New Jersey Financial Aid Management System (NJFAMS)

EOF Selection, Awarding and Certification Process

The following information is intended to provide EOF campus programs with instructions on how to select, award, and certify identified EOF eligible candidates during the academic year. Please note the ability to select and award a student can only occur within the EOF portal of NJFAMS. The EOF portal is a separate part of NJFAMS. Each participating institution’s Financial Aid Office (FAO) only has access to it’s institutional portal within NJFAMS.

I. Selecting and Awarding Students within NJFAMS

1. Access the EOF portal within NJFAMS by using the login credentials provided to your program by the EOF Central Office. User access must be provided by the EOF Central Office. Only the EOF campus program director can select which individuals at their institution may be granted access to the EOF portal (this includes members of the Financial Aid Office (FAO)). For any new EOF Directors, to obtain access, please contact Ms. Shakia Williams at shakia.williams@oshe.nj.gov.

All users with EOF Portal Access can enter the EOF region by visiting the following webpage:

2. Once you log in to the EOF Portal within NJFAMS, you will be directed to a screen that looks similar to the one below. Within the “Students” region, click on the “Rosters” link.

You can only access the EOF portal by using your EOF NJFAMS User Name and Password. Depending on your access type, you will either have the ability to view and award students or view only. This access level is determined by the EOF Campus Director. All users who have view and award abilities need to ensure that they accurately process each student.
Click on the “Rosters” link.
3. Once you click on the “Rosters” link, you should be redirected to a page that looks like the one below.

On this page you will select “All Terms” within the Term field.

![Image of a webpage with options for selecting terms and programs]

Select “All Terms” to see both Fall and Spring term information.

4. For institutions with more than one EOF program, in order to locate your program’s identified EOF eligible renewal and initial students, you must select the “All School Programs” option from the School Program drop down menu. This menu box should appear directly above the “Term” box. In addition, you will need to select the “All Terms” option from the Term drop down menu.
5. Once you have selected the appropriate information from the drop down menu at the top of the page, you can begin to locate students who are financially eligible for EOF. These students should appear on your EOF Approval Roster.

To begin searching the EOF Approval Roster, go to the “Approve Online” column to the right and, select the link labeled “ONLINE”. This should take you to a page where you will see a list of all students who meet the EOF income eligibility requirements for the current academic year. If an Initial or Renewal student does not appear on this roster, check to see if they are located within the Informational Rosters section on either the “Ineligible” roster or the “All Students” roster.

Please be advised that students found on the “EOF Approval” roster must still be reviewed for all other EOF eligibility requirements. If a student does not meet all of the eligibility requirements for the EOF program at your institution then you should not select the student.
6. Once you have accessed the ONLINE EOF APPROVAL roster, you should see a screen similar to the one below. Where the black box is located is where you should see the names of your students listed.

![Screen shot of the ONLINE EOF APPROVAL roster](Image)

Click here to expand a student’s award information.

7. You will then go through this list to locate both your initial and renewal students. As you identify each student who you plan to enroll in your program, enter their demographic information (i.e. housing, admission type, ethnicity, gender, historical poverty code, etc.). Renewal students may already have an EOF award listed within the EOF Term Amount box. You must ensure that the award matches the award level that the student is eligible to receive based on their enrollment (full-time vs. part-time) and housing status (residential vs. commuter). Once you have double checked to make sure that all of the demographic and award information is correct, select that the student is approved by clicking on the “EOF Approved” box and press the “SAVE” button in the bottom left corner. **You will need to repeat this step for both the Fall and the Spring term for each student.** Once you press “SAVE”, the award information will show up on the student’s NJFAMS screen immediately. Additionally, the student’s term information will be moved from the “EOF Approval” Roster to the “Approved and Eligible” Informational Roster.

![Screen shot of the Award Information](Image)

Institutions with multiple EOF programs will need to identify which program the student is affiliated with here.

To approve students, select the approval.

Enter the correct EOF Term Amount here.

Select the appropriate enrollment status.

**DO NOT PRESS SAVE UNLESS YOU ARE ABSOLUTELY SURE THE CORRECT AMOUNT IS LISTED.**
Students whose Income exceeds the maximum EOF financial eligibility scale, but whose incomes fall within the discretionary range. (This was formerly known as Reject A in the E-administrator system).

Occasionally, you may have a student whose income falls beyond the EOF Income Eligibility Scale, but their income falls within the Maximum Income Eligibility for Discretionary Students scale. As a reminder, please refer to the EOF regulations regarding the selection and awarding of students who fall within this range. In NJFAMS, these students will appear on a program’s “Ineligible” roster. After reviewing the student’s income and asset information, if a program believes that the student should be considered for EOF funding, the EOF campus program director may submit an appeal to their EOF Central Office liaison. For more information regarding this process and to receive a copy of the appeal form, please contact your EOF program liaison.

Monitoring your program’s allocation

Programs are only permitted to award up to their current undergraduate Article III grant allocation level. Programs that experience a situation where your enrollment exceeds your allocation can either request their remaining students as non-funded, or can submit an email to their EOF Central Office liaison requesting consideration for additional funding. There is a form that programs must use when seeking to make this request. Please contact your EOF program liaison for a copy of this form and for additional information pertaining to your allocation increase request. Please be advised, programs may only make this request when it is clear and evident that nearly all current funds have been allocated to students and the student(s) for whom the program is seeking additional funds are eligible, not incomplete, or under verification within NJFAMS.
II. **EOF Certification**

The purpose of the EOF certification process is to ensure that EOF campus programs are accurately evaluating their enrollment and payment requests within NJFAMS. As articulated within the EOF regulations, it is the responsibility of the EOF campus program to ensure that all students who have been selected to receive an EOF Article III Academic Year undergraduate grant have met the eligibility guidelines as articulated within the EOF regulations.

To initiate the EOF certification process, the EOF campus program director must submit both an electronic copy and hard copy of the **EOF certification page** and the associated **Approved and Eligible roster**. The Approved and Eligible roster is located within the EOF portal on NJFAMS and should be downloaded as a CSV file (excel).

The EOF certification page must contain the signature of the EOF program director and the financial aid director. This document is located within the EOF STUDENT PAYMENT PROCESS section on the EOF Campus Program Resources webpage:

The certification page must be emailed as a pdf, MSWORD, or jpeg (image) attachment. The Approved and Eligible roster that has been verified for certification must be emailed as an Excel document and a hard copy must be mailed along with the signed EOF certification page.
This initial step will begin the certification process that will allow the EOF Central Office to review and move a student’s status within NJFAMS from being “Qualified” to “Awarded”. Once a program’s roster has been reviewed and processed, the EOF program director will receive a notification from the EOF Central Office informing them that their roster has been processed and is available for them to review. When reviewing each student, you will note the change in the icon associated with the status of the student (see images below).

<table>
<thead>
<tr>
<th>Status</th>
<th>Certification Codes</th>
<th>Program</th>
<th>New Term Amount</th>
<th>Term Award</th>
<th>Term Paid</th>
<th>Annual Award</th>
</tr>
</thead>
<tbody>
<tr>
<td>Qualified</td>
<td></td>
<td>EOF</td>
<td>$1,250.00</td>
<td>$0.00</td>
<td>$2,500.00</td>
<td></td>
</tr>
<tr>
<td>Awarded</td>
<td></td>
<td>TAG</td>
<td>$6,343.00</td>
<td>$0.00</td>
<td>$12,646.00</td>
<td></td>
</tr>
</tbody>
</table>

The students who appear with an EOF grant amount listed on a program’s submitted Approved and Eligible roster are the students that the EOF Central Office will certify and approve.
After the EOF Central Office has reviewed and approved a program’s roster of students (i.e. moved students from a “Qualified” status to an “Awarded” status) all of these students will now appear on the institution’s NJFAMS “Not Yet Certified Roster”. **PLEASE NOTE:** EOF campus directors will only have access to the institution’s NJFAMS roster if they were provided access by their institution’s financial aid officer. If you were provided access, you are using a different username and password to access the institutional NJFAMS rosters.

The next step requires the financial aid officer at each participating institution to certify the enrollment and SAP status of each EOF student who was moved to an “Awarded” status. This action should move the students from the institution’s NJFAMS Certification Roster to their “Offered and Certified” roster within the Informational Roster section. The financial aid officer will need to ensure that they are looking for these students within the appropriate roster category/program.

![Certification Rosters - Action Required](image)

Please ensure that EOF has been selected.
EOF Awarded students should appear here.
Within the “Not Yet Certified Roster”, each participating institution’s financial aid officer will need to go in and certify all of the EOF campus program’s “Awarded” students accordingly.

The campus financial aid officer will need to enter the appropriate certification code here to certify.

Below is a screenshot of the various certification codes that can be entered. To certify, for EOF purposes, option “A - Certified” should be selected for payment purposes.

Once this step has been completed, each certified student should now appear on your institution’s NJFAMS Certified and Awarded roster as being “Awarded” for EOF purposes. This FINAL STEP must be conducted to complete the EOF NJFAMS roster certification process.

Please note: When an institution is attempting to certify an EOF student on the "Not Yet Certified Roster", if the enrollment status being certified does not match the enrollment status approved by the EOF office the following error message will display "Enrollment Status Does Not Match EOF Approval Enrollment Status." When this occurs, the financial aid officer assisting in the certification process should immediately contact the EOF campus program director. Both offices should review the student’s enrollment status and make the necessary changes that will reflect the accurate enrollment status for the student. Once this correction is made, the certification process can be completed.
Any questions regarding the EOF NJFAMS Selection, Awarding and Certification process, may be directed to EOF Statewide Director, Dr. Hasani Carter at hasani.carter@oshe.nj.gov or you can call 609-341-3808.
