

IMPORTANT NOTICE

Please note: Meningococcal meningitis vaccine requirements for students entering a 4 year institution of higher education have been updated. Effective January 14, 2004, P.L. 2003, c. 284, s.2 requires that beginning in September 2004, a new student enrolling in a program leading to an academic degree at a public or private institution of higher education in this State, who resides in a campus dormitory, shall receive a meningococcal vaccination as a condition of attendance at that institution, except as otherwise exempt pursuant to P.L. 2003, c. 284, s. 3. Chapter 284 is available for viewing and/or downloading through the New Jersey Legislature's home page at <http://www.njleg.state.nj.us/> by researching Chapter Laws 2003, c. 284 or by viewing <http://www.njleg.state.nj.us/2002/Bills/PL03/284.HTM>.

An updated meningococcal meningitis brochure will be posted to this website shortly to reflect this important change.
