Honorable President and
Members of the Board of Education
Red Bank Borough Schools
County of Monmouth, New Jersey

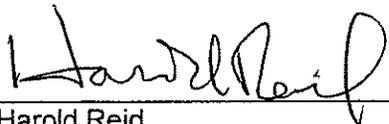

Dear Board Members:

The comprehensive annual financial report of the Red Bank Borough Schools District ("District") for the fiscal year ended June 30, 2013 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Red Bank Board of Education ("Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operation of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

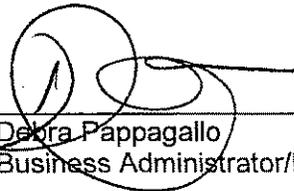

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart, a roster of principal officials and a list of consultants and advisors. The financial section includes the district-wide and fund financial statements and schedules, as well as the auditor's report and the Management's Discussion and Analysis. The statistical section includes selected financial statements and schedules as well as information generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984, the U.S. Office of Management and Budget ("OMB") Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and the State Treasury OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid Payments. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

Respectfully submitted,

INDEPENDENT AUDITOR’S REPORT

Honorable President and Members
of the Board of Education
Red Bank School District
County of Monmouth
Red Bank, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Red Bank School District, County of Monmouth, State of New Jersey, as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Red Bank School District, County of Monmouth, State of New Jersey, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 13 through 24 and 85 through 93 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Red Bank Board of Education's basic financial statements. The accompanying introductory section, and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules and statistical information are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and is also not a required part of the financial statements.

The combining and individual fund financial statements, long-term debt schedules and the accompanying schedule of expenditures of federal and state financial assistance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, long-term debt schedules and the accompanying schedule of expenditures of federal and state financial assistance are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2013 on our consideration of the Board of Education of the Red Bank School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Board of Education of the Red Bank School District's internal control over financial reporting and compliance.

RED BANK BOROUGH BOARD OF EDUCATION
76 BRANCH AVENUE, RED BANK, NJ 07701

MONMOUTH COUNTY

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013
(Unaudited)**

Introduction

Red Bank Borough School District ("District") is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report.

The District provides a full range of educational services appropriate to grade levels PreKindergarten through 8. These include general and special education instruction for handicapped youngsters. The District completed the 2012/13 school year with an average daily enrollment of 1272 students, an increase of 3.23% over the prior year's average daily enrollment. An additional 11 District students were in private out-of-district special education placements. The Red Bank Charter School, also operating in Red Bank, had an enrollment of 180 Red Bank resident students at the end of June, 2013. Additional Red Bank residents attended various non-public elementary schools throughout the County.

District schools, while located in an affluent area of Monmouth County, New Jersey, are classified as district factor group "CD." The district factor group is a measure of local wealth and student economics on a scale of "A" (lowest) to "J" (highest), with Red Bank's classification influenced by the high percentage of low-income students as measured by student eligibility for free or reduced-price school meals. Within the past five years, the District's school population has continued to increase its Hispanic majority, most evident in the District's Primary School.

The District continues its staff development and curriculum improvement initiatives, and in 2012/13 continued a curriculum alignment process that ensures focused instruction in grades preschool-8. Academic outcomes have shown improvements attributed, in part, to the success of alignment of standards, curriculum planning.

With the learner as the focus, at the heart of staff development is continuation of a data-driven, comprehensive, and on-going professional development program that targets content, strategies, assessment, and skills identified to be in need of attention.

Basic Financial Statements

The annual report consists of a series of financial statements and notes to those statements presented so the reader can gain an understanding of the Red Bank Borough School District as a financial operating entity. The overview statements then proceed to provide an increasingly detailed look at specific financial activities. These statements provide a “report card” of sorts on the District’s financial transactions, including data on all assets and liabilities using full accrual accounting in a manner similar to information presented by publicly-held companies. All of these activities are intended to advance the District’s mission as stated at the beginning of this analysis.

The financial statements previously presented in the District’s Comprehensive Annual Financial Report remain unchanged: detailed and comparative exhibits of budgeted and actual revenue and expenses by General, Special Revenue, Proprietary and Debt Service funds. This disclosure has been expanded by the addition of the Statement of Net Position and the Statement of Activities using full accrual accounting similar to the statements used in reporting corporate financial results. Another feature is supplementary information that includes a comparison of the original and final budgets to the final expenditures for the General and Special Revenue Funds.

The Statement of Net Position presents the District’s assets and liabilities in order of liquidity, except for liabilities with current and long-term elements that will be presented accordingly. Net position represents the difference between assets and liabilities, and will be presented in three categories: invested in capital assets net of related debt, restricted assets and unrestricted assets. Using this methodology requires depreciation of capital assets.

The Statement of Activities provides an overview of the cost of providing educational services by major categories of expense and revenue. These two statements report the District’s net position and how they have changed year to year, reflecting a variety of influences such as the current change in educational philosophy (resulting in increased purchases of new materials, consultants, etc.), voter approval of tax levy, interest income, successful grant applications, etc. An additional factor influencing these results is the level of state funding received.

In 2012/13, the District received \$2,256,420 in General Operating Fund State Aid(SFRA). We were obligated to transfer \$1,640,718 to the Red Bank Charter School for their 180 students. If you compare the amount of State Aid that we received, and the amount of funds transferred to the Charter School, clearly the difference of \$615,702 creates a fiscal challenge for the District.

Financial Highlights

Key financial highlights for 2012/2013 are as follows:

- General revenues accounted for \$14,918,187.79 in revenue or 62.14% of all revenues. Program specific revenues in the form of charges for services, and operating grants and contributions, accounted for \$9,089,670.63 or 37.86% of total revenues of \$24,007,858.42.
- Total net position of governmental activities increased by \$214,182.80.
- The School District had \$23,862,769.32 in expenses; only \$9,089,670.63 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$24,007,858.42 were adequate to provide for these programs.
- The School District had \$23,092,836.97 in General, Special Revenue and Debt Service Fund expenses. Tax levies, state and federal aid, selected grants, and miscellaneous income covered these costs. Of the District's total expenditures in 2012/13, 57.29% was funded by local revenue, with \$12,652,188.00 in local taxes levied for the General Fund and another \$546,695.00 levied for debt service.
- Of the 2012/13 General Fund expenditures, \$1,640,718.00 represented a transfer to the Red Bank Charter School.
- The State contributed Categorical Aid in the amount of \$28,841 for transportation.
- The General Fund had \$16,711,678.82 in revenues and \$16,170,509.73 in expenditures. The General Fund's balance increased by \$366,169.09 over 2012/13.

Using this General Accepted Accounting Principles Report (GAAP)

The Statement of Net Position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position as of June 30, 2013 compared to June 30, 2012.

Governmental Activities

Historically, on the third Tuesday in April, the voters of New Jersey get an opportunity to voice their pleasure or displeasure on all things economic and/or political as they are asked to vote on their local school district's annual tax levy developed as part of the annual school budget process. In January 2012 Governor Christie signed into law a bill that allowed school boards the option to eliminate the annual school budget vote if their annual budgets are within the 2% adjusted cap. Red Bank Board of Education was among the numerous New Jersey school districts who voted to eliminate the annual school budget vote that moves the election of school board members to the November general elections.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services, identifying the cost of these services supported by tax revenue and unrestricted State entitlements.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil and these expenses are increasing due to changes in contractual obligations and changes in staff related to inclusion of special education and English language learners.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to pupils including curriculum and staff development. Curriculum and staff development include expenses associated with research, planning, development and evaluation of educational materials and methodology intended to provide "Quality Learning by All...Whatever It Takes."

General administration, school administration and business include expenses associated with administrative and financial supervision of the District including various types of insurance coverage, professional fees for architects, attorneys and auditors, mandated membership in the New Jersey School Boards Association and other expenses.

Operation and maintenance of plant activities involve keeping the school grounds, buildings, and equipment operating efficiently and effectively. The District's in-house staff of custodians and maintenance workers is charged with keeping the District's facilities functioning at peak efficiency at least cost.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law. In the Borough of Red Bank, this includes extensive busing for District students, Board of Education schools, the Charter Schools and also for those students attending out-of-district schools by either school or parent designation.

Interest and fiscal charges involves the transactions associated with the payment of interest and other related charges to debt of the District.

Other includes unallocated depreciation.

The School District's Funds

Information about the School District's major funds starts on page 35. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$23,329,644.28 and expenditures of \$23,092,836.97.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds (excluding Capital Projects) for the fiscal year ended June 30, 2013, and the amount and percentage of increases and decreases in relation to prior-year revenues.

Red Bank Borough Board of Education
Management Discussion and Analysis Report - Unaudited
June 30, 2013

<u>Revenues</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) From 2011/12</u>	<u>Percent of Increase/ (Decrease)</u>
Local Sources	\$ 13,228,741	56.73%	\$ 294,841	2.23%
State Sources	8,116,196	34.81	2,116,424	26.08
Federal Sources	<u>1,973,116</u>	<u>8.46</u>	<u>208,168</u>	10.55
Total	<u>\$ 23,318,053</u>	<u>100.00%</u>	<u>\$ 2,619,433</u>	<u>11.23%</u>

The increase in Local Sources is attributed to an increase in the district's increased tax levy.

The increase in State Sources is attributed to an increase in state aid to support increased enrollment and the expansion of the district's model PreK Expansion Grant award that allowed us to increase the program by six classrooms.

The decrease in Federal Sources is attributed to a decrease in new Federal grant opportunities and the finalization of ARRA grant funds.

The following schedule presents a summary of General Fund, Special Revenue Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2013:

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) From 2011/12</u>	<u>Percent of Increase/ (Decrease)</u>
Current Expense:				
Instruction	\$ 7,665,808	33.20%	\$ 811,313	10.58%
Undistributed Expenditures & Special Schools	13,118,862	56.81	1,913,925	14.59
Transfer To Charter School	1,640,718	7.10	(69,015)	(4.21)
Capital Outlay	120,755	0.52	98,342	81.44
Debt Service:				
Principal	384,814	1.67	(3,837)	(1.00)
Interest	<u>161,879</u>	<u>0.70</u>	<u>(14,355)</u>	(8.87)
Total	<u>\$ 23,092,837</u>	<u>100.00%</u>	<u>\$ 2,736,374</u>	<u>11.85%</u>

The increase in Instruction, undistributed expenditures and capital outlay is attributed to additional State Aid that was received mid-year.

The decrease in Debt Service principal and decrease in interest is based on the expiration of some of the District's Bonds.

General Fund Budgeting Highlights

The District's budget is prepared according to New Jersey legislative code and Department of Education guidelines and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal 2012/13 year, the District amended its General Fund budget based on Superintendent recommendation and Board of Education approval based on changes unanticipated during the preparation of the budget in the first quarter of 2013. The District manages its financial reporting of budgets and actual expenses using a real-time accounting system designed to provide comprehensive management and reporting tools. Many of the budgetary changes required during 2012/13 were the result of needs not able to be anticipated at the point of budget development.

During fiscal year 2012/13, final budgetary areas in the General Fund that exceeded the original budget included improvement of instruction services, support services, equipment, and construction. These budgetary overages were offset by reductions in other areas such as regular program instruction, special education, operation and maintenance of plant, and transportation services, where expenses were running under the budgeted amount.

Capital Assets

At the end of the fiscal year 2013, the District had \$14,445,663.70 in investments in Land, Construction in Progress, Site Improvements, Buildings and Buildings Improvements, and Machinery and Equipment.

Table 4

Capital Assets (Net of Depreciation) at June 30, 2013 and 2012

	<u>2013</u>	<u>2012</u>
Land	\$ 3,514,100.00	\$ 3,514,100.00
Site Improvements	455,329.91	488,641.00
Building and Improvements	10,181,097.43	10,527,202.00
Machinery and Equipment	<u>295,136.36</u>	<u>330,838.00</u>
Total	<u>\$ 14,445,663.70</u>	<u>\$ 14,860,781.00</u>

Overall capital assets decreased minimally from fiscal year 2011 to fiscal year 2012 as the Middle School renovation was virtually completed. The renovation was a \$11.275 million project of which 40% was funded by the state through the New Jersey Economic Development Authority, with the balance bonded following a public referendum. Increases in Capital Assets were offset by depreciation expense for the year.

The District's curriculum continued to emphasize the use of technology in education during 2012/13. The District continues as a Non-Abbott pilot District for the Preschool Expansion Initiative through the award of a competitive grant. This allows us to provide full-day preschool education to our students.

Debt Administration

On July 1, 2005, the Red Bank Borough Board of Education refinanced its 5.15% fixed rate 20-year serial bond for the Middle School renovation. Although improved interest rates were investigated, at this time the refinanced rate of 5.15% is the best available.

Total	<u>\$ 3,281,814.32</u>	<u>\$ 3,674,866.91</u>

At June 30, 2013, the School District's overall legal debt margin was \$184,417,848.

Current Financial Issues and Concerns

As of June 30, 2013, the Red Bank Borough School District has several serious financial concerns. We continue to be concerned about the financial burden that is created through funding a charter school in such a small community. Unanticipated Special Education costs and services that are driven by student's Individual Education Plan requirements have increased considerably. The county's economic condition has resulted in an increase in District-responsible homeless students.

We continue to strive to "do more with less". The design of a prudent budget that is based on a zero-based model, coupled with receiving funds through an aggressive grant submission process, the Red Bank Borough School District continues to focus on the enhancement of student learning.

The Superintendent continues to aggressively seek competitive grants, collaborative partnerships for professional development, and various opportunities that increase student learning for our district that do not impact our local budgets. Further cost savings through shared resources with the Borough and neighboring districts includes, curriculum writing and professional development that supplement and support the District's.

An additional area of concern is the need for increased maintenance and probable renovations at the District's Primary School. Constructed in the early seventies, this building is situated on ecologically-sensitive property on the west side of the Borough. The Borough-owned access roadway has limitations that pose safety concerns, and the main entryway to the building is obscured, allowing no clear view of the building's exterior for student safety purposes. The Board is working with the Borough to address some of the issues of safety through Borough grants; however, exploring the work is at the very preliminary stages. Budgeting for these projects will be a financial challenge.

In general, the Red Bank Borough Board of Education has consistently committed itself to sound, conservative fiscal management, providing the most efficient and effective education possible given the demands and challenges associated with the need to improve students' academic performances.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

June 30, 2013

Total Net Change in Fund Balances - Governmental Funds (from B-2)		\$	236,807.31
Amounts reported for governmental activities in the Statement of Activities (A-2) are different because:			
Capital outlays are reported in governmental funds as expenditures. However, on the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays and donated assets exceeded depreciation in the current fiscal year.			
Depreciation Expense		\$	(474,271.91)
Capital Outlay			<u>60,811.15</u>
			(413,460.76)
In the Statement of Activities, the loss on disposal of assets is recorded. This loss is not recorded in the governmental funds.			
			(1,656.54)
Repayment of bond, loans and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets and is not reported in the Statement of Activities.			
			384,814.35
Bond discount, bond premium and issuance costs are amortized over the lives of the bonds in the Statement of Activities. The net effect of the amortization is an increase to the reconciliation.			
			9,239.82
In the Statement of Activities, certain operating expenses, e.g., compensated absences (vacation and sick pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation.

RED BANK SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Red Bank School District (“District”) have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999 the GASB issued Statement 34 Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments. This statement established new financial reporting requirements for state and local governmental entities throughout the United States. They require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in prior years is affected.

The District implemented these standards beginning with the fiscal year-ending June 30, 2004. With the implementation of GASB Statement 34, the District has prepared required supplementary information titled Management’s Discussion and Analysis, which precedes the basic financial statements.

Other GASB Statements are required to be implemented in conjunction with GASB Statement 34. The District has implemented the following GASB Statements in the current fiscal year: Statement 63 – Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.

In March 2012, the GASB issued Statement No. 65, Items Previously Reported as Assets and Liabilities. GASB Statement No.65 reclassifies, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term deferred in financial statement presentations. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012. Management is currently evaluating the impact of the adoption of this Statement but it is expected to have a material impact on the financial statements for the year ended June 30, 2014.

The accompanying financial statements present the financial position of the District and the various funds and fund types, the results of operations of the District and the various funds and fund types, and the cash flows of the proprietary funds. The financial statements are presented as of June 30, 2013.

A. Reporting Entity:

The Red Bank School District is a Type II district located in the County of Monmouth, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year staggered terms. The purpose of the District is to educate students in grades PreK-8. The Red Bank School District had an approximate enrollment of 1,320 students at June 30, 2013.

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the Organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the Organization
- the District appoints a voting majority of the Organization's Board
- the District is able to impose its will on the Organization
- the Organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the Organization on the District

Based on the aforementioned criteria, the District has no component units.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a Statement of Net Assets and a Statement of Activities, and Fund Financial Statements which provide a more detailed level of financial information.

Basis of Presentation

District-Wide Statements: The Statement of Net Assets and the Statement of Activities display information about the District as a whole. These Statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These Statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Net Assets presents the financial condition of the governmental and business-type activity of the District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The Fund Financial Statements provide information about the District's funds, including its fiduciary funds. Separate statements for each Fund category – governmental, proprietary, and fiduciary – are presented. The New Jersey Department of Education ("NJDOE") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among District financial reporting models.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Presentation (Cont'd):

The District reports the following governmental funds:

General Fund - The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment, which are classified in the Capital Outlay subfund.

As required by the NJDOE, the District includes budgeted capital outlay in this Fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated Fund Balance. Expenditures are those that result in the acquisition of or additions to Fixed Assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Presentation (Cont'd):

The District reports the following proprietary fund:

Enterprise (Food Service) Fund - The Enterprise Fund accounts for all revenues and expenses pertaining to the Board's cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the costs (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

The District's Enterprise Fund is comprised of the Food Service Fund.

All Proprietary Funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary Fund-type operating statements present increases/(revenues) and decreases/(expenses) in net total assets.

Depreciation of all exhaustive fixed assets used by Proprietary Funds is charged as an expense against their operations. Accumulated depreciation is reported on Proprietary Fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives of the equipment used in the operations of the Enterprise Funds are approximately 10 years.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Presentation (Cont'd):

The District reports the following fiduciary funds:

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Expendable Trust Fund - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent.

Nonexpendable Trust Fund - A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. At June 30, 2013, the District had no Non-Expendable Trust Funds.

Agency Funds - Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include Payroll and Student Activities Funds.

Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the Enterprise Fund and Fiduciary Funds use the accrual basis of accounting. Differences in the accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "Accounts Receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Accounting (Cont'd):

Governmental Fund Financial Statements: Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and Enterprise Funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

C. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the County Office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund. The legal level of budgetary control is established at line item accounts within each Fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be approved by Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally-authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The Capital Project Fund presents the remaining project appropriations compared to current-year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund-types. Unencumbered appropriations lapse at fiscal year-end.

RED BANK SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Budgets/Budgetary Control (Cont'd):

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports. At June 30, 2013, there was a reconciling difference of \$(27,444.17) between the budgetary basis and GAAP basis in the General Fund and of \$(228,632.69) in the Special Revenue Fund.

The following presents a reconciliation of the General Fund revenues and Special Revenue Fund revenues and expenditures from the budgetary basis of accounting as presented in the Budgetary Comparison Schedules - General and Special Revenue Funds to the GAAP basis of Accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types. Note that the District does not report encumbrances outstanding at year-end as expenditures in the General Fund since the General Fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payment.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Encumbrance Accounting:

Under Encumbrance Accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the Special Revenue Fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the District has received advances, are reflected in the Balance Sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

E. Assets, Liabilities, and Equity:

Interfund Transactions:

Transfers between Governmental and Business-type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in Governmental Funds and after non-operating revenues/expenses in the Enterprise Fund. Repayment from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Inventories:

Inventory purchases, other than those recorded in the Enterprise Fund, are recorded as expenditures during the first year of purchase. Enterprise Fund inventories are valued at cost, which approximates market, using the first-in/first-out ("FIFO") method.

RED BANK SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Assets, Liabilities, and Equity (Cont'd):

Capital Assets:

The District has an established formal system of accounting for its Capital Assets. Purchased or constructed Capital Assets are reported at cost. Donated Capital Assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The District does not possess any infrastructure.

All reported Capital Assets except for Land and Construction in Progress are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Temporary or Portable Buildings	25
Vehicles	5
Carpeting	7
Office and Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15
Site Improvements	20
Custodial Equipment	12

Compensated Absences:

The District accounts for Compensated Absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Board Statement No. 16 ("GASB 16"), Accounting for Compensated Absences. A liability for Compensated Absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

In the District-wide Statement of Net Assets, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

RED BANK SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Assets, Liabilities, and Equity (Cont'd):

Compensated Absences (Cont'd):

The liability for vested compensated absences of the proprietary fund-types is recorded within those funds as the benefits accrue to employees. As of June 30, 2013, no liability existed for compensated absences in the Food Service Fund.

Deferred Revenue:

Deferred Revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlement received before the eligibility requirements are met are also recorded as Deferred Revenue.

Accrued Liabilities and Long-Term Obligations:

All Payables, Accrued Liabilities, and Long-Term Obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually-required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

Net Assets:

Net Assets represent the difference between assets and liabilities. Net Assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net Assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Assets are available.

RED BANK SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Assets, Liabilities, and Equity (Cont'd):

Fund Balance Reserves:

The District reserves those portions of Fund Balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved Fund Balance indicates that portion which is available for appropriation in future periods. A Fund Balance Reserve has been established for encumbrances, maintenance, capital and subsequent years expenditures.

Revenues – Exchange and Nonexchange Transactions:

Revenue resulting from Exchange Transactions, in which each party gives and receives essentially equal value, is recorded on the actual accrual basis when the Exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year-end.

Nonexchange Transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from Nonexchange Transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

RED BANK SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Assets, Liabilities, and Equity (Cont'd):

Allocation of Indirect Expenses:

The District reports all Direct Expenses by function in the Statement of Activities. Direct Expenses are those that are clearly identifiable with a function. Indirect Expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of Social Security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the Indirect Expense column of the Statement of Activities. Depreciation expense that could not be attributable to a specific function is considered an Indirect Expense and is reported separately in the Statement of Activities. Interest on long-term debt is considered an Indirect Expense and is reported separately on the Statement of Activities.

Extraordinary and Special Items:

Extraordinary Items are transactions or events that are unusual in nature and infrequent in occurrence. Special Items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Fund Equity

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classifies governmental fund balances as follows

- Nonspendable Fund Balance – amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund).
- Restricted Fund Balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed Fund Balance – amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest-level action to remove or change the constraint.
- Assigned Fund Balance – amounts a District *intends* to use for a specific purpose; intent can be expressed by the Board or by an official or body to which the Board delegates the authority.
- Unassigned Fund Balance – amounts that are available for any purpose; these amounts are reported only in the General Fund.

Fund balance reporting is the result of State Statutes, New Jersey Department of Education regulations and motions (resolutions/ordinances) that are passed at Board meetings. The Board acts on these motions under the guidance of the District's Superintendent and Business Administrator.

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of each fiscal year, utilizing adjusting journal entries.

First, non-spendable fund balances are determined; then, restricted fund balances for specific purposes are determined (not including non-spendable amounts). Any remaining fund balance amounts for the non-General Funds are classified as restricted fund balances.

There is a potential for the non-General Funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purpose amounts exceed the positive fund balances for the non-General Funds

2. RESERVE ACCOUNTS

A. Capital Reserve Account:

A Capital Reserve Account was established by the Red Bank Board of Education by inclusion of \$100.00 on October 3, 2000 for the accumulation of funds for use as Capital Outlay expenditures in subsequent fiscal years. The Capital Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the Capital Reserve Account are restricted to Capital Projects in the District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a District may increase the balance in the Capital Reserve by appropriating funds in the annual General Fund budget certified for taxes or by transfer by Board Resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the excess approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the Account cannot at any time exceed the local support costs of uncompleted Capital Projects in its approved LRFP.

During the fiscal year ended June 30, 2013, the District had actual interest earnings of \$118.37.

The activity of the Capital Reserve for the July 1, 2012 to June 30, 2013 fiscal year is as follows:

Beginning Balance, July 1, 2012	\$ 59,547.38
Add:	
Interest Earnings	<u>118.72</u>
Ending Balance, June 30, 2013	<u>\$ 59,666.10</u>

The June 30, 2013 LRFP balance of local support costs of uncompleted Capital Projects at June 30, 2013 is \$1,220,000.00.

2. RESERVE ACCOUNTS (CONT'D)

B. Maintenance Reserve Account:

A Maintenance Reserve Account was established by the Red Bank Board of Education for the accumulation of funds for use as maintenance expenditures in subsequent fiscal years. The Maintenance Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget.

The maintenance reserve account is used to accumulate funds for the required maintenance of a facility in accordance with the EFCFA (N.J.S.A.18A:7G-9) as amended by P.L. 2004, c. 73 (S1701). Districts may only increase the balance in the maintenance reserve account by appropriating funds in the annual general fund budget certified for taxes (N.J.A.C. 6A:23A-14.2) or by deposit of any unanticipated revenue or unexpended line-item appropriation by board resolution at year end. The board resolution for deposit at year end into a maintenance reserve account must be made between June 1 and June 30 of the budget year. EFCFA requires that upon District completion of a school facilities project, the district must submit a plan for the maintenance of that facility. Auditors and District staff should refer to the regulations, N.J.A.C.6A:26A, for further guidance. A separate line is provided in the Audsum for this reserve account.

The June 30, 2013 and 2012 balances are \$249,188.89.

C. Emergency Reserve Account:

An Emergency Reserve Account was established by the Red Bank Board of Education for the accumulation of funds for use in subsequent fiscal years. The emergency reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The emergency reserve account is used to accumulate funds in accordance with N.J.S.A. 18A:7F-41c(1) to finance unanticipated general fund expenditures required for a thorough and efficient education. Unanticipated means reasonably unforeseeable and shall not include additional costs caused by poor planning. The maximum balance permitted at any time in this reserve is the greater of \$250,000 or 1 percent of the general fund budget not to exceed \$1 million. Deposits may be made to the emergency reserve account by board resolution at year end of any unanticipated revenue or unexpended line item appropriation or both. The department has defined year end for the purpose of depositing surplus into reserve accounts as an amount approved by the district board of education between June 1 and June 30. Withdrawals from the reserve require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in total health care costs in excess of 4 percent.

The June 30, 2013 and 2012 balances were \$0.00.

3. TRANSFERS TO CAPITAL OUTLAY

During the year ending June 30, 2013, the District transferred \$79,700.00 to the Capital Outlay Accounts for equipment.

4. DEPOSITS AND INVESTMENTS

The Board of Education considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as Cash and Cash Equivalents.

Deposits

The Board's deposits are insured through either the Federal Deposit Insurance Corporation ("FDIC") or New Jersey's Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by FDIC.

Bank balances at June 30, 2013 and 2012 are insured up to \$250,000.00 in the aggregate by the FDIC for each bank. At June 30, 2013 and 2012, the book value of the Board's deposits were \$563,915.36 and \$446,032.98, respectively.

Custodial Credit Risk Related to Deposits

Custodial Credit Risk is the risk that, in the event of a bank failure, the Board's deposits might not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the FDIC. Public funds owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, student activity accounts or funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

At June 30, 2013 and 2012, the Board's bank balances of \$1,419,878.35 and \$777,665.94, respectively, were exposed to Custodial Credit Risk as follows:

	<u>2013</u>	<u>2012</u>
Insured	\$ 1,419,878.35	\$ 777,665.94
Uninsured and Uncollateralized	<u>0.00</u>	<u>0.00</u>

4. DEPOSITS AND INVESTMENTS (CONT'D)

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully-collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2013, the Board had no investments.

Interest Rate Risk

The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

State law limits investments as noted above (N.J.S.A. 18A:20-37). The District does not have an investment policy that would further limit its investment choices.

Investment and interest earnings in the Capital Projects Fund are assigned to the General Fund in accordance with Board policy.

5. RECEIVABLES

Receivables at June 30, 2013, consisted of interfund and intergovernmental. All Receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

----------------------	---

Transfers

As of June 30, 2013, the District's operating transfers consisted of \$175,000.00 of local contribution from the General Operating Fund to the Special Revenue Fund.

7. INVENTORY

Inventory in the Food Service Fund at June 30, 2013 consisted of the following:

Food	\$ 3,783.47
Supplies	<u>1,280.48</u>
	<u>\$ 5,063.95</u>

The value of Federal-donated commodities as reflected on Schedule A (required by the Single Audit Act of 1996, as revised) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

8. DEFERRED BOND ISSUANCE COSTS

In the governmental funds, debt issuance costs are recognized in the current period. For the District-wide financial statements, governmental activity debt issuance costs are amortized straight-line over the life of the specific bonds. The amortization expense for the fiscal year ended June 30, 2013 amounted to \$5,017.72.

9. CAPITAL ASSETS (CONT'D)

The NJ State Department of Education has set the capitalization threshold used by school districts in the State of New Jersey at \$2,000.00.

Depreciation expense for the fiscal year ended June 30, 2013 amounted to \$474,271.91 for governmental funds and \$13,338.33 for business-type funds. The District determined that it was impractical to allocate depreciation to the various governmental activities as the assets serve various functions.

10. LONG-TERM OBLIGATIONS

10. LONG-TERM OBLIGATIONS (CONT'D)

A. Long-Term Obligation Activity: (Cont'd)

Compensated absences and capital leases, if applicable, have been liquidated in the General Fund.

Interest paid on debt issued by the District is exempt from federal income tax. Because of this, bondholders are willing to accept a lower interest rate than they would taxable debt. The District temporarily reinvests the proceeds of such debt in higher-yielding taxable securities, especially during construction projects. The Federal Tax Code refers to this as arbitrage.

Earnings in excess of the yield on the debt issue are rebated to the Federal Government based on requirements in the Internal Revenue Code. Arbitrage rebate payable represents amounts due to the Internal Revenue Service for interest earned on unspent bond proceeds that exceeds legally-allowable returns.

Rebatable arbitrage liabilities related to the District debt are not recorded in governmental funds. There is no recognition in the Balance Sheet or Income Statement until rebatable amounts are due and payable to the Federal Government.

B. Bonds Payable

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds.

Debt Service Requirements on serial bonds payable at June 30, 2013 are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 360,000.00	\$ 142,975.00	\$ 502,975.00

11. OPERATING LEASES

The District had no operating leases during the year ended June 30, 2013.

12. PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by New Jersey Division of Pension and Benefits ("Division"). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly-available financial report that includes the financial statements and is required supplementary information for the Public Employees Retirement Systems and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund ("TPAF") - The Teachers' Pension and Annuity Fund was established as of January, 1955 under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional, and certified.

12. PENSION PLANS (CONT'D)

Public Employees' Retirement System ("PERS") - The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A: 6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members always full vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members account.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the assets valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for reduction in the employee's rate after calendar year 1999 providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and to change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially-determined rate in both TPAF and PERS. The actuarially- determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the year ended June 30, 2013, the State of New Jersey contributed \$20,799.00 to the Teachers' Pension and Annuity Fund for NCGI, \$395,311.00 for normal contributions, and \$470,515.00 for post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A: 66-66, the State of New Jersey reimbursed the District \$485,549.88 during the year ended June 30, 2013 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenues and expenditures in accordance with GASB 24.

Legislation enacted during 1991 provides early retirement incentives for certain members of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1992 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The District will assume the increased cost for the early retirement as it affects their district.

13. POST – RETIREMENT BENEFITS

P.L. 1987, c.384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2012, there were 97,661 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$146.6 million toward Chapter 126 benefits for 16,618 eligible retired members in fiscal year 2012.

The State will set the contribution rate based on the annual required contribution of the employers ("ARC"), an amount actuarially-determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the District for the years ended June 30, 2013, 2012 and 2011 were \$470,515.00, \$579,998.00, and \$380,420.00, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the District was not determined or made available by the State of New Jersey.

14. DEFERRED COMPENSATION

The Board offers its employees choice of the following Deferred Compensation Plans created in accordance with Internal Revenue Code Section 403(b). The Plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the Plans are not available to employees until termination, retirement, death or unforeseeable emergency. The Plan Administrators are as follows:

15. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Contributory Method".

16. CONTINGENT LIABILITIES

Grant Programs

The District participates in federally-assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

17. FUND BALANCE DISCLOSURE

The District has implemented GASB 54 during fiscal year 2011.

Fund balance will be displayed in the following classifications depicting the relative strength of the spending constraints on the purpose for which resources can be used:

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Debt Service Fund</u>	<u>Capital Projects Fund</u>	<u>Total</u>
Fund Balances:					
Restricted	\$ 516,917.38		\$ 683.21	\$71,771.25	\$ 589,371.84

	<u>\$1,365,297.37</u>	<u>\$ (407,906.70)</u>	<u>\$ 683.21</u>	<u>\$71,771.25</u>	<u>\$1,029,845.13</u>

18. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2013 is \$49,605.61.

19. DEFICIT FUND BALANCE

The District has a deficit fund balance of \$(407,906.70) in the Special Revenue Fund as of June 30, 2013 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, Districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payment(s) in the subsequent fiscal year, the school district cannot recognize the June state aid payment(s) on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payment(s), the Special Revenue Fund balance deficit does not alone indicate that the District is facing financial difficulties.

Note: N.J.S.A. 18A:7F-5d limits the amount that the District can submit for a general fund tax levy. The levy, when added to other components of the District's net budget, may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

a The District's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net Valuation taxable.

b Rates for debt service are based on each year's requirements.

Debt Outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Red Bank. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the District's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members
of the Board of Education
Red Bank School District
County of Monmouth
Red Bank, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Red Bank Board of Education, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Red Bank Borough BOE's basic financial statements, and have issued our report thereon dated October 30, 2013 .

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Red Bank Borough BOE's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Red Bank Borough BOE's internal control. Accordingly, we do not express an opinion on the effectiveness of Red Bank Borough BOE's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Red Bank Borough BOE's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the management of the Board of Education of the Red Bank School District, the New Jersey State Department of Education, other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully Submitted,

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-
133 AND NEW JERSEY OMB CIRCULAR 04-04.**

Honorable President and Members
of the Board of Education
Red Bank School District
County of Monmouth
Red Bank, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited Red Bank Board of Education's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *New Jersey Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2013. Red Bank Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Red Bank Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organization*; *the New Jersey State Aid/Grant Compliance Supplement*; the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Red Bank Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal or state program. However, our audit does not provide a legal determination of Red Bank Board of Education's compliance with those requirements.

Opinion on Each Major Federal or State Program

In our opinion, Red Bank Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal or state programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 or New Jersey OMB's Circular 04-04.

Report on Internal Control Over Compliance

Management of Red Bank Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Red Bank Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 or New Jersey OMB's Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Red Bank Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and New Jersey OMB's Circular 04-04. Accordingly, this report is not suitable for any other purpose.

This report is intended for the information of the management of the Board of Education of the Red Bank School District, the New Jersey State Department of Education, other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully Submitted,

HOLMAN FRENIA ALLISON, P.C.

RED BANK SCHOOL DISTRICT

NOTES TO SCHEDULES OF FEDERAL AWARDS AND
STATE FINANCIAL ASSISTANCE

June 30, 2013

1. General

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include federal and state award activity of the Board of Education ("Board") of Red Bank, School District ("District"). The Board is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

2. Basis of Accounting

The accompanying Schedules of Expenditures of Awards and Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

3. Relationship to Basic Financial Statements

The basic financial statements present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements or schedules ("RSI") are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year whereas, for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying Schedules on the modified accrual basis, with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes, that payment is not recognized until the subsequent budget year due to the State deferral and recording of the last state aid payment in the subsequent year. The Special Revenue Fund is presented in the accompanying Schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(27,444.17) for the General Fund and \$(228,632.69) for the Special Revenue Fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:
