Honorable President and
Members of the Board of Education
North Arlington School District
Bergen County, New Jersey

Dear Board Members:

The Comprehensive Annual financial Report of the North Arlington School District (District) for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness for the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes under the new Governmental Accounting Standards Board No. 34, the Report of independent accountants, the Management Discussion and Analysis, the basic financial statements, required supplementary information, and the combining and individual fund financial statements. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act amendments of 1996 and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, OMB Circular A-133, *audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB Circular 04-04*.

Board Members
December 4, 2015

Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES: North Arlington School district is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The North Arlington Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular and special education services for handicapped youngsters. The District completed the 2014-2015 fiscal year with an enrollment of 1,734 students, which is slightly less than previous year's enrollment. The following details the changes in the student enrollment of the District over the last five years:

AVERAGE DAILY ENROLLMENT		
<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percentage Change</u>
2014-2015	1,734	(0.8%)
2013-2014	1,748	1.90%
2012-2013	1,715	4.0%
2011-2012	1,644	2.3%
2010-2011	1,607	0.2%

2. ECONOMIC CONDITIONS AND OUTLOOK:

Spanning 2.6 square miles in the southwestern tip of Bergen County, the Borough of North Arlington is protected by its big-city neighbors. This family-oriented community exudes small-town charm. It is a place with family-run shops where customers are known by name.

Ethnic diversity is another characteristic of the Borough. This melting pot includes Hispanics, Polish, Portuguese and Italian descendents.

Italian heritage and American history is reflected by North Arlington's monument to Christopher Columbus. The granite bust was presented to the Borough by the North Arlington Chapter of Unico National on October 12, 1992, the quincentennial anniversary of the discovery of America.

Board Members
December 4, 2015

North Arlington is a crossroads with Hudson County on one side and Essex County on the other. It is adjacent to Lyndhurst, Belleville and Kearny, in a location that affords commuters access to NJ Transit rail service in Lyndhurst, and New Jersey Turnpike and Routes 17, 21 and Route 3.

3. MAJOR INITIATIVES: The HSPA results for the class of 2015 show 98.3% proficient or advanced proficient in language arts and 85.1% proficient or advanced proficient in mathematics. HSPA retakes were administered in October 2014.

The Advanced Placement (AP) scores indicate that 64% of the students were at grade 2 or higher. The AP English Literature/Composition scores indicated that 73% of the students scored at grade 3 or higher.

Ninety-two percent of the Class of 2015 went on to higher education.

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets for the district are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statement in conformity with generally accepted accounting principals (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations relating to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the district maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, to the special revenue fund, and the debt service fund. Project-length Budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2015.

6. ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principals, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the district is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statement", Note 1.

7. DEBT ADMINISTRATION: At June 30, 2015, the District's outstanding debt consisted of \$1,439,000 in general obligation bonds issued in May 2012. The proceeds of this bond issue were used to finance additions and renovations to the district schools.

The District also had outstanding debt at June 30, 2015 of \$3,238,000 in general obligation bonds issued in September 2013. The proceeds of this bond issue were used to (a) currently refund and redeem the \$1,150,000 School District Bond Anticipation Notes, Series 2013, of the Board dated May 30, 2013 and maturing December 4, 2013, which were issued to temporarily finance a portion of the costs of the construction of an athletic field complex to include, without limitation, a 6 lane track, a multipurpose athletic field, and storage, restroom and concession stand buildings, including acquiring the State of New Jersey's riparian rights that run under and through the improvements to the field, any necessary improvements, upgrades, appurtenances, equipment, and site work in connection therewith (the "Project") and (b) to permanently finance the remainder of the costs of the Project.

8. CASH MANAGEMENT: The investment policy of the District is guided in large part by State Statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in

Board Members

public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

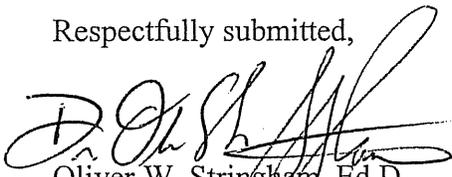

9. RISK MANAGEMENT: The Board carries various forms of insurance, including, but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

10. OTHER INFORMATION:

A. INDEPENDENT AUDIT: State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Donohue, Gironda, Doria & Tomkins, LLC, was selected by the Board's audit committee. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133 and State Treasury Circular Letter 04-04 OMB. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11. ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the North Arlington School Board for their concern in providing financial accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
North Arlington School District
County of Bergen
North Arlington, New Jersey 07031

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the North Arlington School District, in the County of Bergen, State of New Jersey (the "Board"), as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or

error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Board, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis and Budgetary Comparison Information on pages 12 through 22 and 73 through 80 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The introductory section, and other supplementary information such as, the combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S.

Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04 and/or 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are also not a required part of the basic financial statements.

The combining and individual fund financial statements, long-term debt schedules, and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, long-term debt schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 4, 2015, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

(UNAUDITED)

The discussion and analysis of the North Arlington School District's financial performance provides an overall review of the North Arlington School District's financial activities for the fiscal years ended June 30, 2015 and 2014. The intent of this discussion and analysis is to look at the North Arlington School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the North Arlington School District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2015 and 2014 are as follows:

- In total, net position for fiscal years 2015 and 2014 are \$9,048,975 and \$11,832,060 respectively. Net position of governmental activities are \$8,875,501 for fiscal year 2015 and \$11,604,412 for fiscal year 2014. Net position of the business-type activities, which represent food services, are \$173,474 for fiscal year 2015 and \$227,648 for fiscal year 2014. This reflects an increase in net position in the amount of \$2,984,478 for fiscal year 2015 and an increase of \$1,993,997 for fiscal year 2014.
- General revenues accounted for \$30,255,034 in 2015 and \$27,169,140 in 2014, while the local tax contribution to General Revenue amounted to \$23,407,694 for 2015 and \$23,231,977 for 2014. Program revenues for Governmental Activities accounted for \$1,068,587 in 2015 and \$1,082,848 in 2014.
- The School District had \$28,284,969 in expenses for governmental activities in 2015 and \$26,267,391 in 2014. Only \$1,068,587 of these expenses were offset by program specific charges, grants or contributions for 2015 and \$1,082,848 for 2014. General revenues (predominately property taxes and unrestricted State aid) of \$30,255,034 for 2015 and \$27,169,140 for 2014 were used to offset the net expenses after program revenues.

USING THE BASIC FINANCIAL STATEMENTS

This annual report consists of financial statements and notes to those statements. This report is organized to show the reader the North Arlington School District as a financial whole, or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

USING THE BASIC FINANCIAL STATEMENTS (cont'd)

The statement of net position and statement of activities provide information about the activities of the whole North Arlington School District, presenting both an aggregate view of the North Arlington School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the North Arlington School District's most significant funds. For the North Arlington School District, the General Fund is the most significant fund.

REPORTING THE NORTH ARLINGTON SCHOOL DISTRICT AS A WHOLE

Statement of Net Position and Statement of Activities

While this report contains the large number of funds used by the North Arlington School District to provide programs and activities, the view of the North Arlington School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2015?" The statement of net position and the statement of activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the North Arlington School District's net position and changes in net position. This change in net position is important because it identifies whether the financial position of the North Arlington School District has improved or diminished for the North Arlington School District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the North Arlington School District's property tax base, current property tax laws in New Jersey, facility conditions, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the North Arlington School District is divided into two distinct kinds of activities:

Governmental Activities – Most of the North Arlington School District's programs and services are reported here including instruction, support services, operations and maintenance of plant, pupil transportation, and extracurricular activities.

(UNAUDITED)

REPORTING THE NORTH ARLINGTON SCHOOL DISTRICT AS A WHOLE (cont'd)

Business-Type Activity - This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or service provided. The Food Service Enterprise Fund is reported as a business activity.

Fund Financial Statements

Fund financial reports provide detailed information about the North Arlington School District's major funds. The North Arlington School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the North Arlington School District's most significant funds. The North Arlington School District's major governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

Most of the North Arlington School District's activities are reported in Governmental Funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the North Arlington School District's general government operations and the basic services it provides. Governmental Fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the Statement of Net Position, the Statement of Activities, and the Governmental Funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, their statements are essentially the same.

THE NORTH ARLINGTON SCHOOL DISTRICT AS A WHOLE

The perspective of the Statement of Net Position is of the North Arlington School District as a whole. Table 1 provides a summary of the North Arlington School District's net position for 2015 and 2014.

Business-Type Activity (cont'd)

The Business-Type Activity of the North Arlington School District is the food service operation. This program had revenues of \$536,164 and expenses of \$590,338 for fiscal year 2015 and revenues and special items of \$552,908 and expenses of \$543,508 for fiscal year 2014. For fiscal year 2015, the food service operation realized a net decrease of \$54,174 and a net increase of \$9,400 for fiscal year 2014.

The Board of Education suggests efforts that continue to increase sales and reducing costs. The North Arlington Board of Education and school administrators are committed and have concentrated efforts to ensure that all students who are eligible for Free/Reduced lunch submit the proper forms for eligibility in a timely manner.

Source of Revenue

The local tax revenue has been stable for several years. For all Governmental Activities, state revenue support approximately 15.8 % for 2015 and 15.0 % for 2014. The community, as a whole, is 81.7% for 2015 and 82.5 % for 2014 of the support. Federal revenue accounts for 2.5% for 2015 and 2.5% for 2014 of the total cost of programs for the North Arlington School District students.

The North Arlington School District's Funds

Information about the school district's major funds starts on Page 25. These funds are accounted for using standards established by the Government Accounting Standards Board Statement No. 34. As of June 30, 2015 and 2014, total Governmental Funds had revenues of \$28,933,005 and \$28,317,527, and expenditures and other financing sources of \$26,739,019 and \$27,693,418 respectively.

General Fund Budgeting Highlights

The North Arlington School District's budget is prepared according to New Jersey law as it pertains to North Arlington School Districts. During the 2014-2015 and 2013-2014 school years, all schools in the District operated within the boundaries of state budget guidelines.

The North Arlington School District is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significance budgeted fund is the General Fund.

During the course of fiscal year 2015, the North Arlington School District amended its General Fund budget as needed. The budgeting systems are designed to tightly control total program budgets, but provide flexibility for program management.

For the General Fund as of June 30, 2015 and 2014, actual revenues and other financing sources in the amount of \$27,234,833 and \$26,405,099 respectively were above the original budgeted revenues and other financing sources.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2015 and 2014, the North Arlington School District had \$11,304,146 and \$10,710,929, respectively, invested in capital assets, for governmental activities. This amount represents a net increase (including additions and deduction) of \$593,217 from 2014 to 2015 due to additions exceeding depreciation expense and deletions. More detailed information

about the Board's capital assets and depreciation is represented in Note 5 to the financial statements.

CAPITAL ASSETS AND DEBT ADMINISTRATION (cont'd)

Debt

At June 30, 2015, the North Arlington School District had no long-term debt payable from Proprietary Fund resources. Long-term liabilities includes debt service, compensated absences and capital lease obligations. More detailed information about the Board's long-term liabilities is presented in Note 6 to the financial statements.

Prior Period Adjustment – PERS Pension

The District adopted GASB Statement No. 68 – Accounting and Financial Reporting for Pensions. The net position for governmental activities as of July 1, 2014 on Exhibit A-2, Statement of Activities has been adjusted downward by \$5,767,563 to reflect the net pension liability for PERS as of that date.

Current Issues

The North Arlington School District has been and continues to utilize sound accounting practices in the state of a declining economy and uncertainty in state funding. The North Arlington School District has been faced with modest pupil enrollment during the last few years. Rising special education populations are one area in which close monitoring should occur. Continuous efforts are being made to address classroom needs in both regular and special education programs.

The North Arlington School District has carefully monitored its needs in both the short and long term. Per pupil costs remain below the state average and capital costs have addressed the District's needs for at least the next few years. S-1701 has a propensity to negatively affect all school districts, including North Arlington. CAP restrictions, rising special education costs, under-funded and unfunded state mandates, escalating health benefit costs, and the inability to pose second questions to the public will create interesting and difficult challenges for providing a thorough and efficient education for all public school children. The North Arlington Board of Education will address the challenges and make changes in order to continue to meet the needs of the students and community.

Total net change in fund balances - governmental funds (from B-2) \$ 2,194,016

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) and pension liabilities are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

NOTES TO FINANCIAL STATEMENTS

**NORTH ARLINGTON SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of the North Arlington School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements - and Management's Discussion and analysis - for State and Local Governments*. Certain of the significant changes in the Statement include the following:

The financial statements include:

A Management Discussion and Analysis (MD&A) section providing an analysis of the Board's overall financial position and results of operations.

Financial statements prepared using full accrual accounting for all of the Board's activities.

A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including Notes to the Financial Statements). The Board has continued to implement the general provisions of the Statement in the current year. Internal activity is eliminated in the statement of activities.

The more significant of the Board's accounting policies are described below:

A. Reporting Entity:

The North Arlington School District is a Type II District located in the County of Bergen, State of New Jersey. As a Type II District, the School District functions independently through a Board of Education. The Board is comprised of five members appointed to three-year terms. The purpose of the District is to educate students in grades K-12. The

**NORTH ARLINGTON SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

A. Reporting Entity: (cont'd)

North Arlington School District had an approximate enrollment at June 30, 2015, of 1,734 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- the primary government is financially accountable for the organization.
- the organization is legally separate (can sue or be sued in their own name).
- the District holds the corporate powers of the organization.
- the District appoints a voting majority of the organization's Board
- the District is able to impose its will on the organization.
- the organization has the potential to impose a financial benefit/burden on the District.
- there is a fiscal dependency by the organization on the District.

Based on the aforementioned criteria, the District has no component units.

B. Basic Financial Statements - District-Wide Statements:

The Board's basic financial statements include both district-wide (reporting the Board as a whole) and fund financial statements (reporting the Board's major funds). Both the district-wide and fund financial statements categorize primary activities as either governmental or business type. The Board's general operating services, special revenue, capital projects, debt service and nonexpendable trust funds are classified as governmental activities. The Board's food service is classified as a business-type activity.

The Statement of Net Position and Statement of Activities display information about the reporting district as a whole. They include all funds of the reporting entity except for fiduciary funds.

In the District-Wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Board's net position is reported in three parts - invested in capital assets, net of related debt; restricted net

B. Basic Financial Statements - District-Wide Statements: (cont'd)

position; and unrestricted net position. The Board first utilizes restricted resources to finance qualifying activities.

The District-Wide Statement of Activities reports both the gross and net cost of each of the Board's functions and business-type activities. The functions are also supported by general government revenues (property and certain intergovernmental revenues). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, taxes, intergovernmental revenues, interest income, etc.)

The district-wide focus is more on the sustainability of the Board as an entity and the change in the Board's net position resulting from the current year's activities.

C. Basic Financial Statements - Fund Financial Statements:

The financial transactions of the Board are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Board:

1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Board:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

C. Basic Financial Statements - Fund Financial Statements: (cont'd)

1. Governmental Funds (cont'd)

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance Capital Outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted Capital Outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

2. Proprietary Funds

The focus of Proprietary Fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District:

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises - where

the intent of the District is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Funds are comprised of the Food Service Fund.

Internal Service Funds - Internal service funds are used to account for the financing of goods or services provided by an activity to other departments or funds on a cost-reimbursement basis. The District does not have internal service funds.

All Proprietary Funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported net position (net total position) is segregated into invested in capital assets, net of related debt, restricted for capital projects or unrestricted, if applicable. Proprietary Fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Depreciation of all exhaustive fixed assets used by Proprietary Funds is charged as an expense against their operations. Accumulated depreciation is reported on Proprietary Funds balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method.

The estimated useful lives are as follows:

Food Service Fund:	
Equipment	15 Years

3. Fiduciary Funds

Fiduciary Funds are used to report assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds and therefore are not available to support district programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

C. Basic Financial Statements - Fund Financial Statements: (cont'd)

3. Fiduciary Funds (cont'd)

Expendable Trust Funds - An Expendable Trust Fund is accounted for in essentially the same manner as the Governmental Fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The District does not have Expendable Trust Funds.

Private Purpose Scholarship Funds - A Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. The District maintains one scholarship fund.

Non-expendable Trust Fund - A Non-expendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. The district does not have non-expendable trust funds.

Agency Funds - Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include payroll and student activities funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Board considers all governmental and business-type activities to be major.

The Board's fiduciary funds are presented in the fiduciary fund financial statements by type (agency and expendable trust). Since by definition these assets are being held for the benefit of a third party (other local governments, students, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the district-wide statements.

D. Basis of Measurement and Accounting Focus:

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of Accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the District-Wide Statement of Net Position and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds and expendable trust funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.
- c. Agency funds are not involved in the measurement of results of operation; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the District-Wide Statement of Net Position and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

**NORTH ARLINGTON SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

D. Basis of Measurement and Accounting Focus: (cont'd)

Basis of Accounting (cont'd)

In the fund financial statements, governmental funds, expendable trust funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for principal and interest on long-term debt which are reported when due.

Ad Valorem (Property) Taxes are susceptible to accrual and under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

All proprietary funds and non-expendable trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

E. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item units are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Line-item transfers from an advertised appropriation account as defined under N.J.A.C. 6A:23A-2.3, which on a cumulative basis exceed ten percent of the amount included in the original budget, require county superintendent approval. Effective December 2004, line-item transfers to an advertised appropriation account identified as either general administration, school administration, central services and administrative information technology or other support services that, on a cumulative basis, exceed 10% of the amount included in the original budget require county superintendent approval.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

E. Budgets/Budgetary Control: (cont'd)

Pursuant to N.J.S.A. 18A:22-8 and N.J.A.C. 6A:23A-2.3 appropriation of surplus or other unbudgeted or underbudgeted revenue is allowed only between April 1 and June 30 and requires Regional Assistant Commissioner approval. Six revenue categories identified under N.J.A.C. 6A:23A-2.3(c) are excluded from this requirement.

Prior to April 1, a school board may petition the Commissioner for appropriation of surplus or other unbudgeted or underbudgeted revenue (except for those exempted under N.J.A.C. 6A:23A-2.3(c)) an "emergent circumstance"). Such petition must be submitted by a two-thirds affirmative vote of the authorized membership of the Board and include the items listed and demonstrate the need pursuant to N.J.A.C. 6A:23A-2.3(b). During the fiscal year, the Board of Education made supplemental budgetary appropriations totaling \$20,050 which was for custodial overtime.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For Governmental Funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of one or more June state aid payments for budgetary purposes only and the Special Revenue Fund as noted in Exhibit C-3. Encumbrance accounting is also employed as an extension of formal budgetary integration in the Governmental Fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

F. Encumbrances:

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in Governmental Funds, other than the Special Revenue Fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the Special Revenue Fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

G. Cash, Cash Equivalents and Investments:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey School Districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et.seq. establishes the requirements for the security of deposits of governmental units. The Statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

H. Tuition Receivable:

For the year ending June 30, 2015 there were no tuition charges established by the Board of Education. The Board is not a receiving district.

I. Tuition Payable:

Tuition charges for the fiscal years 2014-2015 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

J. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the Enterprise Fund are recorded as an expenditure during the year of purchase.

Inventories in the Proprietary Funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2015.

K. Short-Term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year. For the purpose of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

L. Fixed Assets:

The accounting treatment over property, plant, and equipment (fixed assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the district-wide or fund financial statements.

District-Wide Statements

In the District-Wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation. Estimated historical cost was used to value the majority of the assets acquired prior to June 30, 2002.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	50	years
Improvements	20	years
Machinery and Equipment	5-20	years

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

L. Fixed Assets: (cont'd)

Fund Financial Statements (cont'd)

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in the district-wide statements.

M. Restricted Assets:

Restricted assets include cash for the capital reserve account.

N. Compensated Absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The liability for these compensated absences is recorded as long-term debt in the district-wide statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources.

O. Deferred Revenue:

Deferred revenue in the Special Revenue Fund represents cash that has been received but not yet earned.

P. Long-Term Debt:

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the district-wide or fund financial statements.

All long-term debt to be paid from governmental and business-type resources are reported as liabilities in the district-wide statement. The long-term debt consists primarily

of accrued compensated absences, early retirement incentives and obligations under capital leases.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The accounting for proprietary fund is the same in the fund statements as it is in the district-wide statements.

Q. Equity Classifications:

District-Wide Statements

Equity is classified as net position and displayed in three components:

- a) Invested in capital assets, net of related debt - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b) Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c) Unassigned net position - All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Statements

Governmental fund equity is classified as fund balance. Under GASB No. 54, fund balance is further categorized as restricted, committed, assigned, or unassigned fund balance. Restrictions are created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is appropriated for future expenditures. The categories used are detailed below.

Restricted – Excess Surplus – Designated for Subsequent Year's Tax Relief – This reserve was created to represent the June 30, 2014 audited excess surplus that will be appropriated in the 2015-2016 original budget certified for taxes.

Restricted – Capital Reserve – This reserve was created by the District to fund future capital expenditures (See Note 3).

Committed – Year-End Encumbrances – This reserve was created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts awarded for which the goods or services have not yet been received at June 30.

Assigned – Designated for Subsequent Year's Expenditures – This reserve was created to reflect management's intended use of fund balance in the subsequent year's budget certified for taxes.

Unassigned – this classification is used for all other fund balance.

Proprietary fund equity is classified the same as in the district-wide statements.

R. Operating and Nonoperating Revenue:

Operating revenues for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue not related to capital and related financing, noncapital financing, or investing activities. Nonoperating revenues include reimbursements by the State for school breakfast, lunch and food distribution programs.

S. Expenditures/Expenses:

In the district-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

T. Pension Plans:

For purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher's Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS) and additions to/deductions from the TPAF's and PERS' fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported as fair value.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

It is the District's policy to only deposit and invest funds with financial institutions located in the State of New Jersey which are insured as a part of the Government Unit Deposit Protection Act (GUDPA).

Custodial Credit Risk is the risk that, in the event of a bank failure, the District will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. Deposits are exposed to custodial risk if they are not covered by depository insurance and the deposits are:

- a. Uncollateralized
- b. Collateralized with securities held by the pledging financial institution.
- c. Collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Foreign currency risk is the risk that changes in exchange rates will adversely affect deposits. The district does not invest in foreign currency.

As of June 30, 2015, the District's deposits and investments are summarized as follows:

Insured - FDIC	\$ 265,806
Insured - GUDPA	10,211,176

NOTE 3. DEPOSIT AND INVESTMENT RISK

New Jersey Statutes permit the District to purchase the following types of securities:

- Bonds or other obligations of the United States or obligations guaranteed by the United States of America.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by congress that matures within 397 days from the date of purchase, and has fixed rate of interest not dependent on any index or external factors.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Management Program.
- New Jersey Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to the following conditions: 1) the underlying securities are permitted investments, 2) the custody of the collateral is transferred to a third party, 3) the maturity of the agreement is not more than 30 days, 4) the underlying securities are purchased through GUDPA approved bank or through a securities broker-dealer which is registered with the New Jersey Bureau of Securities.
- Obligations issued by the state and its agencies.

As of June 30, 2015, the District had no investments.

**NORTH ARLINGTON SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 3. DEPOSIT AND INVESTMENT RISK (cont'd)

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments securities are exposed to custodial credit risk if they are uninsured, are not registered in the District's name , and are held by either:

- a. the counterparty, or
- b. the counterparty's trust department or agent but not in the District's name.

Foreign currency is the risk that changes in exchange rates will adversely affect investments.

The District does not have investments denominated in foreign currency.

At June 30, 2015, the District's deposits were not exposed to custodial credit risk or foreign currency risk.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District does not have an investment policy regarding the management of credit risk. GASB Statement No. 40 requires that the District disclose the credit rating of all debt security investments except for obligations of the U.S. government or investments guaranteed by the U.S. government. The District is exempt from this requirement because it has no investments at June 30, 2015.

Concentration of Credit Risk - The District places no formal limits on the amount they may invest in any one issue. At June 30, 2015, the District had no investments.

Interest rate risk - is the risk that changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates. At June 30, 2015, the District did not have any investments which would expose it to interest rate risk.

NOTE 4. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the North Arlington Board of Education by inclusion of \$1.00 on October 11, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the

department, a district may deposit funds into the capital reserve at any time upon Board resolution through the transfer of undesignated, unreserved general fund balance or of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. Post-April 2004 transfers must be in compliance with P.L. 2004,C.73 (S1701). Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRF.

The activity of the capital reserve for July 1, 2014 to June 30, 2015 fiscal year is as follows:

Beginning Balance, July 1, 2014	\$ 2,492,071
Interest Earnings	-
Deposits	1,750,000
Withdrawals	-
Ending Balance, June 30, 2015	<u>\$ 4,242,071</u>

The June 30, 2015 LRF balance of local support costs of uncompleted capital projects at June 30, 2015 is \$4,242,071.

NOTE 5. CAPITAL ASSETS AND DEPRECIATION

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the Board as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation bases for general capital assets are historical cost, or where historical cost is not available, estimated historical cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets.

Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years; improvements, 20 years; equipment, 5 to 20 years.

A. Bonds Payable: (cont'd)

On May 17, 2012, the Board issued School District Refunding Bonds in the amount of \$1,926,000. The proceeds of these bonds were used to refund a portion of the District's Series 2003 bonds.

On September 12, 2013, the School District issued 3,388,000 of School District Bonds, Series 2013. The purpose of the Bonds is (a) to currently refund and redeem the \$1,150,000 School District Bond Anticipation Notes, Series 2013, of the Board dated May 30, 2013 and maturing December 4, 2013, which were issued to temporarily finance a portion of the costs of the construction of an athletic field complex to include, without limitation, a 6-lane track, a multipurpose athletic field, and storage, restroom and concession stand buildings, including acquiring the State of New Jersey's riparian rights that run under and through the improvements to the field, any necessary improvements, upgrades, appurtenances, equipment, and site work in connection therewith (the "Project") and (b) to permanently finance the remainder of the costs of the Project.

(TPAF)**

A. Plan Description:

The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

B. Benefits Provided:

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the

contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1.	Members who were enrolled prior to July 1, 2007
2.	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3.	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4.	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5.	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of $1/55^{\text{th}}$ of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of $1/60^{\text{th}}$ of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

C. Contributions:

The contribution policy for TPAF is set by N.J.S.A 18A:66 and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For Fiscal year 2014 and 2013, the State's pension contribution was less than the actuarial determined amount.

D. Special Funding Situation:

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

E. Proportionate Share of the TPAF Net Pension Liability, Pension Expense (and Related Revenue) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to TPAF:

At June 30, 2015, the District's Proportionate Share of the Net Pension Liability is as follows:

	June 30, 2015
Proportionate Share of Net Pension Liability	\$54,657,425

For the Year Ended June 30, 2015, the District's Proportionate Share of Pension Expense (and Related Revenue) was as follows:

	For the Year Ended June 30, 2015
Proportionate Share of Pension Expense (and Related Revenue)	\$2,941,083

The proportionate share of the net pension liability as of June 30, 2015 was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014 in the State of New Jersey TPAF Audit. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

For the year ended June 30, 2015, The District's proportionate share of deferred outflow of resources and deferred inflows of resources was as follows:

G. Discount Rate:

The discount rate used to measure the total pension liability was 4.68% and 4.95% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

H. Sensitivity of the Net Pension Liability to Changes in the Discount Rate:

The following presents the net pension liability of the State as of June 30, 2014 calculated using the discount rate as disclosed above as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

<u>As of June 30, (rates used)</u>	<u>At 1% decrease</u>	<u>At current discount rate</u>	<u>At 1% increase</u>

4.	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5.	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers I and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers I and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier I members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

C. Contributions:

The contribution policy for PERS is set by NJ.SA 15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For Fiscal year 2014 and 2013, the State's pension contribution was less than the actuarial determined amount.

C. Contributions (cont'd)

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. The unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

F. Discount Rate:

The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

NOTE 9. PENSION PLAN – DEFINED CONTRIBUTION RETIREMENT PROGRAM (DCRP)

The Defined Contribution Retirement Program (“DCRP”) is a single-employer defined contribution pension fund which was established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103 P.L. 2007, (N.J.S.A. 43:15C-1 et.seq.), and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Division of Pensions and Benefits by Prudential Financial. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the School District’s contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

NOTE 10. POST-RETIREMENT BENEFITS

The District contributes to the New Jersey State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pension and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees and their dependents. Rules governing the operation and maintenance of the Program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursements to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

P.L.1987,c. 384and P.L. 1990 c.6 required Teachers’ Pensions and Annuity Fund (TPAF) and the Public Employees’ Retirement System (PERS), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2014 there were 103,432 retirees receiving post-retirement.

medical benefits, and the state contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the state in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The state is also responsible for the cost attributable to P.L. 1992 c. 126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014.

NOTE 11. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No.16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees who are employed for ten months are entitled up to 13 paid sick leave days per fiscal school year. District employees who are employed for twelve months are entitled to 15 paid sick leave days per fiscal school year. A maximum of 15 unused sick leave days may be accumulated and carried forward to the subsequent years. Upon retirement, the District shall pay the employee for unused sick leave in accordance with the District agreement. Vacation days not used during the year may only be carried forward with approval from the Superintendent.

In the District-Wide Statement of Net Position, the liability for vested compensated absences of the governmental fund types is recorded in long-term liabilities. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore is not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2015 no liability existed for compensated absences in the Food Service Fund.

NOTE 13. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster.

A. Property and Liability Insurance:

The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

B. New Jersey Unemployment Compensation Insurance:

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the normal State of New Jersey plan. The District files quarterly unemployment and disability payroll tax returns. These returns include employees' withholding tax for unemployment and disability and the District's share based upon the total tax rate determined by the State.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and
Members of the Board of Education
North Arlington School District
County of Bergen
North Arlington, New Jersey 07031

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the North Arlington School District, in the County of Bergen, State of New Jersey, (the "Board") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements and have issued our report thereon dated December 4, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's

financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

The Honorable President and
Members of the Board of Education
North Arlington School District
County of Bergen
North Arlington, New Jersey 07031

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the North Arlington School District, in the County of Bergen, State of New Jersey's (the "Board") compliance with the types of compliance requirements described in the *OMB Circular A-133 and the State of New Jersey State Aid/Grant Compliance Supplements* that could have a direct and material effect on each of the Board's major federal and state programs for the year ended June 30, 2015. The Board's major federal and state programs are identified in the Summary of Auditor's Results Section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and *New Jersey OMB's Circular 04-04 and 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, OMB Circular

A-133 and New Jersey OMB Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Board's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of the Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Board's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance; such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and New Jersey OMB Circular 04-04. Accordingly, this report is not suitable for any other purpose.

**NORTH ARLINGTON SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

NOTE 1 - GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education of the North Arlington School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies are included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2 - BASIS OF ACCOUNTING

The accompanying Schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organization* and the State of New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the presentation of, the basic financial statements.

NOTE 3 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the state deferral and recording of one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with NJSA 18A: 22-4.2.

**NORTH ARLINGTON SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

NOTE 3 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (Continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$3,754) for the general fund and \$(10,254) for the special revenue fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General Fund	\$ -	\$ 4,160,392	\$ 4,160,392
Special Revenue Fund	717,211	317,869	1,035,080
Food Service Fund	210,146	5,520	215,666
Total Financial Assistance	\$ 927,357	\$ 4,483,781	\$ 5,411,138

NOTE 4 - RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5 - OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the District for the year ended June 30, 2015. TPAF Social Security Contributions represent the amount reimbursed by the State for the employer's share of Social Security Contributions for TPAF members for the year ended June 30, 2015.

NOTE 6 – SCHOOL WIDE PROGRAM FUNDS

School wide programs are not separate Federal Programs as defined in OMB-Circular A-133; amounts used in school wide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards. The following funds by program are included in the district:
