NJ FamilyCare
Comprehensive Demonstration
KEY CONCEPTS IN RENEWAL

- Maintains the Managed Long Term Services and Supports (MLTSS).

- Increased access to services and supports for individuals with intellectual and developmental disabilities.

- Expanded access and services to children under the home and community-based programs.

- Continues Delivery System Reform Incentive Payment (DSRIP) funding
New to the NJ FamilyCare Demonstration
Comprehensive Waiver: Managed Long Term Services and Supports (MLTSS)

• Maintains the Managed Long Term Services and Supports (MLTSS) program.

• Expands quality and monitoring for the program.
New to the NJ FamilyCare Demonstration
Comprehensive Waiver: Community Care Program (CCP)

• Under the renewal, New Jersey requested to move the authority for the Community Care Waiver (CCW) under the Comprehensive Waiver.
  – Creates an easier way to navigate between the Supports Program and the CCW.
  – Does not move the CCW services into managed care
• Transitioning the CCW into the NJFC 1115 Demonstration requires states to terminate the 1915(c) waiver before beginning to operate the program under the 1115(a) authority.

• The 30-day comment period is OPEN.

Comments can be sent to margaret.rose@dhs.state.nj.us.
New to the NJ FamilyCare Demonstration Comprehensive Waiver: Children’s Support Services Program

• The Children’s Home and Community Based programs under the Comprehensive Waiver are administered by the Department of Children and Families (DCF), Division of Children’s System of Care (CSOC). These programs include:
  – Children with Intellectual and Developmental Disabilities with Co-occurring Mental Illness (ID/DD-MI) pilot
  – Serious Emotional Disturbance (SED) program

• Under the renewal, these pilots will be converted to the Children’s Support Services Program (CSSP).
Children’s Support Services Program (CSSP)

- Program for individuals with Intellectual/Developmental Disabilities (I/DD).

- Provides home and community-based services and supports to individuals under the age of 21 that meet Department of Children and Families (DCF)/Children’s System of Care’s (CSOC) functional eligibility criteria for individuals with I/DD meeting I/DD functional eligibility. Individuals may also have a co-occurring I/DD and mental health diagnosis.

- Individuals who are not New Jersey Medicaid or CHIP-eligible with I/DD, with income up to 300% of FBR and who meet functional eligibility criteria, are eligible for services.

- Individual must meet functional eligibility for developmental disability.

NJ has sought Waiver authority to claim expenditures for services provided in a residential facility that meets the requirements of an Institution for Mental Disease (IMD) for individuals 18 and over. 

- Non-hospital based Withdrawal Management, ASAM 3.7WM
- Short-term Residential Treatment, ASAM 3.7
- Long-term Residential Treatment, ASAM 3.5

NJ must maintain a combined average length of stay of 30 days or less for these services.

NJ FamilyCare feels these services will improve clinical outcomes, increase access, prevent delays in treatment, and promote sustained recovery.
• The Delivery System Reform Incentive Payment (DSRIP) program will continue for the first three years of the renewal period at level funding ($166M).

• Two year continued operation, and one year to transition.

• New Jersey DMAHS and DOH is currently working with CMS on its plans to phase out the DSRIP program and transition to an alternative payment mechanism. This is due by June 30, 2020. CMS will not allow anymore supplemental payments.

• This transition will enhance the current DSRIP program by creating more accountability and improving quality associated metrics.

• To inform this transition, NJ is looking at PA, MA, and AZ’s recently approved DSRIP models.

• CMS has indicated that they will not authorize any further extensions.
Post Approval Amendments

• Substance Use Disorder Continuum
  – Includes Institutions for Mental Disease (IMDs)
  – CMS looking to develop national standards – we are awaiting CMS approval

• Adult Intellectual Developmental Disability Program
  – DDD seeks to do more stakeholdering

• Expanded authority for individuals up to 300% of the Federal Benefit Rate (FBR)
  – Still under evaluation by DMAHS
Work is Continuing

• Justice Involved Population

• Medicaid Housing and Tenancy Supports

• Increased Access/Evidence-Based Telehealth

• Alternative Payment Methodologies

Estate Recovery Acknowledgement

I acknowledge notice that the Division of Medical Assistance and Health Services (DMAHS) has the authority to file a claim and lien against the estate of a deceased Medicaid beneficiary, or former beneficiary, to recover all Medicaid payments for services received on or after age 55. The amount that DMAHS may recover includes, but is not limited to, all capitation payments to any managed care organization, transportation broker, PACE provider, or any other capitated provider, regardless of whether any services were received from an individual or entity that would have been reimbursed by the managed care organization, transportation broker, PACE provider, or other provider that is paid by capitation payments. DMAHS may recover these amounts when there is no surviving spouse, no surviving child(ren) under the age of 21, no surviving child(ren) of any age who are blind, and no surviving child(ren) of any age who are permanently and totally disabled as determined by the Social Security Administration.

For more information please [click here](#).

I acknowledge that my estate may be required to pay back DMAHS for those benefits received.

Health Plan

Choose a Health Plan from the list below. If the Applicant does not choose now, the Applicant will have an opportunity to select a Health Plan before enrollment occurs. The Applicant must be enrolled in a Health Plan to receive all of the services offered through NJ FamilyCare. The Health Plan selected only applies if the Applicant(s) is eligible for NJ FamilyCare. If the Applicant(s) needs assistance selecting the Applicant(s) Health Plan, contact a Health Benefits Coordinator at 1-800-701-0710, TTY 1-800-701-0720.

Choose One:

- **Aetna Better Health**® of New Jersey (Available in Atlantic, Bergen, Burlington, Camden, Cumberland, Essex, Gloucester, Hudson, Mercer, Middlesex, Morris, Passaic, Salem, Somerset, Sussex and Union counties ONLY)
- **Amerigroup New Jersey, Inc.** (Available in ALL counties; except Salem County)
- **Horizon NJ Health** (Available in ALL Counties)
- **UnitedHealthcare Community Plan** (Available in ALL counties)
- **WellCare Health Plans of New Jersey** (Available in Bergen, Essex, Hudson, Mercer, Middlesex, Morris, Passaic, Somerset, Sussex and Union counties ONLY)

**Select Health Plan for BURLINGTON County:**

I understand that if I’m found eligible and because I have obtained health care from the Health Plan, I understand that there is a chance there may be any changes in the number of people in my Health Plan. I understand that I will be enrolled in my Health Plan. I understand that, unless I, or a family member, have a true medical emergency, I will need to select a doctor from the Health Plan. If I, or a family member, have a true medical emergency, I must call my personal doctor for medical advice, medical care or for a referral to a specialist. I understand that if I, or a family member, have a true medical emergency, I must call my personal doctor or the Health Plan as soon as possible after I, or the family member, go to the hospital. I understand that I must keep any medical appointments I have scheduled with a doctor and, if I cannot, I must call the doctor’s office to cancel the appointment. I understand that if I go to a doctor other than my personal doctor I have selected, without a referral from my doctor or approval from the Health Plan, I may have to pay for that doctor’s services because NJ FamilyCare will not pay for the unapproved service or visit. I understand that I may change to another Health Plan and that I can call the Health Benefits Coordinator to help me do that.

Rights and Responsibilities

Before signing this document, please read the rights and responsibilities outlined below. If there is anything you do not understand or have questions about, please ask for clarification.

- The information I gave on this form is true to the best of my knowledge. I realize that if I knowingly give false information OR if I knowingly withhold information and I get health benefits for which I am not eligible, I can be criminally punished for fraud and I may have to pay Medicaid for any medical bills which are paid incorrectly.

- If I am a third party applying on behalf of another person, as evidenced by a completed Designation of Authorized Representative form, my signature below indicates that this application has been examined by or read to the applicant and, to the best of my knowledge, the facts are true and complete. I understand as a third party I may be criminally punished for knowingly providing false information.

- I understand that any information I give is subject to verification by the NJ Department of Human Services (DHS). I understand that my medical benefits may be reduced, denied, or stopped because of information received.

- I hereby give permission to DHS to contact any individual or other source who may have knowledge about my circumstances or the circumstances of a person necessary for this application (including, but not limited to, IRS, Social Security Wage and Benefit files, State Wage and Unemployment files, financial institutions and/or credit reporting services), for the sole purpose of verifying the statements I have made.

- I understand that Medicaid payments for services received on or after age 55 may be reimbursable to the State of New Jersey from the estate of an individual who received Medicaid benefits. I also understand that this reimbursement may include, but not be limited to, capitation payments made to a managed care organization (MCO) or transportation broker for health coverage, regardless of whether the beneficiary receives services from an individual provider or entity that is reimbursed by the MCO or transportation broker.

Trips Per Month and Day
(Taken Trips Only)

Notes: The trip dates for each month were converted into days. This data only includes trips that occurred for each month that were not cancelled or denied trips. The calculation to find the amount of trips that occurred each day was: The total raw number of taken trips/the amount of days in a month, which resulted in the trips per day counts.

Notes: Trip Breakdown depicts the status of a trip, i.e. if the trip was Taken (if the trip occurred), Cancelled, or Denied. The percentage was calculated by the total amount of trips in each category/total trips per month.

Notes: Cancellations are initiated by LogistiCare. To obtain an accurate picture of cancellations, the cancellation reason of Trip Denied was removed from this data set. Rider no longer goes to the HealthCare Facility would result in a trip cancellation because “Trips are scheduled 14 days prior and if a Rider no longer goes to Healthcare Facility, the remaining trips are cancelled.” Rider No Show—“Anyone who cancels less than 3 hours prior to appointment or does not show up when Provider comes to pick them up.” The cancellation reason of Holiday is why November’s Other category is much larger than some of the other months. The total for March 2017 is due to the weather conditions that resulted in cancelled trips. For May 2017, Due to Holiday, there were many cancellations. Other signifies the less common Cancellation Reasons grouped together.

Live GPS Tracking of Non-Public Vehicles

- System will utilize electronic signatures to track beneficiaries entering and exiting the vehicle
- Monthly reports to SMU indicating “on time” and “no show” performance data
- Phase out of self reported back up tracking log once system reliability is verified
- Begins 120 days after commencement of the contract (12/30/17)
Contract Changes

Classroom and Behind the Wheel Training

– New Hires have 45 days to complete training
– Refresher training every two years
– Minimum of 20 hours to allow billing for driver
  ✓ defensive driving techniques
  ✓ wheelchair securement
  ✓ lift operation
  ✓ cultural and disability sensitivity training
  ✓ passenger assistance techniques
  ✓ first aid
  ✓ State child safety laws
  ✓ How to handle disruptive behavior
  ✓ General customer service techniques
Contract Changes

**Miscellaneous**

- Pick up times for “will call” reduced to 60 minutes
- Monthly audit of 30% of network provider maintenance and related vehicle reports
- Trips may not be denied secondary to providers not submitting an MNF
- Shared trips limited to 4 adults or 9 children
  - 90% of shared trips must be less than 30 minutes more than required to accomplish a single trip
- Complaint response
  - Verbal complaints are given a “complaint” number
  - Complaints taken by all staff, no wrong door
  - Written complaints shall receive written confirmation within 3 business days
Non-Contract Changes

• At off peak hours the call center staff place outbound calls to clients who would normally call the center 10 times or more a month to schedule reservations.

• To help streamline the reservation process for Members, Logisticare has expanded the Member website and online options. The system will now allow calling members to schedule their Mass Transit trips 30 days in advance and provide courtesy calls to inform them the status of their bus pass and tracking numbers.

• Logisticare has increased the staffing numbers in the facilities department. In addition, they have initiated monthly live audits of representatives’ calls by the supervisors and team leads to provide an immediate coaching/training experience for the agent.

• Includes access to the client portal from smartphones and tablets.

• Increased the number of calls monitored from 4 per agent to 12.

• Additional staff was added to the verification team, utilization review team and the discharge team.

• LYFT services were added. These trips represented a very small part of the overall volume of trips (less than 5%) and are typically same day/urgent trips, hospital discharge, and “will call” when contracted providers are unable to complete the trip.
• Improved and modernized IVR system allowing Members to pre-verify their identity, cancel reservations as well as obtain detailed information for all upcoming trips without speaking to an agent.
  – The cancellation request also sends the Members a text message confirming their request for security purposes.
  – This new IVR populates a web-based screen for CSRs with the Member’s information (Medicaid ID, Trip Date and Number) as well as the reason for the call. This allows agents to provide a faster and targeted service.
State Monitoring Unit

- Currently 2 full time onsite staff
  - One Supervising Program Support staff
  - One Social Worker
  - Call number is 1-866-527-9834 x2425, or x2454

- Expanding to 5 full time staff and adding dedicated field staff
  - Addition of 2 full time program specialists (onsite at Logisticare)
  - Addition of 1 full time RN (onsite at Logisticare)
  - 5 dedicated MACC staff for field monitoring
State Monitoring Unit

Addition of 2 Full Time Program Specialists

• Responsible for answering the phones to address complaints/issues that are received directly
• assisting in addressing client issues
• following up on reasons for no shows
• obtaining details regarding cancellations
• investigating lateness for appointments
• verifying vehicle and driver documentation
• listening to calls to monitor quality (as time allows)
• conducting post-trip member satisfaction survey calls
State Monitoring Unit

Addition of 1 Full Time RSN

• Review closest Provider Certifications (CPCs) and denials based on distance and requests for ineligible services
• Makes determinations on unanswered LMN requests to ensure continuity of care and follows up with appropriate providers as required
• Works with the MCO/care managers when referrals are received by OQA and MLTSS OQA
Dedicated Field Staff

One dedicated staff member from each MACC office will continue to provide onsite observation of trips provided in the community monitoring:

• Valid inspection sticker on vehicle
• Driver properly dressed and with identification/uniform
• Driver provided required assistance as needed
• Was trip on time
• Quick visual inspection of vehicle if indicated
• Completion of field observation review form

A sixth PACE program, AtlantiCare LIFE Connection, opening in Atlantic City and serving Atlantic and Cape May Counties, plans to open in November 2017.

PACE growth efforts are underway:

– Zip code expansion: Beacon of LIFE in Monmouth County; Lutheran Social Ministries in Union County, and Life at Lourdes in southern Burlington County.

– A “Request for Applications for New PACE Programs,” soliciting Letters of Intent (LOI) for new PACE programs was published in Sept. 5, 2017 New Jersey Register.
DoAS identified a need for PACE in specific areas that have high concentration of older adults and health care infrastructure to support PACE.

- First targeted area is Ocean County and Essex County.
- Next targeted area is Bergen, Passaic and Middlesex Counties.

- An internal panel at DoAS will review all Letters of Intent (LOI) and award the State-designated service areas to the entities achieving highest scores.

- Applicants needs to submit a Letter of Intent for only one of the State-designated service areas by 12/18/17.
