Honorable President and
Members of the Board of Education
Mannington Township School District
Salem County, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Mannington Township School District for the fiscal year ended June 30, 2011 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly, the financial position and results of operations of the various funds of the District. All disclosures that we feel are necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and the New Jersey State Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Awards, State Grants and State Aid Payments." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

Mannington Township School District is an independent reporting entity within the criteria adopted by the GASB as established by GASB Statement No. 14. All funds of the District are included in this report. The Mannington Township Board of Education and its one school constitute the District's reporting entity. Mannington Township School District provides a full range of educational services appropriate to grade levels Pre-K through Eighth grade. These include regular, as well as special education for handicapped students. Our students in grades 9-12 are sent to Salem High School in a sending/receiving relationship. Tuition and transportation are paid for by the Mannington Township Board of Education. The Mannington Township School District completed the 2010-2011 fiscal year with an enrollment of 170 students, which was 21 less students than in the prior year. The following changes in the student enrollment of the District over the last ten years show a leveling off for the later years.

Average Daily Enrollment

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2010-11	170	-10.9%
2009-10	191	9.14%
2008-09	172	(1.14)%
2007-08	174	13.73%
2006-07	154	(3.39)%
2005-06	159	(12.64)%
2004-05	182	4.79%
2003-04	177	1.13%
2002-03	185	.88%
2001-02	193	.47%
2000-01	197	1.05%

2. ECONOMIC CONDITION AND OUTLOOK:

Mannington Township is showing, and will continue to show, a limited increase in new housing. The Township houses many of the county government facilities, i.e., emergency management, the county jail, the County Vocational Technical School and Prep Center, plus numerous churches and the Memorial Hospital of Salem County. A large percentage of land is locked from building by the Farmland Preservation Act, wetlands designation, plus the Mannington Meadows (a National Wildlife Preserve). The Township is experiencing limited growth in industry and professional establishments. At the current time, at least two developers have applied to build multi-home developments within the community. It is anticipated, that that once the building process is underway, the district enrollment will increase.

3. MAJOR INITIATIVES:

Student scores on the state assessments, including NJASK, Terra-Nova testing for grades 1-8 and Early Screening Inventory for Pre-kindergarten and Kindergarten continue to be highly competitive, when compared by region, DFG, and state means. The District continues to focus and enhance its professional development in the areas of literacy, reading and writing.

Mannington Township School offers full day Pre-K and Kindergarten classes. Curriculum review is constantly monitored and implemented with a differentiated instructional component that is ongoing in all subject areas.

The Mannington Township School continues to provide and ensure a safe and healthy learning environment for all students at Mannington School.

During the 2010-2011 school year, the district continued to concentrate on the readiness of students in our Pre-K through third grade through the services of the Response to Intervention (RIT) team. Through this initiative, we are able to identify and address the basic skill needs for students in the beginning years and enable them to achieve a higher level of academic success as they progress through the upper grades. The needs of all students are considered in both regular and special education, including resource center programs and inclusion settings, with a full range of related services being offered.

The parent-paid tuition rate is competitive with surrounding districts and allows parents outside of Mannington Township a reasonable and affordable choice within the county for their child's (children's) education.

4. INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are being made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2011.

6. ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note 1.

7. DEBT ADMINISTRATION:

On March 1, 2006, the Mannington Township Board of Education issued \$2,218,000 in bonds for the renovation of the elementary school, of which the balance as of June 30, 2011 was \$1,833,000. There was no other authorized or outstanding bonded debt as of June 30, 2011.

During 1998-1999 the Board approved the issuance of a capital lease in the amount of \$400,000 to fund roof replacement to the school building. As of June 30, 2011, the outstanding principal amount of said capital lease was \$157,465.80.

8. CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, automobile liability, and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

10. OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nightlinger, Colavita and Volpa, P. A., was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984 and the related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Mannington Township Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

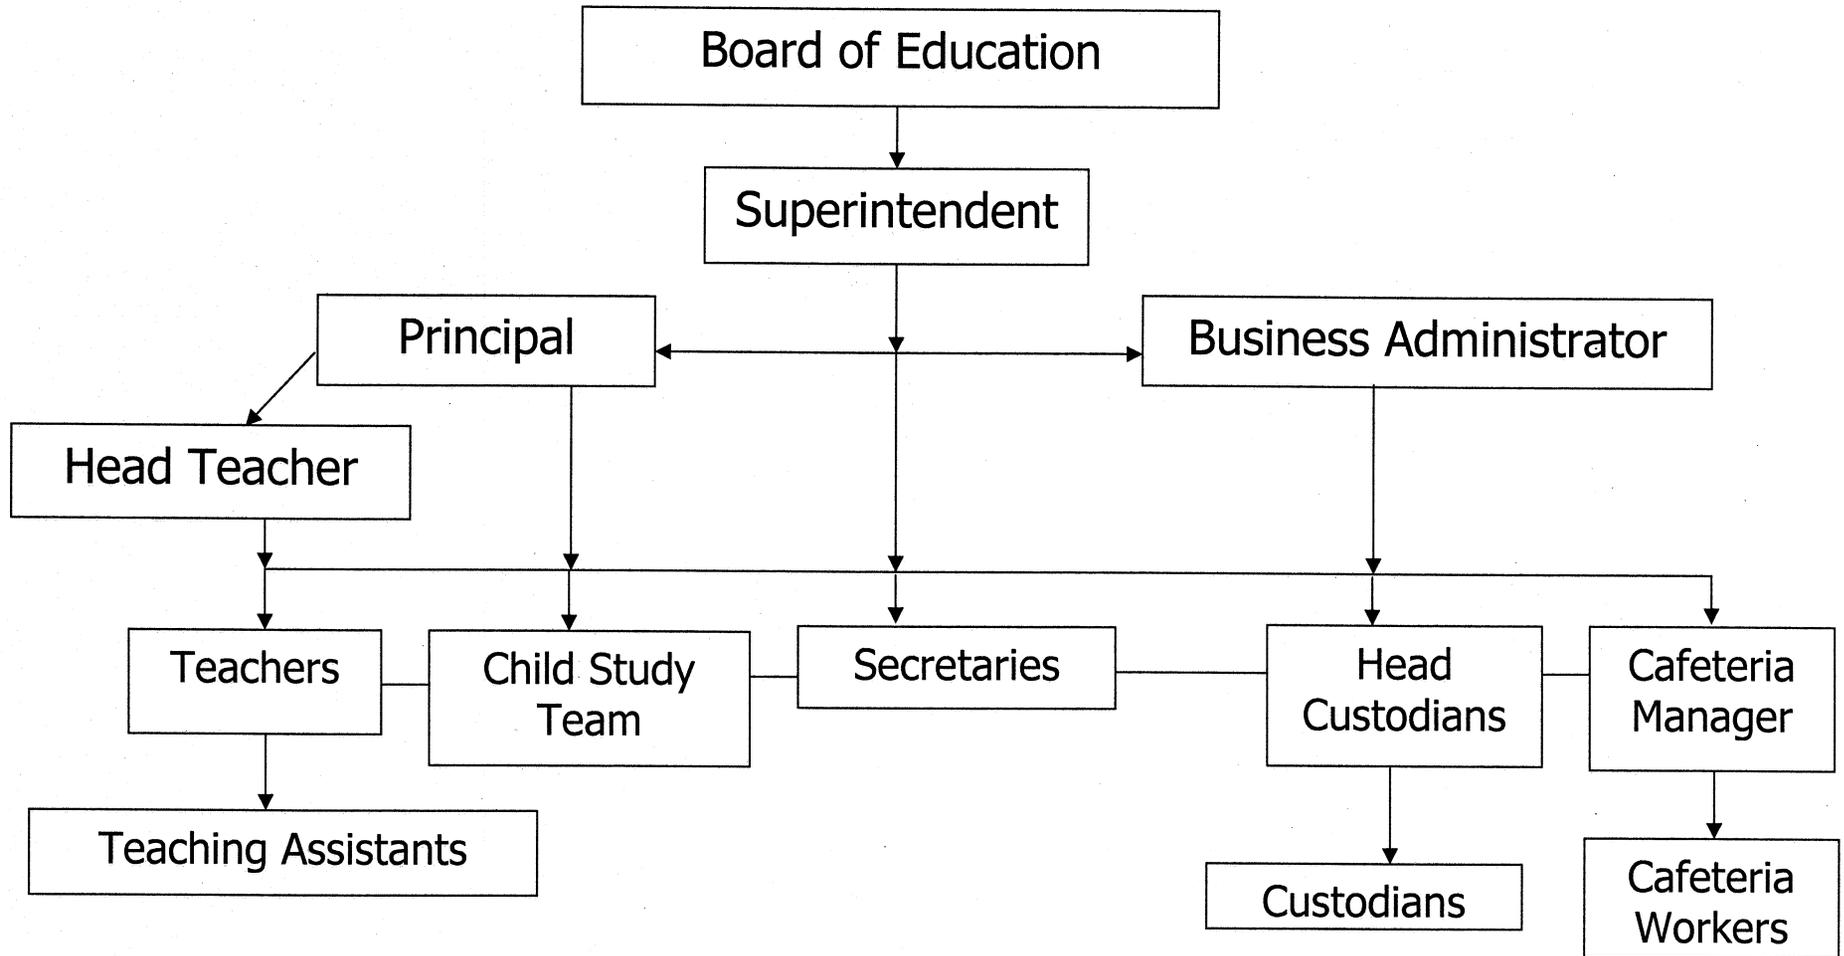

Dr. Loren Thomas, Superintendent

Donna Dolbow
Business Administrator/Board Secretary

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Mannington Township School District
County of Salem, New Jersey 08079

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Mannington Township School District in the County of Salem, State of New Jersey, as of and for the fiscal year ended June 30, 2011, which collectively comprise the Mannington Township School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Mannington Township School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Mannington Township School District in the County of Salem, State of New Jersey, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 16, 2011 on our consideration of the Township of Elsinboro Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governments Auditing Standards* and should be considered in assessing the results of our audit.

The Management Discussion and Analysis and Budgetary Comparison Information on pages 11 through 19 and 50 through 56 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures, to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Mannington Township School District's basic financial statements. The accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedure applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by New Jersey OMB's Circular 04-04, Single Audit Policy For Recipients of Federal Grants, State Grants and State Aid, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Respectfully submitted,

NIGHTLINGER, COLAVITA & VOLPA, P.A.

Raymond Colavita, C.P.A., R.M.A.
Licensed Public School Accountant
No. 915

REQUIRED SUPPLEMENTARY INFORMATION – PART I

Mannington Township School District Management Discussion and Analysis

This section of the Mannington Township School District's Comprehensive Annual Financial Report presents our discussion and analysis of the District's financial performance during the fiscal year ending on June 30, 2011. Comparative information between the current year (2010-11) and the prior year (2009-10) is required to be presented in the MD&A. The intent of the discussion and analysis is to look at the District's financial performance as a whole. Interested parties should review the basic financial statements and notes in concert with this document in order to enhance and clarify their understanding of the finances of the District.

Using the Comprehensive Annual Financial Report (CAFR)

The Comprehensive Annual Financial Report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information.

The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status and performance.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the *district-wide statements*, with the focus on operations.
- The *governmental fund statements* tell how *basic services* such as regular and special education were financed in the *short-term*, as well as what remains for future spending.
- *Proprietary fund statements* offer *short- and long-term* financial information about activities the District operates *like businesses*.
- *Fiduciary fund statements* provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.

The financial statements also include *notes* that explain various information in the statements and provide more detail. The statements are followed by a section of *required supplementary information* that further explains and supports the financial statements with a comparison of the District's budget for the year.

Key financial highlights for 2011 are as follows:

- General revenues accounted for \$3,105,057 in revenue or 87% percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$440,759 or 13% percent to total revenues of \$3,548,816.
- Total net assets of governmental activities increased by \$9,636, comprised of changes in various assets and liabilities. The net assets of the Business-type Activities decreased by \$10,680.

- The School District had \$3,546,860 in expenses, of which only \$440,759 of these expenses were offset by program specific charges for services, grants or contributions. Revenues (primarily federal awards, state aid and property taxes) of \$3,545,816 were adequate to provide for these programs. These revenues and expenses include the Business-type Activities.
- The General Fund had \$3,055,576 in revenues, \$3,028,532 in expenditures and no other net financing uses during the year. The General Fund's balance increased \$27,044 over 2010. This decrease was anticipated by the Board of Education as fund balance was used to balance the budget.

District-wide Financial Statements – Reporting the School District as a Whole

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's overall financial position.

This change in net assets is important because it tells the reader that, for the school district as a whole, the financial positions of the School district has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, which represent the district-wide financial statements, the School District is divided into two distinct kinds of activities:

- **Governmental Activities** – All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation, extracurricular activities and internal service funds.
- **Business – Type Activities** – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business-type activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major (all) funds begins on page 22. Fund financial reports provide detailed information about these major funds. The School District uses numerous funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds.

The District may implement four types of funds:

- *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information at the bottom of the governmental fund statements explains the relationship (or differences) between them.
- *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements. The District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- *Internal service funds:* (Also considered proprietary funds) are optional and utilized to report activities that provide supplies and services for other District programs and activities. The District currently does not have any internal service funds.
- *Fiduciary funds:* The District is the trustee, or *fiduciary*, for assets that belong to others, such as the student activity fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the district-wide financial statements as these assets may not be used to finance the District's operations.

The School District as a Whole

Table 1 provides a comparative summary of the School District's net assets for the years ended in 2011 and 2010.

Current and other assets	\$ 472,145	\$ 438,030
Capital assets, net	1,801,751	1,906,329

Net Increase in net assets	\$ 75,336	\$ (208,212)

Governmental Activities

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District operations. The District's Property taxes made up 67.3% percent of these revenues for governmental activities. Restricted and Unrestricted Federal, state and local grants accounted for another 16.9%. The total cost of services, as shown below, was \$3,546,860. The net cost of all governmental programs and services, which excludes charges for services and operating grants, was \$3,106,101. Instruction comprises 34.4% of these District expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows a comparison of the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Table 3

	<u>Total Cost of Services 2011</u>	<u>Net Cost of Services 2011</u>	<u>Total Cost of Services 2010</u>
Instruction	\$ 1,219,195	\$ 1,110,549	\$ 1,250,292
Tuition	366,720	366,720	599,893
Pupil and Instructional Staff	332,623	229,187	323,817
General administration, school administration, business	238,162	238,162	225,914
Operation and maintenance of facilities	201,174	201,174	204,116
Pupil Transportation	251,364	251,364	238,042
Employee Benefits	772,498	607,971	673,578
Interest and fiscal charges	90,294	90,294	93,493
Food Service	74,830	10,680	81,222
Total Expenses	<u>\$ 3,546,860</u>	<u>\$ 3,106,101</u>	<u>\$ 3,690,367</u>

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development. Curriculum and staff development expenses (included in support services) are related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Co-curricular activities include instructional expenses related to student activities provided by the School district which are designated to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District as well as internal service fund expenses.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition as well as internal service fund expenses.

Pupil transportation includes activities involved with the conveyance of students to and from school and other activities, as provided by state law, as well as internal service fund expenses.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Business-Type Activities

Revenues for the District's business-type activities (Food Service program) were comprised of charges for services and federal and state reimbursements.

- Expenses exceeded program revenues by \$10,680. This deficit was anticipated by the board as surplus was available from the prior year.
- Charges for services represent \$27,767 of revenue, which was a reduction of \$5,890 from the prior year. This represents amount paid by patrons for daily food services activities. There was no other nonoperating revenue.
- Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities, were \$36,383.

The School District's Funds

Information about the School District's major funds starts on page 22. These funds are accounted for using the modified accrual basis of accounting. The governmental funds used (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) had total revenues of \$3,455,466, expenditures of \$3,428,765 and no other net financing uses during the year. The net positive change in fund balance for the year was \$26,701. This demonstrates that the District was able to meet current operating costs with no urgent need for additional funds.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds (excluding capital projects and permanent scholarship funds) for the fiscal year ended June 30, 2011, and the amount and percentage of increases and decreases in relation to prior year revenues.

Revenues	Amount	Percent of Total	Increase/ (Decrease) from 2010	Percent Increase (Decrease)
Local Sources	\$ 2,492,307	72.13%	\$ 12,861	0.06%
State Sources	833,126	24.11%	(35,095)	-3.17%
Federal Sources	130,033	3.76%	(24,494)	-22.42%
	<u>\$ 3,455,466</u>	<u>100.00%</u>	<u>\$ (46,728)</u>	<u>-1.32%</u>

The increase in Local sources is attributed to increases in the general fund local tax levy of \$2,462, debt service tax levy of \$10,005 and \$1,191 in tuition revenue, offset by the decrease in other miscellaneous revenues of \$797.

The decrease in State sources of \$35,095 is attributed to decreases and in Categorical Aid of \$35,664 debt service aid of \$13,205 and, offset by an increase in social security contributions of \$5,632, on-behalf TPAF Pension of \$4,308 and \$3,834 in various restricted state grants.

The above schedule includes the last state aid payments for 2009-2010 of \$72,523 received in July 2010 and does not include the last state aid payments for 2010-2011 received in July 2011 in the amount of \$59,243.

The increase in Federal sources is due to changes in various grants. In addition, the 2011 figures do not include deferred revenue in accordance with GAAP accounting.

The following schedule presents a summary of general fund, special revenue fund, and debt service fund expenditures for the fiscal year ended June 30, 2011 and the percentage of increases and decreases in relation to prior year amounts.

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease from 2010)</u>	<u>Percent Increase (Decrease)</u>
Current:				
Instruction	\$ 1,148,461	33.49%	\$ (27,562)	-2.52%
Undistributed expenditures	2,071,035	60.40%	(134,704)	-6.52%
Capital Outlay	10,513	0.31%	(12,897)	-1.00%
Debt Service:				
Principal	109,136	3.18%	1,702	1.74%
Interest	89,620	2.61%	(4,901)	-4.54%
Total	<u>\$ 3,428,765</u>	<u>100.00%</u>	<u>\$ (178,362)</u>	<u>-3.83%</u>

The decrease in instructional expenditures is attributed to decreases in special education instructional expenses of \$21,180 and other instruction of \$21,372 offset by increase in regular salaries of \$1,604 Special Revenue grants of \$13,386.

The decrease in undistributed expenditures was due to decreases in tuition costs of \$233,173, student and instruction related services of \$19,100 and maintenance cost of \$4,082, offset by increases in administration/central services costs of \$10,769, pupil transportation expenses of \$13,322 and employee benefit costs of \$97,560.

The decrease in capital outlay is attributed to reduced Special Revenue Fund instructional expenditures of \$12,897.

The change in debt service results from increased principal payments and declining interest cost.

General Fund Budgeting Highlights

The School District's Budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2011, the School District amended its General Fund budget as needed. The School District uses program based budgeting. These budgeting systems are designed to tightly control total program budgets while providing flexibility for program management to address the following:

- Staffing changes based on student needs.
- Additional costs for student transportation both in regular education and special education.
- Changes in maintenance and operations
- Changes in appropriations to prevent budget overruns.

While the District's final budget for the general fund anticipated that revenues, including surplus appropriated, would roughly equal expenditures, the actual results for the year show an increase of \$13,421 as shown on Exhibit C-1.

- Actual revenues were \$1,450 less than expected, excluding on-behalf pension and social security reimbursements of \$159,445, due to various miscellaneous revenues receipts.
- Actual expenditures were \$144,293 less than expected. This excludes state on-behalf pension and social security reimbursements of \$159,445 and reflects favorable variances in most expenditure accounts.

Capital Assets

At the end of the fiscal year 2011, the School District had \$1,801,751 (net of accumulated depreciation) invested in land, buildings, furniture and equipment, and vehicles. Table 4 shows fiscal 2011 balances compared to 2010.

Table 4
Capital Assets (Net of Depreciation) at June 30

	<u>2011</u>	<u>2010</u>
Land	\$ 6,207	\$ 6,207
Land Improvements	2,068	2,311
Building and Improvements	1,694,172	1,802,551
Machinery and Equipment	99,304	95,260
Totals	<u>\$ 1,801,751</u>	<u>\$ 1,906,329</u>

Overall capital assets decreased \$107,457 from fiscal year 2010 to fiscal year 2011. Increases in capital assets by purchase or construction (primarily buildings and improvements and equipment) of \$10,513 in the Grant Fund and \$3,318 in the Food Service Fund were offset by depreciation expenses of \$118,409 for the year, which was made up of \$117,970 in the General fund and \$439 in the Food Service Enterprise Fund.

Long-Term Debt:

At year-end, the District had outstanding capital lease principal in the amount of \$135,774, school bonds in the amount of \$1,833,000 and compensated absences of \$76,150. There was no other outstanding authorized debt (Note 6). The remaining available amount of debt permitted to be authorized is \$4,587,777.

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was aware of the following existing circumstances that could significantly affect its financial position in the future:

- The current collective bargaining unit is in effect until June 30, 2014.
- State Formula Aid for the fiscal year 2010-2011 remained at the same level as the previous year. It is the District's hope the State will apply an aid formula that results in distribution of aid based on the District performance plus an enrollment basis. The District's special revenue sources have been more unpredictable with decreases in the overall funds year to year. The District avails itself of every possible grant opportunity to increase educational opportunities for students.
- The District still receives Debt Service Aid in regard to the past referendum project that was completed in 2007.

In conclusion, the Mannington Township School District has committed itself to fiscal responsibility for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are functioning. The School District plans to continue its sound fiscal management to meet the requirements of the future while admitting that the challenge continues in finding revenues to meet expense requirements.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact Donna Dolbow, Business Administrator, Mannington Township School District, 495 Route 45, Salem, NJ 08079.

BASIC FINANCIAL STATEMENTS

DISTRICT WIDE FINANCIAL STATEMENTS

The statement of net assets and the statement of activities display information about the District.

These statements include the financial activities of the overall District, except for fiduciary activities.

Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

MANNINGTON TOWNSHIP BOARD OF EDUCATION
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2011

Total net change in fund balances - governmental funds (from B-2) \$ 26,701

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

Depreciation expense	\$	(117,970)	
Amortization of debt Issue Costs		(1,789)	
Capital outlays		10,513	(109,246)

In the statement of activities, certain operating expenses are measured by the amounts earned during the year, such as compensated absences. In the governmental funds, however, expenditures are reported when the corresponding financial resources are used or paid. (18,070)

Repayment of capital lease principal is an expenditure in the government funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of net assists. 29,136

Repayment of Serial Bond principal is an expenditure in the government funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of net assists. 80,000

In the statement of activities, interest on long term debt is accrued, regardless of when due, In the Governmental funds, interest is reported when due for payment. 1,115

Change in net assets of governmental activities (A-2) **\$ 9,636**

The accompanying Notes to Financial Statements are an integral part of this statement.

**MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

A. Reporting Entity:

The Mannington Township School District is a Type II district located in the County of Salem, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of seven members elected to three-year terms. These terms are staggered so that two or three members' terms expire each year. The purpose of the district is to educate students in grades Pre K-8. The Mannington Township School District had an approximate enrollment at June 30, 2011 of 193 students.

Business Administrator/Board Secretary services are contracted with the Alloway School District including responsibility for the administrative control of the district.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of Mannington Township School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

In June 1999, the Governmental Accounting Standards Board (GASB), unanimously approved Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. This Statement provides for the most significant change in financial reporting over twenty years and is scheduled for a phase-in implementation period (based on amount of revenues) starting with fiscal years ending 2002 (for larger governments). In addition, the school district has implemented GASB Statement No. 37, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus*, Statement No. 38, *Certain Financial Statement Note Disclosures* and GASB No. 54 *Fund Balance Reporting and Governmental Fund Type Descriptions*.

A. Basis of Presentation:

The District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

A. Basis of Presentation: (continued)

District-wide Statements: The statement of net assets and the statements of activities display information about the financial activities of the overall district, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net assets presents the financial condition of the governmental and business-type activities of the District at the fiscal year end while the statement of activities presents a comparison between direct expenses and program revenues for each different business-type activity of the District and for each function of the District's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses—expenses of the District related to the administration and support of the District's programs, such as personnel and accounting—are not allocated to programs.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting.

B. Fund Accounting:

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds and accounts are grouped in the financial statements in this report as follows:

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting: (continued)

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. The district currently has no capital projects and, therefore, has not included a capital projects fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

PROPRIETARY FUNDS (CONT'D)

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund. The School Age Child Care Program was eliminated in the prior year.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Food Service Fund - Equipment	12 Years
-------------------------------	----------

FIDUCIARY FUNDS

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Expendable Trust Fund - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. Expendable Trust Funds include Unemployment Compensation Insurance and scholarship funds, if any:

Nonexpendable Trust Fund - A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. The District does not maintain a nonexpendable trust fund.

Agency Funds - Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include payroll and student activities funds. This includes a Flexible Medical Spending Plan.

**MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Accounting and Measurement Focus:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, Proprietary and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under the New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The District's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2 (m) 1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year, subject to certain rules. The Board of Education did not make any material supplemental budgetary appropriations during the fiscal year.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Budgets/Budgetary Control: (continued)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis, which differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

A reconciliation of the special revenue funds from the budgetary basis of accounting (as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General, Special Revenue and Debt Service Funds) to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types is shown on Exhibit C-2.

E. Encumbrance Accounting:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end. The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

F. Tuition Receivable:

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

G. Tuition Payable:

Tuition charges for the fiscal years 2008-09, 2009-10 and 2010-11 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

H. Short-Term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

I. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

On district-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2011.

J. Assets, Liabilities and Equity:

Transactions

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

Inventories

On district-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method and is expended when used. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2011. At June 30, 2011, there was an ending inventory of \$263 in the Food Service Fund, of which \$252 were federal commodities.

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1986, as revised) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements. The District receives federal commodity food for meal service provided through a vended meal contract.

Capital Assets - General fixed assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The general fixed assets acquired or constructed prior to June 30, 2011 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. General fixed assets are reflected as expenditures in the applicable governmental funds, and the related assets are reported in the general fixed assets account group. Expenditures that enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the fixed asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized. Assets in the general fixed assets account group are not depreciated.

Capital assets are depreciated in the district-wide financial statements using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Building	50
Building Improvements	20
Equipment	5-10

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

K. Compensated Absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the district-wide Statement of Net Assets.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

L. Deferred Revenue:

Deferred revenue in the special revenue fund represents cash that has been received but not yet earned.

M. Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

N. Allocation of Indirect Expenses:

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are not reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

O. Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

**MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

P. Fund Equity:

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds. Reserves represent those portions of fund equity not available for appropriation for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

Q. Comparative Data/Reclassifications:

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the District's financial position and operations. Also, certain immaterial amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

R. Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of revenues and expenditures/expenses during the reporting period. Accordingly, actual results could differ from those estimates.

S. Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

T. Net Assets:

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

U. Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

V. Revenues – Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned.

Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or for the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, cash in banks and highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest.

Investments are stated at cost, or amortized cost, which approximates market. The Board classifies U.S. Treasury with Agency obligations and certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions in which they may invest. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts as follows:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives, which have a maturity date no greater than twelve months from the date of purchase.
- c. Bonds of other obligations of the school district.

School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund. As of June 30, 2011, the District had no funds on deposit with the New Jersey Cash Management.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Deposits:

N.J.S.A. 17:9-41, et seq. establish requirements for the security of deposits of governmental units. The statutes require that school districts deposit public funds in public depositories secured in accordance with the Governmental Unit Deposit Protection Act, which is a multiple financial institution collateral pool enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories.

Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office on the state of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to 5% of the average daily balance of collected public funds on deposit, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to Governmental Units.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The school district has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the Governmental Unit Deposit Protection Act and approves a list of authorized depository institutions based on an evaluation of solicited responses and presentation of GUDPA certifications provided by the financial institutions.

As of June 30, 2011, cash and cash equivalents in the fund financial statements of the District consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking accounts	\$ 382,060
Certificates of Deposit	-
Total	<u>\$ 382,060</u>

Custodial Credit Risk:

Custodial credit presents a risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District's formal policy regarding custodial credit risk is in compliance with N.J.S.A. 17:9-41 et seq. that the School District deposit all public funds in public depositories protected from loss under the provisions of the GUDPA Act as previously described.

The District does not place a limit on the amount that may be invested in any one issuer. As of June 30, 2011, the District's bank balance of \$428,209 was insured or collateralized as follows:

Insured by Depository Insurance	\$ 250,000
Collateralized under GUDPA	<u>178,209</u>
Total	<u>\$ 428,209</u>

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

Credit Risk - Credit risk is the risk that an issuer of an investment will not fulfill its obligations. The District does not have a policy that restricts investment choices beyond Title 18A:20-37.

NOTE 4. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Township of Mannington Board of Education by inclusion of \$1,000 on September 12, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2010 to June 30, 2011 fiscal year is as follows:

Beginning Balance, July 1, 2010	\$ 16,878
Interest Earnings	25
Deposits - Approved by Resolution in June 2011	
	<u>16,903</u>
Less: Withdrawals	
Ending Balance, June 30, 2011	<u>\$ 16,903</u>

The balance in Capital Reserve is within the June 30, 2011 LRFP balance of local support costs of uncompleted capital projects at June 30, 2011.

NOTE 5. OPERATING LEASES

The District leases various office equipment under operating leases. The terms of the contracts call for monthly or quarterly payments. The future minimum lease payments required under the lease are as follow:

<u>Year Ending June 30,</u>	<u>Amount</u>
2012	\$ 3,731
Total	<u>\$ 3,731</u>

The total operating lease payments made during the year ended June 30, 2011 were \$7,462.

	<u>\$ 1,833,000</u>	<u>\$ 675,023</u>	<u>\$ 2,508,023</u>

B. Bonds Authorized But Not Issued -- As of June 30, 2011, the District had no bonds authorized but not issued.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 7. GENERAL LONG-TERM DEBT (CONT'D)

C. Capital Leases – During the year ended June 30, 2000, the Board of Education entered into a lease purchase agreement in the amount of \$400,000 for the purpose of replacing the roof and any other repairs associated with the roofing project. The lease term is 15 years, and bears interest at the rate of 6.204%.

<u>Year ending June 30,</u>	<u>Amount</u>
2012	\$ 39,366
2013	39,366
Thereafter	78,736
Total Minimum Lease Payments	157,468
Less: Amount Representing Interest	(21,694)
Present Value of Net Minimum Lease Payments	<u>\$ 135,774</u>

NOTE 8. PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE 8. PENSION PLANS (CONT'D)

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Cr 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by 1/2 of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets.

Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits; accordingly, the pension costs for TPAF and PERS were reduced. Chapter 415, P.L. 1999 provides for a reduction in this rate of 3% for the calendar years 2000 and 2001 and for a contribution rate reduction of up to 2% of compensation in future calendar years if the State Treasurer determines that excess valuation assets will be used to reduce the normal contributions made to the system by the State and local employers in a fiscal year beginning immediately prior to a calendar year. Where a contribution is required from the Board of Education, the board is billed annually for its normal contribution plus any accrued liability. There is no accrued liability for the Public Employees' Retirement System as of June 30, 2005 since the requirements were fully funded by the State of New Jersey.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost - of - living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

**MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 8. PENSION PLANS (CONT'D)

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Three-Year Trend Information for PERS

Year Funding	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
6/30/11	\$ 38,622	100 %	\$ 38,622
6/30/10	29,865	100	29,865
6/30/09	24,392	100	24,392

Three-Year Trend Information for TPAF (Paid on-behalf of the District)

Year Funding	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
6/30/11	\$ 74,598	100 %	\$ 0
6/30/10	70,290	100	0
6/30/09	62,441	100	0

During the fiscal year ended June 30, 2011, the State of New Jersey contributed \$3,354 to the TPAF for Non-contributory Insurance and \$71,244 for post-retirement benefits and nothing for normal contribution on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$84,847 during the year ended June 30, 2011 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund schedules as a revenue and expenditure in accordance with GASB 27.

NOTE 9. POST-RETIREMENT BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2010, there were 87,288 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$126.3 million toward Chapter 126 benefits for 14,050 eligible retired members in Fiscal Year 2010.

**MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 10. COMPENSATED ABSENCES

The School District accounts for compensated absences as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the school district and its employees, is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the School District's personnel policies. Upon termination, employees are paid for accrued vacation. The School District's policy permits employees to accumulated unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreement with the various employee unions.

In the district wide-Statement of Net Assets, the liabilities whose average maturities are greater than one year should be reported in two components-the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2011, there was no liability for compensated absences in the Food Service Fund.

NOTE 11. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrator is as follows:

Lincoln Investments
Travelers Insurance Company

NOTE 12. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

NOTE 13. INTERFUND RECEIVABLES AND PAYABLES

There was an interfund balance of \$85,672 due from the Special Revenue Fund to the General fund, as shown on Exhibit B-1 at June 30, 2011.

**MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 14. FUND BALANCE APPROPRIATED

General Fund - Of the \$406,676 General Fund balance at June 30, 2011, \$16,903 is reserved for Capital Reserve; \$0 is reserved for Encumbrances; \$10,000 was reserved as Maintenance Reserve; \$53,524 was reserved as excess surplus at June 30, 2011 in accordance with N.J.S.A. 18A:7F-7; (\$23,872 is reserved as excess surplus at June 30, 2011, which has been appropriated and included as anticipated revenue for the year ending June 30, 2012); \$128,000 has been appropriated and included as anticipated revenue for the year ending June 30, 2011; and \$198,249 is unreserved and undesignated.

Debt Service Fund – The unreserved and undesignated Debt Service fund balance at June 30, 2011 is \$3.

NOTE 15. CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2005, c.73 (S1701), the designation for Reserved Fund Balance -- Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2011 is \$53,524, of which \$29,652 must be budgeted in the 2012-13 budget.

NOTE 16. LITIGATION

The District is from time to time involved in claims and lawsuits incidental to its operations. Per confirmation by the District's legal counsel, there are no pending litigations, claims, assessments of contingent liability against the District.

NOTE 17. DEFICIT FUND BALANCES

The District has a deficit fund balance in the Special Revenue Fund of \$7,144 as of June 30, 2011 as reported in the fund statements (modified accrual basis). P.L. 2003, c.97 provides that in the event a state school aid payment is not made until the following school year, districts must record the last state aid payment as revenue, for budgeted purposes only, in the current budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry i.e. if one government recognizes as asset, the other government recognizes a liability. Since the state is recording the last state aid payment in the subsequent fiscal year, the school district cannot recognize the last state aid payment on the GAAP financial statements until the year the state records the payable. Due to the timing difference of recording the last state aid payment, the Special Revenue Fund does not alone indicate that the district is facing financial difficulties. The deficit of \$7,144 is equal to the 19th and 20th payments received in July 2011.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

MANNINGTON TOWNSHIP SCHOOL DISTRICT
BUDGET-TO-GAAP RECONCILIATION
BUDGETARY COMPARISON SCHEDULE
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

**Explanation of Differences between Budgetary Inflows and Outflows and
 GAAP Revenues and Expenditures**

		<u>General Fund</u>		<u>Special Revenue Fund</u>
Sources/inflows of resources				
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	[C-1] \$	3,041,953	[C-2] \$	201,477
Difference - budget to GAAP:				
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.				
State aid payment recognized for Gaap statements in the current year, previously recognized for budgetary purposes.		65,722		6,801
State aid payment recognized for budgetary purposes, not recognized for GAAP statements		(52,099)		(7,144)
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	[B-2] \$	<u>3,055,576</u>	[B-2] \$	<u>201,134</u>
Uses/outflows of resources				
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1] \$	3,028,532	[C-2] \$	201,477
Differences - budget to GAAP				
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for <i>budgetary</i> purposes, but in the year the supplies are received for <i>financial reporting</i> purposes.				
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2] \$	<u>3,028,532</u>	[B-2] \$	<u>201,477</u>

PROPRIETARY FUND DETAIL STATEMENTS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the district’s board is that the costs of providing goods or services be financed through user charges.

Food Services Fund – This fund provides for the operation of food services for the schools within the school district.

Internal service funds – This fund is used to serve organizational units within the district or to serve other governmental units.

Note: Details regarding the district's outstanding debt can be found in the notes to the financial statements.

a See Exhibit NJ J-6 for property tax data.

b Population data can be found in Exhibit NJ J-13.

If a district has resources that are restricted to repaying the principal of debt outstanding, these amounts should be shown in a separate column "Deductions" and be subtracted from the total, and the schedule should be named ratios of net general bonded debt outstanding.

MANNINGTON TOWNSHIP SCHOOL DISTRICT
RATIOS OF OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
AS OF JUNE 30, 2011

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable ^a</u>	<u>Estimated Share of Overlapping Debt</u>
Debt repaid with property taxes			
Township of Mannington	\$ 443,600	100%	\$ 443,600
Other debt			
County of Salem - Township's share	40,991,000	3.61%	1,478,608
Subtotal, Overlapping Debt			<u>1,922,208</u>
Mannington Township School District Direct Debt			<u>1,833,000</u>
Total Direct and Overlapping Debt			<u>\$ 3,755,208</u>

Sources: Mannington Township Finance Officer and Salem County Finance Office

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Mannington. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and
Members of the Board of Education
Mannington Township School District
County of Salem, New Jersey 08079

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Mannington Township School District, in the County of Salem, State of New Jersey, as of and for the fiscal year ended June 30, 2011, which collectively comprise the Board of Education of the Mannington Township School District's basic financial statements and have issued our report thereon dated September 16, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in ***Government Auditing Standards***, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Mannington Township Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Mannington Township Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Mannington Township Board of Education's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Mannington Township Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under **Government Auditing Standards** and audit requirements as prescribed by the Division of Finance, Department of Education and Regulatory Compliance, State of New Jersey. However, we noted an immaterial matter that we reported to the Board of Education of the Mannington Township School District in a separate report entitled, *Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance* dated September 16, 2011.

This report is intended solely for the information and use of the audit committee, management, the Mannington Township Board of Education, the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH NEW JERSEY OMB CIRCULAR 04-04

The Honorable President and
Members of the Board of Education
Mannington Township School District
County of Salem, New Jersey 08079

Compliance

We have audited the compliance of the Board of Education of the Mannington Township School District, in the County of Salem, State of New Jersey, with the types of compliance requirements described in the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of Mannington Township School District's major state programs for the fiscal year ended June 30, 2011. The Mannington Township Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Mannington Township Board of Education's management. Our responsibility is to express an opinion on the Mannington Township Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Mannington Township Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Mannington Township Board of Education's compliance with those requirements.

In our opinion, the Board of Education of the Mannington Township School District, in the County of Salem, State of New Jersey, complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2011.

Internal Control Over Compliance

Management of the Mannington Township School District's Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered Mannington Township Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major state program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with New Jersey's OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Mannington Township School District's Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, the Mannington Township Board of Education, the New Jersey State Department of Education, other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

See accompanying notes to schedules of financial assistance

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS
AND FINANCIAL ASSISTANCE
JUNE 30, 2011

NOTE 1: GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Mannington Township School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.*, 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state June aid payments in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$13,623 for the general fund and \$(343) for the special revenue fund. See Note 2 (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:

MANNINGTON TOWNSHIP SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS
AND FINANCIAL ASSISTANCE

JUNE 30, 2011

(Continued)

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$ 694,447	\$ 694,447
Special Revenue Fund	\$ 130,033	71,101	201,134
Debt Service		67,578	67,578
Food Service Fund	<u>35,590</u>	<u>793</u>	<u>36,383</u>
Total Financial Assistance	\$ <u>165,623</u>	\$ <u>833,919</u>	\$ <u>999,542</u>

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: FEDERAL AND STATE LOANS OUTSTANDING

The Mannington School District had no federal or state loan balances outstanding at June 30, 2011.

NOTE 6: OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions, if any, represents the amount paid by the state on behalf of the district for the year ended June 30, 2011. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2011.

NOTE 7: SCHOOLWIDE PROGRAM FUNDS

As the District's Federal Programs are on a targeted student group basis, there are no schoolwide programs in the District.

NOTE 8: MAJOR PROGRAMS

Major programs are identified in the Summary of Auditor's Results section of the Schedule of Findings and Questioned Costs
