11:10 AM - 11:30 AM	Question and Answer Period/Panel Discussion

Intended Audience:

The intended audience for this conference includes primary care physicians and specialists in obstetrics and gynecology. Fellows, residents, advanced practice nurses, and other physicians with an educational need or interest in this topic may also attend.

Overall Learner Objectives:

At the completion of this program, participants will have a better understanding of the surgical, chemotherapeutic, and psychological management of ovarian cancer patients. In addition, participants will gain insight in regard to the evaluation of adnexal masses and the role that genetics plays in the risk of ovarian cancer.
