Dear Commissioner:

The Comprehensive Annual Financial Report of the New Horizons Community Charter School for the fiscal year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the school. To the best of our knowledge and belief, the data presented in this report are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the school. All disclosures necessary to enable the reader to gain an understanding of the school's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter and list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditor's report. The statistical section includes audited data from the school's first six fiscal years. The school is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U. S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments and Non-Profit Organizations," and the State Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditors' reports on internal control and compliance with applicable laws and regulations and findings and recommendations is included in the single audit section of this report.

- 1) **REPORTING ENTITY AND ITS SERVICES:** New Horizons Community Charter School constitutes an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB). All funds and account groups of the entity are included in this report.

The New Horizons Community Charter School services 466 students from the City of East Orange, Irvington and Newark. The main facility, a three story newly constructed brick building, houses main academic classes, including Computers, Spanish, and Basic Skills. The second facility, NCC Recreational Center is located directly across the street from the school and is used to conduct classes in Art, Music and Physical Education. The third property houses the Business Office.

New Horizons Community Charter School is a community-based school focusing on the overall growth and development of each child and the school community. The school is affiliated with the New Community Corporation of Newark, UMDNJ, Liberty Science Center, Franklin Institute, Girl Scouts of New Jersey, Kids Camp, North Fork Bank, Scholastic Books, Newark Police Department, Newark Fire Department, Newark Service Bureau and Loyola University.

New Horizons Community Charter School will continue to implement Balanced Literacy and Everyday Mathematics. In an effort to generate higher student achievement in the area of reading, writing, and mathematics, plans are in place for the 2008-2009 school years to employ a literacy supervisor and mathematics coach to further support our efforts in improving teacher performance.

- 2) **ENROLLMENT OUTLOOK:** The school’s charter authorized a maximum enrollment of 500 students in grades kindergarten through five. At the beginning of the 2008-2009 school year, the enrollment was 476 students. At the end of the year the enrollment was 448 students. Class size is approximately 21 students per class.

- 3) **MAJOR ACCOMPLISHMENTS** – The New Horizons Community Charter School provided a challenging core curriculum for all students that were aligned to the New Horizon Community Charter School. The Charter Education program as well as the structured behavior intervention program provided a safe and orderly instructional environment for learning.

Under the NHCCS administration the school continues to improve student performance, character development and life skills. The following initiatives took place during the 2009-2010 school year:

- Implementation of the parent/student Handbook & Code of Civility
- Increased standardized test scores on NJASK 3,4,5
- School made AYP in 2007, 2008 and 2009
- Creation of a new teacher evaluation system to enhance professional practice

- 10 new Dell computers were purchased for the kindergarten and first grade classrooms
- Study Island, a web-based software, was purchased to allow teachers to assess student performance
- Use of data analysis to drive instruction from both TerrNova and NJASK
- Continued implementation of Reading Recovery program for struggling first grade readers
- Under the auspices of Rutgers University, two of our teachers facilitated five workshops for students and parents in Family Science; the program ran for 5 weeks.
- Five evening workshops for Everyday Mathematics was provided for students and families
- Uninterrupted block schedule for test preparation in grades 3, 4, 5. Measuring Up and NJASK Coach Curriculum

4) **INTERNAL ACCOUNTING CONTROLS:** Management of the Charter School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognized that: (1) the cost of a control should not exceed the benefits like to be derived: and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the School also is responsible for ensuring that an adequate control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the School management.

As part of the School's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the School has complied with applicable laws and regulations.

5) **BUDGETARY CONTROLS:** In addition to internal accounting controls, the School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Trustees and the State of New Jersey. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balances at June 30, 2010.

6) **ACCOUNTING SYSTEM AND REPORTS:** The Charter Schools' accounting records reflect generally accepted accounting principles, as promulgated by the Government Accounting Standards Board (GASB). The accounting system of the School is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1

- 7) **FINANCIAL INFORMATION AT FISCAL YEAR – END:** As demonstrated by the various statements and schedules included in the financial section of report, the School continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund and special revenue fund for the fiscal year ended June 30, 2010.

Revenue	Amount	Percent of Total
Local	754,005	10%
State	5,352,777	73%
Federal	862,697	12%
Food Service	313,659	4%
Misc Revenue	<u>49,304</u>	<u>1%</u>
Total	<u>\$7,332,442</u>	<u>100%</u>

The following schedule presents a summary of the general fund, special revenue fund and debt service fund expenditures for the fiscal year ended June 30, 2010.

Expenditures	Amount	Percent of Total
Current	5,114,121	79%
Capital Outlay	167,116	2%
Special Revenue	862,697	13%
Food Service	<u>301,944</u>	<u>6%</u>
Total	<u>\$6,445,878</u>	<u>100%</u>

- 8) **CASH MANAGEMENT:** The investment policy of the School is guided in large by the state Statute as detailed in “Notes to the Financial Statements,” Note 2. The School had adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with failed banking institutions in New Jersey. The law requires governmental units to deposit funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 9) **RISK MANAGEMENT:** The School carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, and hazard and theft insurance on property and Contents.

10) **OTHER INFORMATION:**

Independent Audit – State statutes require an annual audit by independent Certified Public Accountants (CPA) or Registered Municipal Accountant. The Accounting firm of Scott J. Loeffler, CPA was selected by the Charter School. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and related OMB Circular A-133 and the state Treasury Circular letter 04-04 OMB. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial statement of this report. The auditor's reports related specifically to the single audit act are included in the single audit section of this report.

INFORMATION AND SUPPLEMENTARY SCHEDULE OF
FEDERAL AWARDS AND OTHER SUPPLEMENTARY INFORMATION -
GOVERNMENT ENTITY**

Independent Auditor's Report

The Honorable Chairman and
Members of the Board of Trustees
New Horizons Community Charter School
County of Essex
Newark, New Jersey

I have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Trustees of the New Horizons Community Charter School, County of Essex, State of New Jersey, as of and for the fiscal year ended June 30, 2010, which collectively comprise the charter schools' basis financial statements, as listed in the table of contents. These financial statements are the responsibility of the Board of Trustee's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the New Horizons Community Charter School, Board of Trustees, in the County of Essex, State of New Jersey, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated November 3, 2010 on my consideration of the New Horizons Community Charter School, in the County of Essex, State of New Jersey, Board of Trustee's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and

other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

The Management's Discussion and Analysis and Budgetary Comparison schedules on pages 10 through 20 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

My audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the New Horizons Community Charter School Board of Trustees basic financial statements. The accompanying introductory section, other supplementary information including combining fund financial schedules, and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, I express no opinion on them. The school has expended certain federal and state grants in a manner, which may have violated certain of the restrictive provisions of the related grants. These items have been disclosed in the accompanying schedule of Findings of Noncompliance and Questioned costs and separately in the Auditors Management Report on Administrative Findings – Financial Compliance and Performance. The possible outcome of these matters is uncertain at this time. Accordingly, no provision for any liability has been made for possible federal and state claims for refunds of those grant monies.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relations to the basic financial statements taken as a whole.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Management's Discussion and Analysis
Year Ended June 30, 2010

This section of New Horizons Community Charter School annual financial report presents our discussion and analysis of the school's financial performance during the fiscal year that ended on June 30, 2010. Please read it in conjunction with the transmittal letter at the front of this report and the school's financial statements, which immediately follows this section.

The Management's Discussion and Analysis (MD&A) is a new element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34- Basic Financial Statements- and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year (2010-09) and the prior year (2009-08) is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2009-10 fiscal year include the following:

- Net assets are \$3,880,857.
- Net Assets increased by \$905,226 from July 1, 2009 to June 30, 2010.
- The General Fund balance at June 30, 2010 is \$3,880,857, an increase of \$874,844 when compared with the beginning balance at July 1, 2009.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information that includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the New Horizons Community Charter School.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Management's Discussion and Analysis
Year Ended June 30, 2010

Figure A-1. Required Components of the Board's Annual Financial Report

- The first two statements are school-wide financial statements that provide both short-term and long-term information about the New Horizons Community Charter School's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the New Horizons Community Charter School, reporting the New Horizons Community Charter School's operation in more detail than the school-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in short term as well as what remains for future spending.
- Proprietary funds statements offer short- and long-term financial information about the Food Service activities the New Horizons Community Charter School operates like businesses.

The financial statements also include notes that explain some of the information in the statements and provide data that are more detailed. Figure A-1 summarizes the major features of the New Horizons Community Charter School's financial statements, including the portion of the New Horizons Community Charter School's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

School-wide Statements

The school-wide statements report information about the New Horizons Community Charter School as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the New Horizons Community Charter School's assets and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two school-wide statements report the New Horizons Community Charter School's net assets and how they have changed. Net assets – the difference between the New Horizons Community Charter School's assets and liabilities – are one way to measure the New Horizons Community Charter School's financial health or position.

In the school-wide financial statements, the New Horizons Community Charter School's activities are shown in two categories:

- *Governmental activities*- Most of the New Horizons Community Charter School's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance most of these activities.
- *Business-type activities*- The New Horizons Community Charter School's Food Service Fund is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the New Horizons Community Charter School's funds – focusing on its most significant or “major” funds – not the New Horizons Community Charter School as a whole.

Funds are accounting devices the New Horizons Community Charter School uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Management's Discussion and Analysis
Year Ended June 30, 2010

The New Horizons Community Charter School use other funds, established in accordance with the State of New Jersey Uniform Chart, to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is property using certain revenues (e.g., federal funds).

The New Horizons Community Charter School has three kinds of funds:

- **Governmental funds-** Most of the New Horizons Community Charter School's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the New Horizons Community Charter School's programs. Because this information does not encompass the additional long-term focus of the school-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- **Proprietary funds-** Services for which the New Horizons Community Charter School charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the school-wide statements.
- **Fiduciary funds-** The New Horizons Community Charter School is the trustee, or *fiduciary*, for assets that belong to others such as scholarship fund, payroll and payroll agency funds, and student activity funds. The New Horizons Community Charter School is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the New Horizons Community Charter School's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. I exclude these activities from the New Horizons Community Charter School's government-wide financial statements because the New Horizons Community Charter School cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE NEW HORIZONS COMMUNITY CHARTER SCHOOL AS A WHOLE

FACTORS BEARING ON THE SCHOOL'S FUTURE

State Aid—As part of the “time-out” decision of the Supreme Court, the NJDOE was granted permission for level spending for the 2009-10 school year. The practical implication of this ruling is that the New Horizons Community Charter School 2009-10 budget can be not greater than its kindergarten through grade 12 expenditures in the 2009-10 school year. The financial position of the State of New Jersey will likely result in continued level state aid for the 2009-10 school year. The school is likely to feel financial pressures related to contractual obligations that will put pressure on the school programs, inclusive of staffing levels.

No Child Left Behind (NCLB)—The integration of the requirements of this federal legislation needs to be integrated into in a way that eliminates duplication. The challenge before the State of New Jersey is development of a single, seamless process of assessment, planning, implementation, and evaluation that satisfies both State and federal authorities.

NOTES TO FINANICAL STATEMENTS

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Notes to Financial Statements
Year Ended June 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the New Horizons Community Charter School been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the New Horizons Community Charter School's accounting policies are described below.

The Governmental Accounting Standards Board (GASB) unanimously approved basic Financial Statements and Management's Discussion and Analysis for State and Local governments (Statement No. 34). This statement provides for significant changes in financial reporting and was first implemented by the New Horizons Community Charter School for the fiscal year ending June 30, 2003. In addition, the school has implemented GASB Statement No. 37, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments Omnibus and Statement No. 38, Certain Financial Statement Note Disclosures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles. Encumbrance accounting is employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity:

The New Horizons Community Charter School is an instrumentality of the State of New Jersey, established to function as an education institution. The New Horizons Community Charter School Board of Trustees is responsible for the fiscal control of the New Horizons Community Charter School. An Executive Director is appointed by the New Horizons Community Charter School and is responsible for the administrative control of the New Horizons Community Charter School. Under existing statutes, the New Horizons Community Charter School's duties and powers include, but are not limited to the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The New Horizons Community Charter School Board of Trustees also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The accompanying financial statements present the government and its component units, entities for which the school is considered to be financially accountable. The New Horizons Community Charter School has no blended or discretely presented component units. Furthermore, the New Horizons Community Charter School is not includable in any other reporting entity as a component unit.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Notes to Financial Statements
Year Ended June 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B. Government-wide and Fund Financial Statements:

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the New Horizons Community Charter School and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *miscellaneous revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation:

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. All assets and all liabilities associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Notes to Financial Statements
Year Ended June 30, 2010

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation:
(continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under this measurement focus and basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available).

Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the New Horizons Community Charter School considers revenues to be available if they are collected within 90 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures, which are recorded when payment is due and compensated absences and claims and judgments which are recorded only to the extent that there are expendable financial resources available.

Other items associated with the current fiscal period are all considered to susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the New Horizons Community Charter School.

The New Horizons Community Charter School reports the following major governmental funds:

The *general fund* is the New Horizons Community Charter School's primary operating fund. It accounts for all financial resources of the New Horizons Community Charter School, except those required to be accounted for in another fund.

The New Horizons Community Charter School reports the following major proprietary fund which are organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
Notes to Financial Statements
Year Ended June 30, 2010

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation:
(continued)**

Additionally, the government reports the following fund types:

The *fiduciary trust fund* is used to account for resources legally held in trust for private donations for scholarships. All resources of the fund, including any earnings on invested resources, may be used to support the intended purposes. There is no requirement that any portion of these resources be preserved as capital.

Private-sector standards of accounting and financial reporting issued by the Financial Accounting Standards Board (FASB) prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The New Horizons Community Charter School has elected not to follow FASB guidance issued subsequent to December 1, 1989.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* in the New Horizons Community Charter School -wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund includes the cost of sales and services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

D. Assets, Liabilities and Net Assets or Equity:

1. *Deposits and Investments*

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

2. *Receivables and Payables*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

3. *Inventories and Prepaid Items*

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA. The amount of unused commodities at year-end is reported as deferred revenue.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Accrued Liabilities and Payables

All payables and accrued liabilities, are reported on the school-wide financial statements. In general, governmental fund payables and accrued liabilities that, once, incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the school or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The school's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

D. Assets, Liabilities and Net Assets or Equity: (continued)

4. *Capital Assets*

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business type activities columns in the government-wide financial statements. Capital assets are defined by the New Horizons Community Charter School as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchase or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method.

5. *Fund Equity*

Reservations/Designations of fund balances of governmental funds are created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is appropriated for future expenditures. Specific reservations/designations of the fund balance accounts are summarized below.

Reserve for Encumbrances - This reserve is created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts awarded for which the goods or services have not yet been received at June 30. There were no reserve for encumbrance at June 30, 2010.

D. Assets, Liabilities and Net Assets or Equity: (continued)

Reserve for Capital Reserve Account - This reserve is created by budget appropriation to fund future capital expenditures.

Reserve for Legally Restricted - Designated for Subsequent Year's Expenditures
- This reserve is created to represent the portion of fund balance at June 30, 2010 restricted and utilized in the adopted subsequent year's budget. At June 30, 2010 there were no reserves.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

No difference noted.

NOTE 3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information:

In accordance with the requirements of the New Jersey Department of Education, the New Horizons Community Charter School annually prepares its operating budget for the forthcoming year. The budget, except for the special revenue fund, which is more fully explained below, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The budget is submitted to the county superintendent and is voted upon by the Board of Trustees. Budget adoptions and amendments are recorded in the New Horizons Community Charter School minutes.

The budget is properly amended by the New Horizons Community Charter School trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount.

THE NEW HORIZONS COMMUNITY CHARTER SCHOOL

Year Ended June 30, 2010

NOTE 3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (continued)

A. Budgetary Information: (continued)

The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The school approved several budget transfers during 2009-2010.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the special revenue fund from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds.

NOTE 3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (continued)

A. Budgetary Information: (continued)

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

B. Capital Reserve Account:

Funds placed in the capital reserve account are restricted to capital projects in the New Horizons Community Charter School's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR).

NOTE 4. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Deposits

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking Institution that is a member of the Federal Reserve System, and has capital funds of not less than \$25,000,000.00. Under (GUDPA), if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

As of June 30, 2010, New Horizons Community Charter School cash and cash equivalents consisted of the following:

	<u>General Fund</u>	<u>Special Revenue</u>	<u>Enterprise Fund</u>	<u>Total</u>

Investments

New Jersey statutes permit the New Horizons Community Charter School to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States of America.
- b. Government Money Market Mutual Funds.
- c. Any obligations that a federal agency or a federal instrumentality has issued, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest.
- d. Bonds or other obligations of the New Horizons Community Charter School or bonds or other obligations of the local unit or units which the school district is located.
- e. Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, that are approved by the New Jersey Department of Treasury, Division of Investments.
- f. Local Government investment pools.
- g. Agreements or the repurchase of fully collateralized securities, if transacted in accordance with N.J.S.A. 18A:20-37.

NOTE 5. OTHER INFORMATION

A. Contingent Liabilities

The New Horizons Community Charter School participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the New Horizons Community Charter School may be required to reimburse the grantor government. As of June 30, 2010, significant amounts of grant expenditures have not been audited by the various grantor agencies but the New Horizons Community Charter School believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the New Horizons Community Charter School.

The New Horizons Community Charter School's attorney's letter advises that there is no litigation, pending litigation claims, contingent liabilities, unasserted claims for assessments or statutory violations which involved the New Horizons Community Charter School and which might materially affect the New Horizons Community Charter School's financial position.

B. Employee Retirement Systems and Pension Plans

Plan Description

Substantially all of the New Horizons Community Charter School's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS).

NOTE 5. OTHER INFORMATION (continued)

B. Employee Retirement Systems and Pension Plans (continued)

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all eligible school employees.

Public Employees' Retirement System (PERS) -Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

Teachers' Pension and Annuity Fund (TPAF) -Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

Other Pension Funds

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for the system. According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trusts.

The financial statements of the retirement systems are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the retirement systems. Benefits or refunds are recognized when due and payable in accordance with the terms of the retirement systems.

Investment Valuation

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund, Common Pension Fund A, Common Pension Fund B, Common Pension Fund D and Common Pension Fund E. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

Significant Legislation

P.L. 2007, c.92, implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform: established a Defined Contribution Retirement Program (DCRP) for elected and certain appointed officials, effective July 1, 2007; closed the Workers' Compensation Judges part of PERS to new members, effective July 1, 2007;

Significant Legislation (continued)

eliminated the four percent fixed rate of interest for loans from the defined benefit plans and provided that the rate of interest will be set by the State Treasurer at a commercially reasonable rate as required by the Internal Revenue Code and permitted that an administrative processing fee may be charged for such loans.

It also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the system when excess assets are available.

P.L. 2007, c.103, certain parts effective July 1, 2007, provided for the following: changed employee contribution rates of TPAF, PERS (State employees only) and DCRP to 5.5 percent of annual compensation; imposed an annual maximum wage contribution base and a new retirement age to new employees; implemented changes to State Health Benefits Program (SHBP) and established for State employees an employee contribution of 1.5 percent of the employee's base salary.

Public Law 2009, c. 19 (S-21) was enacted on March 17, 2009 and allows the Division of Pensions and Benefits to provide non-state government pension system employers the option of paying the full amount, or an amount that reflects a 50 percent reduction of the normal and accrued liability component of the PERS and or PFRS obligations for payments due in the State fiscal year ending June 30, 2010. These payments were due on April 1, 2010.

Funding Status and Funding Progress

As of June 30, 2007, the most recent actuarial valuation date, the aggregate funded ratio for all the State administered retirement systems including TPAF and PERS, is 76.0 percent with an unfunded actuarial accrued liability of \$28.4 billion.

The funded status and funding progress of the retirement systems is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Funding Status and Funding Progress (continued)

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the retirement systems in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time.

The projection of benefits for financing reporting purposes does not explicitly incorporate the potential effects of legal or contractual limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2007 actuarial valuation, the projected unit credit was used as the actuarial cost method, and the five year average of market value was used as the asset valuation method for the retirement systems. The actuarial assumptions included (1) 8.25 percent for investment rate of return for the retirement systems and (2) 5.45 percent for projected salary increases for the PERS and 5.74 percent for TPAF.

Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.0% for PERS and 5.5% for TPAF of the employee's annual compensation. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and TPAF.

Annual Pension Costs (APC)

During the year ended June 30, 2010 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost differs from the annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost equals the annual required contribution.

Annual Pension Costs (APC) (continued)

TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the school to the pension system in accordance with Chapter 114, P.L. 1997.

During the years ended June 30, 2010, 2009, 2008 and 2007 the school was required to contribute for PERS and the State of New Jersey was required to contribute for TPAF for normal cost pension contributions (including non-contributory group life insurance (NCGI)).

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the school \$179,945 during the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount, along with the on-behalf TPAF pension contribution, has been included in the school-wide financial statements and the fund financial statements as a revenue and expenditure in accordance with GASB No. 24.

C. Post-Retirement Medical Benefits

The State of New Jersey sponsors and administers the post-retirement health benefit program plans for school districts.

As a result of implementing Governmental Accounting Standards Board (GASB) Statement No. 43, Financial Reporting for Post-employment Benefit Plans Other than Pension Plans (OPEB), effective for Fiscal Year 2007, the State Health Benefits Program (SHBP), and the Prescription Drug Program (PDP), and Post-Retirement Medical (PRM) of the PERS and TPAF are combined and reported as Pension and Other employee Benefit Trust funds in the State's Comprehensive Annual Financial Report (CAFR). Specifically, SHBP-State, PDP-State, and the PRM of the PERS are combined and reported as a Health Benefits Program Fund -State classified as a single employer plan. The SHBP-Local, PDP-Local, and the PRM of the TPAF are combined and reported as Health Benefits Program Fund -Local classified as a cost-sharing multiple-employer plan in the State's CAFR.

The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

Basis of Accounting

The financial statements of the health benefit programs are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the health benefit programs. Benefits or refunds are recognized when due and payable in accordance with the terms of the health benefit programs.

Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

Funded Status and Funding Progress

As of June 30, 2007, the most recent actuarial valuation date, the State had a \$50.6 billion unfunded actuarial accrued liability for other post employment benefits (OPEB) which is made up to \$18.4 billion for state active and retired members and \$32.2 billion for education employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2007, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 45.0 percent for investment rate of return for the OPEB.

Post-Retirement Medical Benefits Contributions

P.L. 1987, c. 384 and P.L. 1990, c.6 required the Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively to fund post-retirement medical benefits for those State employees and education employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c. 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 80,181 retirees receiving post-retirement medical benefits. The cost of these benefits is funded through contributions by the State and in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education with 25 years of service. The State paid \$16.0 million toward Chapter 126 benefits for 12,545 eligible retired members in fiscal year 2009.

Post-Retirement Medical Benefits Contributions (continued)

The State sets the contribution rate based on a pay as you go basis and not on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF and PERS retirees' post-retirement benefits on behalf of the school was not determined or made available by the State of New Jersey.

NOTE 6. RISK MANAGEMENT

The New Horizons Community Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The school maintains commercial insurance coverage for property, liability, and student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

NOTE 7. SUBSEQUENT EVENTS

The school has evaluated subsequent events occurring after the balance sheet through the date of November 3, 2010, which is the date the financial statements were available to be issued. Based on this evaluation, the school has determined no subsequent events require disclosure in the financial statements.

PROPRIETARY FUNDS

ENTERPRISE FUND

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the cost of providing goods and services be financed through user charges or where the board has decided that periodical determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Food Service Fund - The fund provides for the operation of food services in all schools.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Chairman and
Members of the Board of Trustees
New Horizons Community Charter School
County of Essex
Newark, New Jersey

I have audited the financial statements of the Board of Trustees of the New Horizons Community Charter School County of Essex, State of New Jersey, as of and for the fiscal year ended June 30, 2010, and have issued my report thereon dated November 3, 2010. I conducted my audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the New Horizons Community Charter School Board of Trustees internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the New Horizons Community Charter School Board of Trustee's internal control over financial reporting. Accordingly, I do not express an opinion on effectiveness of the New Horizons Community Charter School Board of Trustee's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any certain deficiencies in internal control over financial reporting that I considered to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the New Horizons Community Charter School Board of Trustees financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. These are identified in the accompanying schedule of findings and questioned costs.

I also noted certain matters that I reported to management of the New Horizons Community Charter School Board of Trustees in a separate report entitled, Auditors' management Report on Administrative Findings – Financial, Compliance and Performance" dated November 3, 2010.

This report is intended solely for the information and use of the management of the New Horizons Community Charter School, Board of Trustees and the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB
CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04**

The Honorable Chairman and
Members of the Board of Trustees
New Horizons Community Charter School
County of Essex
Newark, New Jersey

Compliance

I have audited the compliance of the Board of Trustees of the New Horizons Community Charter School, in the County of Essex, State of New Jersey, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 2010. New Horizons Community Charter School major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the New Horizons Community Charter School management. My responsibility is to express an opinion on the New Horizons Community Charter School compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the New Horizons Community Charter School's Board of Trustees compliance with those requirements and performing such other procedures, as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of the Board of Trustees of the New Horizons Community Charter School compliance with those requirements.

As described in the accompanying schedule of findings and questioned costs, the Board of Trustees of the New Horizons Community Charter School did not comply with all the requirements that are applicable to its major Federal and State programs. Compliance with such requirements is necessary, in my opinion, for the New Horizons Community Charter School to comply with the requirements applicable to those programs.

In my opinion, except for the noncompliance described in the accompanying Schedule of Findings and Questioned Costs, the Board of Trustees of the New Horizons Community Charter School, in the County of Essex, State of New Jersey, complied, in all material aspects, with the requirements referred to above that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 2010.

Internal Control Over Compliance

The management of the Board of Trustees of the New Horizons Community Charter School is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing my audit, I considered the New Horizons Community Charter School internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly I do not express an opinion on the effectiveness of New Horizons Community Charter School's Board of Trustees internal control over compliance.

My consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses, as described above.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over compliance that I considered to be material weaknesses.

This report is intended for the information and use of the audit committee, management, the New Horizons Community Charter School Board of Trustees, the New Jersey State Department of Education, and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**THE NEW HORIZONS COMMUNITY CHARTER SCHOOL
FOOTNOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL
STATE AWARDS
FOR THE YEAR ENDED JUNE 30, 2010**

NOTE 1. GENERAL

The accompanying Schedules of Expenditures of awards and financial assistance present the activity of all federal and state award programs of the New Horizons Community Charter School of Newark. The board of trustees is defined in the Notes to the school's general-purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the school's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO GENERAL-PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting revenue is not recognized until the subsequent year or expenditures have been made (GASB 34).

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the grant account budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to GAAP basis is \$-0-. See Note 1 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the school's general-purpose financial statements on a GAAP basis as follows:
