

The New Jersey Commission on Holocaust Education

recognizes

Mr. Richard F. Flaim

Original
Curriculum

Original
Curriculum

For his over thirty five (35) years of outstanding contributions to the field of Holocaust/Genocide education

The New Jersey Commission on Holocaust Education Curriculum guides are dedicated to Mr. Richard F. Flaim, retired Vineland Public Schools educator, who has dedicated over thirty five (35) years of his career to the inclusion of Holocaust/genocide education in the schools of New Jersey. His efforts included membership on the team from the Vineland and Teaneck Public Schools that initiated Holocaust studies in New Jersey and for leadership in the curriculums produced by the Commission. He has also trained thousands of educators and coordinated many projects.

This dedication will be included in all New Jersey curriculum guides, be placed on the Commission web site and disseminated widely.
