

Open Public Forum for
individuals with brain injury and
their families

Tues. April 8, 2008, 6PM-8PM

Kimball Medical Center, 1st floor
Conference Rooms A, B, and C
600 River Avenue, Lakewood, NJ 08701

RSVP by April 1st by calling 1-888-724-7123

Kimball Medical Center will be hosting an open forum where people with brain injuries such as traumatic brain injury (TBI) due to accident, fall or assault, stroke, brain tumor or other permanent brain damage can voice their opinions about brain injury services in New Jersey.

The purpose of this forum is to discuss brain injury services, and to gather suggestions about how these services can be improved. Your experiences, questions, suggestions and concerns will be used to help shape new programs and to improve the overall quality of life for individuals with brain injury and their families.

The forum will be conducted by:
Amy E. Taklif, M.S.W., C.B.I.S.
Traumatic Brain Injury Specialist for the
New Jersey Division of Disability Services
Refreshments will be served

Please contact Amy Taklif at 609-633-1297 with any questions you may have about the forum, the TBI Grant program, or to request an accommodation to attend the above event.
