Honorable President and
Members of the Board of Education
North Hanover Township School District
County of Burlington, New Jersey

Dear Board Members:

The comprehensive annual financial report of the North Hanover Township School District for the fiscal year ending June 30, 2011 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of State, Local Governments and other non-profit organizations", and the state Treasury Circular Letter 04-04 OMB; "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations, findings, and recommendations, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES North Hanover Township School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The North Hanover Township Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 6. These include regular, transitional as well as special education for handicapped youngsters. The District for the 2010-2011 fiscal year had an enrollment of 1,182 students at the official count date of October 15, which is an increase of 39 students from the previous year's enrollments. The following details the changes in the student enrollment of the District over the last twenty one (21) years:

Average Daily Enrollment

Fiscal Year	Student Enrollment	Percent Change
2010/2011	1,182	+3.41
2009/2010	1,143	+.26

1996-97	1,628	-4.60
1995-96	1,707	-3.70
1994-95	1,771	+9.70
1993-94	1,614	-3.80
1992-93	1,675	-10.50
1991-92	1,850	+1.50
1990-91	1,822	+4.90

2) ECONOMIC CONDITION AND OUTLOOK: The local community of North Hanover Township is not experiencing any major development or expansion. This condition is not expected to change over the next several years. In addition to the local community students, the District has the responsibility of educating the students of families assigned to McGuire Air Force Base. McGuire AFB is the lead service as part of a joint super base with Fort Dix and Lakehurst Naval Air Station, known as Joint Base MDL: the Department of Defense's first joint base and the only joint base that consolidated Air Force, Army and Navy installations. Although there will be additional families arriving at the base the District does not anticipate any significant increase in students due to the lack of housing on the base and the local community. In fact, some housing was demolished as part of a privatization of housing initiative to improve the housing stock and living conditions for the military family and families were and continue to be relocated to housing on Fort Dix. Thus, enrollment has decreased over the last several years but appears to have flattened and is, in fact, on the upswing as new housing on the Base is being completed.

3) MAJOR INITIATIVES: Students continued to score above the national averages on the Terra Nova Tests. The Board continues to upgrade the physical plant at both campuses. A new school housing all the fifth and sixth grade students under one roof was substantially completed and opened in September 2007. As recommended by the Superintendent of Schools, the Board voted in February of 2010 to move forward with significant renovations to the Columbia School and to the Discovery School. While the renovations are underway, the school being renovated would be closed. Also, as recommended by the Superintendent of Schools, the District adopted a realignment plan whereby the children in grades three (3) and four (4) living on the Joint Base MDL attend the C.B. Lamb Elementary School. Thus, children in grades three (3) through six (6), beginning with the 2010/2011 school year were together. Finally, due to enrollment, the Board also voted to close the Atlantis School when the renovations to the Columbia School and the Discovery School are completed. However, in January of 2010 a team from the Department of Defense Education Activity (DoDEA) inspected the schools on Base and prepared a report

on the condition of those schools. This report is being reviewed by Congress. Thus, the renovations initiatives are on hold pending the availability of additional Federal funding.

4) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimate and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line items basis. Open encumbrances at year-end either are canceled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2011.

6) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles as promulgated by the Government Accounting Standards Board (GASB). The accounting system of the District is organized based on funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) FINANCIAL INFORMATION AT FISCAL YEAR END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund and special revenues for the fiscal year ending June 30, 2011 and the amount and percentage of increase in relating to prior year revenues.

Revenue	Amount	Percent of Total	Increase/(Decrease) from 2010	Percent of Increase/(Decrease)
Local Sources	\$ 2,442,303	9.95%	\$ (120,008)	(4.68)%
State Sources	11,721,993	43.00%	1,295,398	12.24%

Federal Sources	10,386,448	46.43%	(870,617)	(7.73)%
Total	\$24,550,744	100.00%	\$ 304,773	1.26%

The following schedule presents a summary of general fund expenditures for the fiscal year ending June 30, 2010:

Expenditures	Amount	Percent of Total	Increase/(Decrease) from 2010	Percent of Increase/(Decrease)
<u>Current Expense/ Special Revenue</u>				
Instruction	\$ 8,963,112	35.57%	\$ 17,180	.19%
Undistributed Expenditures	12,924,157	51.30%	409,803	3.27%
Capital Outlay	3,308,266	13.13%	(324,086)	(8.92)%
Total	\$ 25,195,535	100.00%	102,897	.41%

8) CASH MANAGEMENT: The investment policy of the District is by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

10) OTHER INFORMATION:

A) **Independent Audit** – State statutes require an annual audit by independent certified public accounts or registered municipal accountants. Mr. Kevin Frenia, CPA, was selected by the Board to serve as auditor. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and the related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports, related specifically to the single audit are included in the single audit section of this report.

11) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the North Hanover Township School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
North Hanover Township
County of Burlington
Wrightstown, New Jersey 08562

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the North Hanover Township School District, County of Burlington, State of New Jersey, as of and for the fiscal year ended June 30, 2011, which collectively comprise the District's financial statements as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has decided to report a portion of their net assets as restricted for Federal Impact Aid. GASB 34 states that restricted net assets arise if externally imposed by a creditor or imposed by law through constitutional provisions or enabling legislation. Accounting principles generally accepted in the United States of America require Impact Aid to be reported as unrestricted assets in the General Fund.

In our opinion, except for the effects of not reporting a portion of Federal Impact Aid as unassigned net assets of the General Fund, the financial statements referred to above present fairly, in all material respects, the respective financial position of the General Fund of the Board of Education of the North Hanover Township School District, County of Burlington, State of New Jersey, as of June 30, 2011, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Board of Education of the North Hanover Township School District, County of Burlington, State of New Jersey, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 12, 2011, on our consideration of the North Hanover Township Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 11 through 18 and 54 through 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the North Hanover Township Board of Education's financial statements. The accompanying introductory section, and other supplementary information such as the combining and individual fund financial statements, schedule of federal expenditures, expenditures of state financial assistance and statistical information are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of federal expenditures and expenditures of state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and is also not a required part of the financial statements. The combining and individual fund financial statements and the accompanying schedule of federal expenditures and expenditures of state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

REQUIRED SUPPLEMENTARY INFORMATION – PART I

Management's Discussion and Analysis

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS For The Fiscal Year Ended June 30, 2011

The Management Discussion and Analysis (MD&A) is an element of the Required Supplementary Information specified in the *Governmental Accounting Standard Board's (GASB) Statement No. 34 – Basic Financial Statements – Management's Discussion and Analysis for State and Local Governments* (commonly referred to as GASB 34) issued in June 1999, and is required to be incorporated by the New Jersey Department of Education.

Objectives:

In the Concepts Statement No. 1, Objective of Financial Reporting, the GASB established a number of objectives of financial reporting by state and local governments and GASB further believes that the MD&A will help users to:

- Evaluate the operating results of the government for the year (GASB Concepts Statement No. 1, paragraph 78) by providing an easily readable summary of operating results and the reasons for changes in the components of operating results.
- Assess the financial position and condition of the government and determine whether the government's financial position improved or deteriorated as a result of the year's operations (paragraph 78c and 79a) by providing financial management's analysis directed specifically to this point, including the reasons for changes.
- Determine whether current-year revenues were sufficient to pay for current-year services (paragraph 77a) by discussing operating results, including decisions already made that will affect future operations.
- Understand the sources and uses of financial resources (paragraph 78a) by providing an analysis of the balances and transaction of individual funds, particularly for *governmental* funds.
- Understand how the government financed its activities and met its cash requirements (paragraph 78b) by describing (a) important economic factors, such as changes in tax or employment bases, that significantly affected operating results for the year; and (b) debt limitations that may affect the financing of planned facilities or services and any changes in credit ratings.
- Determine whether resources were obtained and used in accordance with the entity's legally adopted budget (paragraph 77b) by providing management's analysis of significant variations between original and final budget amounts and between final budget and actual amounts for the government's general fund.
- Assess the service efforts, costs and accomplishments (SEA) of the governmental entity (paragraph 77c) by discussing currently known facts that are expected to affect the services a government provides and the cost of those services.

- Assess the level of services that can be provided by the government and its ability to meet obligations as they become due (paragraph 79) by describing debt limitations, changes in credit ratings, reasons for significant changes in individual fund balances and the effect of any limitations on their use, as well as important economic factors that significantly affected operating results for the year.
- Gain information about a government's physical and other nonfinancial resources having useful lives that extend beyond current year (paragraph 79b) by describing significant capital assets activity during the year, commitments made to acquire new capital assets, and in some cases, the condition level of infrastructure assets.
- Assess legal or contractual restrictions on resources and risks of potential loss of resources (paragraph 79c) by describing debt limitations and any changes in credit ratings, limitations on individual fund balances, as well as currently known facts, decisions, or conditions that are expected to have a significant effect on financial position or results of operations.

Thus, it is the objective of this statement to assess for the readers the financial position of the North Hanover Township School District and to explain the major sources of revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) District-wide financial statements, 2) Governmental Fund financial statements, and 3) Notes to the financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

District-Wide Financial Statements. The district-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to the reporting for the private sector. For governmental entities these statements tell how services were financed and what remains for future spending.

The combined statement of net assets (A-1) presents information on all of the assets and liabilities of the District, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The combined statement of activities (A-2) presents information showing how the net assets of the District changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The district-wide financial statements can be found as Exhibits A-1 and A-2 in this report.

Fund Financial Statements. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the district-wide financial statements. However, unlike the district-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because of the focus of governmental funds is narrower than that of the district-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the district-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decision. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance for the general fund, special revenue fund, capital projects fund, debt service fund and permanent fund, all of which are considered to be major funds.

The general and special revenue funds utilize a legally adopted annual budget. A budgetary comparison statement has been provided for the general fund and special revenue fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found as Exhibits B-1 through B-3 in this report.

Proprietary Funds

The District maintains one proprietary fund type, an enterprise fund. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the District is that the costs of providing goods or services be financed through user charges. The food services enterprise fund provides for the operation of food services in all schools within the District. The proprietary fund has been included within business-type activities in the district-wide financial statements.

The food services fund detail financial statements can be found as Exhibits G-1 through G-3 in this report.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the district-wide financial statement because the resources of those funds are not available to support the District's own programs.

The District uses trust and agency funds to account for resources held for payroll transactions and the District' unemployment trust fund and sick pay benefits fund. The basic fiduciary fund financial statements can be found as Exhibits H-1 and H-3 in this report.

Notes to the Financial Statements. The notes provide additional information that is essential for a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements can be found after the fund financial statements in this report.

Other information. The combining and individual fund statements referred to earlier in connection with governmental and enterprise funds are presented immediately following the notes to the financial statements.

Overview of the District as a Whole

The North Hanover Township School District is a pre-k to grade 6 district serving the children of those who live in North Hanover and at the Joint Base MDL (McGuire, Dix, Lakehurst). State Aid, local tax levy and a payment from the Federal government in lieu of taxes, known Impact Aid, are the primary revenues. There are five (5) school buildings: three (3) of which are owned by the U.S. Department of Education (USDOE). The three (3) schools which are owned by the USDOE are located on land owned by Joint Base MDL and which, in turn, is leased to the North Hanover Township Board of Education at no fee. Contracts were awarded in April 2004 for the construction of a 124,934 square foot school, known as the Upper Elementary School, which was designed with the intent to replace one school on Base as well as combine the children educated in that school, i.e. 5th and 6th grade, with those in the same grades from the C.B. Lamb Elementary School. The Upper Elementary School was substantially completed for the 2007/2008 school year, and, in turn, ownership of one school on Base was transferred from the U.S. Department of Education to the then called McGuire Air Force Base.

As recommended by the Superintendent of Schools, the Board voted in February 2010 to move forward with significant renovations to the Columbia School and to the Discovery School. While the renovations are underway, the school being renovated would be closed. However, these renovations are on hold pending the outcome of a report from the Department of Defense Education Activity (DoDEA) to Congress on the condition of schools on military installations and the possibility of additional Federal monies to fund the recommended renovations to those schools identified in that report.

Also, as recommended by the Superintendent of Schools, the District adopted a realignment plan. As a result, the children in grades three (3) and four (4) living on the Joint Base MDL attend the C.B. Lamb Elementary School. Thus, beginning with the 2010/2011 school year, children in grades three (3) through four (4) were together in one school building. Finally, due to enrollment, the Board also voted to close the Atlantis School when the renovations to the Columbia and Discovery Schools are completed.

Revenues received by the District are primarily Impact Aid from the Federal government, as well as State Aid and a local tax levy.

Financial Highlights

Some of the significant financial highlights of the 2010/2011 school year (FY'11) as compared to the 2009/2010 school year (FY'10):

- There was an increase in revenues of \$304,773, or 1.26%, and a nominal increase in expenditures of \$102,897 or .41%. However, cash and cash equivalents of the governmental funds decreased by \$562,999 or 2.09%, as payments for previously obligated capital expenditures became due.
- Impact Aid, which is enrollment and formula driven, increased by \$360,739 or 3.64%, which mirrors overall revenue and enrollment.

- An increase in student transportation costs (\$107,229 or 7.86%) was realized due to the addition of new routes mandated by a shift in student population to new housing areas
- The plan changes achieved through collective bargaining in the prior fiscal year, in an effort to better manage costs and offset future increases in the health care plan costs, resulted in a more modest increase for all employee benefits than experienced in recent years: \$272,286 or 5.21%.
- An increase was realized in Special Education costs as more special needs students were educated within the District; but a portion of these costs were offset by a subsequent reduction in tuition paid to other districts or to private schools for the disabled.
- Miscellaneous revenue decreased for the fourth consecutive year due to another sharp decline in interest rates affecting earnings on investments, as the Federal Reserve continued to push interest rates down in an effort to stimulate the slumping economy.
- Costs for plant operation and maintenance decreased by \$29,540 or 1.38% as service contracts were consolidated and/or bid resulting in the second year of savings in these areas.
- The tax rate was increased by four cents (\$.04) per \$100 of assessed value; this increase, together with a nominal increase in ratables, resulted in an increase in the tax levy \$77,852.
- The steady decline in enrollment experienced over an eight (8) year period ended in FY '10 with a modest increase in enrollment. A more significant increase was realized this year, i.e. 3.4%, due to the completion and subsequent occupancy of many of the new homes on the Joint Base.
- The 2010/2011 budget was primarily a maintenance budget, as evidenced by the nominal increase of .41% in expenditures.

The following table, also shown as Exhibit A-1, is a worksheet indicator of the District's financial position:

Financial Analysis of the District's Funds

As discussed previously, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the District's governmental fund is to provide information on near term inflows, outflows, as balance, of spendable resources. Such information is useful in assessing the District financing requirements. The unreserved fund balance is divided between designated balance and undesignated balances.

Financial Information at Fiscal Year End

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund and special revenue fund for the fiscal year ended June 30, 2011 and the amount and percentage of increase and (decrease) in relation to prior year revenues.

Revenue	Amount	Percent of Total	Increase/(Decrease) from 2010	Percent of Increase/(Decrease)
Local Sources	\$ 2,442,303	9.95%	\$ (120,008)	(4.68)%
State Sources	11,721,993	43.00%	1,295,398	12.24%
Federal Sources	10,386,448	46.43%	(870,617)	(7.73)%
Total	\$24,550,744	100.00%	\$ 304,773	1.26%

During FY'11, local revenue decreased primarily due to the continual downward spiral of interest rates during the struggling economy affecting interest earned on investments. The local tax levy increase was due to a moderate increase in the tax rate (\$.04 per \$100 of assessed value). State Aid was increased, but not to the level necessary to replace the one time revenue made available under the American Recovery and Reinvestment Act (ARRA) and funneled through the State from the Federal government. The overall decrease in State Aid, when combined with the loss of ARRA funds, was \$1,109,800, which had to be offset with local revenues, specifically, fund balance.

The following schedule presents a summary of the general fund expenditures for the fiscal year ended June 30, 2011 and the percentage of increase and (decrease) relative to FY'10 amounts.

Expenditures	Amount	Percent of Total	Increase/(Decrease) from 2010	Percent of Increase/(Decrease)
<u>Current Expense/ Special Revenue</u>				
Instruction	\$ 8,963,112	35.57%	\$ 17,180	.19%
Undistributed Expenditures	12,924,157	51.30%	409,803	3.27%
Capital Outlay	3,308,266	13.13%	(324,086)	(8.92)%
Total	\$25,195,535	100.00%	\$102,897	.41%

The modest increases in both instruction and undistributed expenditures were indicative of a maintenance budget with no new programs being introduced.

A significant decrease in the area of capital outlay was realized as equipment needs were met in previous years and there was limited construction activity as the major renovation project, i.e. the renovations to the Columbia and Discovery Schools, was placed on hold pending the results and outcome of a report to Congress on the condition of schools located on military installations.

General Fund Budgetary Highlights

Capital improvements and the purchase of new equipment over the past few years resulted in significant reductions in the cost to maintain the plant and the school bus fleet.

A contract was awarded for the installation of solar panels on the Upper Elementary School in August of 2009 but delayed by litigation. After a rather long drawn out battle, the Courts ruled in favor of the Board in March of 2010; the project got underway shortly thereafter. The project was completed in April of 2011 and has already resulted in significantly lower energy costs.

Significant benefit changes achieved through collective bargaining requiring the enrollment of new hires into managed care plans and only providing coverage for the employee, as well as requiring the contribution by employees toward their health care costs beginning in the 2010/2011 fiscal year, has resulted in a more modest increase in benefits costs.

Throughout the year budget transfers were effectuated between accounts to realign the 2010-2011 budget. Most of the transfers were in the area of salaries for special education staff to accommodate an increase in the enrollment of special needs children being educated within the District.

Proprietary Funds. The District's proprietary fund provides the same type of information found in the district wide financial statements.

The Food Service operates under the enterprise fund. There was a decrease in operating expenses of \$27,836 due primarily to a decrease in cost of sales, as well as for supplies and materials. There was also a decrease in operating revenue of \$1,533; but an increase in non operating revenues of \$73,178 due primarily to an increase in Impact Aid funds infused. At fiscal year end, management and the Board recognized the need to increase meal prices for the 2010/2011 school year as a survey of all school districts in the County demonstrated that the District charged the lowest prices for student meals.

	June 30, 2010	Additions	Deletions	Transfers	June 30, 2011
Land	\$ 98,818		\$ -	\$ -	\$ 98,818
Buildings	43,605,457	\$2,014,528			45,619,985

Total	<u>\$46,176,592</u>	<u>\$1,540,453</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$47,717,045</u>

The increase in net assets appears in the addition column, which is primarily due to new equipment acquired and building improvements.

Economic Factors and the Forecast on the 2011/2012 (FY'12) Budget

The District anticipates that the approved 2011-2012 budget will be adequate to satisfy all 2011-2012 financial needs.

TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2011**

Total Net Change in Fund Balances - Governmental Funds (From B-2) (\$686,048)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period:

Depreciation Expense	(\$1,767,813)	
Capital Outlays	<u>3,308,266</u>	1,540,453

Repayment of annual other postemployment benefits is an expenditure in the governmental funds, but the repayment of benefits decreases long-term liabilities in the statement of net assets and is not reported in the statement of activities. (4,978)

Repayment of compensated absences is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities. 24,955

Change in Net Assets of Governmental Activities \$874,382

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2011

Note 1. Summary of Significant Accounting Policies

The accompanying financial statements of the North Hanover Township Board of Education have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999 the GASB issued Statement 34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. This statement established new financial reporting requirements for state and local governmental entities throughout the United States. They require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in prior years is affected.

The District implemented these standards beginning with fiscal year-ending June 30, 2003. With the implementation of GASB Statement 34, the District has prepared required supplementary information titled *Management’s Discussion and Analysis*, which precedes the basic financial statements.

Other GASB Statements are required to be implemented in conjunction with GASB Statement 34. Therefore, the District has implemented the following GASB Statements in the fiscal years presented: Statement 33 – *Accounting and Financial Reporting for Nonexchange Transactions*; Statement 36 – *Recipient Reporting for Certain Shared Nonexchange Revenues*; Statement 37 - *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus* and Statement 38 – *Certain Financial Statement Note Disclosures*; Statement 40 – *Deposit and Investment Risk Disclosures*; Statement 44 – *Economic Condition Reporting – The Statistical Section*; Statement 45 – *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* and Statement 54 - *Fund Balance Reporting and Governmental Fund Type Definitions*.

The accompanying financial statements present the financial position of the District and the various funds and fund types, the results of operations of the District and the various funds and fund types, and the cash flows of the proprietary funds. The financial statements are presented as of June 30, 2011 and for the year then ended with comparative totals as of and for the year ended June 30, 2010 (Memorandum Only).

A. Reporting Entity:

The North Hanover Township Board of Education is a Type II district located in the County of Burlington, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The operations of the District include five elementary schools located in North Hanover Township and on McGuire Air Force Base. The Board is comprised of five members appointed to three-year terms. These terms are staggered so that various members’ terms expire each year. The District provides a full range of educational services appropriate to grade levels K through 6. These include regular, vocational, as well as special education for handicapped youngsters. The North Hanover Township Board of Education has an approximate enrollment at June 30, 2011 of 1,182 students.

The primary criterion for including activities within the District’s reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

A. Reporting Entity (continued):

- ◆ the organization is legally separate (can sue or be sued in their own name)
- ◆ the District holds the corporate powers of the organization
- ◆ the District appoints a voting majority of the organization's board
- ◆ the District is able to impose its will on the organization
- ◆ the organization has the potential to impose a financial benefit/burden on the District
- ◆ there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. District-Wide and Fund Financial Statements

The district-wide financial statements (the statement of net assets and the statement of activities) report information of all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these district-wide statements. District activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or component unit are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function, segment, or component unit. Program revenues include charges to customers who purchase, use or directly benefit from goods or services provided by a given function, segment or component unit. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function, segment, or component unit. Taxes and other items not properly included among program revenues are reported instead as general revenues. The District does not allocate general government (indirect) expenses to other functions.

Net assets are restricted when constraints placed on them are either externally imposed or are imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net assets. When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds, proprietary funds, fiduciary funds and similar component units, and major component units. However, the fiduciary funds are not included in the district-wide statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

JUNE 30, 2011**

Note 1. Summary of Significant Accounting Policies (continued):

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

District-Wide Financial Statements – The governmental fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements – The Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year-end. Principal revenue sources considered susceptible to accrual include federal and state grants, interest on investments, tuition and transportation. Other revenues are considered to be measurable and available only when cash is received by the state.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

D. Fund Accounting:

The accounts of the North Hanover Township Board of Education are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the financial statements in this report, into three different activities, governmental, business-type and fiduciary as follows:

Governmental Funds

General Fund - The general fund is the general operating fund of the North Hanover Township Board of Education and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay sub-fund.

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

NOTES TO THE FINANCIAL STATEMENTS (continued):

JUNE 30, 2011

Note 1. Summary of Significant Accounting Policies (continued):

D. Fund Accounting (continued):

As required by the New Jersey Department of Education North Hanover Township Board of Education includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, interest earnings and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The District does not currently maintain such a fund.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs. The District does not currently maintain such a fund.

Permanent Fund -- Resources that are legally restricted to the extent that only earnings and not principal may be used for purposed that support the reporting governments programs, that is for the benefit of the government or its citizenry.

Proprietary Fund (Business-Type Funds)

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District:

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

**NOTES TO THE FINANCIAL STATEMENTS (continued):
JUNE 30, 2011**

Note 1. Summary of Significant Accounting Policies (continued):

D. Fund Accounting (continued):

Enterprise - The enterprise fund is used to account for the operations that are financed and operated in a manner similar to a private business enterprise. The costs of providing goods or services are financed primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund.

All Proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line-method. The estimated useful lives are as follows:

Machinery and Equipment	5-20 years
-------------------------	------------

Fiduciary Fund

Fiduciary funds are used to account for assets held by a governmental entity for other parties (either as trustee or as an agent) and that cannot be used to finance the governmental entity's own operating programs which includes private purpose trust funds and agency funds.

Private Purpose Trust Funds are used to account for the principal and income for trust arrangements that benefit individuals, private organizations, or other governments. The District currently maintains an Unemployment Trust Fund as a private purpose trust.

Agency Funds are assets held by a governmental entity (either as trustee or as an agent) for other parties that cannot be used to finance the governmental entity's own operating programs. The District currently maintains Payroll funds and Student Activity Funds as Agency Funds.

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

**NOTES TO THE FINANCIAL STATEMENTS (continued):
JUNE 30, 2011**

Note 1. Summary of Significant Accounting Policies (continued):

E. Basis of Accounting:

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and private purpose trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

In its accounting and financial reporting, the North Hanover Township Board of Education follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The North Hanover Township Board of Education's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and private purpose trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

F. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, capital projects and debt service funds. Budgets are prepared using the modified accrual basis of accounting except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

Note 1. Summary of Significant Accounting Policies (continued):

F. Budgets/Budgetary Control (continued):

established pursuant to the minimum chart of accounts referenced in *N.J.A.C.6:20-2A(m)1*. Transfers of appropriations may be made by North Hanover Township Board of Education resolution at any time during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1 and C-2, includes all amendments to the adopted budget, if any.

The following presents a reconciliation of the special revenue fund revenues and expenditures from the budgetary basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual – General, Special Revenues and Debt Service Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types:

G. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the North Hanover Township Board of Education has received advances are reflected in the balance sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

The North Hanover Township Board of Education has classified year-end encumbrances as committed and assigned fund balance amounts. The classifications are based on the constraints placed on the encumbered amounts. The North Hanover Board of Education has \$442,458 of year-end encumbrances classified as committed and \$682,718 of year-end encumbrances classified as assigned at June 30, 2011.

H. Cash, Cash Equivalents and Investments:

Cash and Cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus

accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A.17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

I. Tuition Receivable/Payable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

These adjustments are recorded upon certification by the State Board of Education, which is normally three years following the contract year. The cumulative adjustments through June 30, 2011, which have not been recorded, are not determinable.

The tuition rate adjustments for the years 2007-2008 have been established. According to the School District's records, these amounts of adjustments are immaterial to the financial statements.

J. Inventories & Prepaid Expenses

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in governmental fund types is recorded as expenditures when purchased rather than when consumed.

NOTES TO THE FINANCIAL STATEMENTS (continued):

JUNE 30, 2011

Note 1. Summary of Significant Accounting Policies (continued):

Prepaid expenses, which benefit future periods, other than those recorded in the enterprise funds, are recorded as expenditure during the year of purchase. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2011.

K. Short-Term Interfund Receivables/Payables

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the North Hanover Township Board of Education and that are due within one year.

L. Fixed Assets:

General fixed assets acquired or constructed during the year are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Fixed assets are defined by the District as assets, which have a cost in excess of \$2,000 at the date of acquisition and a useful life of one year or more. Donated fixed assets are valued at their estimated fair market value on the date received. The general fixed assets acquired or constructed were valued by an independent appraisal company. General fixed assets, such as land and buildings, are valued at the historical cost basis and through estimated procedures performed by an independent appraisal company, respectively.

General fixed assets are reflected as expenditures in the applicable governmental funds. Depreciation expense is recorded in the district-wide financial statements as well as the proprietary fund. Capital assets are depreciated on the straight-line method over the assets' estimated useful life. There is no depreciation recorded for land and construction in progress. Generally estimated useful lives are as follows:

Machinery and Equipment	5 – 20 Years
Building & Other Improvements	7 – 60 Years
Infrastructure	30 Years

During the fiscal year ended June 30, 2010, the North Hanover Board of Education contracted with an independent appraisal company to update the District's fixed assets. Assets are recorded at historical costs.

M. Accrued Salaries and Wages

District employees, who provide services to the District over the ten-month academic year and extended eleven-month calendar, do not have the option to have their salaries disbursed during the entire twelve-month year. Therefore, there is no accrual as of June 30, 2011 for such salaries.

N. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already

Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In the District-Wide financial statements, under governmental activities, compensated absences are reported as an expenditure and noncurrent liabilities.

O. Deferred Revenue

Deferred revenue in the special revenue fund represents cash, which has been received but not yet earned.

P. Long-term Obligations

In district-wide financial statements, under governmental activities, long-term debt is recognized as a liability in the general fund as debt is incurred.

Q. Fund Equity

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

In accordance with State of New Jersey statutes, the fund balance to be utilized in the subsequent year budget is not legally restricted and therefore has been classified as fund balance designated for subsequent year's expenditures and is not reserved.

R. Subsequent Events

North Hanover Board of Education has evaluated subsequent events occurring after June 30, 2011 through the date of August 12, 2011, which is the date the financial statements were available to be issued.

Note 2. Cash and Cash Equivalents and Investments

The District is governed by the deposit and investment limitations of New Jersey state law. The Deposits and investments held at June 30, 2011, and reported at fair value are as follows:

Custodial Credit Risk – Deposits in financial institutions, reported as components of cash, cash equivalents and investments had a bank balance of \$27,934,527 at June 30, 2011. Of the bank balance \$250,000 was fully insured by the FDIC (Federal Depository Insurance Corporation) and \$27,684,527 was secured by a collateral pool held by the bank, but not in the District's name, as required by New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Governmental Unit Deposit Protection Act is more fully described in Note 3 of these financial statements.

Investment Interest Rate Risk – The District has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investment held at June 30, 2011, are provided in the above schedule.

Investment Credit Risk – The District has no investment policy that limits its investment choices other than the limitation of state law as follows:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- Government money market mutual funds;
- Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor;

- Local Governments investment pools;
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
- Agreements for the repurchase of fully collateralized securities with certain limitations.

Concentration of Investment Credit Risk – The District places no limit on the amount it may invest in any one issuer.

Note 3. Governmental Unit Deposit Protection Act (GUDPA)

The District has deposited cash in 2011 with an approved public fund depository qualified under the provisions of the Government Unit Deposit Protection Act. In addition to savings and checking accounts the District invests monies in certificates of deposits.

The Governmental Unit Deposit Protection Act P.L. 1970, Chapter 236, was passed to afford protection against bankruptcy or default by a depository. C.17:9-42 provides that no governmental unit shall deposit funds in a public depository unless such funds are secured in accordance with this act. C.17:9-42 provides that every public depository having public funds on deposit shall, as security for such deposits, maintain eligible collateral having a market value at least equal to either (1) 5% of the average daily balance of collected public funds on deposit during the 6 month period ending on the next preceding valuation date (June 30 or December 31) or (2) at the election of the depository, at least equal to 5% of the average balance of collected public funds on deposit on the first, eighth, fifteenth, and twenty-second days of each month in the 6 month period ending on the next preceding valuation date (June 30 or December 31). No public depository shall be required to maintain any eligible collateral pursuant to this act as security for any deposit or deposits of any governmental unit to the extent such deposits are insured by F.D.I.C. or any other U.S. agency which insures public depository funds.

No public depository shall at any time receive and hold on deposit for any period in excess of 15 days public funds of a governmental unit(s) which, in the aggregate, exceed 75% of the capital funds of the depository, unless such depository shall, in addition to the security required to be maintained under the

paragraph above, secure such excess by eligible collateral with a market value at least equal to 100% of such excess.

In the event of a default, the Commissioner of Banking within 20 days after the default occurrence shall ascertain the amount of public funds on deposit in the defaulting depository and the amounts covered by federal deposit insurance and certify the amounts to each affected governmental unit. Within 10 days after receipt of this certification, each unit shall furnish to the Commissioner verified statements of its public deposits. The Commissioner shall ascertain the amount derived or to be derived from the liquidation of the collateral maintained by the defaulting depository and shall distribute such proceeds pro rata among the governmental units to satisfy the net deposit liabilities to such units.

If the proceeds of the sale of the collateral are insufficient to pay in full the liability to all affected governmental units, the Commissioner shall assess the deficiency against all other public depositories having public funds on deposit determined by a formula determined by law. All sums collected by the Commissioner shall be paid to the governmental units having deposits in the defaulting depository in the proportion that the net deposit liability to each such governmental unit bears to the aggregate of the net deposit liabilities to all such governmental units.

All public depositories are required to furnish information and reports dealing with public funds on deposit every six months, June 30th and December 31st, with the Commissioner of Banking. Any public depository which refuses or neglects to give any information so requested may be excluded by the Commissioner from the right to receive public funds for deposit until such time as the Commissioner shall acknowledge that such depository has furnished the information requested.

Upon review and approval of the Certification Statement that the public depository complies with statutory requirements, the Commissioner issues forms approving the bank as a municipal depository. The District should request copies of these approval forms semiannually to assure that all depositories are complying with requirements.

Note 4. Capital Reserve Account

A capital reserve account was established by the North Hanover Township Board of Education for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or

unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A.19:60-2*. Pursuant to *N.J.A.C.6:23A-14.1(g)*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2010 to June 30, 2011 fiscal year is as follows:

Beginning Balance, July 1, 2010	\$2,005,080
Interest Earnings	<u>8,230</u>
Ending Balance, June 30, 2011	<u>\$2,013,310</u>

A. Bonds Payable:

The voters of the municipality through referendums authorize bonds in accordance with State Law. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds. The Board of Education currently has no outstanding bonds.

Note 8. Pension Plans

Plan Descriptions - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial

Note 8. Pension Plans (continued):

report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established in January 1955, under the provisions of *N.J.S.A.18A:66* to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established in January 1955 under the provisions of *N.J.S.A.43:15A* to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions - The vesting and benefit provisions of PERS are set by *N.J.S.A.43:15A* and *43.3B* and *N.J.S.A.18A:6C* for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation

method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee’s rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the District’s normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits; accordingly, the pension costs for TPAF and PERS were reduced.

New Legislation signed by the Acting Governor (Chapter 133, Public Laws 2001) changed the formula for calculating retirement benefits for all current and future non-veteran retirees from N/60 to N/55 (a 9.09% increase). This legislation, signed June 29, 2001, provides that all members of the TPAF and the PERS will have their pensions calculated on the basis of years of credit divided by 55. It also provides that all current retirees will have their original pension recalculated under the N/55 formula. Starting February 1, 2002, pension cost of living adjustments will be based on the new original pension.

Contribution Requirements – The contribution policy is set by *N.J.S.A.43:15A*, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and *N.J.S.A.18:66*, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees’ annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits and post-retirement medical premiums. Under current statute the District is a noncontributing employer of the TPAF.

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

NOTES TO THE FINANCIAL STATEMENTS (continued):

JUNE 30, 2011

Note 8. Pension Plans (continued):

During the year ended June 30, 2011 the State of New Jersey contributed \$629,731 to the TPAF for normal post-retirement benefits on behalf of the District. Also in accordance with *N.J.S.A. 18A:66-66* the State of New Jersey reimbursed the District \$695,047 for the year ended June 30, 2011 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

Note 9. Post-Retirement Benefits

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State Employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2010, there were 87,288 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L.1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$126.3 million toward Chapter 126 benefits for 14,050 eligible retired members in Fiscal Year 2010.

Note 10. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance – The District has elected to fund their New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for

2008-2009	-0-	4,723	13,061	278,718

Note 11. Contingent Liabilities

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2011 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

Note 12. Economic Dependency

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

Note 13. Interfund Receivables and Payables

There were no interfund balances at June 30, 2011.

NORTH HANOVER TOWNSHIP BOARD OF EDUCATION

NOTES TO THE FINANCIAL STATEMENTS (continued):
JUNE 30, 2011

Note 14. GASB #54 - Fund Balance Disclosure

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the North Hanover School District classifies governmental fund balances as follows:

- Non-spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because legal or contractual constraints.
- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by external parties, constitutional provision or enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Business Administrator.
- Unassigned – includes balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

General Fund (Exhibit B-1) – Of the \$26,509,908 General Fund fund balance at June 30, 2011, \$2,013,310 has been restricted for the Capital Reserve Account; \$20,088,918 has been committed for future use of Federal Impact Aid reserves; \$442,458 has been committed to other purposes and \$3,965,222 has been assigned to be designated for subsequent year expenditures.

Impact Aid Reserve – The District receives a large portion of its annual operating revenue from Federal Impact Aid. Due to the uncertainty of future funding the District has reserved Federal Impact Aid Fund Balance for use in future years. Reserves have been set up to fund future capital projects as well as future operating expenses.

The North Hanover School District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available, unless prohibited by law or regulation. Additionally, the North Hanover School District would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Note 15. Deferred Compensation

The Board offers its employees a choice of deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are on file at the Board of Education business offices.

NOTES TO THE FINANCIAL STATEMENTS (continued):
JUNE 30, 2011

Note 16. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted vacation and sick leave in varying amounts under the District's personnel policies. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for specified dollar amount per sick day accumulated and begin vesting with the employee after one year of service.

The liability for vested compensated absences of the governmental fund types is recorded in the statement of net assets under governmental activities. The current portion of the compensated absence balance is not considered material to the applicable funds total liabilities, and is therefore not shown separately from the long-term liability balance of compensated absences. The amount at June 30, 2011 is \$253,690.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2011 no liability existed for compensated absences in the proprietary fund types.

Note 17. Litigation

Several cases are still pending, as of June 30, 2011, before the Division of Workers' Compensation. These cases are still in litigation and the outcome of such is unknown.

Note 18. Calculation of Excess Surplus

In accordance with *N.J.S.A.18A:7F-7*, as amended by P.L. 2005, c.73 (S1701), the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2011 is \$-0-. (See Audit Opinion for departure from S1701 calculation)

Note 19. GASB #45 - Post Retirement Health Benefits

The North Hanover School District provides Medicare Part B re-imbursement to a closed group of three retirees who participated in the ERIP of 1994. Current active employees are not eligible for the Medicare Part B reimbursement. The North Hanover School District pays 100% of the supplementary Medicare insurance cost for the retiree.

The North Hanover School District's annual Other Post-Employment Benefit cost is calculated based on the Annual Required Contribution. The actuarial cost method used to determine the Plan's funding requirements is the "Unit Credit" method. Under this method, an actuarial accrued liability is determined as the present value of the earned benefits, which is allocated to service before the current plan year. The Plan is currently unfunded. The unfunded actuarial liability is amortized over the average life expectancy of the retiree population.

The following table shows the changes in the North Hanover School District's annual Other Post-Employment Benefit cost for the year, the amount actually contributed to the Plan and changes in the Corporation's net Other Post-Employment Benefit obligation to the plan:

Annual Required Contribution	\$ 4,978
Interest on Net Other Post-Employment Benefit	-
Adjustment to Annual Required Contribution	<u>-</u>
Annual Other Post-Employment Benefit Contributions Made	<u>4,978</u>
Increase in Net OPEB Obligation	4,978
Net OPEB, Beginning of Year	<u>50,318</u>
Net OPEB, End of Year	<u>\$55,296</u>

The North Hanover School District's annual Other Post-Employment Benefit cost, the percentage of annual Other Post Employment Benefit cost contributed to the Plan and the net Other Post Employment Benefit obligation (OPEB) for the year ending June 30, 2011 is as follows:

YEAR ENDED	ANNUAL OPEB COST	PERCENTAGE CONTRIBUTED	NET OPEB OBLIGATION
06/30/11	\$ 4,978	0%	\$ 55,296

Actuarial assumptions were used to value the post-retirement medical liabilities. Actuarial assumptions were based on the actual experience of the covered group, to the extent that creditable experience data was available, with an emphases on expected long-term future trends rather than giving undue weight to

Note 19. GASB #45 - Post Retirement Health Benefits (continued):

recent past experience. The reasonableness of each actuarial assumption was considered independently based on its own merits, its consistency with each other assumption, and the combined impact of all assumptions.

Two economic assumptions used in the valuation are the discount rate and the health care cost trend rates. The economic assumptions are used to account for changes in the cost of benefits over time and to discount future benefit payments for the time value of money.

The investment return assumption (discount rate) should be the estimated long-term investment yield on the investments that are expected to be used to finance the payments of benefits. The investments expected to be used to finance the payments of benefits would be plan assets for funded plans, assets of the employer for pay-as-you-go plans, or a proportionate combination of the two for plans that being partially funded. We assumed a discount rate of 5.0 percent for purposes of developing the liabilities and Annual Required Contribution on the basis that the Plan would not be funded. We based medical claims cost for retirees on \$1,180 per year for calendar year 2009. We assumed health care costs would increase annually at a rate of 5%.

The North Hanover School District currently has three eligible retired employees receiving retirement benefits. The net Other Post-Employment Benefit obligation to the North Hanover School District to provide benefits to the retiree for the year ended June 30, 2011, was \$55,296.

FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

**Note A - Explanation of Differences between Budgetary Inflows and Outflows and
GAAP Revenues and Expenditures**

	GENERAL FUND	SPECIAL REVENUE FUND
Sources/Inflows of Resources:		
Actual Amounts (Budgetary Basis) "Revenue"		
From the Budgetary Comparison Schedule (C-Series)	\$24,074,356	363,629
Difference - Budget to GAAP:		
State aid revenue adjustment due to last state aid payment not being recognized in accordance with GASB No. 33		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		
Current Year	(995,452)	
Prior Year	1,108,211	
Total Revenues as Reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds. (B-2)	\$24,187,115	363,629
Uses/outflows of resources:		
Actual amounts (budgetary basis) "total expenditures" from the budgetary comparison schedule	\$24,831,906	363,629
Total Expenditures as Reported on the Statement of Revenues, Expenditures & Changes in Fund Balances - Governmental Funds (B-2)	\$24,831,906	363,629

N-1 The general fund budget uses GAAP basis therefore no reconciliation is necessary.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable President and Members
of the Board of Education
North Hanover Township
County of Burlington
Wrightstown, New Jersey 08562

We have audited the financial statements of the Board of Education of the North Hanover Township School District, County of Burlington, State of New Jersey, as of and for the fiscal year ended June 30, 2011, and have issued our report thereon dated August 12, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the North Hanover Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings & Questioned Costs, we identified a deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying *Schedule of Findings & Questioned Costs* as Finding No: 2011-01 to be a material weakness.

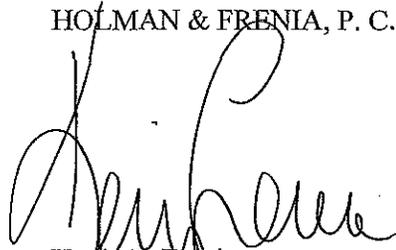

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the North Hanover Township Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, that we have reported to the North Hanover Township Board of Education in a separate *Independent Auditor's Management Report on Administrative Findings – Financial Compliance and Performance* as Finding No: 2011-01 dated August 12, 2011.

This report is intended solely for the information of the audit committee, management, the North Hanover Township Board of Education, the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON
EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH
OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04**

Honorable President and Members
of the Board of Education
North Hanover Township
County of Burlington
Wrightstown, New Jersey 08562

Compliance

We have audited the compliance of the Board of Education of the North Hanover Township School District, in the County of Burlington, State of New Jersey, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey Grants Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2011. Board of Education of the North Hanover Township School District's Major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Board of Education of the North Hanover Township School District's management. Our responsibility is to express an opinion on Board of Education of the North Hanover Township School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133 *Audits of States, Local Governments and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Board of Education of the North Hanover Township School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board of Education of the North Hanover Township School District's compliance with those requirements.

In our opinion, the Board of Education of the North Hanover Township School District, County of Burlington, State of New Jersey, complied, in all material respects, with the requirements referred to

above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed one instance of noncompliance with these requirements, which are required to be reported in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04 and which are described in the Schedule of Findings and Questioned Costs as Finding No: 2011-01.

Internal Control Over Compliance

The management of the Board of Education of the North Hanover Township School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered North Hanover Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major federal and state programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of North Hanover Board of Education's internal control over compliance.

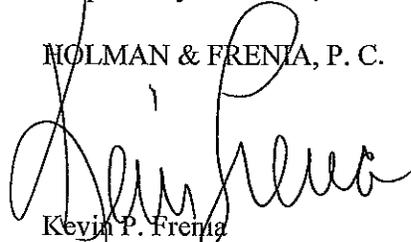

A deficiency in a District's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. North Hanover Board of Education's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the North Hanover Board of Education's response and, accordingly, we express no opinion on the responses.

This report is intended for the information of the management of the Board of Education of the North Hanover Township School District, the New Jersey State Department of Education, other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

The Accompanying Notes to Schedule of Expenditures of Awards and Financial Assistance are an Integral Part of this schedule

**NORTH HANOVER TOWNSHIP BOARD OF EDUCATION
NOTES TO THE SCHEDULES OF FINANCIAL ASSISTANCE
JUNE 30, 2011**

Note 1. General

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, North Hanover Township School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

Note 2. Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the Board's basic financial statements.

Note 3. Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A. 18A:22-4.2*.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$112,759 for the general fund and \$-0- for the special revenue fund. See Note 1 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented as follows:

This section identifies the significant deficiencies, material weaknesses and instances of noncompliance related to the basic financial statements that are required to be reported in accordance with Chapter 5.18 of *Government Auditing Standards*.

Finding 2011-01:

Criteria or Specific Requirement:

That all reservations of fund balance be approved by the State Department of Education.

Condition:

The excess surplus calculation performed by the North Hanover Board of Education includes a reserved fund balance category not approved by the State Department of Education.

Context:

Other restricted fund balances must have departmental approval.

Effect:

Reserved fund balance categories would be different.

Cause:

Differences in interpretation of legal restricted reserves of the local Board of Education.

Recommendation:

That the District seeks departmental approval for all other reserved fund balances.

Views of Responsible Officials and Planned Corrective Action:

The District is taking the necessary steps to expend funds in the reserve fund balance.
