

New Jersey Professional Development Requirements in Statute and Regulations

Mandatory professional development (PD) requirements for particular groups of educators are specified in statute and regulation. These requirements go beyond the core requirements for PD planning and implementation set forth in *N.J.A.C. 6A:9C*.

The chart below summarizes these targeted PD requirements as well as the authorizing citations, educators who should receive the PD, timelines, and additional information. The requirements are grouped under the following topics:

- a. Reading Disabilities
- b. Prevention: Suicide, Substance Abuse, Harassment, Intimidation, and Bullying
- c. School Safety, Security and Code of Student Conduct
- d. Health
- e. Interscholastic Activities
- f. Additional Professional Development Topics

Please use the chart on this site for the most current information. The requirements will be updated as necessary. Questions on the requirements may be submitted by email to teachPD@doe.state.nj.us.

Suicide Prevention: All teaching staff members must attend instruction in suicide prevention as part of an individual's PD requirement. While this is not an annual requirement for all teaching staff members, the district must ensure that it is made available annually to those who have not completed the requirement (e.g., new staff, staff who were absent during the last session).	<i>N.J.S.A.</i> 18A:6-112	<ul style="list-style-type: none"> Teaching Staff Members (Similar to "school staff," a member of the professional staff of any board of education who holds a valid and effective standard, provisional or emergency certificate, including teachers, administrators, school nurse, and school athletic trainer. <i>N.J.S.A.</i> 18A:1-1.) 	2 Hours per 5 Years ¹	Instruction must be provided by a licensed health care professional with training and experience in mental health issues.
Harassment, Intimidation and Bullying: The district board of education is required to review the training needs of district staff for the effective implementation of the HIB policies, procedures, programs, and initiatives and to implement locally determined staff training programs.	<i>N.J.S.A.</i> 18A:37-17b and c, <i>N.J.A.C.</i> 6A:16-7.7	<ul style="list-style-type: none"> Public School Teachers School Employees Volunteers with student contact Contracted service providers 	Training on District Policy: Annually; Training on prevention: 2 Hours per 5 Years ¹	Keeping Our Kids Safe - HIB

¹The language of the statute stipulates the required number of hours "per professional development period." The Department currently interprets this "professional development period" to be for five years, as this statute was passed prior to July 2013, when teachers were required to complete 100 hours of professional development every five years. Because the professional development cycle changed to a one-year cycle in July 2013, the Department recommends that, if not prescribed otherwise, teachers receive the required training in their first year of service and then at least every five years thereafter.
