

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, “How did we do financially during 2010?” The Statement of Net Assets and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the School District’s net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, the financial positions of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District’s property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- ◆ Governmental activities – All of the School District’s programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation, extracurricular activities, administration and community education. Aids from the State of New Jersey and from the Federal government along with local Property taxes finances most of these activities.
- ◆ Business-type activities – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

## Reporting the School District’s Most Significant Funds

### Fund Financial Statements

The fund financial statements provide more detailed information about the District’s funds – focusing on its most significant or “major” funds – not the District as a whole. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District’s most significant funds. The School District’s major funds are the General fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- ◆ Some funds are required by State law and by bond covenants.
- ◆ The District use other funds, established in accordance with the State of New Jersey Uniform Chart, to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal funds).

The District has three kinds of funds:

- ◆ Governmental funds - Most of the District’s basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending.

Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.

- ◆ Proprietary funds - Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.
- ◆ Fiduciary funds – The District is the trustee, or fiduciary, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District operations. Property taxes made up 69.57% of revenues for governmental activities for the Lenape Regional High School District for fiscal year 2010. The District's total revenues were \$143,129,010. Government Funding was the source of 28.36% of the District's revenues with the State of New Jersey providing \$35,693,074 and Federal Sources providing \$7,234,851 in aid.

Other miscellaneous revenues of \$620,336 represent 0.04% of the District revenues.

The District's expenses are predominantly related to instruction and support services. Instruction together with tuition totaled \$72,524,082 (51.27%) of total expenditures. Student support services, exclusive of administration, totaled \$12,835,384 (9.01%) of total expenditures.

Total expenses and prior period adjustments exceeded revenues, increasing net assets by \$1,677,050 from the beginning balance at July 1, 2009.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General and business administrative services include expenses associated with the administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities includes expenses related to student activities provided by the School District which are designed to provide opportunities for students to participate in school events, public events or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes unallocated depreciation and amortization.

### The School District's Funds

The financial performance of the Lenape Regional High School District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of \$9,443,511. In 2008-2009 the fund balance was \$17,943,615.

Revenues for the District's governmental funds were \$144,771,483 while total expenses were \$153,193,337.

### General Fund

The General Fund includes the primary operations of the District in providing educational services to students from grade 9 through grade 12 including pupil transportation activities and capital outlay projects.

The following schedule presents a summary of General Fund Revenues. The summary reflects the dollar and percent increase (decrease) from the prior year.

Total General Fund expenditures increased \$847,225 or 0.64% from the previous year.

The Lenape Regional High School District values its fund balances as a vehicle for addressing unbudgeted and emergent needs that occur during school year. The amounts of fund balance designated to support the subsequent year's budgets were \$5,727,401 for the 2009-2010 school year and \$3,200,000 for the 2010-2011 school year.

### General Fund Budgetary Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

The District's final budget for the general fund anticipated that expenditures would exceed revenues by the amount of budgeted fund balance. The results for the year show a decrease in expenditures against appropriations.

Actual expenditures were 132,747,325 which is \$1,842,797 higher than the budget. The revenues were \$131,058,693, which is \$7,393,335 higher than expected, primarily in miscellaneous revenue and TPAF Pension and Social Security contributions.

## Debt Service Fund

The current year obligations for payment of debt service principal and interest amounted to \$10,083,761. \$8,450,919 in funding was provided by from the local tax levy, and \$1,632,843 was received as aid from the state.

## Enterprise Funds

The Food Service Fund had Net Assets of \$572,202 at June 30, 2010. This reflects an increase of \$229,767 from the prior year's Net Assets.

## Capital Asset and Debt Administration

### Capital Assets

At the end of 2010, the District had capital assets with a book value of \$180,102,844. This consists of a broad range of capital assets, including school buildings, athletic facilities, computer and audio-visual equipment, and administrative offices. (See Table A-6.) Total depreciation expense for the year was \$49,367,723.

### Debt Administration

At June 30, 2010, the School District had \$114,619,871 in outstanding debt. Of this amount \$4,140,096 is for compensated absences, \$6,979,389 GASB #45 – other post employment benefits, \$98,764,000 is for bonds and \$4,736,386 is for capital leases.

### Long-Term Obligations

At year-end, the District had \$98,764,000 in general obligation bonds, a decrease of \$5,360,000 last year – as shown in Table A-7.

Capital Leases obligations at year end were \$4,736,386 that is a \$2,115,000 decrease over prior year ending balance.

An initial determination of the actuarial accrued liability and annual required contribution (ARC) for Other Post Employee Benefits were calculated using actuarial valuations which amounted to \$6,979,389 as required in GASB #45.

The District also has a \$4,140,096 liability for compensated absences. This liability represents the District's contractual obligation to compensation employees for accumulated unused sick leave entitlements upon retirement.

**For the Future**

The Lenape Regional High School District is in very good financial condition presently. However the major concern of the District is state aid which has remained stagnant. Lenape Regional is made up of primarily residential communities thus the burden is focused on homeowners to foot the tax burden.

In conclusion, the Lenape Regional High School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2010**

Total Net Change in Fund Balances - Governmental Funds (\$8,500,104)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period:

Depreciation Expense	(\$3,379,467)	
Capital Outlays	<u>8,170,065</u>	4,790,598

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

Bond Principal		5,360,000
----------------	--	-----------

Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets.

Capital Lease Proceeds		(528,404)
------------------------	--	-----------

Government funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas, these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the Treatment of long-term debt and related activities.

Cost of Issuance	(28,461)	
Loss on Refunding	(137,496)	
Original Issue Premium	<u>147,617</u>	(18,340)

Repayment of annual other postemployment benefits is an expenditure in the governmental funds, but the repayment of benefits decreases long-term liabilities in the statement of net assets and is not reported in the statement of activities.

Prior Year	6,356,679	
Current Year	<u>(6,979,389)</u>	(622,710)

In the statement of activities, the reduction for Capital Leases should not be an expenditure. Thus the change in net assets will differ from the change in fund balance by the cost of the asset removed (-).

2,115,000

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation (+).

Prior Year	1,435,195	
Current Year	<u>(1,318,366)</u>	116,829

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used/(paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-), when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Prior Year	3,104,277	
Current Year	<u>(4,140,096)</u>	(1,035,819)

Change in Net Assets of Governmental Activities \$1,677,050

See accompanying notes to the financial statements.

## LENAPE REGIONAL HIGH SCHOOL DISTRICT

### NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2010

#### Note 1. Summary of Significant Accounting Policies

The accompanying financial statements of the Lenape Regional High School District have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999 the GASB issued Statement 34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. This statement established new financial reporting requirements for state and local governmental entities throughout the United States. They require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in prior years is affected.

The District has implemented these standards for the fiscal year-ending June 30, 2003. With the implementation of GASB Statement 34, the District has prepared required supplementary information titled *Management’s Discussion and Analysis*, which precedes the basic financial statements.

Other GASB Statements are required to be implemented in conjunction with GASB Statement 34. Therefore, the District has implemented the following GASB Statements in the current fiscal year: Statement 33 – *Accounting and Financial Reporting for Nonexchange Transactions*; Statement 36 – *Recipient Reporting for Certain Shared Nonexchange Revenues*; Statement 37 – *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus* and Statement 38 – *Certain Financial Statement Note Disclosures*; Statement 40 – *Deposit and Investment Risk Disclosures* and Statement 44 – *Economic Condition Reporting – The Statistical Section*.

The accompanying financial statements present the financial position of the District and the various funds and fund types, the results of operations of the District and the various funds and fund types, and the cash flows of the proprietary funds. The financial statements are presented as of June 30, 2010 and for the year then ended with comparative totals as of and for the year ended June 30, 2009 (Memorandum Only).

#### A. Reporting Entity:

The Lenape Regional High School District is a Type II district located in the County of Burlington, State of New Jersey. As a Type II District, the School District functions independently through a Board of Education. The Board is comprised of eleven members elected to three-year terms. These terms are staggered so that three member’s terms expire each year. The purpose of the School District is to educate students in grades 9-12 at the School Districts six schools. The Lenape Regional High School District has an approximate enrollment at June 30, 2010 of 7,439 students.

The primary criterion for including activities within the District’s reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- ◆ the organization is legally separate (can sue or be sued in their own name)
- ◆ the District holds the corporate powers of the organization
- ◆ the District appoints a voting majority of the organization’s board

LENAPE REGIONAL HIGH SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS (continued);  
JUNE 30, 2010

**Note 1. Summary of Significant Accounting Policies (continued):**

- ◆ the District is able to impose its will on the organization
- ◆ the organization has the potential to impose a financial benefit/burden on the District
- ◆ there is a fiscal dependency by the organization on the District

**Component Units** – GASB Statement No. 14, *The Financial Reporting Entity*, provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity, but also for legally separate organizations that meet the criteria established by GASB Statement No. 14, as amended by GASB Statement No. 29, *Determining Whether Certain Organizations are Component Units*. The following organization is considered a component unit; however, the School District has determined that it is not significant and, therefore, has not been included in the basic financial statements:

Lenape Regional Foundation  
130 Tomlinson Mill Road  
Marlton, New Jersey 08053

**B. District-Wide and Fund Financial Statements**

The district-wide financial statements (the statement of net assets and the statement of activities) report information of all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these district-wide statements. District activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or component unit are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function, segment, or component unit. Program revenues include charges to customers who purchase, use or directly benefit from goods or services provided by a given function, segment or component unit. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function, segment, or component unit. Taxes and other items not properly included among program revenues are reported instead as general revenues. The District does not allocate general government (indirect) expenses to other functions.

Net assets are restricted when constraints placed on them are either externally imposed or are imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net assets. When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):**

**JUNE 30, 2010**

**Note 1. Summary of Significant Accounting Policies (continued):**

Separate financial statements are provided for governmental funds, proprietary funds, fiduciary funds and similar component units, and major component units. However, the fiduciary funds are not included in the district-wide statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

**District-Wide Financial Statements** – The governmental fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Governmental Fund Financial Statements** – The Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year-end. Principal revenue sources considered susceptible to accrual include federal and state grants, interest on investments, tuition and transportation. Other revenues are considered to be measurable and available only when cash is received by the state.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

**D. Fund Accounting:**

The accounts of the Lenape Regional High School District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. The various funds and accounts are grouped, in the financial statements in this report, into seven fund types within three broad fund categories and two account groups as follows:

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 1. Summary of Significant Accounting Policies (continued):**

**Governmental Funds**

**General Fund** - The general fund is the general operating fund of the Lenape Regional High School District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey Department of Education Lenape Regional High School District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles (GAAP) as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, interest earnings and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

**Special Revenue Fund** - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

**Capital Projects Fund** - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

**Debt Service Fund** - The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

**Permanent Fund** – Resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that support the reporting governments programs, that is for the benefit of the government or its citizenry.

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 1. Summary of Significant Accounting Policies (continued):**

**Proprietary Fund**

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District:

**Enterprise** - The enterprise fund is used to account for the operations that are financed and operated in a manner similar to a private business enterprise. The costs of providing goods or services are financed primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund.

All Proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line-method. The estimated useful lives are as follows:

Machinery and Equipment	5-20 years
-------------------------	------------

**Fiduciary Fund**

Fiduciary funds are used to account for assets held by a governmental entity for other parties (either as trustee or as an agent) and that cannot be used to finance the governmental entity's own operating programs which includes private purpose trust funds and agency funds

Private Purpose Trust Funds are used to account for the principal and income for trust arrangements that benefit individuals, private organizations, or other governments. The District currently maintains an Unemployment Trust Fund as a private purpose trust.

Agency Funds are assets held by a governmental entity (either as trustee or as an agent) for other parties that cannot be used to finance the governmental entity's own operating programs. The District currently maintains Payroll funds and Student Activity Funds as Agency Funds

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 1. Summary of Significant Accounting Policies (continued):**

**E. Basis of Accounting:**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and private purpose trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, private purpose trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

In its accounting and financial reporting, the Lenape Regional High School District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements.

The Lenape Regional High School District's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and private purpose trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

**F. Budgets/Budgetary Control:**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund.

LENAPE REGIONAL HIGH SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010

**Note 1. Summary of Significant Accounting Policies (continued):**

Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in *N.J.A.C.6:20-2A(m)1*. All budget amendments must be approved by School Board resolution.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1 and Exhibit C-2, includes all amendments to the adopted budget, if any.

The following presents a reconciliation of the special revenue fund revenues and expenditures from the budgetary basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual – General, Special Revenues and Debt Service Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types:

**G. Encumbrances:**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the Lenape Regional High School District has received advances are reflected in the balance sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

**H. Cash, Cash Equivalents and Investments:**

Cash and Cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

## LENAPE REGIONAL HIGH SCHOOL DISTRICT

### NOTES TO THE FINANCIAL STATEMENTS (continued): JUNE 30, 2010

#### **Note 1. Summary of Significant Accounting Policies (continued):**

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

*N.J.S.A.17:9-41* et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

#### **I. Tuition Receivable/Payable**

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

These adjustments are recorded upon certification by the State Board of Education, which is normally three years following the contract year. The cumulative adjustments through June 30, 2010, which have not been recorded, are not determinable.

The tuition rate adjustments for the years 2006-2007 have been established. According to the School District's records, these amounts of adjustments are immaterial to the financial statements.

#### **J. Inventories & Prepaid Expenses**

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in governmental fund types is recorded as expenditures when purchased rather than when consumed.

Prepaid expenses, which benefit future periods, other than those recorded in the enterprise funds, are recorded as expenditure during the year of purchase. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2010.

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 1. Summary of Significant Accounting Policies (continued):**

**K. Short-Term Interfund Receivables/Payables**

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the Lenape Regional High School District and that are due within one year.

**L. Capital Assets**

General fixed assets acquired or constructed during the year are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Fixed assets are defined by the District as assets, which have a cost in excess of \$2,000 at the date of acquisition and a useful life of one year or more. Donated fixed assets are valued at their estimated fair market value on the date received. The general fixed assets acquired or constructed were valued by an independent appraisal company. General fixed assets, such as land and buildings, are valued at the historical cost basis and through estimated procedures performed by an independent appraisal company, respectively.

General fixed assets are reflected as expenditures in the applicable governmental funds. Depreciation expense is recorded in the district-wide financial statements as well as the proprietary fund. Capital assets are depreciated on the straight-line method over the assets' estimated useful life. There is no depreciation recorded for land and construction in progress. Generally estimated useful lives are as follows:

Machinery and Equipment	7 – 20 Years
-------------------------	--------------

**M. Accrued Salaries and Wages**

District employees, who provide services to the District over the ten-month academic year and extended eleven-month calendar, do not have the option to have their salaries disbursed during the entire twelve-month year. Therefore, there is no accrual as of June 30, 2010 for such salaries.

**N. Compensated Absences**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In the District-Wide financial statements, under governmental activities, compensated absences are reported as an expenditure and noncurrent liabilities.

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 1. Summary of Significant Accounting Policies (continued):**

**O. Deferred Revenue**

Deferred revenue in the special revenue fund represents cash, which has been received but not yet earned.

**P. Long-term Obligations**

In district-wide financial statements, under governmental activities, long-term debt is recognized as a liability in the general fund as debt is incurred.

**Q. Fund Equity**

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

In accordance with State of New Jersey statutes, the fund balance to be utilized in the subsequent year budget is not legally restricted and therefore has been classified as fund balance designated for subsequent year's expenditures and is not reserved.

**Note 2. Cash and Cash Equivalents and Investments**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 2. Cash and Cash Equivalents and Investments (continued):**

**Custodial Credit Risk** – Deposits in financial institutions, reported as components of cash, cash equivalents and investments had a bank balance of \$12,005,187 at June 30, 2010. Of the bank balance \$302,507 was fully insured by the FDIC (Federal Depository Insurance Corporation) and \$11,702,680 as secured by a collateral pool held by the bank, but not in the District’s name, as required by New Jersey’s Governmental Unit Deposit Protection Act (GUDPA). The Governmental Unit Deposit Protection Act is more fully described in Note 3 of these financial statements.

**Investment Interest Rate Risk** – The District has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investment held at June 30, 2010, are provided in the above schedule.

**Investment Credit Risk** – The District has no investment policy that limits its investment choices other than the limitation of state law as follows:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- Government money market mutual funds;
- Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor;
- Bonds or other obligations of the District or bonds or other obligations of the local unit or units within which the District is located;
- Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by the District;
- Local Governments investment pools;
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
- Agreements for the repurchase of fully collateralized securities with certain limitations.

**Concentration of Investment Credit Risk** – The District places no limit on the amount it may invest in any one issuer.

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 3. Governmental Unit Deposit Protection Act (GUDPA)**

The District has deposited cash in 2010 with an approved public fund depository qualified under the provisions of the Government Unit Deposit Protection Act. In addition to savings and checking accounts the District invests monies in certificates of deposits.

The Governmental Unit Deposit Protection Act P.L. 1970, Chapter 236, was passed to afford protection against bankruptcy or default by a depository. C.17:9-42 provides that no governmental unit shall deposit funds in a public depository unless such funds are secured in accordance with this act. C.17:9-42 provides that every public depository having public funds on deposit shall, as security for such deposits, maintain eligible collateral having a market value at least equal to either (1) 5% of the average daily balance of collected public funds on deposit during the 6 month period ending on the next preceding valuation date (June 30 or December 31) or (2) at the election of the depository, at least equal to 5% of the average balance of collected public funds on deposit on the first, eighth, fifteenth, and twenty-second days of each month in the 6 month period ending on the next preceding valuation date (June 30 or December 31). No public depository shall be required to maintain any eligible collateral pursuant to this act as security for any deposit or deposits of any governmental unit to the extent such deposits are insured by F.D.I.C. or any other U.S. agency which insures public depository funds.

No public depository shall at any time receive and hold on deposit for any period in excess of 15 days public funds of a governmental unit(s) which, in the aggregate, exceed 75% of the capital funds of the depository, unless such depository shall, in addition to the security required to be maintained under the paragraph above, secure such excess by eligible collateral with a market value at least equal to 100% of such excess.

In the event of a default, the Commissioner of Banking within 20 days after the default occurrence shall ascertain the amount of public funds on deposit in the defaulting depository and the amounts covered by federal deposit insurance and certify the amounts to each affected governmental unit. Within 10 days after receipt of this certification, each unit shall furnish to the Commissioner verified statements of its public deposits. The Commissioner shall ascertain the amount derived or to be derived from the liquidation of the collateral maintained by the defaulting depository and shall distribute such proceeds pro rata among the governmental units to satisfy the net deposit liabilities to such units.

If the proceeds of the sale of the collateral are insufficient to pay in full the liability to all affected governmental units, the Commissioner shall assess the deficiency against all other public depositories having public funds on deposit determined by a formula determined by law. All sums collected by the Commissioner shall be paid to the governmental units having deposits in the defaulting depository in the proportion that the net deposit liability to each such governmental unit bears to the aggregate of the net deposit liabilities to all such governmental units.

All public depositories are required to furnish information and reports dealing with public funds on deposit every six months, June 30th and December 31st, with the Commissioner of Banking. Any public depository which refuses or neglects to give any information so requested may be excluded by the

Upon review and approval of the Certification Statement that the public depository complies with statutory requirements, the Commissioner issues forms approving the bank as a municipal depository. The District should request copies of these approval forms semiannually to assure that all depositories are complying with requirements.

**Note 4. Capital Reserve Account**

A capital reserve account was established by the Lenape Regional High School District on September 20, 2000, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriated additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A.19:60-2*. Pursuant to *N.J.A.C.6:23A-14.1(g)*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

**Note 5. Transfers to Capital Outlay**

During the year ending June 30, 2010, the District did not transfer anything to the Capital Outlay Account.

**Note 6. Capital Assets**

An appraisal of the District's fixed assets was completed as of June 30, 2007 by American Appraisal. Differences have been adjusted and reflected as a loss on the revaluation on the District's Statement of Activities.

**Note 9. Pension Plans**

**Plan Descriptions** - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

**Teachers' Pension and Annuity Fund (TPAF)** - The Teachers' Pension and Annuity Fund was established in January 1955, under the provisions of *N.J.S.A.18A:66* to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners and employees of the Department of Education who have titles that are unclassified, professional and certified.

**Public Employees' Retirement System (PERS)** - The Public Employees' Retirement System (PERS) was established in January 1955 under the provisions of *N.J.S.A.43:15A* to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

## LENAPE REGIONAL HIGH SCHOOL DISTRICT

### NOTES TO THE FINANCIAL STATEMENTS (continued): JUNE 30, 2010

#### Note 9. Pension Plans (continued):

**Vesting and Benefit Provisions** - The vesting and benefit provisions of PERS are set by *N.J.S.A.43:15A* and *43.3B* and *N.J.S.A.18A:6C* for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

**Significant Legislation** -- During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the District's normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits; accordingly, the pension costs for TPAF and PERS were reduced.

New Legislation signed by the Acting Governor (Chapter 133, Public Laws 2001) changed the formula for calculating retirement benefits for all current and future non-veteran retirees from N/60 to N/55 (a 9.09% increase). This legislation, signed June 29, 2001, provides that all members of the TPAF and the PERS will have their pensions calculated on the basis of years of credit divided by 55. It also provides that all current retirees will have their original pension recalculated under the N/55 formula. Starting February 1, 2002, pension cost of living adjustments will be based on the new original pension.

**Contribution Requirements** - The contribution policy is set by *N.J.S.A.43:15A*, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and *N.J.S.A.18:66*, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living

**Three-Year Trend Information for TPAF (Paid on behalf of the District)**

Year Funding	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/10	\$3,482,606	100%	\$ -0-
6/30/09	3,320,559	100%	-0-
6/30/08	5,937,612	100%	-0-

During the year ended June 30, 2010 the State of New Jersey contributed \$3,482,606 to the TPAF for normal post-retirement benefits on behalf of the District. Also in accordance with *N.J.S.A. 18A:66-66* the State of New Jersey reimbursed the District \$4,008,697 for the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

**Note 10. Post-Retirement Benefits**

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State Employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 10. Post-Retirement Benefits (continued):**

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in Fiscal Year 2009.

**Note 11. Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance** – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

**New Jersey Unemployment Compensation Insurance** – The District has elected to fund their New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of School District contributions, reimbursements to the State for benefits paid and the ending balance of the School District’s expendable trust fund for the current and previous two years:

Fiscal Year	District Contributions	Interest Earned	Amount Reimbursed	Ending Balance
2009-2010	\$190,571	\$ 7,138	\$196,153	\$1,052,355
2008-2009	175,528	12,538	96,797	1,050,799
2007-2008	138,266	34,383	74,790	959,530

**Joint Insurance Pool** – The Lenape Regional High School District participates in the Burlington County Insurance Pool Joint Insurance Fund.

The Fund provides the District with the following coverage:

Property (Including Crime & Auto Physical Damage) General Liability Automobile Liability Pollution/Environmental Legal Liability	Worker’s Compensation School Board Legal Liability Boiler & Machinery
---	---

**LENAPE REGIONAL HIGH SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS (continued):**  
**JUNE 30, 2010**

**Note 11. Risk Management (continued):**

Annual contributions to the Fund are determined by the Fund's Board of Trustees. The District is jointly and personally liable for claims insured by the Fund and its members during the period of its membership, including liability for supplemental assessments, if necessary. The Fund's Board of Trustees may authorize refunds to its members in any fund year for which contributions exceed the amount necessary to fund all obligations for that year.

**Note 12. Contingent Liabilities**

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2010 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

**Note 13. Economic Dependency**

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

**Note 14. Interfund Receivables and Payables**

The following interfund balances remained on the balance sheet at June 30, 2010:

<b>Fund</b>	<b>Interfund Receivable</b>	<b>Interfund Payable</b>
General Fund	\$416,716	
Proprietary Funds	<u>                    </u>	\$416,716

NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010

**Note 15. Fund Balance Appropriated**

**General Fund** – Of the \$6,696,776 General Fund fund balance at June 30, 2010, \$2,543,374 is reserved for encumbrances; \$3,200,000 has been appropriated and included as anticipated revenue for the year-ending June 30, 2010; \$500,000 is reserved for emergencies; \$778,046 is reserved for maintenance; and \$(324,644) is unreserved and undesignated.

**Note 16. Deferred Compensation**

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Great American	Retirement Annuity
Equitable	Washington National
Lincoln Investment	Vanguard Group
Travelers	Mutual of Omaha
ASCO	Tom Seely
Security Benefit Life	

**Note 17. Compensated Absences**

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees who are employed for ten months are entitled to ten paid sick leave days per fiscal school year. Employees who are employed for twelve months are entitled to twelve paid sick days per fiscal school year. Unused sick leave may be accumulated and carried forward to the subsequent years. However, an employee must have 25 years of service or their contract must specifically allow the payment of unused sick leave. District employees are entitled to two personal days, which may be carried forward to subsequent years. Vacation days not used during the year may not be accumulated and carried forward. Benefits paid in any future year will be calculated according to formulas outlined in the District's agreements with the various employee unions and included in the current years' budget.

**NOTES TO THE FINANCIAL STATEMENTS (continued):  
JUNE 30, 2010**

**Note 17. Compensated Absences (continued):**

The liability for vested compensated absences of the governmental fund types is recorded in the statement of net assets under governmental activities. The current portion of the compensated absence balance is not considered material to the applicable funds total liabilities, and is therefore not shown separately from the long-term liability balance of compensated absences. The amount at June 30, 2010 is \$4,140,096.

**Note 18. Calculation of Excess Surplus**

In accordance with *N.J.S.A.18A:7F-7*, as amended by P.L. 2004, c.73 (S1701), the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2010 is \$-0-.

**Note 19. Reserve for Arbitrage Rebate**

The District issued Bonds on March 17, 1998, entitled School District Bonds, which had a settlement date of June 30, 1998.

The School District has established a Reserve for Arbitrage in the amount of \$450,442 in case a rebate is required as a result of the occurrence of future events. The calculation for the fifth Bond year was made March 17, 2003 and it was determined that no rebate was due. However, the reserve will remain in Net Assets until the project is completed and it is determined that no liability will be due once the project has been completed.

The District issued Bonds June 27, 2005, in the amount of \$56,859,000. Due to delays in construction associated with this Bond Issue the District is currently earning interest rates comparable to the yield on the Bond Issue. The District has created a reserve for potential arbitrage rebates relating to this Bond Issue of \$500,000.

**Note 20. Capital Debt Refunding**

On September 17, 2004, the School District issued \$45,695,000 in General Obligation Bonds with variable interest rates ranging from 2.000% to 4.375% to advance refund \$45,400,000 of outstanding 1998 Series Bonds with an interest rate of 5.00%. The net proceeds of \$47,788,498 (after payment of

issuance costs) were used to purchase U.S. Treasury Bills. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1998 Series Bonds. As a result, the 1998 Series Bonds are considered to be defeased and the liability for those bonds has been removed from the general long-term debt account group, with the exception of \$8,800,000, which remained after the refunding issue.

The District advance refunded the 1998 Series Bonds to reduce its total debt service payments over the next seventeen years by almost \$490,000 and to obtain an economic gain (difference between the present values of the debt service payments of the old and new debt) of \$1,536,047.

On October 3, 2006, the School District issued \$4,025,000 in General Obligation Bonds with an interest rate of 4.25% to advance refund \$4,000,000 of outstanding 1998 Series Bonds with an interest rate of 5.00%.

**Note 21. GASB #45 - Post Retirement Health Benefits**

Lenape Regional High School District provides post-employment dental coverage to eligible retired employees and their families. As of June 30, 2010, an employee is generally eligible for benefits upon retirement provided they have completed 30 years of public employment with the Lenape Regional High School District.

Lenape Regional High School District's annual Other Post-Employment Benefit cost is calculated based on the Annual Required Contribution. The actuarial cost method used to determine the Plan's funding requirements is the "Unit Credit" method. Under this method, an actuarial accrued liability is determined as the present value of the earned benefits, which is allocated to service before the current plan year. The Plan is currently unfunded. The unfunded actuarial liability is amortized over thirty years. The following table shows the changes in Lenape Regional High School District's annual Other Post-Employment Benefit cost for the year, the amount actually contributed to the Plan and changes in their net Other Post-Employment Benefit obligation to the plan:

Annual Required Contribution	\$ 622,710
Interest on Net Other Post-Employment Benefit	-
Adjustment to Annual Required Contribution	-
	<u>622,710</u>
Annual Other Post-Employment Benefit Contributions Made	<u>-</u>
Increase in Net OPEB Obligation	622,710

**NOTES TO THE FINANCIAL STATEMENTS (continued):**  
**JUNE 30, 2010**

**Note 21. GASB #45 - Post Retirement Health Benefits (continued):**

Lenape Regional High School District's annual Other Post-Employment Benefit cost, the percentage of annual Other Post Employment Benefit cost contributed to the Plan, and the net Other Post Employment Benefit obligation (OPEB) for the year ending June 30, 2010 is as follows:

YEAR ENDED	ANNUAL OPEB COST	PERCENTAGE CONTRIBUTED	NET OPEB OBLIGATION
06/30/10	\$622,170	0%	\$6,979,389

Actuarial assumptions were used to value the post-retirement medical liabilities. Actuarial assumptions were based on the actual experience of the covered group, to the extent that creditable experience data was available, with an emphasis on expected long-term future trends rather than giving undue weight to recent past experience. The reasonableness of each actuarial assumption was considered independently based on its own merits, its consistency with each other assumption, and the combined impact of all assumptions.

Two economic assumptions used in the valuation are the discount rate and the dental care cost trend rates. The economic assumptions are used to account for changes in the cost of benefits over time and to discount future benefit payments for the time value of money.

The investment return assumption (discount rate) should be the estimated long-term investment yield on the investments that are expected to be used to finance the payments of benefits. The investments expected to be used to finance the payments of benefits would be plan assets for funded plans, assets of the employer for pay-as-you-go plans, or a proportionate combination of the two for plans that being partially funded. We assumed a discount rate of 5.0 percent for purposes of developing the liabilities and Annual Required Contribution on the basis that the Plan would not be funded. We based dental claims on an annual average claims cost of approximately \$802 per covered retiree for family coverage and \$462 for single coverage. We assumed dental care costs would increase annually at a rate of 5%.

Lenape Regional High School District currently has one hundred and twenty-seven eligible retired employees receiving retirement benefits. The net Other Post-Employment Benefit obligation to Lenape Regional High School District to provide benefits to the retirees for the year ended June 30, 2010, was \$6,979,389.

Sources: Assessed value data used to estimate applicable percentages provided by the Burlington County Board of Taxation.

Debt outstanding data provided by each governmental unit.

**NOTE** - Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District.

This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the above Townships. This process recognizes that, when considering the District's ability to issue and repay Long-Term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a. For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another government unit's taxable value that is within the District's boundaries and dividing it by each unit's total taxable value.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Honorable President and Members  
of the Board of Education  
Lenape Regional High School District  
County of Burlington  
Shamong, New Jersey 08088

We have audited the financial statements of the Lenape Regional High School District, County of Burlington, State of New Jersey, as of and for the fiscal year ended June 30, 2010, and have issued our report thereon dated September 17, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Lenape Regional High School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

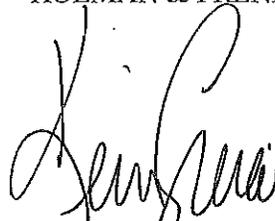

As part of obtaining reasonable assurance about whether the Lenape Regional High School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a

direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

This report is intended solely for the information of the audit committee, management, the Lenape Regional High School District, the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

HOLMAN & FRENIA, P. C.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE  
TO EACH MAJOR PROGRAM AND ON INTERNAL  
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH  
OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04**

Honorable President and Members  
of the Board of Education  
Lenape Regional High School District  
County of Burlington  
Shamong, New Jersey 08088

**Compliance**

We have audited the compliance of the Lenape Regional High School District, in the County of Burlington, State of New Jersey, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey Grants Compliance Supplement* that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 2010. The Lenape Regional High School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Lenape Regional High School District's management. Our responsibility is to express an opinion on Board of Education of the Lenape Regional High School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133 *Audits of States, Local Governments and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Board of Education of the Lenape Regional High School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board of Education of the Lenape Regional High School District's compliance with those requirements.

In our opinion, the Board of Education of the Lenape Regional High School District, County of Burlington, State of New Jersey, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended June 30, 2010.

## Internal Control Over Compliance

The management of the Board of Education of the Lenape Regional High School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to major federal and state programs. In planning and performing our audit, we considered Lenape Regional High School District's internal control over compliance with requirements that could have a direct and material effect on major federal or state programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lenape Regional High School District's internal control over compliance.

A control deficiency in a District's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of major federal and state programs on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a major federal or state program such that there is more than a remote likelihood that a noncompliance with a type of compliance requirement of major federal and state programs that is more than inconsequential will not be prevented or detected by the District's internal control.

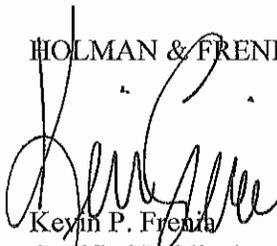

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material noncompliance with a type of compliance requirement of a state program will not be prevented or detected by the District's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the information of the management of the Board of Education of the Lenape Regional High School District, the New Jersey State Department of Education, other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

LENAPE REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO THE SCHEDULES OF FINANCIAL ASSISTANCE  
JUNE 30, 2010

**Note 1. General**

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Lenape Regional High School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

**Note 2. Basis of Accounting**

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the Board's basic financial statements.

**Note 3. Relationship to Basic Financial Statements**

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A. 18A:22-4.2*.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(120,965) for the general fund and \$(1,887) for the special revenue fund. See Note 1 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented as follows:
