Jim Minkewicz
Business Administrator
Board Secretary

August 30, 2012

Honorable President and
Members of the Board of Education
109 Kiel Avenue
Kinnelon, New Jersey 07405

Dear Board Members:

The comprehensive annual financial report of the Kinnelon Board of Education (the "District") for the fiscal year ended June 30, 2012, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Kinnelon Board of Education (the "Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes management's discussion and analysis, the basic financial statements and notes providing an overview of the District's financial position and operating results and supplementary schedules providing detailed budgetary information. The statistical section includes selected financial and demographic information, financial trends and fiscal capacity generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of States and Local Governments and Non-Profit Organizations", and the state Treasury Circular Letter NJOMB 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

Honorable President and Members
of the Board of Education
Kinnelon Borough School District
Page 2
August 30, 2012

1) **REPORTING ENTITY AND ITS SERVICES:** The Kinnelon School District is an independent reporting entity within the criteria adopted by the GASB as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards. All funds of the District are included in this report. The Kinnelon Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Kindergarten through Grade 12. These include regular, vocational as well as special education for handicapped youngsters. The District completed the 2011/2012 fiscal year with an enrollment of 2,156 students. The following details the changes in the student enrollment of the District over the last five years.

Average Daily Enrollment

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2011/12	2,156	-2.177%
2010/11	2,204	- .136%
2009/10	2,207	- .943%
2008/09	2,228	+ 1.181%
2007/08	2,202	+ 0.091%

2) **ECONOMIC CONDITION AND OUTLOOK:** Kinnelon Borough has only one housing development. Any future development is limited due to the implementation of the Highlands Act.

3) **MAJOR INITIATIVES:** Over the past five years, student enrollment in the Kinnelon Public Schools has stabilized. Our student population was anticipated and addressed through the passage of two referendums (in 2001 and 2006) to provide the needed classroom space at Stonybrook School, Pearl R. Miller Middle School and Kinnelon High School. The additions/renovations to Stonybrook and Pearl R. Miller were completed in 2004 while the Kinnelon High School Project was completed in September 2008. There are no plans for future building expansion.

4) **INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Honorable President and Members
of the Board of Education
Kinnelon Borough School District
Page 3
August 30, 2012

As a recipient of federal and state awards, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as fund balance restrictions, commitments and assignments at June 30, 2012.

6) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

7) DEBT ADMINISTRATION: As of June 30, 2012, the District's outstanding debt totals \$26,412,446. This debt consists of serial bonds in the amount of \$25,849,406, capital leases of \$563,040.

7) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. A schedule of insurance coverage is found on Exhibit J-20.

Honorable President and Members
of the Board of Education
Kinnelon Borough School District
Page 4
August 30, 2012

9) OTHER INFORMATION:

A) Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nisivoccia LLP, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133 and State Treasury Circular Letter NJOMB 04-04. The auditor's report on the basic financial statements and specific required supplementary information statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Kinnelon School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Diane DiGiuseppe
Interim Superintendent

Jim Minkewicz
Board Secretary/Business Administrator

Independent Auditors' Report

The Honorable President and Members
 of the Board of Education
 Kinnelon Borough School District
 County of Morris, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Kinnelon Borough School District in the County of Morris as of and for the fiscal year ended June 30, 2012 which collectively comprise the Board of Education's basic financial statements, as listed in the foregoing table of contents. These financial statements are the responsibility of the Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Kinnelon Borough School District in the County of Morris as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2012 on our consideration of the Board of Education of the Kinnelon Borough School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Honorable President and Members
of the Board of Education
Kinnelon Borough School District
Page 2

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information in Exhibits C-1 through C-3 and I-3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board of Education of the Kinnelon Borough School District's basic financial statements. The accompanying supplementary information schedules such as the combining and individual fund financial statements and the Schedules of Expenditures of Federal and State Awards, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations* and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information such as the combining and individual fund financial statements and the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the financial statements as a whole. The accompanying other information, such as the introductory and statistical sections, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**REQUIRED SUPPLEMENTARY INFORMATION – PART I
MANAGEMENT’S DISCUSSION AND ANALYSIS**

Management Discussion and Analysis (Unaudited)

This section of Kinnelon Borough School District's annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2012. Please read it in conjunction with the transmittal letter at the front of this report and the district's financial statements, which immediately follow this section.

Financial Highlights

The District's financial status continues to improve each year on a district-wide basis.

- Fund Balance – \$216,324 was used to offset 2012-13 taxes, bringing Fund Balance down to less than 2% of Current Expenses. At June 30, 2012, the District's Unassigned General Fund Balance was \$818,010.
- General Fund – In 2011-12, the Governmental Activities had \$38,412,260 in revenue. The majority of Governmental Activities revenue was raised through local property taxes and state aid. The total Governmental Activities expenditures for 2011-12 were \$36,911,696.

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the district:

- The first two statements are *district-wide financial statements* that provide both *short-term* and *long-term* information about the district's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the district, reporting the district's operations in *more* detail than the district-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the short-term as well as what remains for future spending.
- *Proprietary funds* statements offer *short-* and *long-term* financial information about the activities the district operates like a business, such as food services.
- *Fiduciary funds statements* provide information about the financial relationships in which the district acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the district's budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Figure A-1
Organization of Kinnelon Borough's School District Financial Report

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights that structure and contents of each of the statements.

Figure A-2

Major Features of the District-Wide and Fund Financial Statements

	District-Wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Activities the district operates similar to private businesses, food services and enrichment for before school programs	Instances in which the district administers resources on behalf of someone else, such as scholarship programs and student activities monies.
Required Financial Statements	<ul style="list-style-type: none"> • Statement of net assets • Statement of activities 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenue, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> • Statement of net assets • Statement of revenue, expenses and changes in net assets • Statement of cash flows 	<ul style="list-style-type: none"> • Statement of fiduciary net assets • Statement of changes in fiduciary net assets
Accounting Basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of Asset/Liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of Inflow/Outflow Information	All revenue and expenses during the year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenue and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

District-wide Statements

The district-wide statements report information about the district as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the district's assets and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the district's *net assets* and how they have changed. Net assets – the difference between the district's assets and liabilities – is one way to measure the district's financial health or *position*.

- Over time, increases or decreases in the district's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the district's overall health, you need to consider additional nonfinancial factors such as changes in the district's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements, the district's activities are divided into two categories:

- *Governmental activities*: Most of the district's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state formula aid finance most of these activities.
- *Business-type activities*: The district charges fees to help it cover the costs of certain services it provides. The district's food service and enrichment program are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the district's funds, focusing on its most significant or "major" funds – not the district as a whole. Funds are accounting devices the district uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The district establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenue (such as federal grants).

The District has three kinds of funds:

- *Governmental funds*: Most of the district's basic services are included in governmental funds, which generally focus on {1} how cash and other financial assets that can readily be converted to cash flow in and out, and {2} the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the district's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or difference) between them.
- *Proprietary funds*: Services for which the district charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements. The district's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information, such as cash flows. The district uses *internal service funds* (the other kind of proprietary fund) to report activities that provide supplies and services for its other programs and activities. The district currently does not maintain any internal service funds.

- *Fiduciary funds*: The district is the trustee, or *fiduciary*, for assets that belong to others, such as scholarship funds and the student activities funds. The district is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The district excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operations.
- *Notes to Financial Statements*: Provides additional information essential to full understanding of District-wide and fund financial statements.

Financial Analysis of the District as a Whole

Net Assets. The District's net assets are shown in Figure A-3.

Revenue Sources. The District's total revenue for the 2011-12 school year was \$39,163,512. (See Figure A-5). Property taxes and state formula aid accounted for most of the district's revenue, with local taxes accounting for \$33,136,741 of the total, or 84.61 percent. (See Figure A-5). The remainder came from State Aid, miscellaneous sources and charges for services. It is important to note that of the State Aid of \$4,888,117, over \$2,764,265 is included in funds that are not received by the District, but are included in funding for Social Security, pension payments and post retirement benefits that the State of New Jersey pays on behalf of the District. The Kinnelon Borough School District basically conducts its operations from the revenues it receives from its local taxpayers.

Figure A-5

Sources of Revenue for Fiscal Year 2012

Sources of Income:	Amount	Percentage
State Formula Aid	\$ 1,548,900	3.95%
Operating Grants and Contributions	3,339,217	8.53%
Property Taxes	33,136,741	84.61%
Charges for Services	667,954	1.71%
Other	470,700	1.20%
	<u>\$ 39,163,512</u>	<u>100.00%</u>

The total cost of all programs and services was \$37,631,724. The District's expenses are predominantly related to instructing, caring for (pupil services) and transporting students (77.20 percent). (See Figure A-6). The District's administrative and business activities accounted for 9.03 percent of total costs.

Figure A-6

Expenses for Fiscal Year 2012

Expense Category:	<u>Amount</u>	<u>Percentage</u>
Instruction	\$ 20,887,804	55.51%
Pupil and Instruction Services	6,243,827	16.59%
Administrative and Business	3,398,952	9.03%
Maintenance and Operations	3,298,665	8.77%
Transportation	1,918,266	5.10%
Other	1,884,210	5.00%
	<u>\$ 37,631,724</u>	<u>100.00%</u>

Governmental Activities

As discussed elsewhere in this commentary, the financial position of the District continues to improve. However, maintaining existing programs with a slight reduction in regular pupil enrollment and the provision of a multitude of special programs and services for disabled pupils place great demands on the District's resources. The District is also faced with significant increases in health benefit costs.

Careful management of expenses remains essential for the district to sustain its financial health. Among the many significant cost savings actions implemented during the year were:

- Negotiated administrative salaries to fall within the 2% cap
- Expanded autism program at the elementary level
- Authorized participation in the Morris County Solar Energy Initiative
- Relocated Sisco kindergarten program into two neighborhood kindergarten programs

It is crucial that the District continue to examine its expenditures carefully. Increasing teacher, parental and student demands for new activities and programs must be evaluated thoroughly. District resources continue to be at their tightest level in many years.

Figure A-7 presents the cost of six major district activities: instruction, pupil and instructional services, administration and business, maintenance and operations, transportation, and other. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the District's taxpayers by each of these functions:

Figure A-7

	Net Cost of Governmental Activities			
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
	2011/12	2011/12	2010/11	2010/11
Instruction	\$ 20,887,804	\$ 17,466,213	\$20,056,967	\$17,565,427
Pupil and Instruction Services	6,243,827	5,380,137	5,813,043	5,063,679
Administrative and Business	3,398,952	3,093,183	3,491,860	3,256,676
Maintenance and Operations	3,298,665	3,148,435	3,356,498	3,221,901
Transportation	1,918,266	1,854,602	2,031,790	1,896,741
Other	1,164,182	1,164,182	1,046,320	1,046,320
	<u>\$ 36,911,696</u>	<u>\$ 32,106,752</u>	<u>\$35,796,478</u>	<u>\$32,050,744</u>

- The cost of all governmental activities this year was \$36,911,696.
- The federal and state governments subsidized certain programs with grants and contributions (\$4.80 million).
- Most of the District's costs (\$33.1 million), however, were financed by District taxpayers.
- A portion of governmental activities was financed with \$1,202,834 in state aid based on the SFRAPAY formula.
- The remainder of the funding came from miscellaneous revenue and investment earnings.

Business-Type Activities

Net assets from the District's business-type activity increased by \$31,224. (Refer to Figure A-4). Factors contributing to these results included:

- Food services revenues exceeded expenses by approximately \$22,025.
- Enrichment program revenues exceeded expenses by approximately \$9,074.
- Enrichment program interest totaled \$108 and food service interest totaled \$245.
- A transfer from food service fund to the general fund for interest in the amount of \$228.

Financial Analysis of the District's Funds

The District's financial position remains stable and continues to meet the rising challenge of growth in the student enrollment and difficult economic times. Expenditures during the recent year increased significantly as a result of an increased number of regular pupils, as well as pupils with disabilities. In addition to greater numbers, these pupils are more profoundly disabled and require more complex educational and related services.

A continued gradual increase in regular enrollment has also forced the District to expand its classroom teaching staff. Other significant areas of budget increases have been in health insurance and energy. Insurance costs for all staff have continued to dramatically increase. The dramatic increase in energy costs forced the District to curtail spending in other areas of the budget.

Difficult economic times have had a direct impact upon the District's revenue sources. As required by the enacted legislation, the District offset the tax levy by reducing fund balance to 2% of the current expense budget. As overall revenue for the District diminishes, the amount of funds generated to offset the tax levy likewise decreases.

All of these factors are likely to continue for the next several years. To maintain a stable financial position, the District must continue to practice sound fiscal management.

General Fund Budgetary Highlights

Over the course of the year, the District revised the annual operating budget several times. These budget amendments fall into two categories:

- Changes made within budgetary line items for changes in school-based needs for programs, supplies and equipment.
- Appropriation of unanticipated revenue from the State of New Jersey.

Capital Asset and Debt Administration

Figure A-8

	Capital Assets (Net of Depreciation)						Percentage Change 2011/12
	Government Activities		Business-Type Activities		Total School District		
	2011/12	2010/11	2011/12	2010/11	2011/12	2010/11	
Land	\$ 45,810	\$ 45,810			\$ 45,810	\$ 45,810	0.00%
Buildings and Improvements	44,481,063	45,647,639			44,481,063	45,647,639	-2.56%
Machinery and Equipment	983,580	1,014,920	\$ 107,321	\$ 108,116	1,090,901	1,123,036	-2.86%
Total Capital Assets (net of Depreciation)	<u>\$ 45,510,453</u>	<u>\$ 46,708,369</u>	<u>\$ 107,321</u>	<u>\$ 108,116</u>	<u>\$ 45,617,774</u>	<u>\$ 46,816,485</u>	-2.56%

Depreciation expense for Government activities totaled \$1,375,558 in 2011-12. Depreciation expense for business-type activities totaled \$13,544 in 2011-12.

Long-term Debt

At year-end, the District had \$26,523,312 in general obligation bonds and other long-term debt outstanding as shown in Figure A-9. (More detailed information about the District's long-term liabilities is presented in Note 6 to the financial statements.)

Figure A-9

	Outstanding Long-Term Debt		Percentage Change 2011/12
	Total School District		
	2011/12	2010/11	
General Obligation Bonds (Financed with Property Taxes) -Net	\$ 25,849,406	\$ 27,440,352	-5.80%
Compensated Absences	563,040	691,400	-18.57%
Capital Leases	110,866	162,229	-31.66%
	<u>\$ 26,523,312</u>	<u>\$ 28,293,981</u>	<u>-6.26%</u>

- The District's accrued compensated absences decreased by \$128,360 largely in part due to retirees.
- The District paid down debt, retiring \$1,670,000 of outstanding bonds.
- The District paid down capital leases, retiring \$51,363.

Factors Bearing on the District's Future Revenue/Expense Changes

At the time these financial statements were prepared and audited, the District was aware of the following circumstances that could significantly affect its financial health in the future:

The impact of S1701 legislation. S1701, adopted by the State of New Jersey on June 17, 2004, severely limited the District's ability to accumulate funds in fund balance. Under this legislation, fund balance cannot exceed 2% of the operating budget. This restriction imposes immediate short term tax relief of unanticipated revenues. It does not permit holding funds to offset the peaks and valleys of annual revenue which could provide long term budget solutions.

The Impact of A1 legislation. A1, adopted by the State of New Jersey on April 4, 2007, limited the District's ability to increase taxes. Under this legislation, district can not increase the tax levy by more than 4%. Prior to this legislation, the budget cap was based on total revenues, which allowed districts to adjust the revenues, including taxes, to offset decreases in other revenue areas.

The impact of School Funding Reform Act. The School Funding Reform Act, adopted by the State of New Jersey on January 13, 2008, provided a new funding formula which would meet the requirements of Abbott v Burke in future years. The legislation requires each district to provide a local "fair share" contribution to property taxes to support schools, and establishes an "adequacy budget" for each district. The adequacy budget is based a state formula for each expenditure that is needed to provide a thorough and efficient education. The formula also includes enrollment and other factors such as the number of special education students and at-risk, or poor students.

The impact of S29, adopted by the State of New Jersey on July 13, 2010 reduced the District's ability to increase taxes. While A1 legislation in 2007 restricted increases in the District's tax levy to 4%, this legislation, further reduced any increase in tax levy to no by more than 2%. The District will need to focus on containing increases in areas such as health benefits and other employee benefits.

The impact of S2937 adopted by the State of New Jersey on June 28, 2011 provides pension and health benefit reforms. This legislation will result in long term cost containment for pension and health benefit costs.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers and investors and creditors with a general overview of the district's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Board of Education Office, Glen Sisco School, 109 Kiel Road, Kinnelon, NJ 07405.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2012

Total Net Change in Fund Balances - Governmental Funds (from B-2)

Amounts Reported for Governmental Activities in the Statement of Activities (A-2) are Different Because: \$ 888,590

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays, deletions and adjustments in the period.

Depreciation expense	\$ (1,375,558)	
Deletions and Adjustments	147,588	
Capital outlays	<u>30,054</u>	
		(1,197,916)

Repayment of serial bonds is an expenditure in the Governmental Funds, but the repayment reduces Long-Term Liabilities in the Statement of Net Assets and is not reported in the Statement of Activities. 1,670,000

In the Statement of Activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+). 128,360

Repayment of capital leases is an expenditure in the Governmental Funds, but the repayment reduces Long-Term Liabilities in the Statement of Net Assets and is not reported in the Statement of Activities. 51,363

The governmental funds report the effect of issuance costs when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. (-) (11,983)

The governmental funds report the effect of bond premium when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. (+) 51,204

The governmental funds report the effect of deferred interest costs relative to advance refunding when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. (-) (79,054)

Change in Net Assets of Governmental Activities \$ 1,500,564

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Note 1. Summary of Significant Accounting Policies

The financial statements of the Board of Education (the "Board") of the Kinnelon Borough School District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources, and significances) should be included in the financial reporting entity. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include 2 elementary schools, 1 middle school, and 1 high school located in the Borough of Kinnelon. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

B. Basis of Presentation

District-Wide Financial Statements

The statement of net assets and the statement of activities present financial information about the District's governmental and business type activities. These statements include the financial activities of the overall District in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. These statements distinguish between the governmental and business type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenue and other non exchange transactions. Business type activities are financed in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenue for business-type activities and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses are allocated to the functions using an appropriate allocation method or association with the specific function. Indirect expenses include health benefits, employer's share of payroll taxes, compensated absences and tuition reimbursements. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenue that is not classified as program revenue, including all taxes, is presented as general revenue. The comparison of direct expenses in the program revenue identifies the extent to which each government function or business segment is self-financing or draws from the general revenue of the District.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation (Cont'd)

Fund Financial Statements

During the fiscal year, the School District segregated transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

General Fund: The General Fund is the general operating fund of the District and is used to account for and report all expendable financial resources not accounted for and reported in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay subfund.

As required by NJDOE, the District includes budgeted capital outlay in this fund. GAAP, as it pertains to governmental entities, states that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenue. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment.

Special Revenue Fund: The Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Thus the Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted or committed to expenditures for specified purposes.

Capital Projects Fund: The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, funds appropriated from the General Fund, and from aid provided by the state to offset the cost of approved capital projects.

Debt Service Fund: The Debt Service Fund is used to account and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The District reports the following proprietary funds:

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies: (Cont'd)

B. Basis of Presentation (Cont'd)

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenue and expenses pertaining to the Board's cafeteria operations. The food service fund is utilized to account for the operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Enterprise Fund- Enrichment Program: The Enterprise Fund accounts for all revenue and expenses pertaining to the Board's enrichment program. This program provides before and after school activities, as well as kindergarten enrichment opportunities to students who subscribe to the program. The enrichment fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Additionally, the District reports the following fund type:

Fiduciary Funds: The fiduciary funds are used to account for assets held by the District on behalf of others and include the Student Activities Fund, Payroll Agency Fund, the Private Purpose Scholarship Fund, and Unemployment Compensation Insurance Trust Fund.

C. Measurement Focus and Basis of Accounting

The district-wide financial statements and the proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenue is recognized when measurable and available. The District considers all revenue reported in the governmental funds to be available if the revenue is collected within sixty days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenue. Therefore, when program expenses are incurred, both restricted and unrestricted net assets may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenue.

Reports for the District's Food Service Fund are prepared following the Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with Governmental Accounting Standards Board (GASB) pronouncements.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies: (Cont'd)

D. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue fund and debt service funds. The budget for the fiscal year ended June 30, 2012 was submitted to the County office and was voted upon at the school election on the fourth Wednesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be made by School Board resolution. All budgeting amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized reserves on the annual budget during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the fiscal year. For Governmental Funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles (GAAP) with the exception of the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the Governmental Fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The General Fund budgetary revenue differs from GAAP revenue due to a difference in recognition of the last two state aid payments for the current year. Since the state is recording the last two state aid payments in the subsequent year, the District cannot recognize these payments on the GAAP financial statements.

Note 1. Summary of Significant Accounting Policies: (Cont'd)

D. Budgets/Budgetary Control

Note A - Explanation of Differences between Budgetary Inflows and Outflows and
GAAP Revenue and Expenditures

	General Fund	Special Revenue Fund
Uses/Outflows of Resources:		
Actual Amounts (Budgetary Basis) "Total Outflows" from the Budgetary Comparison Schedule	\$ 34,290,904	\$ 476,164
Total Expenditures as Reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds	\$ 34,290,904	\$ 476,164

E. Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash and cash in banks. Certificates of deposit, with maturities of one year or less when purchased, are stated at cost.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Government Units. If a public depository fails, the collateral it has pledged, plus the collateral of all the other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

F. Interfund Transactions

Transfers between governmental and business-type activities on the district-wide statements are reported in the same manner as general revenue. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenue/expenses in the Enterprise Funds.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies: (Cont'd)

F. Interfund Transactions

Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net assets, except for amounts due between governmental and business-type activities or governmental and agency funds, which are presented as internal balances.

G. Allowance for Uncollectible Accounts

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

H. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as restricted, committed and/or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenue at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

I. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

J. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2012.

K. Capital Assets

During the year ended June 30, 1994, the District established a formal system of accounting for its capital assets. Capital assets acquired or constructed subsequent to June 30, 1994, are recorded at historical cost. Capital assets acquired or constructed prior to the establishment of the formal system are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Land has been recorded at estimated historical cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs is not capitalized. The District does not possess any infrastructure. Capital assets have been reviewed for impairment.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies (Cont'd):

K. Capital Assets (Cont'd)

The capitalization threshold (the dollar value above which asset acquisitions are added to the capital asset accounts) is \$2,000. The depreciation method is straight-line. The estimated useful lives of capital assets reported in the district-wide statements and proprietary funds are as follows:

Asset Class	Estimated Useful Life in Years
Buildings	50
Site Improvements	20
Furniture and Equipment	10 to 15
Computer and Related Technology	5
Vehicles	8

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures in the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

L. Long-Term Liabilities

In the District-wide and enterprise fund statements of net assets, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or enterprise funds. Bonds issuance costs, as well as applicable bond premium and discounts, are reported as deferred charges and amortized over the term of the related debt using the straight-line method of amortization. In the fund financial statements, governmental fund types recognize bond discounts, as well as bond issuance costs, as expenditures in the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

M. Accrued Salaries and Wages:

The District does not allow employees who provide services over the ten-month academic year the option to have their salaries evenly distributed during the entire twelve-month year, therefore, there are no accrued salaries and wages as of June 30, 2012.

N. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (G.A.S.B. 16), *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's various contracts/agreements. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions/individual employees.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

(Continued)

Note 1. Summary of Significant Accounting Policies (Cont'd):

N. Compensated Absences (Cont'd)

In the district-wide Statement of Net Assets, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due after one year.

O. Deferred Revenue

Deferred revenue represents cash which has been received but not yet earned.

P. Fund Balance Appropriated

General Fund: Of the \$2,013,265 General Fund fund balance at June 30, 2012, \$978,831 is assigned for encumbrances; \$100 is restricted in the capital reserve account; \$216,324 of the assigned fund balance has been appropriated and included as anticipated revenue for the fiscal year ending June 30, 2013; and there \$818,010 is in unassigned fund balance.

Capital Projects Fund: The Capital Projects Fund fund balance at June 30, 2012 of \$30,220 is restricted.

Calculation of Excess Surplus: In accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2004, c.73 (S1701) the designation for Restricted Fund Balance-Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The District had no excess surplus at June 30, 2012 or June 30, 2011.

The District's assigned fund balance in the General Fund is less on a GAAP basis than the budgetary basis by \$89,008 as reported in the fund statements (modified accrual basis). P.L. 2003, C.97 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the related state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last two state aid payments in the subsequent fiscal year, the school district cannot recognize the last two state aid payments on the GAAP financial statements until the year the State records the payable. The excess surplus calculation is calculated using the fund balance reported on the Budgetary Comparison Schedule, including the final state aid payments and not the fund balance reported on the fund statement which excludes the last two state aid payments.

Q. Deficit Net Assets

The District did not have any deficit net assets at June 30, 2012.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies (Cont'd):

R. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

S. Fund Balance Restrictions, Commitments and Assignments:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unassigned fund balance indicates that portion which is available for appropriation in future periods. Fund balance restrictions have been established for debt service and capital projects as defined by State law.

The District Board of Education has the responsibility to formally commit resources for specific purposes through a motion or a resolution passed by a majority of the Members of the Board of Education at a public meeting of that governing body. The Board of Education must also utilize a formal motion or a resolution passed by a majority of the Members of the Board of Education at a public meeting of that governing body in order to remove or change the commitment of resources. The District has no committed resources at June 30, 2012.

The assignment of resources is generally made by the District Board of Education through a motion or a resolution passed by a majority of the Members of the Board of Education. These resources are intended to be used for a specific purpose. The process is not as restrictive as the commitment of resources and the Board of Education may allow an official of the District to assign resources through policies adopted by the Board of Education. The District has assigned resources for encumbrances and amounts designated for subsequent year's expenditures in the General Fund at June 30, 2012.

T. Revenue - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified-accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 1. Summary of Significant Accounting Policies (Cont'd):

T. Revenue - Exchange and Nonexchange Transactions (Cont'd)

resources are provided to the school district on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes, interest, and tuition.

U. Operating Revenue and Expenses

Operating revenue is those revenues that are generated directly from the primary activity of the respective Proprietary Fund. For the School District, these revenue are sales for food service and fees for the enrichment program. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Proprietary Fund.

V. Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Note 2. Explanation of Certain Differences Between Governmental Fund Statements and District-Wide Statements

Due to the differences in the measurement focus and basis of accounting used on the government fund statements and district-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items.

Note 3. Cash and Cash Equivalents and Investments

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, money market accounts and short-term investments with original maturities of three months or less.

Investments are stated at cost, or amortized cost, which approximates market. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following pages.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 3. Cash and Cash Equivalents and Investments (Cont'd)

Deposits

New Jersey statutes require that School Districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School Districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least five percent of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Board to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (5) Local government investment pools;
- (6) Deposits with the State of New Jersey Cash Management Fund; or
- (7) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 3. Cash and Cash Equivalents and Investments (Cont'd)

Investments (Cont'd)

- (b) the custody of collateral is transferred to a third party;
- (c) the maturity of the agreement is not more than 30 days;
- (d) the underlying securities are purchased through a public depository as defined in statute; and
- (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of June 30, 2012, cash and cash equivalents and investments of the District consisted of the following:

<u>Accounts</u>	<u>Cash and Cash Equivalents</u>	<u>Investments</u>	<u>Total</u>
Checking Accounts	\$ 2,298,133		\$ 2,298,133
Certificates of Deposit		\$ 100,000	100,000
Capital Reserve	100		100
	<u>\$ 2,298,233</u>	<u>\$ 100,000</u>	<u>\$ 2,398,233</u>

During the period ending June 30, 2012, the District did not hold any investments other than certificates of deposits. The carrying amount of the Board's cash and cash equivalents at June 30, 2012 was \$2,398,233 and the bank balance was \$2,929,800.

Note 4. Capital Reserve Account

A capital reserve account was established by the Borough of Kinnelon Board of Education by inclusion of \$100 on February 9, 1999, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the State Department of Education, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2011 to June 30, 2012 fiscal year is as follows:

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 4. Capital Reserve Account

Beginning balance, July 1, 2011	\$ 100
Ending balance, June 30, 2012	\$ 100

The June 30, 2012 LRFPA balance of local support costs of uncompleted capital projects at June 30, 2012 is \$11,521,000. There were no withdrawals from the capital reserve account.

Note 5. Capital Assets

Capital assets balances and activity for the year ended June 30, 2012 were as follows:

Activities	Beginning Balance	Additions	Deletions/ Adjustments	Total Ending Balance
Governmental Activities:				
Assets not Depreciated:				
Land	\$ 45,810			\$ 45,810
Total Assets not Depreciated	45,810			45,810
Assets Being Depreciated:

Total Depreciation Charged	\$ 1,375,558

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 6. Long-Term Liabilities

During the fiscal year ended June 30, 2012, the following changes occurred in liabilities reported in the district-wide financial statements:

	Balance June 30, 2011	Issued/ Accrued	Retired	Balance June 30, 2012	Amounts Due Within One Year
Serial Bonds Payable	\$ 28,389,000		\$ 1,670,000	\$ 26,719,000	\$ 1,715,000
Less: Deferred Interest	(948,648)		79,054	(869,594)	79,054
Serial Bonds Payable	27,440,352		1,749,054	25,849,406	1,794,054
Compensated Absences	691,400	\$ 110,353	238,713	563,040	56,304
Capital Leases	162,229		51,363	110,866	54,034
Total Obligations	<u>\$ 28,293,981</u>	<u>\$ 110,353</u>	<u>\$ 2,039,130</u>	<u>\$ 26,523,312</u>	<u>\$ 1,904,392</u>

A. Bonds Payable

Bonds are authorized in accordance with State law by the voters of the school district through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds and will be liquidated through the debt service fund.

On November 16, 2006, the District issued refunding school bonds of \$4,615,000 with interest rates ranging from 3.25% to 4.00% to advance refund \$4,406,000 school bonds with interest rates ranging from 4.75% to 4.80%. The bonds mature on October 1, 2009 through 2017 and October 1, 2009 was the first optional redemption date at 100% of par. The net proceeds from the issuance of the general obligation bonds were used to purchase U.S. government securities and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the school bonds were called on October 1, 2009. The advance refunding met the requirements of an in-substance debt defeasance and the school bonds were removed from the District's government-wide financial statements.

As a result of the advance refunding, the District reduced its total debt service requirement by \$148,999, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$135,485.

On September 14, 2010, the District issued refunding school bonds of \$9,980,000 with interest rates ranging from 2.00% to 4.00% to advance refund \$9,502,000 school bonds with interest rates ranging from 4.05% to 4.70%. The bonds mature on October 1, 2013 through 2021 and October 1, 2020 is the first optional redemption date at 100% of par. The net proceeds from the issuance of the general obligation bonds were used to purchase U.S. government securities and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the school bonds are called on October 1, 2020. The advance refunding met the requirements of an in-substance debt defeasance and the school bonds were removed from the District's government-wide financial statements.

As a result of the advance refunding, the District reduced its total debt service requirement by \$434,927, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$395,461.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 6. Long-Term Liabilities (Cont'd)

C. Capital Leases Payable (Cont'd)

The current portion of Capital Leases payable is \$54,034 and the long-term portion is \$56,832.

The General Fund will be used to liquidate the Capital Leases.

D. Compensated Absences Payable

The liability for compensated absences of the governmental fund types is recorded as a long-term liability. There is no current portion of the compensated absences balance of the governmental funds in the current year. The long-term liability balance of compensated absences is \$563,040 for Governmental Activities.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2012, no liability existed for compensated absences in the Food Service Fund or Enrichment Fund.

The General Fund will be used to liquidate Compensated Absences Payable.

Note 7. Pension Plans

Substantially all of the Board's employees participate in one of the two contributory, defined benefit public employee retirement systems: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employee's Retirement System (PERS) of New Jersey. These systems are sponsored and administered by the State of New Jersey. The TPAF is considered a cost-sharing, multiple employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other non-contribution employers. The PERS is also considered a cost-sharing, multiple-employer plan.

Employees who are members of TPAF or PERS and retire at a specified age or after 55 according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of credible service. Vesting occurs after 8 to 10 years of service.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey regulation. Effective with the first payroll to be paid on or after October 1, 2011 the employee contributions for PERS and TPAF went from 5.5% to 6.5% of employee's annual compensation as defined. Employers are required to contribute at an actuarially determined rate in the PERS and TPAF.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 7. Pension Plans (Cont'd)

District contributions to PERS amounted to \$390,782, \$374,711 and \$280,200 for the fiscal years ended June 30, 2012, 2011 and 2010 respectively.

During the fiscal years ended June 30, 2012, 2011, and 2010 the State of New Jersey contributed \$526,491, \$-0- and \$-0-, respectively, to the TPAF for pension benefits on-behalf of the District.

Note 8. Post-Retirement Benefits

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers Pensions and Annuity Fund (T.P.A.F.) and the Public Employees' Retirement System (P.E.R.S.), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2011, there were 93,323 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributed to P.L. 1992, c.126 which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$144 million toward Chapter 126 benefits for 15,709 eligible retired members in fiscal year 2011.

The State's on behalf Post Retirement Medical Contributions to TPAF for the District amounted to \$1,058,384, \$1,046,375 and \$997,768 for 2012, 2011 and 2010, respectively.

Note 9. Deferred Compensation

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators used are:

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 10. Risk Management

The District is exposed to various risks of loss related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District obtains its health benefit coverage through Horizon Blue Cross Blue Shield.

Property and Liability Insurance:

The District maintains commercial insurance coverage for property, liability, student accident, and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance:

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the 'Benefit Reimbursement Method.' Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

The following is a summary of the District contributions, employee contributions, interest earned, reimbursements to the State for benefits paid, and the ending balance of the District's expendable trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>Employer/ Employee Contributions</u>	<u>Interest</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2011-2012	\$ 144,803	\$ 204	\$ 66,860	\$ 194,582
2010-2011	290,293	19	188,317	116,435
2009-2010	80,127	209	119,370	14,440

Property, Liability and Health Benefits

The Kinnelon Borough School District is a member of the Pooled Insurance Program of New Jersey (the "Fund"). This public entity risk management pool provides general liability, property and automobile coverage and workers' compensation for its members. The Kinnelon Borough School District receives only workers' compensation coverage from the Fund. The Fund is a risk-sharing public entity risk pool that is an insured and self-administered group of school boards established for the purpose of providing low-cost insurance for its respective members in order to keep local property taxes to a minimum.

Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 10. Risk Management (Cont'd)

As a member of this Fund, the District could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities. The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership body. In accordance with Statement No.10 of the Governmental Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

The June 30, 2012 audit report is not available as of the date of this report. Selected summarized financial information for the Pool as of June 30, 2011 is as follows:

<u>Year Ended</u> <u>June 30, 2011</u>	<u>Pooled Insurance</u> <u>Program of</u> <u>New Jersey</u>
Total Assets	\$ 20,051,565
Net Assets	\$ 4,980,116
Total Revenue	\$ 7,886,927
Total Expenses and Adjustments	\$ 6,116,398
Change in Net Assets	\$ 1,770,529
Net Assets Distributed to Participating Members	\$ 1,184,665

Financial statements for the Fund are available at the Fund Administrator's Office:

Pooled Insurance Program of New Jersey

Burton Agency, Inc.
44 Bergen Street
Westwood, New Jersey 07675
(201) 664-0301

Note 11. Tax Calendar

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and there is an imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the current and prior year may be placed in lien at a tax sale held after December 10.

Taxes are collected by the municipality and are remitted to the local school district on a predetermined, agreed-upon schedule.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 12. Contingent Liabilities

Grant Programs

The School District participates in federal and state assisted grant programs. The programs are subject to program compliance audits by grantors or their representatives. The School District is potentially liable for expenditures which may be disallowed pursuant to terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

Litigation

The District is periodically involved in pending lawsuits. The District estimates that the potential claims against it resulting from such litigation and not covered by insurance would not materially affect the financial statements of the District.

Arbitrage

The District may have a liability for arbitrage payable to the federal governments relative to its school bond issues. The amount of liability at June 30, 2012, if any, is unknown.

Encumbrances

At June 30, 2012, there were encumbrances as detailed below in the governmental funds.

<u>General Fund</u>	<u>Total Governmental Activities</u>
\$ 978,831	\$ 978,831

Note 13. Economic Dependency

The Board of Education receives support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Board of Education's programs and activities.

Note 14. Accounts Payable:

Payables as of June 30, 2012 were:

	<u>Governmental Activities</u>	
	<u>Special Revenue Fund</u>	<u>Total Governmental Activities</u>
Vendors	\$ 4,300	\$ 4,300
	\$ 4,300	\$ 4,300

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 15. Interfund Receivables and Payables:

The District had the following interfunds payables or receivables as of June 30, 2012.

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 33,408	\$ 32,194
Enterprise Fund - Food Service	32,194	
Payroll Agency Fund		33,408
	<u>\$ 65,602</u>	<u>\$ 65,602</u>

The interfund activity between the Payroll Agency Fund and the General Fund is due to excess funds transferred to cover payroll expenses. The interfund due from the General Fund to the Enterprise Fund is due to Federal and State food service reimbursements received by the District in the General Fund, but not yet turned over to the Enterprise Fund.

Note 16. Transfer to Capital Outlay:

During the fiscal year ended June 30, 2012, the school district transferred \$7,042 to capital outlay for equipment which did not require approval of the County Superintendent.

BUDGETARY COMPARISON SCHEDULE
NOTE TO RSI
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	General Fund	Special Revenue Fund
Sources/Inflows of Resources		
Actual Amounts (Budgetary Basis) "Revenue" from the Budgetary Comparison Schedule	\$ 35,490,883	\$ 476,164
Differences - Budget to GAAP:		
Grant Accounting Budgetary Basis Differs from GAAP in that the Budgetary Basis Recognizes Encumbrances as Expenditures and Revenue, Whereas the GAAP Basis does not		
Prior Year State Aid Payments Recognized for GAAP Purposes, not Recognized for Budgetary Statements	30,476	
Current Year State Aid Payments Recognized for Budgetary Purposes, not Recognized for GAAP Statements	(89,008)	
Total Revenues as Reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds.	\$ 35,432,351	\$ 476,164
Uses/Outflows of Resources:		
Actual Amounts (Budgetary Basis) "Total Outflows" from the Budgetary Comparison Schedule	\$ 34,290,904	\$ 476,164
Total Expenditures as Reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds	\$ 34,290,904	\$ 476,164

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets for the fiscal year ended June 30, 2012, was submitted to the County office and was voted upon at the school election on the fourth Wednesday in April, 2011. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. All budgetary amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between budgetary basis of accounting and generally accepted accounting principles, with the exception of the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The General Fund budgetary revenue differs from GAAP revenue due to a difference in recognition of the last two state aid payments for the current year. Since the State is recording the last two state aid payments in the subsequent fiscal year, the District cannot recognize these payments on the GAAP financial statements.

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net Valuation Taxable.

b Rates for debt service are based on each year's requirements.

KINNELON BOROUGH SCHOOL DISTRICT
RATIOS OF OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
AS OF DECEMBER 31, 2011
UNAUDITED

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable ^a</u>	<u>Estimated Share of Overlapping Debt</u>
Debt repaid with property taxes			
Borough of Kinnelon	\$ 17,148,917	100.000%	\$ 17,148,917
Morris County General Obligation Debt	269,247,125	2.337%	<u>6,291,104</u>
Subtotal, overlapping debt			23,440,021
Kinnelon School District Direct Debt			<u>26,719,000</u>
Total direct and overlapping debt			<u>\$ 50,159,021</u>

Sources: Assessed value data used to estimate applicable percentages provided by the Morris County Board of Taxation; debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Kinnelon. This process recognizes that, when considering the District's ability to issue and repay long-term, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping unit.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable equalized property values. Applicable percentages were estimated by determining the portion of another governmental unit's equalized property value that is within the district's boundaries and dividing it by each unit's total equalized property value.

Independent Auditors' Report on Internal Control over Financial Reporting
 and on Compliance and Other Matters Based on an Audit of Financial Statements
 Performed in Accordance with *Government Auditing Standards*

The Honorable President and Members
 of the Board of Education
 Kinnelon Borough School District
 County of Morris, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Kinnelon Borough School District, in the County of Morris (the "Board") as of, and for the fiscal year ended, June 30, 2012, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated August 30, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and, the audit requirements prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey (the "Department").

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of providing an opinion on the effectiveness of the Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

The Honorable President and Members
of the Board of Education
Kinnelon Borough School District
Page 2

Internal Control Over Compliance

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance in accordance with OMB Circular A-133 and the *New Jersey State Aid/Grant Compliance Supplement*, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the management, the members of the Board of Education, and to meet the requirements for filing with the New Jersey State Department of Education, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04

The Honorable President and Members
of the Board of Education
Kinnelon Borough School District
County of Morris, New Jersey

Compliance

We have audited the compliance of the Board of Education of the Kinnelon Borough School District, in the County of Morris (the "Board") with the types of compliance requirements described in the U.S. Office of Management and Budget (the "OMB") *Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2012. The Board's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; audit requirements prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey (the "Division"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Those standards, OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 2012.

The Honorable President and Members
of the Board of Education
Kinnelon Borough School District
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we have reported in the *Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance*, a separate report dated August 30, 2012.

This report is intended solely for the information and use of management, the members of the Board of Education, and to meet the requirements for filing with the New Jersey State Department of Education, and other state and federal awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than those specified parties.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Note 1: General:

The accompanying schedules of expenditures of federal and state awards present the activity of all federal and state financial award programs of the Board of Education, Kinnelon Borough School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards passed through other government agencies are included on the schedules of expenditures of federal and state awards. Because the schedules present only a selected portion of the operations of the District, they are not intended to and do not present the financial position, changes in net assets or cash flows of the District.

Note 2: Basis of Accounting:

The accompanying schedules of expenditures of federal and state awards are presented using the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in these schedules is presented in accordance with the requirements of Federal OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and New Jersey OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements. Such expenditures are recognized following the cost principles contained in federal OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governmental Units*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Relationship to Basic Financial Statements:

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last two state aid payments in the current budget year, which is mandated pursuant to N.J.S.A-18A:22-44.2. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last two state aid payments in the subsequent year and the final two payments for the prior year are recognized in the current year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$58,532) for the general fund and \$-0- for the special revenue fund. See exhibit C-3 for a reconciliation of the Budgetary Basis to the modified accrual basis of accounting for the general and special revenue funds. The schedule of expenditures of state awards does not include the TPAF Pension and Post Retirement Medical contributions paid by the State on behalf of the District of \$526,491 and \$1,058,384, respectively.

KINNELON BOROUGH SCHOOL DISTRICT
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(Continued)

Note 3: Relationship to Basic Financial Statements (Cont'd)

Awards and financial assistance revenue are reported on the Board's basic financial statements on a GAAP basis as presented below:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 74,147	\$ 4,254,633	\$ 4,328,780
Special Revenue Fund	474,027	2,137	476,164
Debt Service Fund		68,759	68,759
Enterprise Fund	<u>78,743</u>	<u>4,430</u>	<u>83,173</u>
Total Financial Awards	<u>\$ 626,917</u>	<u>\$ 4,329,959</u>	<u>\$ 4,956,876</u>

Note 4: Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5: Other:

T.P.A.F. Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for T.P.A.F. members for the fiscal year ended June 30, 2012. Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively.

KINNELON BOROUGH SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Summary of Auditors' Results:

- An unqualified report was issued on the District's financial statements.
- The audit did not disclose any material weaknesses or significant deficiencies in the internal controls of the District.
- The audit did not disclose any noncompliance which is material in relation to the financial statements of the District.
- The audit did not disclose any material weaknesses or significant deficiencies in the internal controls of the District's major programs.
- An unqualified report was issued on the District's compliance for major programs.
- The audit did not disclose any audit findings which are required to be reported under Federal OMB Circular A-133 and New Jersey's OMB Letter NJOMB 04-04.
- The District's major programs for the current fiscal year consisted of the following awards:

	State Grant Number/C.F.D.A. #	Grant Period	Award Amount	Budgetary Expenditures
<u>State:</u>				
Special Education Categorical Aid Reimbursed TPAF	12-495-034-5120-089	7/1/11-6/30/12	\$ 1,202,834	\$ 1,202,834
Social Security Contributions	12-495-034-5095-002	7/1/11-6/30/12	1,179,390	1,179,390
<u>Federal:</u>				
Special Education Cluster:				
I.D.E.A. Part B, Basic	84.027	9/1/11-8/31/12	415,069	415,069
I.D.E.A. Preschool	84.173	9/1/11-8/31/12	17,149	17,149

- The threshold for distinguishing Type A and Type B programs was \$300,000. A risk based approach was used to determine major programs.
- The District qualified as a "low-risk" auditee under the provisions of section 530 of the federal Circular.
