Dr. Paul B. Winkler
State of New Jersey
Commission on Holocaust Education
P.O. Box 500
Trenton, NJ 08625

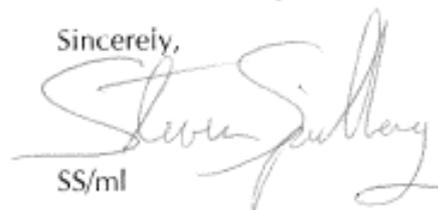

Dear Dr. Paul Winkler,

I have learned from Stephen Draisin that this is the 30th anniversary of the New Jersey Commission on Holocaust Education. I join in applauding that achievement, particularly this year when you will be bringing together Holocaust survivors in New Jersey for an event in recognition of that milestone.

In 1994, I well remember New Jersey was among the first states to sign on to the plan to have high school students see SCHINDLER'S LIST at special free showings in theaters. The support from the New Jersey Commission helped make that happen. As a further result, it gave a strong impetus to tolerance education in almost every state across the country.

Congratulations on this 30th year and all good wishes for continued success in making sure that the Holocaust must never be forgotten.

Sincerely,

A handwritten signature in black ink that reads "Steven Spielberg". The signature is fluid and cursive, with the first name "Steven" and last name "Spielberg" clearly legible.
