NOTICE

Energy Master Plan Public Hearing Dates

Pursuant to the Open Public Meetings Act, N.J.S.A. 10:4-6 et seq., the New Jersey Board of Public Utilities (Board) hereby gives notice of scheduled Public Hearings on the 2011 New Jersey Energy Master Plan (EMP) being attended by the Board's Commissioners.

The public hearing dates will be July 26, August 3 and August 11, 2011, as listed below.

Governor Christie tasked the Board with revisiting the 2008 Energy Master Plan in light of current economic conditions to ensure a balance between increasing challenges in meeting current and future energy demands in New Jersey.

To accomplish its goal of ensuring that New Jersey continues to have reliable energy at reasonable rates, the Board will soon release draft revisions to the 2008 Energy Master Plan via the Board of Public Utilities' website and EMP listserv. The Board is committed to providing information to the public and to making sure that the public has the opportunity to provide input during this process. Throughout the process of evaluating the 2008 EMP and the data assumptions upon which it was based, the Board conducted a series of Stakeholder forums to gain valuable input from all stakeholders. During the process of finalizing the EMP revisions, the Board will hold three separate public hearings on the dates and at the locations listed below.

Any questions or requests to participate in the upcoming Energy Master Plan Public hearing process should be directed to EMPadmin@njcleanenergy.com.
